26-1-102. Legislative declaration. (1) The general assembly declares that state and local policymakers and health and human services administrators recognize that the management of and the delivery system for health and human services have become complex, fragmented, and costly and that the health and human services delivery system in this state should be restructured to adequately address the needs of Colorado citizens.

(2) The general assembly further finds and declares that a continuing budget crisis makes it unlikely that funding sources will keep pace with the increasing demands of health and human services.

(3) Therefore, the general assembly finds that it is appropriate to restructure the principal departments responsible for overseeing the delivery of health and human services and to reform the state's health and human services delivery system, using guiding principles and within the time frames set forth in article 1.7 of title 24, C.R.S. It is the general assembly's intent that the departments of public health and environment, health care policy and financing, and human services be operational, effective July 1, 1994.

26-1-107. State board of human services - rules. (1) (a) There is created in the department of human services the state board of human services, referred to in this section as the "state board". The state board is a **type 1** entity, as defined in section 24-1-105. The state board consists of nine members appointed by the governor, with the consent of the senate, for terms of four years. The members appointed to the board must be residents of the state of Colorado. The governor may remove a member of the board for misconduct, incompetence, or neglect of duty.

(b) The board consists of:

(I) One member who is a person with a disability, as defined in section 24-34-301 (2.5), a family member of a person with a disability, or a member of an advocacy group for persons with disabilities;

(II) (A) Three members who serve as county commissioners of one of the state's counties.

(B) If a board member who is concurrently serving as a county commissioner ceases to serve as a county commissioner, the member's seat on the state board shall be deemed vacant, and the governor shall appoint a new county commissioner to fill the vacancy.

(C) A county commissioner, in the commissioner's role as a board member, shall not vote on any matter coming before the state board that affects the commissioner's county in a manner different from other counties.

(II.5) (A) One member who is a person with lived experience with behavioral health disorders, a family member of a person with behavioral health disorders, a member of an advocacy group for persons experiencing behavioral health disorders, or a physician or a member of one of the licensed mental health professions.

(B) A physician or a member of one of the licensed mental health professions, in their role as a board member, shall not vote on any matter coming before the board that affects their employer or private practice in a manner different from other employers or private practices of the same professions.

(III) Four members who are from the public at large.

(2) No recipient of a pension under the Colorado old age pension statutes shall be eligible for appointment to the state board.

(3) The members of the state board shall serve without compensation, with the exception of necessary actual traveling expenses.

(4) The state board shall act only by resolution adopted at a duly called meeting of the state board, and no individual member of the state board shall exercise administrative authority with respect to the state department.

(I) Program scope and content;

(II) Requirements, obligations, and rights of clients and recipients;

(III) Non-executive director rules concerning vendors, providers, and other persons affected by acts of the state department.

(b) The state board shall have authority to adopt "board rules" for programs administered and services provided by the state department as set forth in this title and in title 27, C.R.S.

(c) Any rules adopted by the executive director to implement the provisions of this title 26 or title 27, prior to March 25, 2009, whose content meets the definition of "board rules" shall continue to be effective until revised, amended, or repealed by the state board.

(d) Whenever a statutory grant of rule-making authority in this title or in title 27, C.R.S., refers to the state department or the department of human services, it shall mean the state department acting through either the state board or the executive director or both. When exercising rule-making authority under this title or title 27, C.R.S., the state department, either acting through the state board or the executive director, shall establish rules consistent with the powers and the distinction between "board rules" as set forth in this section and "executive director rules" as set forth in section 26-1-108.

Such a meeting shall be held within twenty days of the publication of the monthly index which first exceeds the previous level by said amount.

To the extent that rules are promulgated by the state board of human services for programs or providers that receive either medicaid only or both medicaid and non-medicaid funding, the rules must be developed in cooperation with the department of health care policy and financing and must not conflict with state statutes or federal statutes or regulations.

(h) Adopt rules concerning standards for the level of training, education, and experience that a psychiatrist or psychologist shall have to be qualified to perform competency evaluations in criminal cases pursuant to section 16-8-106 and article 8.5 of title 16, C.R.S., and standards for conducting and reporting competency evaluations in criminal cases. Prior to adopting the rules, the state board shall consider recommendations from the competency evaluation advisory board created in section 16-8.5-119, C.R.S.

(7) When federal statute or regulation requires, as a condition for the receipt of federal participation in any state department administered or supervised public assistance or welfare program, that specific forms of income to recipients and applicants or other persons whose income would otherwise be considered to be disregarded, such income shall be disregarded and the rules of the state board shall include provisions to effect such requirements.

(8) Nothing in this section shall be construed to affect any specific statutory provision granting rule-making authority in relation to a specific program to the state board.

(9) and (9.5) (Deleted by amendment, L. 2006, p. 1986, § 10, effective July 1, 2006.)

The rules issued by the state board shall be binding upon the several county departments. At any public hearing relating to a proposed rule making, interested persons shall have the right to present their data, views, or arguments orally. Proposed rules of the state board shall be subject to the provisions of section 24-4-103, C.R.S.

26-1-109. Cooperation with federal government - grants-in-aid. (1) The state department of human services shall be the sole state agency for administering the state plans for public assistance and welfare, including but not limited to assistance payments; food stamps; social services; child welfare services; rehabilitation; and programs for the aging in cooperation with the federal government; the Colorado works program; and any other state plan relating to such public assistance and welfare that requires state action that is not specifically the responsibility of some other state department, division, section, board, commission, or committee under the provisions of federal or state law.

(2) (a) The state department of human services may accept on behalf of the state of Colorado the provisions and benefits of acts of congress designed to provide funds or other property for particular public assistance and welfare activities within the state, including but not limited to assistance payments; food stamps; social services; child welfare services; rehabilitation; and programs for the aging; which funds or other property are designated for such purposes within the function of the state department, and may accept on behalf of the state any offers which have been or may from time to time be made of funds or other property by any persons, agencies, or entities for particular public assistance and welfare activities within the state, which funds or other property are designated for such purposes within the function of the state department; but, unless otherwise expressly provided by law, such acceptance shall not be manifested unless and until the state department has recommended such acceptance to and

received the written approval of the governor and the attorney general. Such approval shall authorize the acceptance of the funds or property in accordance with the restrictions and conditions and for the purpose for which funds or property are intended.

(b) The state treasurer is designated as ex officio custodian of all public assistance and welfare funds received by the state from the federal government and from any other source, if the approval provided for in paragraph (a) of this subsection (2) has been obtained.

(c) The state treasurer shall hold each such fund separate and distinct from state funds and is authorized to make disbursements from such funds for the designated purpose or for administrative costs, which may be provided in such grants, upon warrants issued by the state controller upon the voucher of the state department.

(3) The state department shall cooperate with the federal department of health, education, and welfare and other federal agencies in any reasonable manner, in conformity with the laws of this state, which may be necessary to qualify for federal aid, including the preparation of state plans, the making of reports in such form and containing such information as any federal agency may from time to time require, and the compliance with such provisions as the federal government may from time to time find necessary to assure the correctness and verification of the reports.

(4) In administering any funds appropriated or made available to the state department for public assistance and welfare activities, the state department has the power to:

(a) Require as a condition for receiving grants-in-aid that each county in this state shall bear the proportion of the total expense of furnishing public assistance and food stamps as is fixed by law relating to such assistance;

(b) Terminate any grants-in-aid to any county of this state if the laws and regulations providing such grants-in-aid and the minimum standards prescribed by rules of the state department thereunder are not complied with;

(c) Undertake forthwith the administration of any or all public assistance and food stamp activities within any county of this state which has had any or all of its grants-in-aid terminated pursuant to paragraph (b) of this subsection (4); but the county shall continue to meet the requirements of paragraph (a) of this subsection (4);

(d) Recover any moneys owed by a county to the state by reducing the amount of any payments due from the state in connection with any program or activity;

(e) Take any other action which may be necessary or desirable for carrying out the provisions of this title.

(4.5) In addition to the powers granted the state department in subsection (4) of this section, the state department shall take necessary measures to obtain increased federal reimbursement money available under the Title IV-E program created under the federal "Social Security Act", as amended, based on the out-of-home placements, foster care prevention services, as defined in section 26-5.4-102 (1), and alternative care treatment by county departments of children eligible for Title IV-E federal assistance, which money shall be allocated to county departments in proportion to each county's eligible placements, to help defray program costs. Nothing in this subsection (4.5) shall be construed to allow counties to continue to receive an amount equal to the increased funding in the event the said funding is no longer available from the federal government.

(5) The rules of the state department may include provisions to accommodate requirements of contracts entered into between the state department and the federal department

of health, education, and welfare for studies of guaranteed annual income or other forms of income maintenance research projects; and for such purpose the requirements of this title as to eligibility for public assistance shall not apply for the term of and in accordance with the contract for such purpose. No program shall be initiated or carried out under the authorization contained in this subsection (5) in a manner that will increase the welfare burden upon any county or city and county, and, if such a program is conducted in the Denver area, it shall be conducted within an area no smaller than the Denver S.M.S.A. (standard metropolitan statistical area) as defined by the United States bureau of the census.

26-1-109.5. Treatment of restitution payments under this title - declaration - exclusion from financial determinations. The general assembly also finds that pursuant to such federal law, such payments are already excluded from state social service programs described in 31 U.S.C. sec. 3803 (c)(2)(c) which are funded by federal moneys.

(2) The state department shall exclude from consideration, when determining income or resources for purposes of determining eligibility or benefit amounts in any state-funded program under this title, moneys paid to eligible individuals pursuant to the "Civil Liberties Act", Pub.L. 100-383.

(2) Repealed.

(3) (a) (I) Except as provided in subparagraphs (II) and (III) of this paragraph (a), or except as disclosure is otherwise required by statute or by rule of civil procedure for child support establishment or enforcement purposes, it is unlawful for any person to solicit, disclose, or make use of or to authorize, knowingly permit, participate in, or acquiesce in the use of any

lists or names of or any information concerning persons applying for or receiving public assistance and welfare directly or indirectly derived from the records, papers, files, or communications of the state or county departments or subdivisions or agencies thereof or acquired in the course of the performance of official duties. No financial institution or insurance company that provides the data, whether confidential or not, required by the state department, in accordance with the provisions of this subsection (3), shall be liable for the provision of the data to the state department nor for any use made thereof by the state department.

(II) The information described in subparagraph (I) of this paragraph (a) may be disclosed for purposes directly connected with the administration of public assistance and welfare and in accordance with this paragraph (a) and paragraphs (b) and (c) of this subsection (3) and with the rules and regulations of the state department.

(III) (A) Notwithstanding any provision of state law to the contrary and to the extent allowable under federal law, at the request of the Colorado bureau of investigation, the state department shall provide the bureau with information concerning the location of any person whose name appears in the department's records who is the subject of an outstanding felony arrest warrant. Upon receipt of such information, it shall be the responsibility of the bureau to provide appropriate law enforcement agencies with location information obtained from the state department. Location information provided pursuant to this section shall be used solely for law enforcement purposes. The state department and the bureau shall determine and employ the most cost-effective method for obtaining and providing location information pursuant to this section. Neither the state department nor its employees or agents shall be liable in civil action for providing information in accordance with the provisions of this sub-subparagraph (A).

The application or redetermination of eligibility form shall contain language clearly indicating that signing constitutes such an authorization.

(c) (I) In order to determine if applicants for or recipients of public assistance have assets within eligibility limits, the state department of human services may provide a list of information identifying these applicants or recipients to any financial institution, as defined in section 15-15-201 (4), C.R.S., or to any insurance company. This information may include identification numbers or social security numbers. The state department of human services may require any such financial institution or insurance company to provide a written statement disclosing any assets held on behalf of individuals adequately identified on the list provided. Before a termination notice is sent to the recipient, the county department in verifying the accuracy of the information obtained as a result of the match shall contact the recipient and inform him or her of the apparent results of the computer match and give the recipient the opportunity to explain or correct any erroneous information secured by the match. The requirement to run a computerized match shall apply only to information that is entered in the

financial institution's or insurance company's data processing system on the date the match is run and shall not be deemed to require any such institution or company to change its data or make new entries for the purpose of comparing identifying information. The cost of providing such computerized match shall be borne by the appropriate state department. The state department of human services shall not use the provisions of this subparagraph (I) for the information-gathering purposes of the financial institution data match system required by section 26-13-128.

Such reports shall include, but need not be limited to, the number of individuals against whom computer matches were run, the number of resulting matches, and the resulting public assistance case load reduction and corresponding savings to the state department.

(d) No applicant shall be denied nor any recipient discontinued due to the disclosure of their assets unless and until the county department has assured that such assets taken together with other assets exceed the limit for eligibility of countable assets. Any information concerning assets found may be used to determine if such applicant's or recipient's eligibility for other public assistance is affected.

(4) The applicant for or recipient of public assistance and welfare, or his representative, shall have an opportunity to examine all applications and pertinent records concerning said applicant or recipient which constitute a basis for denial, modification, or termination of such public assistance and welfare or to examine such records in case of a fair hearing.

(5) Any person who violates subsection (1) or (3) of this section commits a petty offense.

26-1-120. Merit system. (1) On January 1, 2001, the merit system for the selection, retention, and promotion of employees of the county departments that has been operated by the state department pursuant to this section is abolished. Beginning on or after July 1, 1997, but no later than January 1, 2001, each county shall provide for a merit system for the selection, retention, and promotion of employees of the county departments that complies with the criteria specified in subsection (8) of this section and with any other federal standards for a merit system of personnel administration for employees, specified as a condition of receipt of federal funds as set forth in subpart F of 5 CFR 900.601, et seq. A county can combine with another county or form a district to provide such a merit system for its employees. The county department shall certify to the state department that the successor merit system of personnel administration used by the county is in conformance with the federal standards. Prior to transferring county employees to a successor merit system, each county shall submit a transition plan to the state department outlining its plan for transferring such employees and for addressing issues that may arise during the transfer, such as salary issues, retention, seniority rights, and appeal processes. The state department shall examine and approve the transition plan if the state department determines that the transition plan is reasonable and that the merit system meets the federal standards. The county may not implement the transition plan or transfer employees to the successor merit system until the state department has approved the transition plan. The state shall not unreasonably withhold approval. Any transition plan for transferring county employees from the state merit system to a successor merit system shall include protections for employees that allow them to retain any accrued annual or sick leave benefits and that compensate such employees at the same or higher rate of salary. The state department shall provide assistance to counties regarding the transition of county employees from the state merit system to a successor merit system. Nothing in this section shall preclude a county from reorganizing employee staff functions or abolishing positions to achieve greater efficiencies in operations.

(1.5) Any moneys saved as a result of eliminating the state merit system shall be available to counties to implement the transition from the state merit system to a successor merit system.

(2) to (7) Repealed.

(8) The merit system provided by the counties shall meet the following federal criteria:

(a) The recruitment, selection, and advancement of employees shall be on the basis of relative abilities, knowledge, and skills, including open consideration of qualified applicants for initial appointment.

(b) The system shall provide equitable and adequate compensation.

(c) The employees shall be trained as needed to assure high quality of performance.

(d) The system shall provide for retaining employees on the basis of the adequacy of their performance, correcting inadequate performance, and separating employees whose inadequate performance cannot be corrected.

(e) The system shall assure fair treatment of applicants and employees in all aspects of personnel administration without regard to political affiliation, race, color, national origin, sex, religious creed, age, or disability and with proper regard for the privacy and constitutional rights of such persons as citizens. This fair treatment principle shall include compliance with all federal equal opportunity and nondiscrimination laws.

(f) The system shall assure that employees are protected against coercion for partisan political purposes and are prohibited from using their official authority for the purpose of interfering with or affecting the results of an election or a nomination for office.

(8.5) The merit system provided by the counties must assure fair treatment of applicants and employees in all aspects of personnel administration without regard to race, creed, color, religion, age, disability, sex, sexual orientation, gender identity, gender expression, marital status, national origin, or ancestry.

(9) With respect to the merit system provided by the counties, the state board of human services shall promulgate rules on the following:

(a) Minimum standards for qualifications of certain positions that are determined by the state board to necessitate uniform standards;

(b) Establishment of maximum state reimbursement levels for the salaries of county department employees and county directors.

(10) Repealed.

(11) The county director of a county department shall be exempt from the merit system established and maintained by the state department pursuant to this section as it existed prior to July 1, 1997. Each county shall determine whether to exempt its county director from the successor merit system designed pursuant to this section. Until the county provides for a successor merit system as provided in this section, the state department shall reimburse only eighty percent of the salary established in the compensation plan pursuant to rules of the state department or eighty percent of the actual salary, whichever is less. After the county provides for a successor merit system as provided in this section, the state department shall reimburse only eighty percent of the actual salary; except that such reimbursement shall not exceed the maximum state reimbursement level established by the state board pursuant to subsection (9) of this section.

26-1-121. Appropriations - food distribution programs. (1) (a) For carrying out the duties and obligations of the state department of human services and county departments pursuant to this title 26 and for matching such federal funds or meeting maintenance of effort requirements as may be available for public assistance and welfare activities in the state, including but not limited to assistance payments, food stamps (except the value of food stamp coupons), the food pantry assistance grant program created in section 26-2-139, social services, child welfare services, rehabilitation, programs for the aging and for veterans, and related activities, the general assembly, in accordance with the constitution and laws of the state of Colorado, shall make adequate appropriations for the payment of such costs, pursuant to the budget prepared by the executive director.

(b) Subject to the provisions of section 26-1-109 (2), if the federal law shall provide federal funds, in cash or in another form such as food stamps, for public assistance and welfare activities, including but not limited to assistance payments, food stamps, social services, and child welfare services, not otherwise provided for in this title, the state department is authorized to make such payments or offer such services in accordance with the requirements accompanying said federal funds within the limits of available state appropriations.

(c) When the executive director determines that adequate appropriations for the payment of the costs described in paragraph (a) of this subsection (1) have not been made and that an overexpenditure of an appropriation will occur based upon the state department's estimates, the state board may take actions consistent with state and federal law to bring the rate of expenditure into line with available funds. The general assembly declares that case load and utilization based on medical necessity are legitimate reasons for supplemental funding.

(2) (a) The general assembly shall appropriate from the general fund for the costs of administering assistance payments, food stamps, social services, the food pantry assistance grant program created in section 26-2-139, and other public assistance and welfare functions of the state department and the state's share of the costs of administering such functions by the county departments amounts sufficient for the proper and efficient performance of the duties imposed upon them by law, including a legal advisor appointed by the attorney general. The general assembly shall make two separate appropriations, one for the administrative costs of the state department and another for the administrative costs of the county departments. Any applicable matching federal funds must be apportioned in accordance with the federal regulations accompanying such funds. Any unobligated and unexpended balances of such state funds so appropriated remaining at the end of each fiscal year must be credited to the state general fund.

(b) Beginning with fiscal year 2025-26, before making the appropriation described in subsection (2)(a) of this section, the general assembly shall consider, but is not required to appropriate amounts included in, the results of the public assistance programs funding model described in section 26-1-121.5.

(3) The expenses of training personnel for special skills relating to public assistance and welfare activities, including but not limited to assistance payments, food stamps, the food pantry assistance grant program created in section 26-2-139, social services, child welfare services, rehabilitation, and programs for the aging, as such expenses are determined and approved by the state department, may be paid from whatever state and federal funds are available for such training purposes.

(4) (a) The state department is authorized to charge an administrative fee for commodities delivered to agencies that receive these commodities through food distribution programs authorized by the United States department of agriculture pursuant to 7 CFR 250.1 et seq., as amended, including the "National School Lunch Program", the "Child and Adult Care Food Program", and the "Summer Food Service Program". The department shall collect the administrative fee authorized pursuant to this subsection (4) at least once every calendar year, or when an agency's account reaches a balance of one hundred dollars or more, from agencies that receive commodities from such programs.

(b) All administrative fees collected from agencies pursuant to paragraph (a) of this subsection (4) shall be transmitted to the state treasurer, who shall credit the same to the food distribution program service fund, which fund is hereby created and referred to in this paragraph (b) as the "fund". The moneys in the fund shall be continuously appropriated to the state

department to defray the cost of administering the food distribution programs specified in paragraph (a) of this subsection (4). Any moneys in the fund not expended for the purpose of administering the food distribution programs specified in paragraph (a) of this subsection (4) may be invested by the state as provided in section 24-36-113, C.R.S. All interest derived from the deposit and investment of moneys in the fund shall be credited to the fund. The fund balances shall comply with any applicable federal laws or regulations. At the end of each fiscal year, any unexpended and unencumbered moneys in the fund shall remain in the fund and shall not be credited or transferred to the general fund or any other fund.

26-1-122. County appropriations and expenditures - advancements - procedures.

(1) (a) Except as provided in subsection (6) of this section and section 26-1-122.5, the board of county commissioners in each county of this state shall annually appropriate as provided by law such funds as shall be necessary to defray the county department's twenty percent share of the overall cost of providing the assistance payments, food stamps (except the value of food stamp coupons), and social services activities delivered in the county, including the costs allocated to the administration of each, and shall include in the tax levy for such county the sums appropriated for that purpose. Such appropriation shall be based upon the county social services budget prepared by the county department pursuant to section 26-1-124, after taking into account state advancements provided for in this section.

(b) In the case of a district department, each county forming a part of said district shall appropriate the funds necessary to defray its proportionate share of the costs of assistance payments, food stamps (except the value of food stamp coupons), and social services activities of such individual county based on the ratio set out in paragraph (a) of this subsection (1).

(c) Additional funds shall be made available by the board of county commissioners if the county funds so appropriated prove insufficient to defray the county department's twenty percent share of actual costs for assistance payments, food stamps (except the value of food stamp coupons), and social services activities, including the administrative costs of each.

(d) Under no circumstances shall any county expend county funds in an amount to exceed its twenty percent share of actual costs for assistance payments, food stamps (except the value of food stamp coupons), and social services activities, including the administrative costs of each, except as provided in paragraph (i) of subsection (4) of this section.

(2) (a) The county boards, in accordance with the rules of the state department, shall file requests with the state department for advancement of funds for the program costs of assistance

payments, food stamps (except the value of food stamp coupons), and social services and for the administrative costs of each. The state department shall determine the requirements of each county for program costs, taking into consideration available funds and all pertinent facts and circumstances, and administrative costs, in accordance with the funding model described in section 26-1-121.5, and shall certify by voucher to the controller the amounts to be paid to each county. The amounts so certified must be paid from the state treasury upon voucher of the state department and warrant of the controller and must be credited by the county treasurer to the county social services fund in accordance with the law and rules of the state department.

(b) For purposes of operating the electronic benefits transfer service as authorized in section 26-2-104 once the service has been fully developed and implemented in any county, the state department shall determine the program costs and administrative costs related to assistance payments and food stamps for each county. Upon implementation of the electronic benefits transfer service in any county, the county share of the program and administrative costs shall either be billed to the county or deducted from appropriate advances to the county or from the county block grant allocation for implementation of the Colorado works program pursuant to part 7 of article 2 of this title. The cost of administering the electronic benefits transfer service shall not exceed the proportional cost per client that would have been paid by counties to issue benefits through the nonelectronic benefits system for the same fiscal year. Any savings that result from the use of the electronic benefits transfer service shall be shared among the state and local governments in proportion to such entities' contribution to the electronic benefits transfer service.

(3) (a) County departments shall keep such records and accounts in relation to the costs of administering assistance payments, the costs of administering food stamps, and the costs of administering social services as the state department shall prescribe by rules. Except as provided in subsection (6) of this section, all administrative costs shall be allocated, under rules of the state department, to either the performance of assistance payments functions, the performance of food stamp functions, or the performance of social services functions.

(b) Except as provided in subsection (6) of this section and section 26-1-122.5, if the county departments are administered in accordance with the policies and rules of the state department for the administration of county departments, eighty percent of the costs of administering assistance payments, food stamps, and social services in the county departments shall be advanced to the county by the state treasurer from funds appropriated or made available for such purpose, upon authorization of the state department, but in no event shall the state department authorize expenditures greater than the annual appropriation by the general assembly for the state's share of such administrative costs of the county departments. As funds are advanced, adjustment shall be made from subsequent monthly payments for those purposes.

(c) For purposes of this article, and except as otherwise provided in subsection (6) of this section, under rules of the state department, administrative costs shall include: Salaries of the county director and employees of the county department staff engaged in the performance of assistance payments, food stamps, and social services activities; the county's payments on behalf of such employees for old age and survivors' insurance or pursuant to a county officers' and employees' retirement plan and for any health insurance plan, if approved by the state department; the necessary travel expenses of the county board and the administrative staff of the county department in the performance of their duties; necessary telephone and telegraph; necessary equipment and supplies; necessary payments for postage and printing, including the

printing and preparation of county warrants required for the administration of the county department; and such other administrative costs as may be approved by the state department; but advancements for office space, utilities, and fixtures may be made from state funds only if federal matching funds are available.

(4) (a) County departments shall keep such records and accounts in relation to assistance payments program costs and social services program costs as the state department shall prescribe by rules and as may be required in part 7 of article 2 of this title. All program costs shall be allocated, under rules of the state department, to either assistance payments or social services.

(b) Except as provided in paragraph (d) of this subsection (4) and subsection (6) of this section, eighty percent of the amount expended for assistance payments program costs and social services program costs or the amount equal to the state's share of the amount expended as determined pursuant to section 26-1-122.5 shall be advanced to the county by the state treasurer from funds appropriated or made available for such purpose upon authorization of the state department pursuant to the provisions of this title. As funds are advanced, adjustment shall be made from subsequent monthly payments for those purposes.

(c) For purposes of this article 1 and except as otherwise provided in subsection (6) of this section, under rules of the state department, program costs shall include: Amounts expended for assistance payments and social services (except for items enumerated in subsection (3)(c) of this section) under programs for aid to the needy disabled, aid to the blind, and child welfare services; expenses of treatment to prevent blindness or restore eyesight as defined in section 26-2-121; funeral and final disposition expenses as described in section 26-2-129; and state supplementation under part 2 of article 2 of this title 26.

(d) Whenever any county, by reason of an emergency or other temporary condition, shall be unable to meet its necessary financial obligations for other public assistance purposes, and at the same time meet its requirements for assistance payments and social services under the program for aid to the needy disabled, the state department may in its discretion, upon consideration of the conditions and requirements of this title, reimburse such county in excess of eighty percent of the amount expended for assistance payments and social services under such program. The state department shall determine the amount of such excess reimbursement and the period of time during which such excess reimbursement shall be made. For such purpose, the state department may use not to exceed five percent of the total amount allocated to it by the state for administrative and program costs for assistance payments and social services under the program for which the excess reimbursement is provided.

(e) When a county department provides or purchases certain specialized social services for public assistance applicants, recipients, or others to accomplish self-support, self-care, or better family life, including day care, homemaker services, foster care, and services to persons with intellectual and developmental disabilities, in accordance with applicable rules, the state may advance funds to the county department at a rate in excess of eighty percent within available appropriations, but not to exceed the amount expended by the county department for such services. The county department contribution for the period from January 1, 1981, through June 30, 1981, is ten percent, and beginning July 1, 1981, is five percent for the aid to the needy disabled home care program, the special needs of the disabled program, aid to the blind home care program, the special needs of the blind program, the adult foster care program, and other programs providing public assistance in the form of social services required by the federal "Social Security Act", as amended, for the purpose of establishing services that promote self-

sufficiency for adult clients. As funds are advanced, adjustment shall be made from subsequent monthly payments for those purposes. The expenses of training personnel to provide these services as determined and approved by the state department shall be paid from whatever state and federal funds are available for such training purposes.

(f) County departments shall provide or contract to provide a central information and referral service for all available services in the county which may prevent or reduce inappropriate institutional care through the use of community-based or home-based care.

(g) The state department is authorized to provide not more than ten additional homemaker positions to be located in Adams, Larimer, Garfield, Otero, and Morgan counties. Reimbursement to each county for one hundred percent homemaker costs shall be based on a minimum case load of ten clients per reimbursed position which clients are currently in or would be admitted to skilled or intermediate care facilities or hospitals and who would not otherwise be served by current county staffing. Reports shall be provided monthly to the joint budget committee.

(h) Notwithstanding any other provision of this article, the county department may spend in excess of twenty percent of actual costs for the purpose of matching federal funds for the administration of the child support enforcement program or for the administrative costs of activities involving food stamp, public assistance, or medical assistance fraud investigations or prosecutions.

(i) Notwithstanding any other provision of this article, the county department may receive and spend federal funds to which it is entitled by reason of the county's expenditures in excess of the twenty percent required by subsection (1) of this section for any social services activity that has been approved by the department as an activity that is eligible for reimbursement under any federal program. Acceptance and expenditure of such federal funds shall in no way affect the state's share of and contribution to such payments, and the county shall be solely responsible for the provision of the nonfederal share that is in excess of the twenty percent.

(j) Repealed.

(k) (I) Notwithstanding any other provision of this article, the county department may receive and spend federal funds to which it is entitled based on the county's certification of public expenditures made by other entities within the county, which expenditures:

(A) Are from sources other than the county social services fund;

(B) Are in excess of the twenty percent required by subsection (1) of this section; and

(C) Are for a social services activity that has been approved by the state department as an activity that is eligible for reimbursement under a federal program.

(II) Acceptance and expenditure of federal funds pursuant to subparagraph (I) of this paragraph (k) shall not affect the state's share of and contribution to the assistance payments program costs and social services program costs. The county shall be solely responsible for certifying the nonfederal share that is in excess of the county's twenty-percent share. The state department may retain up to five percent of any federal funds received by a county department pursuant to this paragraph (k). In addition, the state, in accordance with the provisions of section 26-1-109 (4)(d), shall recover any federal funds received by the county through the certification of public expenditures that are subsequently determined to be ineligible for federal reimbursement.

(5) Except as otherwise provided in subsection (6) of this section, if in any fiscal year the annual appropriation by the general assembly for the state's share, together with any available federal funds for any income maintenance or social services program, or the administration of either, is not sufficient to advance to the counties the full applicable state share of costs, said program or the administration thereof shall be temporarily reduced by the state board so that all available state and federal funds shall continue to constitute eighty percent of the costs.

(6) (a) Notwithstanding any other provision of this section, the board of county commissioners in each county of this state shall annually appropriate as provided by law such funds as are necessary to defray the county's maintenance of effort requirement for the Colorado works program, created in part 7 of article 2 of this title 26, and the Colorado child care assistance program, created in part 1 of article 4 of title 26.5, including the costs allocated to the administration of each, and shall include in the tax levy for such county the sums appropriated for that purpose. The county's maintenance of effort requirement for the Colorado works program for state fiscal year 1997-98 and for state fiscal years thereafter is the targeted spending level identified in section 26-2-714 (6). Such appropriation must be based upon the county social services budget prepared by the county department pursuant to section 26-1-124, after taking into account state advancements provided for in this section.

(b) Additional funds shall be made available by the board of county commissioners if the county funds so appropriated prove insufficient to defray the county department's maintenance of effort requirements for the Colorado works program and the Colorado child care assistance program, including the costs allocated to the administration of each.

(c) The state department shall establish rules concerning what constitutes administrative costs and program costs for the Colorado works program. The executive director of the department of early childhood, in coordination with county departments, shall establish rules concerning what constitutes administrative costs and program costs for the Colorado child care assistance program. The state treasurer shall make advancements to county departments for the costs of administering the Colorado works program and the Colorado child care assistance program from funds appropriated or made available for such purpose, upon authorization of the department of early childhood or the state department, as applicable; except that in no event shall the department of early childhood or the state department authorize expenditures greater than the annual appropriation by the general assembly for such administrative costs of the county departments. As funds are advanced, adjustment shall be made from subsequent monthly payments for those purposes.

26-1-122.5. County appropriation increases - limitations - definitions. (1) Beginning in calendar fiscal year 1994 and for each calendar fiscal year thereafter to and including calendar fiscal year 1997, the board of county commissioners in each county of this state shall annually appropriate funds for the county share of the administrative costs and program costs of public assistance and food stamps in the county in an amount equal to the actual county share for the previous fiscal year adjusted by an amount equal to the actual county share for the previous fiscal year multiplied by the percentage of change in property tax revenue.

(2) For the purposes of this section:

(a) "County share" means the actual amount of the county share for the previous fiscal year. "County share" shall not include:

(I) The amount expended by the county from the county contingency fund or the county tax base relief fund pursuant to section 26-1-126;

(II) The amount expended by the county for general assistance pursuant to part 1 of article 17 of title 30, C.R.S.; and

(III) The amount expended by the county for programs or services provided by the county on its own, without requirements or funding from any other governmental agency.

(b) "Percentage of change in property tax revenue" means the difference between the total property tax levied for the previous fiscal year less the amount levied for debt service for the previous fiscal year and the total property tax levied for the year for which the percentage of change in tax revenue is being calculated less the amount levied for debt service for the year in which the percentage of change in tax revenue is being calculated divided by the total property tax levied for the previous fiscal year less the amount levied for debt service for the previous fiscal year.

(3) Notwithstanding the provisions of section 26-1-122, no county in the state shall be required to contribute more than the amount set forth in subsection (1) of this section in any fiscal year. Nothing in this section shall be construed to limit the ability of a county to establish programs or services provided by the county on its own, without requirements or funding from any other governmental agency.

(4) (Deleted by amendment, L. 2008, p. 1813, § 4, effective June 2, 2008.)

(5) Any amounts remaining in the county social services fund created in section 26-1-123 at the end of any fiscal year shall remain in the county fund for expenditure as determined by the board of county commissioners for administrative costs and program costs of public assistance, medical assistance, and food stamps.

(6) The limitation set forth in this section on the increase in the county share of the administrative costs and program costs of public assistance and food stamps will result in increased costs to the state. By making state funds available, the state is encouraging counties not to exercise any right a county may have pursuant to section 20 (9) of article X of the Colorado constitution to reduce or end its share of the costs of public assistance and food stamps for the county for three fiscal years following the fiscal year in which the state funds are received. If a county accepts funds from the state based on the limitation provided in this section for any fiscal year, the county agrees not to exercise any rights the county may have to reduce or end its share of the costs of public assistance and food stamps for the fiscal year in which the funds are accepted. Nothing in this subsection (6) or any agreement pursuant to this subsection (6) shall be construed to affect the existence or status of any rights accruing to the state or any county pursuant to section 20 (9) of article X of the Colorado constitution.

(7) In the event that there are any funds remaining in the department of human services budget which were appropriated for fiscal year 1994-95 to cover the additional state share of expenses required as a result of the limitation established in this section, the executive director of the department of human services shall distribute such remaining funds to counties whose assessed valuation declined between calendar year 1992 and 1993 if such county provides evidence to the department in 1994 that the county has a shortfall. Distributions to counties pursuant to this subsection (7) shall be made on a pro rata basis and shall not exceed the amount of the county's shortfall. For purposes of this section, "shortfall" means the amount by which a county's 1992 county share exceeds the property tax revenue collected by the county through its 1992 social services mill levy levied on the county's 1992 assessed valuation.

26-1-123. County social services fund. (1) A fund to be known as the "county social services fund" is hereby created and established in each of the counties of the state of Colorado, which fund shall consist of such accounts as may from time to time be established pursuant to rules of the state board.

(2) The county social services fund consists of all money appropriated by the board of county commissioners for public assistance and welfare and related purposes; all money allotted, allocated, or apportioned to the county by the state department or the department of early childhood; such funds as are granted to the state of Colorado by the federal government for public assistance and welfare and related purposes and allocated to the county by the state department or the department of early childhood; and such other money as may be provided from time to time from other sources. The fund is available for the program and administrative costs of the county department.

(3) (a) The county board shall administer the fund pursuant to rules adopted by the state department and by the department of early childhood for purposes of child care assistance. The county treasurer is the treasurer and custodian of the fund and shall disburse money from the fund only upon special county social services warrants drawn by the person duly appointed by the county board. The county treasurer shall not collect any fee as provided in section 30-1-102 for the collection or deposit of any money in the county social services fund. Warrants must be signed by one member of the county board, who shall be designated by resolution for that purpose, and also signed by the person duly appointed by the county board. Such signatures indicate the approval of the board of county commissioners and the county board of social services. At such time as Title XVI of the federal "Social Security Act", as amended by Public Law 92-603, becomes effective, the state board by rule may make other provision for the issuance and signing of warrants under the old age pension, aid to the blind, and aid to the needy disabled.

(b) All increased bonding fees necessitated by reason of the custody by the county treasurer of the county social services fund shall be a part of the administrative costs of the county department and shall be paid by the county board.

26-1-124. County social services budget. (1) As a part of the county budget and in conformity with the county budget law and the rules of the state board, a county social services budget shall be prepared by the county director and reviewed by the county board.

(2) Before such budget is adopted by the board of county commissioners, it must be submitted by the county board to the state department for review. The state department shall review the budget in consultation with the department of early childhood and shall include in the review an assessment as to whether the county budget includes adequate funding for the county's maintenance of effort for the Colorado works program created in part 7 of article 2 of this title 26 and the Colorado child care assistance program created in part 1 of article 4 of title 26.5.

(3) The state department shall prescribe budget forms and shall furnish a sufficient number of such forms to the county board without charge.

26-1-126. County contingency fund - county tax base relief fund - creation.

(1) Repealed.

(1.5) There is hereby created the county tax base relief fund, which shall be expended to supplement county expenditures for public assistance, as provided in this section.

(2) Subject to available appropriations, the state department of human services or the state department of health care policy and financing shall make an advancement, in addition to that provided in section 26-1-122, out of the county tax base relief fund to any county that is eligible for a non-zero amount calculated by using the formula described in subsections (3) and (4) of this section.

(2.1) (a) (Deleted by amendment, L. 2008, p. 1809, § 2, effective June 2, 2008.)

(b) For the fiscal year beginning July 1, 2008, and for each fiscal year thereafter, a county's qualification for an advancement from the county tax base relief fund during the fiscal year shall be based upon a three-tiered system whereby a county may qualify for a distribution of moneys from one or more tiers. For any fiscal year in which appropriations to the county tax base relief fund are insufficient to provide advancements from each tier as described in subsections (3) and (4) of this section:

(I) Any moneys appropriated to the county tax base relief fund shall first be used to provide advancements from tier 1;

(II) If sufficient moneys are appropriated to provide all advancements from tier 1, the remaining moneys shall be used to provide advancements from tier 2; and

(III) If sufficient moneys are appropriated to provide all advancements from tier 1 and tier 2, the remaining moneys shall be used to provide advancements from tier 3.

(3) Subject to available appropriations, the amount of the additional advancement for each county for each month commencing on or after July 1, 2008, shall be the total of amounts calculated for each of the three tiers from which the county qualifies to receive a distribution of moneys pursuant to section 26-1-126 (2.1)(b), as follows:

(a) A distribution of moneys from tier 1 shall be calculated as seventy-five percent of the remainder of the equation X minus Y , where:

(I) X equals the sum of the monthly amount of the county's obligations pursuant to section 26-1-122 and the county share of the monthly amount expended for administrative costs of medical assistance pursuant to section 25.5-1-122, C.R.S., and section 26-1-122; and

(II) Y equals the amount of moneys that would be raised by a levy of 3.0 mills on the property valued for assessment in the county, divided by twelve.

(b) For a county not receiving a distribution of moneys from tier 1, the distribution from tier 2 shall be calculated as fifty percent of the remainder of the equation X minus Y , where:

(I) X equals the sum of the monthly amount of the county's obligations pursuant to section 26-1-122 and the county share of the monthly amount expended for administrative costs of medical assistance pursuant to section 25.5-1-122, C.R.S., and section 26-1-122; and

(II) Y equals the amount of moneys that would be raised by a levy of 2.5 mills on the property valued for assessment in the county, divided by twelve.

(c) For a county that receives a distribution of moneys from tier 1, the distribution from tier 2 shall be calculated as fifty percent of the remainder of the equation X minus Y , where:

(I) X equals the amount of moneys that would be raised by a levy of 3.0 mills on the property valued for assessment in the county, divided by twelve; and

(II) Y equals the amount of moneys that would be raised by a levy of 2.5 mills on the property valued for assessment in the county, divided by twelve.

(d) For a county not receiving a distribution of moneys from tier 2, the distribution from tier 3 shall be calculated as twenty-five percent of the remainder of the equation X minus Y , where:

(I) X equals the sum of the monthly amount of the county's obligations pursuant to section 26-1-122 and the county share of the monthly amount expended for administrative costs of medical assistance pursuant to section 25.5-1-122, C.R.S., and section 26-1-122; and

(II) Y equals the amount of moneys that would be raised by a levy of 2.0 mills on the property valued for assessment in the county, divided by twelve.

(e) For a county that receives a distribution of moneys from tier 2, the distribution from tier 3 shall be calculated as twenty-five percent of the remainder of the equation X minus Y , where:

(I) X equals the amount of moneys that would be raised by a levy of 2.5 mills on the property valued for assessment in the county, divided by twelve; and

(II) Y equals the amount of moneys that would be raised by a levy of 2.0 mills on the property valued for assessment in the county, divided by twelve.

(4) (a) (I) Except as provided in paragraph (b) of subsection (2.1) of this section, in the event appropriations are insufficient to cover advancements from one or more tiers as provided for in this section, the advancements from a tier from which appropriations are insufficient to cover all advancements from that tier shall be advanced to each county that is eligible to receive

an advancement from that tier in an equitable manner, such that each such county shall have the same proportion of the county's obligations paid through the combination of its property tax revenue available and its advancement from the county tax base relief fund.

(II) As used in subparagraph (I) of this paragraph (a):

(A) "County's obligations" means a county department's share of the overall cost of providing the assistance payments, food stamps (except the value of food stamp coupons), and social services activities delivered in the county, including the costs allocated to the administration of each, as described in section 26-1-122; and the county share of the administrative costs of medical assistance in the county, as described in section 25.5-1-122, C.R.S.

(B) "Property tax revenue available" means the amount of moneys that would be raised by a levy of 3.0 mills on the property valued for assessment in the county if moneys are insufficient to cover advancements from tier 1, the amount of moneys that would be raised by a levy of 2.5 mills on the property valued for assessment in the county if moneys are insufficient to cover advancements from tier 2, or the amount of moneys that would be raised by a levy of 2.0 mills on the property valued for assessment in the county if moneys are insufficient to cover advancements from tier 3.

(b) (I) The executive director of the department may, on or after May 1 of any fiscal year and before the forty-fifth day after the close of the fiscal year:

(A) Transfer unexpended general fund moneys in the county tax base relief fund line item of the general appropriation act to offset general fund over-expenditures in the county administration line in the general appropriation act; and

(B) Transfer unexpended general fund moneys in the county administration line in the general appropriation act to offset general fund over-expenditures in the county tax base relief fund line item of the general appropriation act.

26-1-126.5. Effect of supreme court's interpretation of section 26-1-126, creating the county contingency fund for public assistance and welfare programs. The general assembly hereby finds and declares that the Colorado supreme court decision entitled *Colorado Department of Social Services v. Board of County Commissioners of the County of Pueblo and Samuel J. Corsentino*, No. 83SA316, March 11, 1985, which interpreted section 26-1-126 to require the general assembly to fully fund the county contingency fund, leaving no discretion with the general assembly to determine annually the level of funding of said fund, has not been adopted by the general assembly. The general assembly specifically rejects this interpretation and any implication in such decision which would result in any state liability for amounts not appropriated for such fund in previous fiscal years.

Such disqualification is mandatory and is in addition to any other penalty imposed by law.

(1.5) To the extent not otherwise prohibited by state or federal law, any person against whom a county department of social services, the state department, or the department of early childhood obtains a civil judgment in a state or federal court of record in this state based on allegations that the person obtained or willfully aided and abetted another to obtain public assistance or vendor payments or medical assistance as defined in this title 26 or child care assistance as described in part 1 of article 4 of title 26.5 to which the person is not entitled or in an amount greater than that to which the person is justly entitled or payment of any forfeited installment grants or benefits to which the person is not entitled or in a greater amount than that to which the person is entitled, by means of a willfully false statement or representation, or by impersonation, or by any other fraudulent device, is disqualified from participation in the program pursuant to article 2 of this title 26 or part 1 of article 4 of title 26.5 in which a recipient is found to have committed an intentional program violation for one year for a first incident, two years for a second incident, and permanently for a third or subsequent incident. 26-1-127.5. Prevention of erroneous payments to prisoners - incentives. (1) In the event the identifying information transmitted to the state department and the county departments pursuant to section 17-26-118.5 (2), C.R.S., results in the termination of benefits from any program administered by the state department or county departments, the state department or county department shall pay as a reward to the sheriff ten percent of each of the following:

(a) Any portion of one month's benefit that would have been payable to the incarcerated recipient that consists of state or county moneys;

(c) Any portion of one month's benefit that would have been payable to the incarcerated recipient that consists of federal moneys made available by waiver for the purpose specified in this subsection (1).

(2) The executive director may apply for any federal waivers necessary to maximize the amount of the incentive payments to sheriffs.

(1) The general assembly hereby finds and declares that, while numerous programs and services are available for the aged, their access to such programs and services is often fragmented due to a lack of knowledge and information, and, as a result, needs which could be met are not. The general assembly further finds that compiling a single information packet on all programs and services would assist the aged in utilizing these programs and services more effectively.

No such notification was received by the revisor of statutes, therefore this section as it appeared in the 2004 Colorado Revised Statutes did not take effect.

26-1-139. Child fatality and near fatality prevention - process - department of human services child fatality review team - reporting - rules - legislative declaration - definitions. (1) The general assembly hereby finds and declares that:

(a) It is of the utmost importance and a community responsibility to mitigate the incidents of egregious abuse or neglect, near fatalities, or fatalities of children in the state due to abuse or neglect. Professionals from disparate disciplines share responsibilities for the safety and well-being of children as well as expertise that can promote that safety and well-being. Multidisciplinary reviews of the incidents of egregious abuse or neglect, near fatalities, or fatalities of children due to abuse or neglect can lead to a better understanding of the causes of such tragedies and, more importantly, methods of mitigating future incidents of egregious abuse or neglect, near fatalities, or fatalities.

(b) There is a need for agency transparency and accountability to the public regarding an incident of egregious abuse or neglect against a child, a near fatality, or a child fatality that involves a suspicion of abuse or neglect when the child or family has had previous involvement, as defined in paragraph (c) of subsection (2) of this section, with the state or county within three years prior to the incident.

(c) There is a need for a multidisciplinary team to conduct in-depth case reviews after an incident of egregious abuse or neglect against a child, a near fatality, or a child fatality that involves a suspicion of abuse or neglect and when the child or family has had previous involvement, as defined in paragraph (c) of subsection (2) of this section, within three years prior to the incident. The multidisciplinary reviews would complement that of the review conducted by the Colorado state child fatality prevention review team in the department of public health and environment pursuant to article 20.5 of title 25, C.R.S. The goal of the multidisciplinary review shall not be to affix blame, but rather to improve understanding of why the incidents of egregious abuse or neglect against a child, near fatalities, or fatalities of a child due to abuse or neglect occur, to identify and understand where improvements can be made in the delivery of child welfare services, and to develop recommendations for mitigation of future incidents of egregious abuse or neglect against a child, near fatalities, or fatalities of a child due to abuse or neglect.

(d) It is the intent of the general assembly to codify the department of human services child fatality review team as well as modify certain aspects of its processes to promote an understanding of the causes of each incident of egregious abuse or neglect, near fatality, or fatality of a child due to abuse or neglect, identify systemic deficiencies in the delivery of services and supports to children and families, and recommend changes to help mitigate future incidents of egregious abuse or neglect against a child, near fatalities, or fatalities of children due to abuse or neglect.

(e) It is further the intent of the general assembly to comply with the federal "Child Abuse Prevention and Treatment Reauthorization Act of 2010", Pub.L. 111-320, which requires states to allow for public disclosure of the findings or information about a case of child abuse or

neglect that resulted in a child fatality or near fatality, and to include in the disclosure the age, gender, and race or ethnicity of the child to better understand trends and patterns of child fatalities in Colorado as they relate to age, gender, and race or ethnicity.

(2) As used in this section, unless the context otherwise requires:

(a) "Incident of egregious abuse or neglect" means an incident of suspected abuse or neglect involving significant violence, torture, use of cruel restraints, or other similar, aggravated circumstances that may be further defined in rules promulgated by the state department pursuant to this section.

(b) "Near fatality" means a case in which a physician determines that a child is in serious, critical, or life-threatening condition as the result of sickness or injury caused by suspected abuse, neglect, or maltreatment.

(c) "Previous involvement" means a situation in which the county department has received a referral, responded to a report, opened an assessment, provided services, or opened a case in the Colorado TRAILS system that is related to the provision of child welfare services, as defined in section 26-5-101 (3).

(d) "Suspicious fatality or near fatality" means a fatality or near fatality that is more likely than not to have been caused by abuse or neglect.

(e) "Team" means the department of human services child fatality review team established in rules promulgated pursuant to section 26-1-111 and codified pursuant to subsection (3) of this section.

(3) There is hereby established in the state department the department of human services child fatality review team. The team shall have the following objectives:

(a) To assess the records of each case in which a suspicious incident of egregious abuse or neglect against a child, near fatality, or child fatality due to abuse or neglect occurred and the child or family had previous involvement, as defined in paragraph (c) of subsection (2) of this section, within three years prior to the incident of egregious abuse or neglect against a child, near fatality, or fatality of a child due to abuse or neglect;

(b) To understand the causes of the reviewed incidents of egregious abuse or neglect against a child, near fatalities, or child fatalities;

(c) To identify any gaps or deficiencies that may exist in the delivery of services to children and their families by public agencies that are designed to mitigate future child abuse, neglect, or death; and

(d) To make recommendations for changes to laws, rules, and policies that will support the safe and healthy development of Colorado's children.

(4) The team shall have the following duties:

(a) To review the circumstances around the incident of egregious abuse or neglect against a child, near fatality, or child fatality;

(b) To review the services provided to the child, the child's family, and the perpetrator by the county department for any county with which the family has had previous involvement, as defined in paragraph (c) of subsection (2) of this section, within three years prior to the incident of egregious abuse or neglect against a child, near fatality, or fatality of a child due to abuse or neglect;

(c) To review records and interview individuals, as deemed necessary and not otherwise prohibited by law, involved with or having knowledge of the facts of the incident of egregious abuse or neglect against a child, near fatality, or fatality of a child due to abuse or neglect,

including but not limited to all other state and local agencies having previous involvement, as defined in paragraph (c) of subsection (2) of this section, within three years prior to the incident of egregious abuse or neglect against a child, near fatality, or fatality of a child due to abuse or neglect;

(d) To review the county department's compliance with statutes, regulations, and relevant policies and procedures that are directly related to the incident of egregious abuse or neglect against a child, near fatality, or fatality;

(e) To identify strengths and best practices of service delivery to the child and the child's family;

(f) To identify factors that may have contributed to conditions leading to the incident of egregious abuse or neglect against a child, near fatality, or fatality, including, but not limited to, lack of or unsafe housing, family and social supports, educational life, physical health, emotional and psychological health, and other safety, crisis, and cultural or ethnic issues;

(g) To review supports and services provided to siblings, family members, and agency staff after the incident of egregious abuse or neglect against a child, near fatality, or fatality;

(h) To identify the quality and sufficiency of coordination between state and local agencies;

(i) To develop and distribute the following reports, the content of which shall be determined by rules promulgated by the state department pursuant to subsection (7) of this section:

(I) On or before July 1, 2014, and on or before each July 1 thereafter, an annual child fatality and near fatality review report, absent confidential information, summarizing the reviews required by subsection (5) of this section conducted by the team during the previous year. The report must also include annual policy recommendations based on the collection of reviews required by subsection (5) of this section. The recommendations must address all systems involved with children and follow up on specific system recommendations from prior reports that address the strengths and weaknesses of child protection systems in Colorado. The team shall post the annual child fatality and near fatality review report on the state department's website and distribute it to the Colorado state child fatality prevention review team established in the department of public health and environment pursuant to section 25-20.5-406, C.R.S., the governor, the health and human services committee of the senate, and the public health care and human services committee of the house of representatives, or any successor committees. The annual child fatality and near fatality review report must be prepared within existing resources.

(II) The final confidential, case-specific review report required pursuant to subsection (5) of this section for each child fatality, near fatality, or incident of egregious abuse or neglect. The final confidential, case-specific review report shall be submitted to the Colorado state child fatality prevention review team established in the department of public health and environment pursuant to section 25-20.5-406, C.R.S.

(III) A case-specific executive summary, absent confidential information, of each incident of egregious abuse or neglect against a child, near fatality, or child fatality reviewed. The team shall post the case-specific executive summary on the state department's website.

(5) (a) Each county department shall report to the state department any suspicious incident of egregious abuse or neglect against a child, near fatality, or fatality of a child due to abuse or neglect within twenty-four hours of becoming aware of the incident of egregious abuse or neglect against a child, near fatality, or fatality of a child due to abuse or neglect. If the county

department has had previous involvement, as defined in paragraph (c) of subsection (2) of this section, within three years prior to the incident of egregious abuse or neglect against a child, near fatality, or fatality of a child due to abuse or neglect, the county department shall provide the state department with all relevant reports and documentation regarding its previous involvement with the child within sixty calendar days after becoming aware of the incident of egregious abuse or neglect against a child, near fatality, or fatality of a child due to abuse or neglect. The state department may grant, at its discretion, an extension to a county department for delays outside of the county department's control regarding the receipt of all relevant reports and information critical to an effective review, including but not limited to the final autopsy and law enforcement reports, until such documents can be made available for review by the team.

(b) Within three business days after receiving from a county department the information provided pursuant to subsection (5)(a) of this section, the department shall disclose to the public that information has been received, whether the department is conducting a review of the incident, whether the child was in the child's own home or in foster care, as defined in section 19-1-103, and the child's gender and age. The department may disclose the scope of the review.

(c) The team shall complete its review of each incident of egregious abuse or neglect, near fatality, or fatality of a child due to abuse or neglect, draft a confidential, case-specific review report, and submit the draft report to any county department with previous involvement, as defined in paragraph (c) of subsection (2) of this section, within fifty-five calendar days after the review team meeting. Any county department with previous involvement, as defined in paragraph (c) of subsection (2) of this section, has thirty calendar days after the completion of the draft confidential, case-specific review report to review the draft confidential, case-specific review report and provide a written response to be included in the final confidential, case-specific review report. A confidential, case-specific review report must be finalized and submitted pursuant to paragraph (e) of this subsection (5) no more than thirty calendar days after the county department's response is received by the team or upon confirmation in writing from the county department that a written response will not be provided.

(d) The proceedings, records, opinions, and deliberations of the department of human services child fatality review team shall be privileged and shall not be subject to discovery, subpoena, or introduction into evidence in any civil action in any manner that would directly or indirectly identify specific persons or cases reviewed by the state department or county department. Nothing in this paragraph (d) shall be construed to restrict or limit the right to discover or use in any civil action any evidence that is discoverable independent of the proceedings of the department of human services child fatality review team.

(e) The team shall provide the final confidential, case-specific review report to the executive director, the director for any county or community agency referenced in the report, the county board of human services of any county department with previous involvement, as defined in subsection (2)(c) of this section, the legislative members of the team appointed pursuant to subsection (6)(f) of this section, the department of public health and environment, and the office of the child protection ombudsman pursuant to section 19-3.3-103 (1)(a)(II)(B).

(f) The state department shall post on its website, within seven business days after the report's finalization, a case-specific executive summary of the final confidential, case-specific review report, absent confidential information as described in paragraph (i) of this subsection (5), of each incident of egregious abuse or neglect against a child, near fatality, or child fatality reviewed pursuant to this section.

(g) The case-specific executive summary for a child who was not in foster care, as defined in section 19-1-103, at the time of the fatality must include:

- (III) Any information that would reveal the identity of a reporter or of any other person who provides information relating to the incident of fatality, near fatality, or egregious abuse or neglect;

(IV) Any information which, if disclosed, would not be in the best interests of the child who is the subject of the report, any member of the child's family, any member of the child's household who is a child, or any caregiver of the child, as determined by the state department in consultation with the county that reported the incident of fatality, near fatality, or egregious abuse or neglect and the district attorney of the county in which the incident occurred, and after balancing the interests of the child, family, household member, or caregiver in avoiding the stigma that might result from disclosure against the interest of the public in obtaining the information.

(V) Any information for which disclosure is not authorized by state law or rule or federal law or regulation.

(j) The state department may not release the case-specific executive summary if the state department, in consultation with the county, determines that making the executive summary available would jeopardize any of the following:

(II) Any ongoing or future civil investigation or proceeding or the fairness of such proceeding.

(k) If at any point in the review process it is determined that the incident of egregious abuse or neglect against a child, near fatality, or fatality is not the result of abuse or neglect, the review shall cease.

(l) The state department or any county department may release to the public any information at any time to correct any inaccurate information reported in the news media, so long as the information released by the state department or county department is not explicitly in conflict with federal law, is not contrary to the best interest of the child who is the subject of the report, or his or her siblings, is in the public's best interest, and is consistent with the federal "Child Abuse Prevention and Treatment Reauthorization Act of 2010", Pub.L. 111-320.

(6) The team consists of up to twenty members, appointed on or before September 30, 2011, as follows:

26-1-701. Legislative declaration. (1) The general assembly hereby finds and declares that:

(a) On January 29, 2016, the respite care task force, created in section 26-1-601, completed a report with recommendations that was presented to the general assembly;

(b) The implementation of the recommendations would benefit those in need of respite care throughout the life span of those in need of care;

(c) It is widely recognized that caregivers often work twenty-four hours per day, seven days per week to provide services and may lack support and tools to live their best lives;

(d) Caregivers need access to quality and competent respite care; and

(e) Caregivers need to trust and depend upon individuals providing respite care services.

(2) Therefore, it is the intent of the general assembly to allocate state funds to implement recommendations of the respite care task force.

26-1-702. Duties of the state department - contract to implement program - reporting requirement. (1) The state department shall use a competitive request-for-proposal process to select an entity to contract with to implement recommendations of the respite care task force created in section 26-1-601. The contract with the selected entity shall end thirty days after the fourth anniversary of the date of the receipt of the contract. In order to be eligible for the contract to implement the recommendations, the entity must serve individuals affected by a disability or a chronic condition across the life span by providing and coordinating respite care and must currently have a presence in Colorado. The state department shall contract with the entity selected to implement the recommendations of the respite care task force and to carry out the responsibilities described in subsection (2) of this section. The selected entity should consult with organizations throughout the state as it works to implement the task force recommendations. The selected entity may subcontract with community partners, but, if it does so, shall identify any such subcontracting in the proposal provided to the department.

(2) The entity selected to implement the recommendations of the respite care task force shall:

(a) Ensure that a study is conducted to demonstrate the economic impact of respite care and its benefits for those served. The study should:

(I) Provide an analysis of the populations that are caregivers and the differences between those who do and do not use respite care services, including impact on caregivers;

(II) Identify existing data and areas where additional data could be collected from the department of health care policy and financing and other respite care sources to examine respite care utilization and the need for support;

(III) Show the impact of funds spent on respite care versus funds saved in health care;

(IV) Use a consistent evaluation tool to assess the waiver respite care programs and all Colorado respite care programs; and

(V) Identify data points that the Colorado respite coalition can use to collect additional complementary data from caregivers using respite care services and improve evaluation for agencies to show the effect of respite care on caregivers, identify varied needs across programs and geographic areas, and demonstrate cost savings of respite care versus institutionalization and hospitalization;

(b) Create an up-to-date, online inventory of existing training opportunities for providing respite care along with information on how to become a respite care provider. This inventory

shall be designed so that it can be updated over time as additional training options become available. This task shall be prioritized to occur early in the period covered by the contract.

(c) Develop a more robust statewide training system for individuals wishing to provide respite care. In doing so, the selected entity should work in partnership with nonprofits serving families in need of respite and with interested institutions of higher education. Over time, the statewide training system should ensure that:

(I) Training is available in multiple settings and formats;

(II) Core training elements are based on national models, use a person-centered approach, address core competencies, and are evidence-based or evidence-informed;

(III) Multi-tiered training is available that recognizes there are different levels of care that may be required; and

(IV) Training is available for primary caregivers.

(d) Ensure that a designated website is available to provide comprehensive information about respite care in Colorado and to serve as an access point for services throughout the state;

(e) Develop a centralized community outreach and education program about respite care services in Colorado that includes funding for start-up and outreach costs and ongoing activities, paid staff or contractors, and the leveraging of existing resources to support the design and dissemination of messaging and marketing materials;

(f) Work with the department of health care policy and financing to standardize the full continuum of respite care options across all Medicaid waivers; and

(g) Work with the state department, the department of health care policy and financing, and the department of public health and environment to streamline the regulatory requirements for facility-based, short-term, overnight respite care.

(3) On and after the first anniversary of the date that the contract is awarded, the state department shall include in its presentation to the legislative committees of reference as required by section 2-7-203, C.R.S., the progress of the selected entity in implementing this part 7.

(1) There is hereby created in the state treasury the respite care task force fund, referred to in this section as the "fund", to provide money to the state department for the request-for-proposal process pursuant to section 26-1-702. The fund consists of any money appropriated by the general assembly to the fund and any gifts, grants, and donations to the fund from private or public sources for the purposes of this article. All private and public funds received through gifts, grants, and donations shall be transmitted to the state treasurer, who shall credit the same to the fund. Money in the fund shall be continuously appropriated by the general assembly to the state department for the purposes specified in this part 7. Any unexpended and unencumbered money remaining in the fund at the end of any fiscal year shall remain in the fund and shall not be transferred to the general fund or any other fund.

(2) On July 1, 2016, the state treasurer shall transfer nine hundred thousand dollars from the intellectual and developmental disabilities services cash fund created in section 25.5-10-207, C.R.S., to the general fund for the purposes of this part 7. 26-2-105. Federal requirements. Nothing in this article shall be construed to prevent the state department from complying with federal requirements for public assistance programs expressly provided by law in order for the state of Colorado to qualify for federal funds under the social security act and to maintain said programs within the limits of available appropriations.

26-2-106. Applications for public assistance. (1) Any individual wishing to make application for any of the public assistance programs administered or supervised by the state department under this article shall have the opportunity to do so, and, except as otherwise provided in part 7 of this article, such public assistance shall be furnished with reasonable promptness to each eligible individual in accordance with rules of the state department. The county department shall consider an application for public assistance to be for any category of public assistance for which the applicant may be eligible.

(1.5) All applications for public assistance shall contain the citizenship of the applicant, the number of years the applicant has resided in the United States, and, if the applicant is an alien, the name and the social security number or federal tax number of the person, or persons or organization, if any, who sponsored the applicant's entry into the United States.

(2) The rules of the state department may provide for a simplified application in order that public assistance may be furnished to eligible persons as soon as possible and shall provide adequate safeguards and controls to insure that only eligible persons receive public assistance under this article.

(3) Applications and requests for public assistance under this article shall be made to the county department of the county or the state designated agency, where applicable, for the county in which the applicant is a resident. The state department by its rules shall prescribe the form and procedure for applications or requests for social services. The application for assistance payments shall be in writing or reduced to writing in the manner and upon the form prescribed by the state department, shall contain the name, age, and residence of the applicant, the category or type of assistance payments sought, a statement of the amount of property, both real and personal, in which the applicant has an interest and of all income which he or she may have at the time of the filing of the application, and such other information as may be required by rules of the state department, and shall be verified by the signature of the applicant or his or her legally appointed guardian. In addition, an applicant who is eighteen years of age or older shall be required to supply a form of personal photographic identification either by providing a valid Colorado driver's license or a valid identification card issued by the department of revenue pursuant to section 42-2-302, C.R.S. The state department may adopt rules that exempt applicants from the requirement of supplying a form of personal photographic identification if such requirement causes an unreasonable hardship or if such requirement is in conflict with

federal law. The state department shall also adopt rules that allow for assistance to be provided on an emergency basis until the applicant is able to obtain or to qualify for a driver's license or identification card; however, a county department is not required to recover emergency assistance from an applicant who fails, upon recertification, to meet the photographic identification requirement.

(4) (a) (Deleted by amendment, L. 97, p. 1230, § 16, effective July 1, 1997.)

(b) If the public assistance sought is aid to the needy disabled or aid to the blind, the application shall be signed by the applicant and his natural guardian or legally appointed guardian, if any.

(5) For the purpose of providing public assistance to persons not receiving federal financial benefits pursuant to Title XVI of the social security act:

(a) No application for aid to the blind shall be approved until the applicant has been examined by an ophthalmologist duly licensed to practice in this state and actively engaged in the treatment of diseases of the human eye or by an optometrist duly licensed to practice in this state. The examining ophthalmologist or optometrist shall certify in writing upon forms prescribed by the state department as to diagnosis, prognosis, and visual acuity of the applicant.

(b) Determination of blindness shall be made by the county department in accordance with the provisions of section 26-2-103 (3) and state department rules and regulations.

(c) The county department shall fix the fees to be paid for examination of applicants for and reexamination of recipients of aid to the blind. Such fees shall be allowed and paid to the vendor in the same manner as assistance payments under the program for aid to the blind, pursuant to the rules and regulations of the state department. Payments to such vendors shall be subject to reimbursement by the state in the same manner as said assistance payments for aid to the blind.

(6) (a) An application for aid to the needy disabled must not be approved until the applicant's medical condition has been certified by a physician licensed to practice medicine in this state, a physician assistant licensed in this state, or an advanced practice registered nurse licensed in this state. In addition to a physician, an applicant may be examined by a physician assistant licensed in this state, an advanced practice registered nurse, a registered nurse licensed in this state who is functioning within the scope of the nurse's license and training, a licensed psychologist, or any other licensed health-care personnel the state department deems appropriate. The person who conducted the examination shall certify in writing upon forms prescribed by the state department as to the diagnosis, prognosis, and other relevant medical or mental factors relating to the applicant's disability. An applicant who is disabled as a result of a primary diagnosis of an alcohol use disorder or a substance use disorder related to controlled substances must not be approved for aid to the needy disabled except as provided in section 26-2-111 (4)(e).

(b) Determination of the existence of total disability shall be made by the county department after consideration of the factors under the provisions of section 26-2-103 (14) and on the basis of the medical examination or from medical and social data collected and verified by the county departments under the rules and regulations of the state department.

(c) The county department shall fix the fees to be paid to competent medical personnel for examination of applicants for and reexamination of recipients of aid to the needy disabled and for special medical examinations when deemed necessary by the state department pursuant to rules and regulations of the state department. Such fees shall be allowed and paid to the medical vendor in the same manner as assistance payments under the program for aid to the

needy disabled, pursuant to the rules and regulations of the state department. Payments to such vendors shall be subject to reimbursement by the state in the same manner as said assistance payments for aid to the needy disabled.

26-2-107. Verification - record. (1) (a) (I) Whenever a county department receives an application for public assistance, it shall promptly make a record concerning the circumstances of the applicant to verify the facts supporting the application and shall examine all pertinent records and shall make a diligent effort to examine all records prior to granting assistance. The records include the following:

(A) Records of the division of unemployment insurance, including unemployment compensation records;

(B) School attendance records;

(C) Vital statistics records;

(D) Records of the department of revenue.

(II) The county department shall also verify such other information as may be required by the rules and regulations of the state department.

(b) If such information is reasonably available, the verification shall be completed prior to approval of any assistance or for continuation of assistance. The provisions of this paragraph (b) shall not apply to those persons receiving old age pensions, aid to the needy disabled, or aid to the blind during the period for which such assistance is continued.

(c) Within ten working days after a discrepancy relating to a fraudulent or suspected fraudulent act affecting eligibility is discovered, it shall be referred to the appropriate investigatory agency for investigation. The investigatory agency shall take action within thirty days following receipt of the information from the county department.

(2) The county department, the state department, and the officers and authorized employees of each may conduct visits to the home of the applicant at reasonable times, make investigations and require the attendance and testimony of witnesses and the production of books, records, and papers by subpoena, and make application to the district court to compel and enforce such attendance and testimony of witnesses and the production of such books, records, and papers. Officers and employees designated by the county department or the state department may administer oaths and affirmations.

26-2-108. Granting of assistance payments and social services - rules. (1) (a) Upon completion of the verification and record of each application for assistance payments, the county department, pursuant to the rules of the state department, shall determine whether the applicant is eligible for assistance payments, the amount of such assistance payments to be granted, and the date upon which such assistance payments shall begin.

(b) (I) In determining the amount of assistance payments to be granted, due account shall be taken of any income or property available to the applicant and any support, either in cash or in kind, that the applicant may receive from other sources, pursuant to rules of the state department. Effective July 1, 2000, through December 31, 2016, a county may pay families that are eligible for temporary assistance for needy families (TANF), as defined in section 26-2-703 (19), an amount that is equal to the state and county share of child support collections as described in section 26-13-108 (1). Such payments shall not be considered income for the purpose of grant calculation. However, such income shall be considered income for purposes of determining eligibility. If a county chooses to pay child support collections directly to a family that is eligible for temporary assistance for needy families (TANF), as defined in section 26-2-703 (19), the county shall report such payments to the state department for the month in which they occur and indicate the choice of this option in its performance contract for Colorado works. For the purposes of determining eligibility for public assistance or the amount of assistance payments, compensation received by the applicant pursuant to the "Colorado Crime Victim Compensation Act", part 1 of article 4.1 of title 24, C.R.S., shall not be considered as income, property, or support available to such applicant.

(II) (A) Effective January 1, 2017, and upon the state department's notification to counties that the relevant human services case management systems, including the automated child support enforcement system and the Colorado benefits management system, are capable of directly and efficiently managing the distribution process for the child support pass-through, a county shall pay families that are eligible for temporary assistance for needy families (TANF), as defined in section 26-2-703 (19), an amount that is equal to the amount of current child support

collections as described in section 26-13-108 (1). Such payments shall not be considered income for purposes of calculating a recipient's basic cash assistance grant pursuant to part 7 of this article. However, such payments, with applicable disregards, shall be considered income for purposes of determining eligibility. The county shall report the amount of the child support payments to the state department for the month in which they occur. For the purposes of determining eligibility for public assistance or the amount of assistance payments, compensation received by the applicant pursuant to the "Colorado Crime Victim Compensation Act", part 1 of article 4.1 of title 24, C.R.S., shall not be considered as income, property, or support available to such applicant.

(B) The general assembly may annually appropriate money to the state department in a separate line item to reimburse the counties for fifty percent of child support collections and the federal government for its share of child support collections that are passed through to temporary assistance for needy families (TANF) recipients pursuant to this subsection (1)(b)(II). The state department shall allocate and distribute the money to the counties. Notwithstanding the provisions of this subsection (1)(b)(II)(B) to the contrary, in any state fiscal year in which the general assembly does not appropriate an amount of money that is at least ninety percent of the total county share of collections passed through to the custodial party after the full federal share is paid pursuant to the provisions of this subsection (1)(b)(II)(B) for the prior fiscal year, the state department shall make all necessary changes to the relevant human services automated systems so that child support payments are not passed through to temporary assistance for needy families (TANF) recipients and a county is not required to, but may, implement the child support pass-through to TANF recipients. The total county share of collections passed through to the custodial party after the full federal share is paid for the fiscal year is determined as of the following December 1, as verified by the state department. If a county elects to implement a child support pass-through in a fiscal year in which no money is appropriated, the county must utilize its own resources and the state automated systems are not required to support the county's implementation.

(c) When the eligibility, amount, and date for beginning assistance payments have been established, the county department shall make an award to or on behalf of the applicant in accordance with rules of the state department, which award shall be binding upon the county and shall be complied with by the county until it is modified or vacated.

(d) (I) Except as provided in subparagraph (II) of this paragraph (d) and part 7 of this article, assistance payments under public assistance programs shall be paid at least monthly to or on behalf of the applicant upon order of the county department from funds appropriated to the county department for this purpose and pursuant to the rules of the state department.

(II) Assistance in the form of aid to the needy disabled for persons who are disabled as a result of a primary diagnosis of an alcohol use disorder or a substance use disorder related to controlled substances must be paid on the person's behalf to the substance use disorder treatment program in which the person is participating as required pursuant to section 26-2-111 (4)(e)(I) or to the person directly upon the person providing the documentation required pursuant to section 26-2-111 (4)(e)(II).

(e) The county department shall at once notify the applicant and the state department, in writing, of its decisions on assistance payments and the reasons therefor.

(2) The state department, by its rules, shall prescribe procedures for handling applications or requests for social services. Such rules may include, but need not be limited to,

the determination of eligibility for social services, the services to be provided, the verification and record, and notice to applicants and the state department.

(3) Repealed.

26-2-109. Right to own certain property. (1) No person otherwise qualified to receive public assistance shall be denied public assistance by reason of the fact that he is the owner of real estate occupied by him as a residence.

(2) No person otherwise qualified shall be denied public assistance by reason of the fact that he is the owner of personal property which is exempt by the laws of Colorado from execution or attachment.

(3) (a) The state department, by its rules and regulations, may establish limitations on the value of real and personal property and other resources, not included in subsections (1) and (2) of this section, which may be available to an applicant or recipient without affecting his eligibility for public assistance.

(b) For public assistance purposes, the value of residential or other real property shall be equal to the actual value of the property, as determined by the county assessor pursuant to article 1 of title 39, C.R.S.

26-2-111. Eligibility for public assistance - rules - repeal. (1) No person shall be granted public assistance in the form of assistance payments under this article unless such person meets all of the following requirements:

(a) The person is a resident of the state of Colorado or, if a dependent child, the parent or other relatives with whom said child is living is a resident of the state of Colorado or the person is a legal immigrant who would be otherwise eligible in all respects except for citizenship;

(b) The person has insufficient income, property, or other resources to meet his or her needs as determined pursuant to rules and regulations of the state department; except that resource eligibility for the program of aid to the needy disabled shall be as specified in paragraph (d) of subsection (4) of this section, resource eligibility for the program of aid to the blind shall be as specified in subparagraph (III) of paragraph (a) of subsection (5) of this section, and resource eligibility requirements for the old age pension program shall be as specified in paragraph (a) of subsection (2) of this section;

(c) (I) The person has not made a voluntary assignment or transfer of property without fair and valuable consideration for the purpose of rendering himself or herself eligible for public assistance under this article at any time within thirty-six months immediately prior to the filing of application for such assistance pursuant to the provisions of this article; or, in the case of a person already receiving public assistance under this article, the person has not made any such transfer during the time the person has been receiving such public assistance; but, if any such assignment or transfer is made during such thirty-six month period or during such time that public assistance is being received, there is a rebuttable presumption that the assignment or transfer was made for such purpose; but, within such period of time, a person may assign or transfer the ownership of real property owned and used as a residence by such person if:

(A) The transfer or assignment is made for reasons other than to become or remain eligible for public assistance under this article;

(B) The primary purpose of the transfer or assignment is not to acquire moneys or profit but is for some other legitimate reason such as estate planning.

(II) Nothing in this paragraph (c) shall be construed to prohibit a person from selling, transferring, or assigning his or her real estate in a bona fide transaction for good and valuable consideration.

(d) The person is not an inmate of a public institution, except as a patient in a public medical institution, or is not a patient in any institution for tuberculosis or mental diseases, or is not a patient in any medical institution as a result of having been diagnosed as having tuberculosis or psychosis; but the provisions of this paragraph (d) shall not be applicable to or in any way affect the class of old age pension recipients provided for in subsection (2)(a)(III) of this section.

26-2-111.8. Eligibility of noncitizens for public assistance. (1) (a) The general assembly hereby finds and declares that passage of the federal "Personal Responsibility and Work Opportunity Reconciliation Act of 1996", Public Law 104-193, requires the states to make certain decisions concerning qualified aliens and their eligibility for certain types of public assistance.

(b) The goal of this section is to recognize that foreign-born legal residents of the state of Colorado contribute to our society by working in our communities, supporting local businesses, and paying taxes and should receive certain types of public assistance for certain types of situations. Moreover, the state goal is to provide the types of assistance that will enhance the state's ability to receive federal financial participation, thereby reducing the ultimate burden on the state and local government for emergency health and welfare needs.

(c) This section is also intended to encourage and support efforts to help foreign-born legal residents of the state of Colorado to become citizens of the United States.

(2) (a) **Entry requirements.** A qualified alien who entered the United States before August 22, 1996, and who meets the eligibility criteria specified for a particular public assistance program shall be eligible to receive public assistance under the following programs as described in this article:

- (I) The Colorado works program;
- (II) The old age pension;
- (III) Aid to the needy disabled; or
- (IV) Aid to the blind.

(b) **Five-year bar on receipt of benefits.** A qualified alien who entered the United States on or after August 22, 1996, shall be barred from receiving the benefits described in paragraph (a) of this subsection (2) for a period of five years after the date of entry into the United States, unless he or she meets the exceptions set forth in the federal "Personal Responsibility and Work Opportunity Reconciliation Act of 1996", Public Law 104-193, as amended.

(c) **Deeming of sponsor income and resources.** After five years, a qualified alien described in paragraph (b) of this subsection (2) shall be eligible for benefits under this article,

but shall have sponsor income and resources deemed to the individual or family under rules established by the state department pursuant to section 26-2-137 (2).

(3) (Deleted by amendment, L. 2010, (HB 10-1384), ch. 218, p. 952, § 2, effective July 1, 2010.)

(3.5) For benefits provided on and after January 1, 2014, the state department may pursue repayment from the qualified alien's sponsor for old age pension benefits provided to the qualified alien during the time that the sponsorship affidavit of support is in effect as determined by United States citizenship and immigration services, or its successor agency.

(4) A qualified alien may receive benefits under section 26-2-122.3 pursuant to rules promulgated by the state department.

(5) As a condition of eligibility for public assistance under this article, a qualified alien shall agree to refrain from executing an affidavit of support for the purpose of sponsoring an alien on or after July 1, 1997, under rules promulgated by the immigration and naturalization service or its successor agency during the pendency of the qualified alien's receipt of public assistance. Nothing in this subsection (5) shall be construed to affect a qualified alien's eligibility for public assistance under this article based upon the qualified alien's responsibilities under an affidavit of support entered into before July 1, 1997.

(6) The state department shall encourage a qualified alien who is eligible to submit an application for citizenship to submit such an application.

(II) Ten percent additional upon the amount of any tax payable under the provisions of the inheritance tax laws of this state.

(b) In computing the amount of the additional tax or fee as provided in paragraph (a) of this subsection (2), the nearest multiple to five cents shall be taken in all cases.

(3) Any and all of such funds collected by any state official or state department pursuant to subsection (2) of this section shall be paid over by such official or department to the state treasurer, who on the first day of each month shall divide and pay the same into each of the county old age pension accounts of the county social services funds in this state on the pro rata basis which the population of the respective county has to the population of the entire state according to the last official United States census.

26-2-114. Amount of assistance payments - old age pension. (1) The basic minimum award payable to those persons qualified to receive an old age pension shall be one hundred dollars monthly; but the state board may adjust the said basic minimum award above one hundred dollars if, in its discretion, living costs have changed sufficiently to justify such adjustment.

(2) (a) and (a.5) Repealed.

(b) (I) The amount of net income from whatever source, either in cash or in kind, which any person qualified for an old age pension may receive shall be deducted from the amount of monthly pension which such person would otherwise receive. The rules and regulations of the state department may require an applicant or recipient who may be eligible for benefits under another federal or state program or who may have a right to receive or recover other income or resources to take reasonable steps to apply for, otherwise pursue, and accept such benefits, income, or resources.

(II) In computing said net income, the county department shall not consider the ownership of real estate occupied as a residence by the recipient as income. In addition, in computing said net income, the county department shall not consider as income funds received by or on behalf of the recipient from the federal government for rent supplementation or relocation payments or income earned by the recipient up to the maximum extent allowed by Title I, section 2, of the social security act.

(III) Whenever the United States congress shall provide by law for a retroactive increase in monthly benefits under the old age, survivors, and disability provisions of the social security act, or for a retroactive increase in monthly benefits under the railroad retirement act, and the amount of such retroactive increase in monthly benefits shall be subsequently paid to an old age pension recipient in a lump sum, then the amount of such lump sum payment shall not be considered as income and shall not be deducted from the amount of monthly pension otherwise payable to such recipient for the month in which such lump sum payment is received.

(IV) Any special payment by the federal government in the form of a one-time-only credit against or refund of federal income taxes shall not be considered as income for purposes of this title unless required by federal law.

(b) The rules of the state department:

26-2-119.7. Federal disability benefits - application assistance - fund - rules - report - legislative declaration. (1) (a) The general assembly finds that:

(I) Federal disability benefits, including supplemental security income and social security disability insurance, help Coloradans with the most significant disabilities achieve stability by providing income for necessities, including housing;

(II) The state aid to the needy disabled program provides two hundred seventeen dollars per month to individuals who cannot work due to a severe disability while the individuals are applying for federal disability benefits. With only two hundred seventeen dollars per month in income, aid to the needy disabled program participants struggle to meet their most basic needs. As a consequence, these participants are often homeless, in crisis, and unable to engage in sickness prevention or health maintenance activities, resulting in high-cost emergency room visits or other high-cost medical treatment.

(III) Completing the application process for federal disability benefits is onerous. The application is complex and requires applicants to compile past medical records from medical providers. Applicants must also navigate the process while contending with debilitating mental and physical health conditions, and, for aid to the needy disabled program participants, the additional barrier of extreme poverty.

(IV) Despite the extreme need for federal disability benefits, applicants who are ultimately determined to be eligible for federal disability benefits are often denied multiple times;

(V) Delayed access to federal disability benefits often creates or prolongs homelessness or puts individuals at risk of homelessness. Fifty-seven percent of Colorado's chronically homeless population are persons with disabilities.

(VI) Delayed access to federal disability benefits puts Coloradans with disabilities at increased risk of health crisis. Nationally, in federal fiscal year 2016, over ten thousand people died waiting to be approved for federal disability benefits.

(VII) Assistance in applying for federal disability benefits significantly improves the rate of approval of initial applications and therefore reduces the time it takes for individuals to access federal disability benefits; and

(VIII) Timely access to federal disability benefits improves the stability, health, and well-being of persons living with disabilities; reduces state spending on homeless services, preventable emergency health care, and other public programs; and boosts the state and local economies by providing federally funded support that recipients spend in Colorado cities and counties to meet their basic needs.

(b) Therefore, the general assembly declares that it is necessary to help persons applying for or receiving aid to the needy disabled benefits in navigating the application process for federal disability benefits.

(2) (a) The state department shall administer a program that may be implemented by county departments that helps individuals with disabilities navigate the application process for federal disability benefits. The program must assist individuals who are applying for or receiving aid to the needy disabled benefits pursuant to section 26-2-119. A county department may choose whether to participate in the program created in this section.

(b) The state department shall allocate money appropriated pursuant to this section from the disability benefits application assistance fund, created in subsection (6) of this section, to participating county departments pursuant to state department rules promulgated pursuant to subsection (3)(a) of this section.

(c) The assistance provided pursuant to the program may include:

(I) Referrals to appropriate medical providers and other professionals whose assessments are required as part of an application for federal disability benefits;

(II) Outreach to applicants to provide reminders and track progress on application requirements;

(III) Assistance with compiling and drafting supporting documentation for an application for federal disability benefits;

(IV) Assistance with completing and submitting an application for federal disability benefits; and

(V) Assistance appealing denials of federal disability benefits.

(3) (a) After receiving input from counties, a statewide association of county commissioners, and other relevant stakeholders, the state department shall promulgate rules establishing an allocation formula for money appropriated to the state department for purposes of this section. In establishing the allocation formula, the state department shall consider the number of aid to the needy disabled program participants in each participating county and the need to ensure that money appropriated for the program is available in every region of the state in which there are participating counties.

(b) Repealed.

(4) Pursuant to subsection (2) of this section, a county department allocated money pursuant to this section shall use the money to provide services to aid to the needy disabled program participants in the county or region. In implementing the program, a county department is permitted to collaborate with other counties or to contract with nonprofit organizations. Persons providing assistance to individuals with disabilities pursuant to this section shall have demonstrated expertise or receive adequate training in the federal disability benefits application process.

(5) (a) The state department shall evaluate the program one year after its implementation, and every five years thereafter, to determine if the program is meeting the goals of the program, including but not limited to:

(I) Assisting federal disability benefit applicants in submitting timely and complete applications;

(II) Increasing the percentage of eligible applicants awarded federal disability benefits;

(III) Reducing the average time to qualify for federal disability benefits; and

(IV) Reducing the length of time that individuals with disabilities participate in the aid to the needy disabled program.

(b) The state department shall submit the program evaluation required pursuant to subsection (5)(a) of this section to the joint budget committee of the general assembly, the public health care and human services committee of the house of representatives, and the health and human services committee of the senate, or any successor committees. Notwithstanding the provisions of section 24-1-136 (11)(a)(I), reporting on the program evaluation pursuant to this section shall continue so long as the program is being evaluated.

(6) (a) The disability benefits application assistance fund, referred to in this subsection (6) as the "fund", is created in the state treasury. The fund consists of money deposited in the fund in accordance with subsection (6)(b) of this section.

(b) Any money appropriated from the general fund to the state department for grants for the aid to the needy disabled program that is unexpended and unencumbered as of the close of the applicable fiscal year reverts to the general fund.

(c) The state treasurer shall credit all interest and income derived from the deposit and investment of money in the fund to the fund.

(d) Subject to annual appropriation by the general assembly, the state department shall expend money from the fund for the purposes described in this section.

26-2-120. Amount of assistance payments - aid to the blind. (1) The amount of assistance payments that shall be granted to a recipient under the program for aid to the blind shall be on the basis of budgetary need, as determined by the county department with due regard to any income, property, or other resources available to the recipient, within available appropriations, and in accordance with rules of the state department. The rules of the state department may require an applicant or recipient who may be eligible for benefits under another federal or state program or who may have a right to receive or recover other income or resources to take reasonable steps to apply for, otherwise pursue, and accept such benefits, income, or resources.

(1.5) and (2) (Deleted by amendment, L. 2010, (HB 10-1146), ch. 281, p. 1303, § 3, effective January 1, 2011.)

(4) Every recipient of aid to the blind shall submit to a reexamination as to his eyesight at least once every three years, unless excused therefrom by the state department, and at other times when required to do so by the county department or the state department. He shall furnish any medical information required by the county department or the state department.

26-2-122.3. Home care allowance - repeal. (1) (a) (I) The state department, subject to available appropriations, may provide adult foster care for persons eligible to receive old age pension, aid to the needy disabled, or aid to the blind. For purposes of this paragraph (a), "adult foster care" means care and services that, in addition to room and board, may include, but are not limited to, personal services, recreational opportunities, transportation, utilization of volunteer services, and special diets. Such care and services are provided to recipients of federal supplemental security income benefits who are also eligible for the Colorado supplement program for aid to the needy disabled or aid to the blind and who do not require skilled nursing care or intermediate health care and cannot remain in or return to their residences but who need to reside in a supervised nonmedical setting on a twenty-four-hour basis. Those persons with intellectual and developmental disabilities as defined in section 25.5-10-202, C.R.S., or who are receiving or are eligible to receive services pursuant to article 10 of title 25.5, C.R.S., or any provision of title 27, C.R.S., do not qualify for adult foster care under this paragraph (a).

(II) Adult foster care facilities shall be licensed by the department of public health and environment pursuant to section 25-27-105, C.R.S.

(III) This subsection (1)(a) is repealed, effective July 1, 2024.

(b) (I) Except as provided in subparagraph (II) of this paragraph (b), the state department, subject to available appropriations, may provide home care allowance for persons who meet the functional impairment and financial eligibility criteria as established by the state department by rule and:

(A) Were receiving old age pension benefits and home care allowance on the day prior to January 1, 2014, and remain continuously eligible for such benefits; or

(B) Are receiving aid to the needy disabled, aid to the blind, or supplemental social security income benefits.

(II) Persons eligible to receive home- and community-based services pursuant to article 6 of title 25.5, C.R.S., shall not be eligible for home care allowance under this paragraph (b).

(III) **[Editor's note: This version of subsection (1)(b)(III) is effective until July 1, 2024.]** For the purposes of this paragraph (b), "home care allowance" is a program that provides payments, subject to available appropriations, to functionally impaired persons who meet the criteria specified in subparagraph (I) of this paragraph (b) as determined in accordance with

rules. The payments allow recipients who are in need of long-term care to purchase community-based services as defined in rules adopted by the state department. These services may include, but need not be limited to, the supervision of self-administered medications, assistance with activities of daily living as defined in section 25.5-6-104 (2)(a), C.R.S., and assistance with instrumental activities of daily living as defined in section 25.5-6-104 (2)(g), C.R.S. The rules adopted by the state department shall specify, in accordance with the provisions of this section, the services available under the program and shall specify eligibility criteria for the home care allowance program. In addition, the rules shall specifically provide for a determination as to the person's functional impairment and the person's unmet need for paid care and shall address amounts awarded to persons eligible for home care allowance. The state department shall specify in the rules the methods for determining the unmet need for paid care and the amount of a home care allowance that may be awarded to eligible persons. Such methods may be based on how often a person experiences unmet need for paid care or any other method that the state board determines is valid in correlating unmet need for paid care with an amount of a home care allowance award. The state department shall require that eligibility and unmet need for paid care be determined through the use of a comprehensive and uniform client assessment instrument prescribed by the state department. The state department may adjust income eligibility criteria, including any functional impairment standard, or the amounts awarded to eligible persons or may limit or suspend enrollments as necessary to manage the home care allowance program within the funds appropriated by the general assembly. In addition, the state department may adjust which services are available under the program; except that the adjustment shall be consistent with the provisions of this subsection (1).

(III) **[Editor's note: This version of subsection (1)(b)(III) is effective July 1, 2024.]** For the purposes of this subsection (1)(b), "home care allowance" is a program that provides payments, subject to available appropriations, to functionally impaired persons who meet the criteria specified in subsection (1)(b)(I) of this section as determined in accordance with rules. The payments allow recipients who are in need of long-term services and supports to purchase community-based services as defined in rules adopted by the state department. These services may include, but need not be limited to, the supervision of self-administered medications, assistance with activities of daily living, and assistance with instrumental activities of daily living. The rules adopted by the state department shall specify, in accordance with the provisions of this section, the services available under the program and shall specify eligibility criteria for the home care allowance program. In addition, the rules shall specifically provide for a determination as to the person's functional impairment and the person's unmet need for paid care and shall address amounts awarded to persons eligible for home care allowance. The state department shall specify in the rules the methods for determining the unmet need for paid care and the amount of a home care allowance that may be awarded to eligible persons. Such methods may be based on how often a person experiences unmet need for paid care or any other method that the state board determines is valid in correlating unmet need for paid care with an amount of a home care allowance award. The state department shall require that eligibility and unmet need for paid care be determined through the use of a comprehensive and uniform client assessment instrument prescribed by the state department. The state department may adjust income eligibility criteria, including any functional impairment standard, or the amounts awarded to eligible persons or may limit or suspend enrollments as necessary to manage the home care allowance program within the funds appropriated by the general assembly. In addition, the state

department may adjust which services are available under the program; except that the adjustment shall be consistent with the provisions of this subsection (1).

(c) The state department is authorized to implement pilot programs that it deems feasible to assess the overall impact, if any, of using alternatives to the method described in paragraph (b) of this subsection (1) for determining an eligible person's unmet need for paid care and the amount of a home care allowance awarded to an eligible person.

(2) ***[Editor's note: This version of subsection (2) is effective until July 1, 2024.]*** The state department shall administer the adult foster care program and the home care allowance program. 26-2-123. Removal to another county. (1) Any recipient who becomes a resident of another county in this state shall be entitled to receive all forms of public assistance that are provided in the county to which the recipient transfers and for which he or she is eligible, and the county department of the county from which the recipient has moved shall transfer all necessary records relating to the recipient to the county department of the county to which he or she has moved, pursuant to the rules of the state department.

(2) The county to which a recipient moves is required to provide only those services and benefits under the Colorado works program created in part 7 of this article as are stipulated in the receiving county's performance contract.

26-2-124. Reconsideration and changes. (1) All assistance payments and social services provided under this article shall be reconsidered as frequently as and in the manner required by rules and regulations of the state department. After such further verification and record as the county department may deem necessary or the rules and regulations of the state department may require, the amount of assistance payments or the social services provided may be changed, or public assistance may be terminated, if the state department or the county department finds that the recipient's circumstances have altered sufficiently to warrant such action or if changes in state or federal law have been made which would warrant such action.

(2) In accordance with the rules and regulations of the state department, the county department may terminate public assistance at any time for cause, or it may, for cause, suspend public assistance for such period as it may deem proper. Timely notice to persons receiving public assistance, when in fact they are not eligible due to fraudulent acts, may be given five days before the date of a proposed action, in accordance with federal regulations.

(3) Whenever assistance payments are terminated, suspended, or in any way changed, the county department shall at once report such decision to the recipient and to the state department setting forth the reason for such action. All such decisions shall be subject to review by the state department in accordance with the rules and regulations of the state department.

26-2-125. Colorado works cases - vendor payments. The county department, upon reconsideration in cases involving the Colorado works program as provided in section 26-2-124, may authorize direct payment to vendors of the portion of the assistance grant budgeted for essential services and subsistence items for the children, if evidence has been accumulated that the relative payee is using that portion of the grant provided for the care, maintenance, and welfare of the children for other purposes.

26-2-127. Appeals. (1) (a) (I) Except as provided in part 7 of this article, if an application for assistance payments is not acted upon by the county department within a reasonable time after filing of the same, or if an application is denied in whole or in part, or if a grant of assistance payments is suspended, terminated, or modified, the applicant or recipient, as the case may be, may appeal to the state department in the manner and form prescribed by the rules of the state department. Every county department or service delivery agency shall adopt procedures for the resolution of disputes arising between the county department or the service delivery agency and any applicant for or recipient of public assistance prior to appeal to the state department. Such procedures are referred to in this section as the "dispute resolution process". Two or more counties may jointly establish the dispute resolution process. The dispute resolution process shall be consistent with rules promulgated by the state board pursuant to article 4 of title 24, C.R.S. The dispute resolution process shall include an opportunity for all clients to have a county conference, upon the client's request, and such requirement may be met through a telephonic conference upon the agreement of the client and the county department. The dispute resolution process need not conform to the requirements of section 24-4-105, C.R.S., as long as the rules adopted by the state board include provisions specifically setting forth expeditious time frames, notice, and an opportunity to be heard and to present information. If the dispute is not resolved, the applicant or recipient may appeal to the state department in the manner and form prescribed by the rules of the state department. Whether at the county level, state level, or both, disputes related to the delivery of assistance under the Colorado works program established pursuant to part 7 of this article shall be decided in accordance with the rules promulgated by the state board pursuant to this subparagraph (I) and with the county's official written policies adopted pursuant to section 26-2-716 (2.5), which policies govern delivery of assistance under such program. The state board shall adopt rules setting forth what other issues, if any, may be appealed by an applicant or recipient to the state department. County notices to applicants or recipients shall inform them of the basis for the county's decision or action and shall inform them of their rights to a county conference under the dispute resolution process and of their rights to state level appeal and the process of making such appeal. A hearing need not be granted when either state or federal law requires or results in an automatic grant adjustment for classes of recipients, unless the reason for an individual appeal is incorrect grant computation.

(II) Upon receipt of an appeal, the state department shall give the appellant reasonable notice and an opportunity for a fair hearing in accordance with rules of the state department. Any such fair hearing shall comply with section 24-4-105, C.R.S., and the state department's administrative law judge shall preside.

(III) The appellant shall have an opportunity to examine all applications and pertinent records concerning said appellant that constitute a basis for the denial, suspension, termination, or modification of assistance payments.

(IV) The appellant may represent himself or herself or he or she may be represented by legal counsel, or by a relative, friend, or other spokesman, and such representation by nonlawyers shall not be considered to be the practice of law.

(b) The state department, by its rules, may provide for fair hearings and appeals for applicants for and recipients of social services.

(c) (Deleted by amendment, L. 97, p. 1317, § 1, effective July 1, 1997.)

(2) All decisions of the state department shall be binding upon the county department involved and shall be complied with by such county department.

(3) The state department, the department of health care policy and financing, and the office of administrative courts in the department of personnel shall work together to streamline the process for the appeal of disputes that are not resolved at the county level and shall consider proposed legislative changes or federal waivers for the Colorado works program pursuant to part 7 of this article in order to address changes in the appeals process to avoid or mitigate expenses to counties of maintaining benefits during the pendency of state-level appeals.

(4) The state department is authorized to apply to the United States department of agriculture and the health care financing administration for waivers to develop a process for appeals that ensures that issues may be consolidated at the local and state levels. In applying for the waiver, the state department shall demonstrate that due process considerations are addressed through other appeal mechanisms.

26-2-128. Recovery from recipient - estate. (1) If, at any time during the continuance of public assistance, the recipient thereof becomes possessed of any property having a value in excess of that amount set pursuant to the provisions of section 26-2-109 and the rules of the state department or receives any increase in income, the recipient shall notify the county department of the possession of such property or receipt of such income, and the county department may either terminate the public assistance or alter the amount of assistance payments in accordance with the circumstances and the rules of the state department. To the extent not otherwise prohibited by state or federal law, if the recipient is found to have committed an intentional program violation, the recipient is disqualified from participation in the public assistance program under this article 2 in which a recipient is found to have committed an intentional program violation for twelve months for the first incident, twenty-four months for a second incident, and permanently for a third or subsequent incident. Such disqualification is mandatory and is in addition to any other penalty imposed by law. Except as provided in subsections (3) and (4) of this section, any previously paid excess public assistance to which the recipient was not entitled is recoverable by the county as a debt due to the state and the county in proportion to the

amount of public assistance paid by each respectively; except that any fraudulently obtained public assistance or fraudulently obtained overpayments of public assistance is recoverable and payable in proportionate shares as provided in section 26-1-112 (2)(b), and interest is charged and paid to the county department on any sum fraudulently obtained, calculated at the legal rate and calculated from the date the recipient obtained such sum to the date such sum is recovered. The following remedies apply for the enforcement and collection of a debt for fraudulently obtained public assistance or fraudulently obtained overpayments of public assistance:

(a) If the debt for fraudulently obtained public assistance, fraudulently obtained overpayments of public assistance, or excess public assistance paid for which the recipient was ineligible has been reduced to a judgment in a court of record in this state, the county department may seek a continuing garnishment to collect the debt under article 54.5 of title 13, C.R.S.

(b) If the person has received an overissuance of food stamp benefits resulting from fraud or willful misrepresentation that has not been recovered by repayment under section 13 (b)(1) of the federal "Food Stamp Act", as amended, the state shall recover the overissuance by withholding unemployment compensation to which the person is entitled pursuant to section 8-73-102 (6), C.R.S.

(2) If, upon the death or mental incompetency of any recipient, the inventory of the recipient's estate shows assets in excess of the amount that the recipient was allowed to have in order to receive public assistance, or if it be shown that the recipient was otherwise ineligible for public assistance, then the claim of the county and state for the excess public assistance paid for which the recipient was ineligible, if filed as required by section 15-12-804, C.R.S., shall have priority as a debt given preference under section 15-12-805 (1)(f.7), C.R.S.

(3) Except as provided in subsection (4) of this section, when a recipient was ineligible for assistance payments solely because of property in excess of that permitted by state department rules and regulations adopted pursuant to section 26-2-109, the amount for which he shall be liable shall be the amount by which his property exceeded the amount allowable under such rules and regulations or the total amount of assistance payments thus received by him, whichever is the lesser amount. Actions for the recovery of such sums shall be prosecuted by the county or state department in any court of record having jurisdiction thereof.

(4) Notwithstanding subsections (1), (2), and (3) of this section, in any assistance case in which more than the correct amount of payment has been made, there shall be no adjustment of payments to the county or state department or recovery by the county or state department from any person who is without fault and who has reported to the state department any increase in income or changes in resources or property, if such adjustment or recovery would deprive a person of income required for ordinary and necessary living expenses or would be against equity and good conscience. Overpayments in all cases involving a grant of aid to families with dependent children shall be recovered from the caretaker relative in the assistance unit who fraudulently obtained the public assistance or who was the direct payee of the overpayments or from such individual's estate. The state department and the county departments shall pursue all available overpayment recovery options against the caretaker relative in the assistance unit first and during this time all overpayment collection activities against the other overpaid members of the assistance unit shall be suspended. On March 26, 2002, the state department and the county departments shall cease any collection efforts being made against the children of an assistance unit in which public assistance was overpaid or fraudulently obtained by a caretaker relative if the caretaker relative has been located. The state and the county departments may elect not to

attempt recovery of an overpayment from an individual no longer receiving public assistance where the overpayment amount is less than thirty-five dollars. Where the overpayment amount owed by an individual no longer receiving public assistance is thirty-five dollars or more, the state department and the county departments may determine, consistent with the six-year time limitation for the execution on judgments involving state debt, that it is no longer cost-effective to continue to pursue recovery of the overpayment. The state department and the county departments shall not pursue overpayment collection activities against children who have been part of a Colorado works program assistance unit.

(5) (a) When a recipient, during or because of continuance of public assistance, receives excess assistance through fraudulent acts, the county department shall make regular deductions consistent with federal regulations from said recipient's monthly grant until the excess payment is fully recovered.

(b) Repealed.

(6) (a) The state department shall have a right to recover any amount of public assistance paid to a recipient because:

(I) The trustee of a trust for the benefit of the recipient has used the trust property in a manner contrary to the terms of the trust;

(II) A person holding the recipient's power of attorney has used the power for purposes other than the benefit of the recipient.

(b) To enforce the right under this subsection (6), the county or state department may institute or intervene in legal proceedings against the trustee or person holding the power of attorney. Any amount of public assistance recovered pursuant to this subsection (6) shall be distributed between the state and county in proportion to the amount of public assistance paid by each respectively.

(c) No action taken by the county or state department pursuant to this subsection (6) or any judgment rendered in such action or proceeding shall be a bar to any action upon the claim or cause of action of the recipient or his guardian, personal representative, estate, dependent, or survivors against the trustee or person holding the power of attorney.

26-2-129. Funeral - final disposition expenses - death reimbursement - definitions - rules. (1) The general assembly hereby finds and declares that, subject to available appropriations, the purposes of this section are the following:

(a) To provide appropriate and equitable reimbursement of funeral, cremation, burial, or natural reduction expenses or any combination of expenses associated with the final disposition of any deceased public assistance or medical assistance recipient;

(b) To consider the religious and cultural preferences of the decedent and the decedent's family;

(c) To assure that final disposition of a decedent is provided with dignity;

(d) To ensure that reimbursement of a provider of funeral or final disposition services is appropriately disbursed by the county department;

(e) To provide that public funds are made available for reimbursement pursuant to this section only after it has been determined that there are insufficient resources from the estate of the decedent or the decedent's legally responsible family members to cover the funeral or final disposition expenses;

(f) To allow family members and friends of a decedent to contribute toward the charges of funeral or final disposition expenses to the extent the contributions do not exceed the specified maximum combined charges for the expenses.

(2) As used in this section, unless the context otherwise requires:

(a) "Contributions" means any monetary payment or donation made directly to the service provider or providers by a nonresponsible person to defray the expenses of a deceased public assistance or medical assistance recipient's funeral or final disposition.

(b) "Death reimbursement" means the payment made by the county department to the provider of funeral or final disposition services when adequate resources are not available from legally responsible persons or from the personal resources or income of the decedent or from contributions to cover the charges for funeral or final disposition expenses of a deceased public assistance or medical assistance recipient.

(c) "Decedent" means a deceased recipient of public assistance or medical assistance who was receiving benefits at the time of death.

(d) "Final resting place" means a space, either below or above the surface of the ground, for the interment or entombment of the remains of human bodies.

(e) "Legally responsible person" means a person who:

(I) Is the decedent's spouse or the decedent's parent if the decedent is an unemancipated minor who is under the age of eighteen; and

(II) Bears legal responsibility for the charges associated with the decedent's funeral or final disposition expenses.

(f) "Maximum combined charges" means the total of all charges from all providers but in an amount not to exceed two thousand five hundred dollars.

(f.5) "Medical assistance" means a payment on behalf of eligible recipients who are enrolled in the Colorado medical assistance program established in articles 4, 5, and 6 of title 25.5, which is funded through Title XIX of the federal "Social Security Act", 42 U.S.C. sec. 1396u-1.

(g) "Mortuary science practitioner" means one engaged in, or holding himself or herself out as being engaged in or conducting, embalming or final disposition of dead human bodies.

(h) "Nonresponsible person" means one of the following who makes a contribution to the charges for a funeral or final disposition or any combination of these charges:

(I) A relative of the decedent who is not a legally responsible person; or

(II) Any other person or party.

(i) "Public assistance" means payments to eligible recipients of the programs for old age pensions created in article XXIV of the state constitution, except for the old age pension health and medical care program described in section 25.5-2-101; the Colorado works program created in part 7 of this article 2; the aid to the needy disabled program created in section 26-2-119; the program for aid to the blind created in section 26-2-120; and the home care allowance program created in section 26-2-122.3.

(3) Subject to available appropriations, a death reimbursement covering reasonable funeral expenses or reasonable final disposition expenses or any combination of these expenses shall be paid by the county department for a decedent if the estate of the deceased is insufficient to pay the reasonable expenses and if the persons legally responsible for the support of the deceased are unable to pay the reasonable expenses. The county department shall be reimbursed eighty percent of the amount of the death reimbursement paid for recipients of aid to the needy disabled and assistance under the Colorado works program pursuant to part 7 of this article 2 and shall be reimbursed one hundred percent of the amount of the death reimbursement for recipients of old age pensions. If the state department determines that the level of appropriation is insufficient to meet the demand for death reimbursements, the state department shall reduce the amount of the death reimbursement level to meet the amount appropriated by the general assembly for death reimbursements. In the event that a reduction is made, the county department has no additional responsibility beyond the reimbursement level as defined in the state department's rules.

(4) The total amount of a death reimbursement paid by the county department or state department pursuant to this section must not exceed one thousand five hundred dollars and the combined charge of a funeral or final disposition or any combination of these expenses must not exceed two thousand five hundred dollars. Contributions from nonresponsible persons may be made without jeopardizing payment under this section and shall be counted as an offset to the maximum combined charges of the providers. If the combined charges from the providers exceed two thousand five hundred dollars, no death reimbursement shall be paid by the state or county department. Providers may seek contributions from nonresponsible persons only to the extent that money is available from such parties.

(5) A legally responsible person shall be required to participate financially towards the charges for final disposition through a contribution to the maximum death reimbursement if his or her resources are above the federal supplemental security income resource limits. A legally responsible person shall not be required to participate if he or she has fewer resources than the supplemental security income resource limits or if participation would result in fewer resources than the supplemental security income resource limits. Any financial participation from a legally responsible person shall be deducted from the maximum death reimbursement in the same manner as the personal resources of the decedent and shall not include the survivor's home or other excluded resources as provided for in the state department's rules. Any financial participation by a legally responsible person in excess of the legally required amount shall be used to reduce the amount of the maximum death reimbursement. Social security lump-sum death benefits payable to a legally responsible person shall not be an automatic deduction from the maximum death reimbursement. For purposes of this section, "resources" means:

(a) Those assets or income that are accessible and available to the legally responsible person;

(b) Disbursement of funds from any insurance policy of the decedent to a legally responsible person or nonresponsible person who is named as a beneficiary or a joint beneficiary of the decedent's policy. Nothing in this paragraph (b) shall grant authority to the county department to attach a lien against such funds or otherwise obtain or access these funds for payment of the final disposition of the decedent.

(6) In calculating the amount of the death reimbursement, any personal resources or income of the decedent is counted as a deduction from the maximum allowable death reimbursement. For purposes of this section, personal resources or income of the decedent includes the following:

(a) Any preneed contract for merchandise or services to be provided or performed in connection with the decedent's final disposition;

(b) Any other resources or income accessible and available in the name of the decedent, including jointly owned resources or income but only to the extent of the decedent's share of such jointly owned resources or income;

(c) Any death benefit in which reimbursement is directly paid to a provider of funeral or final disposition services for the decedent.

(7) (a) Ownership by a public assistance or medical assistance recipient of a final resting place, or the purchase thereof during the time the recipient is receiving that assistance, shall not disqualify the recipient from receiving that assistance, nor shall such ownership be deemed cause for any reduction in the amount of the recipient's assistance.

(b) Any portion of the purchase price of a final resting place owned by the decedent in excess of two thousand dollars shall be counted as a personal resource of the decedent in calculating the amount of a death reimbursement pursuant to this section.

(c) A final resting place previously acquired by someone other than the decedent and donated for final disposition of that decedent shall not be counted as a personal resource of the decedent or a legally responsible person in calculating the amount of a death reimbursement pursuant to this section.

FOOD STAMPS

(Section 4001 of the "Food, Conservation, and Energy Act of 2008", Pub.L. 110-234, changed the name of the federal "Food Stamp Act of 1977" to the "Food and Nutrition Act of 2008" and changed the name of the federal food stamp program to the "supplemental nutrition assistance program".)

26-2-301. Food stamps - administration. (1) The state department is hereby designated as the single state agency to administer or supervise the administration of the food stamp program in this state in cooperation with the federal government pursuant to the federal "Food Stamp Act", as amended, and this part 3.

(2) The state department, with the approval of the state board, may enter into an agreement with the secretary of the United States department of agriculture to accept federal food assistance benefits for disbursement to qualified households in accordance with federal law. Under state department supervision, the responsibility for disbursement may be delegated, under agreement, to county departments, United States postal service facilities, or other commercial facilities such as but not limited to banks.

(3) The food stamp program shall be implemented and administered in every county in the state by the respective county departments or by the state department pursuant to an agreement with one or more counties. If a county can demonstrate to the satisfaction of the state department that it is impossible or impractical for the county department to administer the program, the state department shall ensure that the program is implemented and administered within such county, and the county shall continue to meet the requirements of section 26-1-122.

(4) (a) The state department shall develop a state outreach plan, referred to in this section as the "outreach plan", to promote access by eligible persons to benefits through the supplemental nutrition assistance program. The outreach plan shall meet the criteria established by the food and nutrition services agency of the United States department of agriculture for approval of state outreach plans. The state department is authorized to seek and accept gifts, grants, and donations to develop and implement the outreach plan.

(b) For purposes of developing and implementing an outreach plan, the state department shall partner with one or more counties and nonprofit organizations for the development and implementation of the outreach plan. If the state department enters into a contract with a nonprofit organization relating to the outreach plan, the contract may specify that the nonprofit organization is responsible for seeking sufficient gifts, grants, or donations necessary for the development and implementation of the outreach plan, and may additionally specify that any costs to the state associated with the award and management of the contract or the implementation or administration of the outreach plan shall be paid out of any private or federal moneys raised for the development and implementation of the outreach plan. The state department shall submit the outreach plan to the food and nutrition services agency for approval by September 1, 2010, and shall request any federal matching moneys that may be available upon approval of the outreach plan. The general assembly strongly encourages the state department to use any additional public or private moneys, including moneys from the federal 2010 department of defense appropriations bill to offset costs associated with increased caseload resulting from the implementation of an outreach plan.

(c) Notwithstanding the provisions of paragraph (a) or (b) of this subsection (4), the state department shall be exempt from implementing or administering an outreach plan, but not from

developing an outreach plan, if the state department will not be receiving private or federal moneys sufficient to cover the state's costs associated with the implementation and administration of the outreach plan, including any state or county costs associated with increased caseload resulting from the implementation of the outreach plan.

(5) The provisions of article 1 of this title and, where not inconsistent with this part 3, the provisions of part 1 of this article shall apply to federal food assistance benefits under this part 3.

(b) If the state department receives federal performance bonus money as a result of meeting the federal performance measures set forth in paragraph (a) of this subsection (1), the state department shall pass the federal performance bonus money through to the county departments; except that a county department shall only receive that portion of federal performance bonus money attributable to the county department's performance.

(c) In addition to federal performance bonus money, subject to available appropriations for purposes of this paragraph (c), the state may award state-funded administration performance bonuses to county departments.

(d) The state department, county departments, and any additional parties identified by the state department and county departments, shall mutually agree upon a method and formula for distributing to county departments any federal performance bonus money pursuant to paragraph (b) of this subsection (1) and any state-funded administration performance bonuses pursuant to paragraph (c) of this subsection (1). Performance bonuses may be used by county departments for the administration of the supplemental nutrition assistance program upon receipt of federal approval of the county departments' plans.

(2) (a) The state department shall pass through to the county departments any monetary sanctions imposed by the federal government for failing to meet federal performance measures in any of the following areas:

- (I) Application processing timeliness;

(I) The COVID-19 pandemic that spread through Colorado beginning in February 2020 has led to extensive job loss throughout the state;

employment, education, and training services, known as the Colorado employment first program; and

(b) Any remaining money may be used to initiate and enhance current and additional state- or county-initiated third-party partnerships, which must include allowing third-party partners to receive and use state money and any money received through the federal match in order to provide Colorado employment first services to participants.

(c) The state department, county departments, or any third-party contractor that receives state or federal money pursuant to this section may use up to ten percent of the money for administrative costs incurred implementing this section.

(4) For the 2020-21 state fiscal year, the general assembly shall appropriate three million dollars from the general fund to the state department for the purposes described in subsection (3) of this section. If any unexpended or unencumbered money appropriated for the fiscal year remains at the end of the fiscal year, the state department may expend the money for the same purposes without further appropriation.

26-2-706. Target populations. (1) (a) Subject to the provisions of this section and restrictions in the federal law, those persons or families who may receive assistance under the Colorado works program include:

(I) Dependent children under the age of eighteen;

(II) (A) Dependent children between the ages of eighteen and nineteen who are full-time students in a secondary school, home school, or in the equivalent level of vocational or technical training and expected to complete the program before age nineteen. Such children are eligible for assistance through the end of the month in which they complete the program. A dependent child is still considered to be a student in regular attendance during official school or training program vacation periods, absences due to illness, convalescence, or family emergency, or the month in which the child completes a school or training program.

(B) For purposes of this subparagraph (II), "regular attendance" means that the student is enrolled in a program of study or training leading to a certificate or diploma and is physically attending such program or training; "full-time attendance" means that the student is attending school for a minimum of twenty-five hours per week, or an amount of time as specified by the school; and "half-time attendance" means that the student is attending school for a minimum of twelve hours per week, or an amount of time as specified by the school; and

(III) The parents of a dependent child, including expectant parents, or a specified caretaker with whom the dependent child is living.

(a.5) In addition to the eligibility requirements set forth in paragraph (a) of this subsection (1), in order to receive Colorado works benefits and assistance, the assistance unit shall include a dependent child who lives in the home of a parent or other specified caretaker. A dependent child is considered to be living in the home of a specified caretaker as long as the

parent or other specified caretaker exercises responsibility for the care of the child even though one or more of the following occurs:

- (I) The child is under the jurisdiction of the court; or
- (II) Legal custody is held by an agency that does not have physical possession of the child; or
- (III) The child is in regular attendance at school away from home; or
- (IV) Either the child or the specified caretaker is temporarily absent from the home to receive medical treatment; or
- (V) The child is in a voluntary foster care placement for a period not expected to exceed three months.

(b) Notwithstanding the provisions of paragraph (a) of this subsection (1), the state board shall promulgate rules to provide that two-parent families shall be treated the same as single-parent families under the provisions of this section.

(c) Notwithstanding the provisions of paragraph (a) of this subsection (1), the state board shall promulgate rules to provide that half siblings residing in the same household not be required to be in the same assistance unit if at least one of the half siblings is receiving child support. In such circumstance, the half sibling receiving child support shall be given the option to not participate in Colorado works.

(d) The state board shall promulgate rules to provide that a noncustodial parent may be allowed to receive services under the Colorado works program, but not assistance, at a county's option and in accordance with the county's plan. Such services provided to a noncustodial parent pursuant to this paragraph (d) shall be intended to promote the sustainable employment of the noncustodial parent and enable such parent to pay child support. Provision of such services shall not negatively impact the eligibility for benefits or services of the custodial parent.

(1.5) To participate in the Colorado works program an applicant or person shall:

- (a) Be a resident of Colorado;
- (b) Be a citizen of the United States, a qualified alien who entered the United States prior to August 22, 1996, or a qualified alien who entered the United States on or after August 22, 1996, who has been in a qualified alien status for a period of five years or, if less than five years, is in a federal exempt category pursuant to 8 U.S.C. sec. 1613 (b), as amended;
- (c) Not be receiving financial assistance from other financial assistance programs administered by the state of Colorado;
- (d) Not be an inmate of a public institution, except as a patient in a public medical institution;
- (e) Not be an inmate of any institution as a patient admitted for tuberculosis or a behavioral or mental health disorder, unless the person is a child under the age of twenty-one years receiving psychiatric care under medicaid;
- (f) Not be participating in a labor strike;
- (g) Provide a social security number or proof of application for a social security number if the social security number is unknown or if the applicant does not have a social security number;
- (h) Provide verification of earned income received in the thirty days immediately prior to the date of application; and
- (i) Provide verification of pregnancy, if applicable.

(2) (a) The state department shall promulgate rules to identify with specificity who may be a participant in the works program and the income requirements for participation in the works program. An asset test shall not be applied as a condition of eligibility for participation in the works program.

(b) The rules shall provide that an unmarried parent under eighteen years of age shall not receive assistance unless such unmarried parent resides with his or her parent or other specified caretaker in an adult-supervised home or in any other arrangement approved by the county department.

(c) In determining the income requirements pursuant to subsection (2)(a) of this section, the state department shall use an income conversion ratio for converting weekly and biweekly income to a monthly amount using the lowest ratio or methodology that results in the lowest monthly income amount allowable under federal law.

(3) A person convicted of a drug-related felony offense under the laws of this state, any other state, or the federal government on or after June 3, 1997, is eligible for assistance under the works program.

(4) The state board shall promulgate rules to simplify the requirements relating to determination and verification of eligibility criteria. Eligibility processes from other public assistance or entitlement programs may be used when redetermining and verifying eligibility. When possible, the state board is strongly encouraged to align redetermination and verification timelines with other public assistance or entitlement programs. Nothing in this subsection (4) authorizes the state board to amend or delete eligibility criteria for participation in the works program that the board is not otherwise authorized to amend or delete.

26-2-706.5. Restrictions on length of participation - rules. (1) Unless cash assistance is provided through segregated funds pursuant to federal law and section 26-2-714, as of June 3, 1997, each month of cash assistance received by an assistance unit that includes a specified caretaker who has received assistance under Title IV-A of the social security act, as amended, shall count toward that specified caretaker's sixty-month lifetime maximum of TANF benefits as established in federal law.

(2) Any month in which a specified caretaker is determined to be a disqualified or excluded person from a basic cash assistance grant shall count as a month of participation in the calculation of the specified caretaker's overall sixty-month lifetime maximum.

(3) (a) The county department shall, where available and applicable, provide for or refer a disqualified or excluded person to other appropriate services, including services that may assist the person toward self-sufficiency.

(I) A child-only case;

(II) The head of a single parent household unit and has a child under one year of age; or

(III) Experiencing hardship, as defined in rules promulgated by the state board; and

(b) To address how the state will monitor extensions in relation to requirements under the federal law.

26-2-706.6. Payments and services under Colorado works - rules. (1) Subject to the provisions of federal law, rules promulgated by the state board pursuant to this section, and available appropriations, the payment types and services specified in this section are available to participants in the Colorado works program.

(2) **Ongoing assistance payment.** An assistance unit that applies and is eligible for ongoing assistance shall, unless voluntarily and knowingly refused, receive cash assistance, which is a recurrent cash payment. In addition to a cash payment, an eligible assistance unit may also receive cash assistance in the form of a cash-equivalent payment, voucher, or other form of cash benefit that is designed to meet the basic ongoing needs of the persons in the assistance unit. Basic ongoing needs shall consist of food, clothing, shelter, utilities, household goods, personal care items, and general incidental expenses. In addition to cash assistance, persons in an assistance unit that is eligible for ongoing assistance may receive supportive services as described in this section.

(3) **Short-term assistance payment.** A participant may choose to receive a short-term assistance payment, formerly referred to as a diversion payment, which is a nonrecurrent, needs-based, cash or cash-equivalent payment designed to meet the short-term needs of the participant. A short-term assistance payment is designed to address a specific crisis situation or episode of need and is not designed to meet the basic ongoing needs of the participant. A short-term assistance payment may not extend beyond four months. In addition to a short-term assistance payment, a participant who is eligible for short-term assistance may receive supportive services as described in subsection (4) of this section. Short-term assistance payments include the following types:

(a) A standard short-term assistance payment, formerly referred to as a state diversion payment, is a nonrecurrent, needs-based, cash or cash-equivalent payment made to a participant who is eligible for short-term assistance.

(b) An expanded short-term assistance payment, formerly referred to as a county diversion payment, is a nonrecurrent, needs-based, cash or cash-equivalent payment made to a participant who is eligible for assistance pursuant to the maximum eligibility criteria for nonrecurrent, short-term benefits established in the state plan pursuant to section 26-2-712 (1), in the county-defined expanded eligibility based on federal poverty and other standardized guidelines, and in county policies.

(4) **Supportive services.** (a) An eligible participant may receive supportive services, including but not limited to:

(I) Work subsidies such as payments to employers or third parties to help cover the costs of employee wages, benefits, supervision, and training;

(II) Supportive services such as child care and transportation provided to families who are employed;

(III) Refundable earned income tax credits;

(IV) Contributions to, and distributions from, individual development accounts;

(V) Services such as counseling, case management, peer support, child care information and referral, transitional services, job retention, job advancement, and other employment-related services that do not provide basic income support; and

(VI) Transportation benefits provided under a job access or reverse commute project to an individual who is not otherwise receiving assistance.

(b) A county may provide supportive services directly to an eligible participant or through a contract or memorandum of understanding between the county department and another agency, including but not limited to another county department or a community provider.

(c) The state board shall promulgate rules pursuant to which a county shall provide referrals for available supportive services to persons who apply for assistance and to participants who are homeless or in need of mental health services or substance abuse counseling or services. The rules shall not obligate the county to pay for any supportive services to which a person who applies for ongoing assistance or short-term assistance or a participant is referred.

(5) **Individual development accounts.** A county department may make available opportunities for participants to have individual development accounts for home purchase, business capitalization, or higher education in accordance with federal law.

(6) **Child care assistance.** Subject to available appropriations and pursuant to rules promulgated by the executive director of the department of early childhood, a county may provide child care assistance to a participant pursuant to the provisions of part 1 of article 4 of

title 26.5 and rules promulgated by the executive director of the department of early childhood for implementation of said part 1.

(7) **Substance abuse control program.** A county may elect to implement a Colorado works controlled substance abuse control program. Under such a program, if the use of a controlled substance prevents the participant from successfully participating in his or her work activity, the county department may require the participant to participate in a controlled substance abuse control program based in whole or in part upon a representation by the participant that he or she is using controlled substances or upon a finding by the county department pursuant to an assessment by a certified substance use disorder treatment provider that the participant is or is likely to be using controlled substances. If a county chooses to require the participant to participate in a controlled substance abuse control program, the county department shall:

(a) Require the participant to be assessed by a certified substance use disorder treatment provider and to follow a rehabilitation plan as a condition of continued receipt of assistance under the works program. The rehabilitation plan must be based upon the assessment and developed by a certified substance use disorder treatment provider, and may include, but need not be limited to, participation in a substance use disorder treatment program. This subsection (7)(a) does not create an entitlement to rehabilitation services or to payment for rehabilitation services.

(b) If required by the rehabilitation plan, conduct random testing of the participant to determine whether he or she is remaining free of controlled substances; and

(c) Impose on the participant any applicable adverse action for nonparticipation in a work activity if the participant fails to follow the rehabilitation plan, which nonparticipation may be evidenced by having a positive result on a random test or refusing to participate in a random test pursuant to this subsection (7). A county may not take adverse action against a participant for failing to meet the requirements of the rehabilitation plan if the services required under the plan are not available, if transportation or child care is not available, or if the costs of the services are prohibitive.

(8) **Job skills education voucher.** A county department may provide a voucher created pursuant to the provisions of section 26-2-712 (11) to a participant for use at one of the community or technical colleges administered pursuant to the provisions of article 60 of title 23, C.R.S., for the purpose of securing short-term educational and academic skills training and job placement services.

26-2-707.5. Community resources investment assistance. (1) A county department may use county block grant moneys to invest in the development of community resources that support the purposes of the federal "Personal Responsibility and Work Opportunity Reconciliation Act", Public Law 104-193, and that are designed to assist eligible applicants or participants under section 26-2-706 or 26-2-706.6. An eligible applicant or participant may receive benefits or services from such a community resource without completing an application pursuant to section 26-2-106 or an individual responsibility contract pursuant to section 26-2-708 (2). However, nothing in this subsection (1) precludes a county department from requiring such applications and individual responsibility contracts in a county's individual contracting procedures established pursuant to subsection (2) of this section.

(2) The state board shall establish standards and procedures through rules for the use of county block grant moneys pursuant to this section including but not limited to the contracting procedures counties must follow to ensure that funds are being spent to support TANF-eligible applicants or participants. Such contracting procedures shall include a requirement that a county's contract with a provider shall specify the approximate number of applicants or participants to be served by the provider. Counties shall also be required to adopt official written policies as referenced in section 26-2-716 (2.5) regarding the types of community resources in which counties are investing, the purposes of such community resource investments, the income eligibility standards, and the county's dispute resolution processes.

(3) A county that uses county block grant moneys pursuant to this section shall use all moneys in accordance with all applicable federal and state statutes and regulations.

(4) A county shall not be authorized to use funds pursuant to this section for the purpose of supplanting funds.

(5) Nothing in this section shall preclude a household from applying for and receiving basic cash assistance.

At the time of application for the works program, the county department shall provide information concerning immunizations to all applicants, including the exemptions listed in section 25-4-903, C.R.S. The information shall include parent education on vaccines and information concerning where to access vaccines in the local community. The department of public health and environment or the county or district public health agency shall provide the immunization information to the county department.

26-2-708. Assistance - assessment - individual responsibility contract - waivers for domestic violence - rules. (1) Subject to the provisions of the federal law, the provisions of this section, and available appropriations, a county department shall perform an assessment for a new participant who is eighteen years of age or older, or who is sixteen years of age or older but has not yet attained the age of eighteen years of age and has not completed high school or successfully completed a high school equivalency examination, as defined in section 22-33-102 (8.5), C.R.S., and is not attending high school or participating in a high school equivalency examination program. The initial assessment must be completed no more than thirty days after the submission of the application for assistance under the works program. Updated assessments may be conducted at the discretion of the county department.

(2) A county department shall develop an individual responsibility contract for a new participant who has been assessed pursuant to subsection (1) of this section, within thirty days after completing the initial assessment of the participant as required in subsection (1) of this section, subject to the provisions of the federal law and this section. The IRC shall be limited in scope to matters relating to securing and maintaining training, education, or work. The county department shall seek the input and involvement of the participant when developing the IRC.

(3) The IRC shall contain provisions in bold print at the beginning of the document that notify the participant of the following:

(a) That no individual is legally entitled to any form of assistance under the Colorado works program;

(b) That the IRC is a contract that contains terms and conditions governing the participant's receipt of assistance under the Colorado works program and that nothing in such contract may be deemed to create a legal entitlement to assistance under the Colorado works program;

(c) That the participant's failure to comply with the terms and conditions of the IRC may result in sanctions, including but not limited to the termination of any cash assistance;

(d) For a county that has elected to implement a Colorado works controlled substance abuse control program described in section 26-2-706.6 (7), that the IRC may require the participant to participate in the Colorado works controlled substance abuse control program, based upon the participant's use of a controlled substance, by requiring the participant to take action toward rehabilitation consistent with the recommendations of the assessment pursuant to section 26-2-706.6 (7). The program may be included as a county-defined work activity. The rehabilitation plan may include random drug testing, drug treatment, or other rehabilitation activities. The participant may be subject to any sanctions for nonparticipation in a work activity if the participant fails to meet the requirements of the rehabilitation plan; except that a participant may not be sanctioned for failing to meet the requirements of the rehabilitation plan if services required under the plan are not available, if transportation or child care is not available, or if the costs of the services are prohibitive.

(e) That the applicant or participant shall indicate by signature on the IRC either agreement with the terms and conditions of the IRC or that the applicant or participant requests a county level review of the proposed IRC in accordance with section 26-2-710 (4) on the grounds that the proposed IRC is unreasonable within the context of the county's written policies.

(4) (Deleted by amendment, L. 99, p. 272, § 1, effective April 13, 1999.)

(5) The state board shall establish through rules, after consultation with domestic violence service providers, statewide standards and procedures that:

(a) Require counties to provide notice to all past or present victims of domestic violence as described in the federal law or those at risk of further domestic violence of the referrals required pursuant to paragraph (b) of this subsection (5), the possible waivers pursuant to paragraph (c) of this subsection (5), and the applicable procedures described in paragraph (e) of this subsection (5);

(b) Require counties to provide for referrals to any available counseling and supportive services to past or present victims of domestic violence as described in the federal law or those at risk of further violence, but the rules shall not obligate a county to pay for any counseling or supportive services to which a participant is referred;

(c) Allow counties upon a showing of good cause, as determined by rules of the state board, to provide waivers from any program requirements, except as provided in paragraph (d) of this subsection (5), that will make it more difficult for an applicant or a participant to escape domestic violence or that would unfairly penalize such individuals who are or have been victimized by such violence or who are at risk of further violence;

(d) Require counties to submit requests for waivers of work requirements to the state department to determine whether good cause exists to grant such waivers;

(e) Require counties to assure the voluntariness and confidentiality of the procedures for identifying eligibility for referrals to supportive services and waivers, the procedures for applying for waivers, and the procedures by which an applicant or a participant who is denied a waiver may appeal such decision.

(5.3) (a) No later than July 1, 2023, the state board shall promulgate rules:

(I) Establishing statewide standards and procedures that require counties to inform and not penalize any applicant or household that demonstrates good cause for an exemption from work requirements, which includes, but is not limited to, an applicant or participant who is:

(A) The head of a single-parent household unit and has a child under one year of age; or

(B) Experiencing hardship, as defined in rules promulgated by the state board; and

(II) Ensuring equal access to TANF services for those exempted who wish to participate on a voluntary basis.

(b) When promulgating rules pursuant to this subsection (5.3), the state board shall consider compliance with the federal law in relation to the calculation of the state's work participation rates specified in the federal law.

26-2-709. Benefits - cash assistance - programs - rules - repeal. (1) Standard of need - basic cash assistance grant. (a) The state department shall promulgate rules determining the standard of need for eligibility for a basic cash assistance grant, whether an applicant or participant meets the standard of need, and the amount of the basic cash assistance grant. The state department shall annually review and promulgate rules as necessary to update the standard of need to ensure the standard of need is equitable, promotes economic mobility and self-sufficiency, and reflects the current economic situations in the state. In addition to any other rules necessary for the implementation of this part 7, the state department's rules shall:

(I) Adopt a statewide standard of need for eligibility for a basic cash assistance grant that is not less than the basis for standard of need pursuant to this subsection (1) as it existed on July 1, 2009;

(II) Establish criteria for determining whether an applicant or participant meets the standard of need, including but not limited to what constitutes countable and excludable income for the purposes of eligibility for a basic cash assistance grant;

(III) No later than July 1, 2023, establish the calculation for determining the amount of an eligible applicant's or participant's basic cash assistance grant, which calculation must include an earned income disregard that is applied to the gross countable earned income of an applicant or participant who is employed and a gradual step down of the amount of income disregarded following the initial earned income disregard. The initial earned income disregard and gradual step down must promote work and self-sufficiency, be responsive to family circumstances and need, and benefit the applicant or participant by reducing the unintended economic consequences of becoming employed. The rules promulgated by the state department pursuant to this subsection (1)(a)(III) must not establish an earned income disregard that results in an applicant or participant having fewer financial resources available to the applicant or participant than a similarly situated applicant or participant would have had under the earned income disregard pursuant to section 26-2-709 as it existed on July 1, 2009.

(IV) Establish the calculation for determining the amount of the basic cash assistance grant, which calculation shall disregard current child support payments made to a participant pursuant to section 26-2-111 (3)(a.5). However, such payments, with applicable disregards, shall be considered income for purposes of determining eligibility for the grant.

(b) (I) In establishing the calculation for determining the amount of an eligible applicant's or participant's basic cash assistance grant, the state department shall ensure that the amount of the basic cash assistance grant that a participant or applicant receives for the state fiscal year commencing July 1, 2022, is equal to or exceeds one hundred percent of the amount of basic cash assistance in 2021, plus ten percent. For the state fiscal year commencing July 1, 2024, and each state fiscal year thereafter, the amount of basic cash assistance must be equal to

or exceed the amount of basic cash assistance for the previous state fiscal year plus a two percent cost of living adjustment or a cost of living adjustment that is equal to the average of the federal social security administration's cost of living adjustment for that fiscal year plus the previous two fiscal years, whichever is greater.

(II) (A) On July 1, 2022, the state treasurer shall transfer twenty-one million five hundred thousand dollars from the economic recovery and relief cash fund, created in section 24-75-228, to the Colorado long-term works reserve to cover any increase in basic cash assistance pursuant to this section above the amount of basic cash assistance in state fiscal year 2021-22.

(B) The money transferred pursuant to subsection (1)(b)(II)(A) of this section must be expended in accordance with section 24-75-226 (4)(d).

(C) This subsection (1)(b)(II) is repealed, effective July 1, 2027.

(III) (A) Beginning state fiscal year 2023-24, and each state fiscal year thereafter, to cover any increase in basic cash assistance pursuant to this section above the total spending of basic cash assistance in state fiscal year 2021-22, the state department shall first expend any money remaining that is transferred to the Colorado long-term works reserve pursuant to subsection (1)(b)(II) of this section. The state department shall then expend money in an amount equal to one-third of the amount necessary to cover any such increase in basic cash assistance from available TANF funds, which must include funds in the Colorado long-term works reserve and the total statewide county TANF reserve, and an amount equal to two-thirds of the amount necessary to cover any such increase in basic cash assistance that the general assembly appropriates to the state department from the state general fund or any other available fund, including the Colorado long-term works reserve, in accordance with section 26-2-721 (5). The state department and counties shall identify an equitable portion of the Colorado long-term works reserve and total statewide county TANF reserve for the implementation of this subsection (1)(b)(III)(A). The general assembly shall appropriate money to the state department for the implementation of this subsection (1)(b)(III)(A).

(B) If the total statewide county TANF reserve falls below fifteen percent of the county block grant amount, the general assembly shall appropriate money from the Colorado long-term works reserve to the county block grant until the balance of the total statewide county TANF reserve exceeds fifteen percent of the county block grant amount or until the Colorado long-term works reserve falls below twenty-five percent of the state block grant amount.

(C) If the Colorado long-term works reserve falls below twenty-five percent of the state block grant amount and the total statewide county TANF reserve exceeds fifteen percent of the county block grant amount, the counties shall fund the TANF program from available TANF funds until the total statewide county TANF reserve falls below fifteen percent of the county block grant amount. Counties are only required to spend available TANF money, including county TANF reserves and the maintenance of effort, for the Colorado works program.

(IV) Beginning January 2023, and each January thereafter, the joint budget committee shall at least annually review the balance of the Colorado long-term works reserve and the total statewide county TANF reserve, and, if the joint budget committee determines that the balance of the Colorado long-term works reserve will fall below twenty-five percent of the state block grant amount and the balance of the total statewide county TANF reserve will fall below fifteen percent of the county block grant amount in the current or next state fiscal year, the general assembly shall appropriate money from the state general fund or the unclaimed property trust fund to cover any increase in basic cash assistance above the amount of basic cash assistance in

state fiscal year 2021-22 until the balance of the Colorado long-term works reserve exceeds twenty-five percent of the state block grant amount and the total statewide county TANF reserve exceeds fifteen percent of the county block grant amount.

(V) The state department and a county department that receives money from the state department pursuant to this section shall comply with the compliance, reporting, record-keeping, and program evaluation requirements established by the office of state planning and budgeting and the state controller in accordance with section 24-75-226 (5).

(c) Except as otherwise provided in this part 7 and subject to available appropriations, an applicant or participant who meets the eligibility criteria established by the state department pursuant to paragraph (a) of this subsection (1) shall receive a basic cash assistance grant in an amount determined by the state department pursuant to paragraphs (a) and (b) of this subsection (1). An increase in the amount of the basic cash assistance grant approved by the state department shall not take effect unless the funding for the increase is included in the annual general appropriation act or a supplemental appropriation act.

(d) Repealed.

(e) Beginning July 1, 2021, and each year thereafter, the joint budget committee of the general assembly shall review the sustainability of the Colorado long-term works reserve created in section 26-2-721.

(1.3) Redetermination of eligibility for persons receiving cash assistance. The state board shall promulgate rules that require county departments to perform a redetermination of eligibility for all assistance units receiving cash assistance. Eligibility processes from other public assistance or entitlement programs may be used when redetermining eligibility. When possible, the state board is strongly encouraged to align redetermination timelines with other public assistance or entitlement programs.

(1.5) Rules concerning cash assistance. The state department shall promulgate rules as may be necessary to comply with changes in federal regulations relating to the definition of the term "cash assistance".

(2) Other assistance. (a) Subject to available appropriations, a county department may provide assistance, including but not limited to cash assistance, in addition to the basic cash assistance grant described in subsection (1) of this section that is authorized pursuant to the provisions of the federal law or this section. Such other assistance shall be based upon a participant's assessed needs.

The interviews shall be conducted in accordance with state department guidance for the purpose of:

- (a) Evaluating the participant's experience with the works program;
- (b) Evaluating how well the works program met the participant's needs and assisted the participant in meeting the participant's goals;
- (c) Informing the state department of any changes to rules that are needed to improve the participant's experience; and
- (d) Providing information to the participant and offering assistance with applications for or continuance of assistance under medicaid, food stamps, the Colorado child care assistance program, the earned income tax credit, or other programs such as welfare-to-work or other county benefits or services.

(2) If the state department, in consultation with counties, identifies additional need for funding to administer the works program, the state department is strongly encouraged to request state general fund money or, if the balance of the state TANF reserve is greater than the mandatory floor, appropriate additional state TANF money to fund counties' administration of the works program.

(3) Beginning January 2023, and each January thereafter, the state department shall submit a report to the house of representatives public and behavioral health and human services committee and the senate health and human services committee, or their successor committees, as part of its "State Measurement for Accountable, Responsive, and Transparent (SMART) Government Act" presentation required by section 2-7-203, on the effectiveness of the works program. (2) All decisions of the state department shall be binding upon the county department involved and shall be complied with by such county department.

(3) If a participant does not agree with or fails to participate in a program or service identified in the IRC, the participant shall continue to receive the basic cash assistance grant that the participant received at the time the appeal is requested during the pendency of any appeal process.

(4) An applicant or participant who believes the IRC proposed by the county is unreasonable has a right to request a review of the proposed IRC by the county department pursuant to a process designated by the county in its written county policy. If the applicant or participant requests such review, the county shall provide the applicant or participant the opportunity for a county level review by a person not directly involved in the initial determination. The review shall be limited to determining whether the terms of the disputed IRC are reasonable within the context of the county's written policy. The reviewer shall issue a written decision for the county regarding the resolution of the outstanding issues involving the

proposed IRC. The time frame for such review shall be specified by the county in its written county policy.

26-2-711. Works program - sanctions against participants - rules. (1) (a) The state board shall promulgate rules for the imposition of sanctions affecting the basic cash assistance grant as described in section 26-2-709 (1). The rules must require:

(I) Imposition of sanctions upon a participant who fails, without good cause as determined by the county, to comply with the terms and conditions of his or her IRC;

(II) A reduction in the basic cash assistance grant upon the first imposition of a sanction affecting a basic cash assistance grant, with the amount to be specified in the rules but not to exceed one dollar;

(III) Specific reductions in the basic cash assistance grant for second and subsequent sanctions affecting the basic cash assistance grant;

(IV) Imposition of sanctions either in the month following the decision to sanction and in subsequent months thereafter until the full amount of any sanctions have been withheld or, in the event that a participant has appealed the imposition of a sanction, in the month following the final decision of the appeal process and in subsequent months thereafter until the full amount of any sanctions have been withheld.

(b) Nothing in the state board rules promulgated pursuant to paragraph (a) of this subsection (1) shall prevent a county from denying the basic cash assistance grant in its entirety to a participant who refuses, as evidenced by an affirmative statement by the participant or demonstrable evidence, to participate in training, education, or work.

(c) The state board rules promulgated pursuant to paragraph (a) of this subsection (1) shall establish the period of time that sanctions affecting the basic cash assistance grant shall be in effect and the period of time within which a participant who has been denied the basic cash assistance grant by a county pursuant to paragraph (b) of this subsection (1) may take action for reinstatement into the works program.

(2) A county shall have the authority to determine and impose sanctions affecting other assistance as described in section 26-2-706.6. The sanctions shall be based upon fair and objective criteria that have been developed and adopted by the county and are consistent with state and federal law.

(3) If a county department elects to suspend payment of child care assistance, it may suspend such assistance in its entirety.

(4) In no event shall a county department impose any sanction on a participant that adversely affects the participant's receipt of food stamps beyond those allowable sanctions provided for in federal regulations and state rules or medical assistance pursuant to the provisions of articles 4, 5, and 6 of title 25.5, C.R.S.

(5) (a) A person shall not be required to participate in work activities if good cause exists as determined by the county.

(b) Good cause does not constitute an exemption from work or time limits. Good cause is, however, a proper basis for not imposing a sanction for nonparticipation in a work activity,

and may include, but need not be limited to, participation in a Colorado works controlled substance abuse control program pursuant to section 26-2-706.6 (7).

(6) (Deleted by amendment, L. 2008, p. 1963, § 13, effective January 1, 2009.)

(3) **Maintenance of effort.** The state department shall monitor the state's progress toward meeting the levels of spending required under the federal law and section 26-2-713.

(4) **Performance measurements.** (a) The state department shall develop performance goals and a formula for measuring a county's progress toward meeting such performance goals in administering and implementing the works program with county block grants. The state department shall provide data gathered on behalf of each county to the general assembly on a quarterly basis regarding employment- and training-related performance measures for the works program. Such data must include wages earned by works program participants upon leaving the program, job retention rates, and other related information. Such data must be provided through the state department's computerized systems, if available. Counties are not required to provide additional manual or computerized systems to gather such data. The state department shall work with the state work force development council to gather data on works program participants who participate in training and job placement programs offered by work force development boards and the result of such participation.

(B) Reduce the county block grant of any county that maintains moneys in a county reserve account pursuant to section 26-2-714 (5) in order that moneys may be made available to one or more counties to avoid the need to reduce or eliminate the basic cash assistance grant statewide. If the state department makes a reduction in a county's reserve account pursuant to this sub-subparagraph (B), the state department shall increase the county's block grant for the following fiscal year by the amount of the reduction authorized pursuant to this sub-subparagraph (B); or

(III) After taking the actions described in subparagraphs (I) and (II) of this paragraph (e), take any actions necessary to reduce the costs of, or reduce or eliminate, the basic cash assistance grant statewide.

The governor and the state department shall not approve an application under this subsection (9) that proposes to waive a participant's right to appeal a county determination under the works program, but they may approve the waiver of statutes or rules governing the method or procedure for such appeal.

(d) The governor and the state department may approve any number of applications for waivers of one or more provisions of this part 7 or of the rules promulgated pursuant to this part 7, so long as such waivers meet the requirements of paragraphs (a), (b), and (c) of this subsection (9).

(e) In the event that the governor has reason to believe that a county's implementation of the works program pursuant to a waiver granted under this subsection (9) fails to satisfy the

requirements of the federal law or is inconsistent with the purposes of the works program as set forth in section 26-2-705, the governor may revoke the waiver granted to the county and require the county to resume implementation of the works program pursuant to the provisions of this part 7 and the rules promulgated pursuant to this part 7.

(f) In the event that the governor and the state department grant waivers to a county pursuant to this subsection (9), the performance contract entered into between the county and the state department pursuant to section 26-2-715 shall be amended to reflect the county's authority to implement the works program in accordance with the waivers granted and the governor's authority to revoke the waivers in accordance with paragraph (e) of this subsection (9).

TANF reserves transferred to a county pursuant to this sub-subparagraph (B) shall be available to the county in the succeeding state fiscal year.

(C) (Deleted by amendment, L. 2011, (SB 11-124), ch. 183, p. 695, § 1, effective May 19, 2011.)

(D) If the works allocation committee transfers excess unspent TANF reserves pursuant to sub-subparagraph (B) of this subparagraph (I), the county from which the reserves are transferred shall receive appropriate maintenance of effort credit for those reserves. The county receiving the TANF reserves shall be responsible for providing an amount of county moneys equal to the maintenance of effort associated with the TANF reserves.

(E) (Deleted by amendment, L. 2011, (SB 11-124), ch. 183, p. 695, § 1, effective May 19, 2011.)

(II) Notwithstanding any provision of subparagraph (I) of this paragraph (a) to the contrary, in state fiscal year 2008-09, and in each state fiscal year thereafter, a county with an annual county block grant amount of two hundred thousand dollars or less shall make available to the works allocation committee for transfer to another county pursuant to the provisions of

subparagraph (V) of paragraph (c) of subsection (6) of this section any unspent TANF reserves in excess of one hundred thousand dollars.

(III) As used in this subsection (5), "unspent TANF reserves" means the amount deposited in a county reserve account plus any unspent TANF transfers authorized pursuant to this subsection (5) and subsections (7) and (9) of this section.

(IV) (Deleted by amendment, L. 2011, (SB 11-124), ch. 183, p. 695, § 1, effective May 19, 2011.)

(b) A county shall be required to maintain in such county's social services fund created pursuant to section 26-1-123 any county funds that were appropriated pursuant to section 26-2-716 (1)(a) and section 26-1-122 (6) in order to meet the targeted spending level required pursuant to subsection (6) of this section but not actually expended on the works program during the state fiscal year for which the county appropriated such funds.

(5.5) (a) The state department is authorized to segregate county block grant funds allocated under this section.

(b) If the state department segregates county block grant funds as authorized under this subsection (5.5):

(I) County departments shall report to the state expenditures they have made in a segregated manner, according to rules promulgated by the state board in accordance with applicable federal law;

(II) The counties shall develop policies regarding the use of segregated funds under this subsection (5.5);

(III) Funds shall be segregated in order to ensure maximum flexibility and to allow counties to provide additional assistance or services, in accordance with federal law.

(c) Repealed.

(d) The state board shall promulgate rules as necessary to implement this subsection (5.5).

(6) (a) **Targeted spending levels.** For state fiscal year 1997-98 and each state fiscal year thereafter, a county's targeted spending level shall be an amount that meets or exceeds one hundred percent of the county's spending on AFDC, JOBS, and the administrative costs related to those programs in state fiscal year 1995-96.

(b) Repealed.

(c) **Actual spending levels - 1998-99 and thereafter.** (I) For state fiscal year 1998-99 and for each state fiscal year thereafter, all counties collectively shall be required to meet levels of spending on the works program that are set forth in the annual long appropriation act, subject to the provisions of subsection (8) of this section.

(II) For state fiscal year 1998-99 and for each state fiscal year thereafter, each county's actual level of spending shall be identified by the works allocation committee created in subparagraph (IV) of this paragraph (c) no later than June 15 of each state fiscal year for the immediately succeeding state fiscal year. Prior to determining each county's actual spending level, the works allocation committee shall ensure that all counties have been notified of the recommended actual spending level and given an opportunity to provide comment on the recommendation. In the event that the works allocation committee does not reach an agreement on each individual county's actual level of spending for a state fiscal year on or before June 15 of such prior state fiscal year, the committee shall submit alternatives to the joint budget committee of the general assembly from which such joint budget committee shall identify each individual

county's level of spending for a state fiscal year. The amount identified for a county's level of spending shall be identified in the county's performance contract with the state department entered into pursuant to section 26-2-715.

(III) The works allocation committee shall also identify the amount of mitigation that shall be allocated for a small county in accordance with the provisions of subsection (8) of this section. The works allocation committee may create a subcommittee that represents the interests of small counties as defined in subsection (8) of this section, which subcommittee may make recommendations concerning the mitigation amounts to be allocated for a small county pursuant to the provisions of subsection (8) of this section.

(IV) There is hereby created the works allocation committee that shall consist of eleven members, eight of whom shall be appointed by a statewide association of counties and three of whom shall be appointed by the state department. Of the members appointed by the statewide association of counties, at least two members shall be from small or medium-sized counties, and at least three shall be from large counties. The appointing authorities shall consult with each other to ensure that the works allocation committee is representative of the counties in the state. A representative from the county that has the greatest percentage of the state's works caseload will automatically be appointed, which appointment shall be credited against the eight appointments allocated to the statewide association of counties. The works allocation committee shall develop its own operational procedures.

(V) The works allocation committee shall determine the priority criteria for transfers of excess unspent TANF reserves to a county pursuant to sub-subparagraph (B) of subparagraph (I) of paragraph (a) of subsection (5) of this section and the amount of the transfers. With the goal of increasing the counties' minimum percentage reserve balances, the works allocation committee's priority criteria shall give first priority to transfers to counties that have no more than a ten percent balance in the county's TANF reserve account. If moneys remain after satisfying the first priority criterion, second priority shall be given to transfers to those counties whose TANF reserves are more than ten percent, but no more than twenty percent.

(7) The county may transfer any amount of the county block grant that is designated as federal funds and that is specified by the state department as being available for transfer within the limitation imposed by the federal law on transfers of federal funds from the temporary assistance for needy families block grant to the child care development fund if child care funds are not available.

(8) (a) As used in this subsection (8), unless the context otherwise requires:

(I) "Annual maximum mitigation amount" means that portion of the total amount of county funds identified in the annual long appropriation act that may be used for mitigation for small counties in that state fiscal year.

(II) "Mitigation" means a specific reduction in a county's targeted spending level established pursuant to paragraph (a) of subsection (6) of this section or a specific reduction in a county's actual spending level established pursuant to paragraph (c) of subsection (6) of this section that is authorized pursuant to the provisions of this subsection (8). Mitigation can occur for targeted spending levels or actual spending levels or for both types of spending levels.

(III) "Small county" means a county with less than thirty-eight one hundredths of one percent of the total caseload of the works program statewide. The state department, with input from the works allocation committee, shall determine what shall constitute the total caseload of the works program and the time at which such caseload shall be established.

(b) Subject to the identification of an annual maximum mitigation amount in the annual long appropriation act and the criteria identified in paragraph (c) of this subsection (8), the works allocation committee created pursuant to subparagraph (IV) of paragraph (c) of subsection (6) of this section is authorized to identify the amount or amounts of any mitigation that shall be allocated to a small county in a specific state fiscal year. The works allocation committee shall notify the state department of any agreement concerning the allocation of any annual maximum mitigation amount in accordance with the provisions of this subsection (8).

(c) The criteria that the works allocation committee shall use include but are not limited to the following:

(I) The assessment of the equity of a small county's total program expenditures as they relate to the targeted or actual spending level for the small county;

(II) The extent to which the small county will have insufficient revenues to meet its targeted or actual spending level; and

(III) The extent to which the provision of any mitigation may enhance the efforts of a small county or group of small counties to regionalize pursuant to the provisions of section 26-2-718.

(9) (a) For state fiscal year 1997-98, and for each state fiscal year thereafter, a county may transfer any amount of the county block grant that is designated as federal funds and that is specified by the state department as being available for transfer within the limitation imposed by the federal law on transfers of federal funds from the temporary assistance for needy families block grant to programs funded by Title XX of the federal social security act.

(b) A county may make the transfer authorized by paragraph (a) of this subsection (9) only for expenditures that are allowable under programs funded by Title XX of the federal social security act, subject to the following provisions:

(I) If the funds transferred are used for the provision of child welfare services as defined in section 26-5-101 (3), the county may only make the transfer:

(A) After the county has made allowable expenditures of all funds in the county's capped or targeted allocation or allocations for child welfare services, other than for core services as referred to in section 26-5-101 (3)(f); and

(B) For the expenditures for child welfare services other than out-of-home placement services as described in section 26-5-101 (3)(i).

(II) A county shall not be required to appropriate funds to provide a county match pursuant to the provisions of section 26-1-122 for any funds transferred pursuant to the provisions of this subsection (9).

(III) A county shall not be authorized to use funds transferred pursuant to the provisions of this subsection (9) for the purpose of supplanting funds that:

(A) The county would otherwise be required to appropriate pursuant to section 26-1-122 in order to provide a county match for public assistance programs; or

(B) The county would otherwise appropriate in order to continue the provision of services under a program of public assistance administered with county only funds in the prior fiscal year.

(c) The state board shall promulgate rules governing procedures for transfers authorized pursuant to the provisions of this subsection (9).

(d) A county may make a transfer authorized by subsection (9)(a) of this section, within the limitations imposed by state and federal law on such transfers, in order to fund various

programs for the improvement of child care. The transfers may be used for minor remodeling of licensed child care facilities or facilities legally exempt from licensing requirements pursuant to section 26.5-5-304, including but not limited to physical modifications for the purpose of licensure or accreditation, construction or improvement of fencing or other safety and security fixtures or other uses not prohibited under 42 U.S.C. sec. 1397d.

(10) (a) If the state meets federal work participation rates and qualifies for a percent reduction in the state's maintenance of effort as specified in federal law for any year, the actual spending level for the works program of all counties collectively shall be reduced by the same amount as the amount of the reduction in the federal maintenance of effort requirement.

(b) For the purposes of this subsection (10), "percent reduction" means the percent of reduction of historical expenditures as that term is defined in section 409 (7)(b) of the federal social security act, as amended.

(c) For any year in which a percent reduction in the state's maintenance of effort requirement occurs, the works allocation committee created pursuant to subparagraph (IV) of paragraph (c) of subsection (6) of this section shall determine each county's share of the reduction in actual spending levels. Prior to making such determination, the works allocation committee shall ensure that all counties have been notified of the recommended reduction for each county and given an opportunity to provide comment on the recommendation. In the event that the works allocation committee does not reach an agreement on each individual county's reduction in actual spending levels, the committee shall submit alternatives to the joint budget committee of the general assembly from which such joint budget committee shall identify each individual county's reduction in actual spending levels. The state department is authorized to adjust each county's share of the reduction in actual spending levels. The state department is authorized to adjust each county's actual spending level for any percentage reduction earned in accordance with the determination of the works allocation committee concerning each county's share of the reduction.

(11) The works allocation committee shall:

(a) Review, at least quarterly, the balance of the Colorado long-term works reserve, the balance of the total statewide county TANF reserve, and the amount of basic cash assistance grants provided to participants to monitor whether the balance of the Colorado long-term works reserve will fall below twenty-five percent of the state block grant amount and whether the balance of the total statewide county TANF reserve will fall below fifteen percent of the county block grant amount;

(b) Submit a written report to the joint budget committee detailing the current Colorado long-term works reserve level, the total statewide county TANF reserve level as a whole and by county, and any projections regarding deficits in the reserves; and

(c) Establish a mitigation fund for counties whose TANF reserves fall below fifteen percent of the county's block grant amount.

26-2-714.5. Adjusted work participation rate - notification - county authorization - career and technical education. (1) As used in this section, unless the context otherwise requires, "federal credit" means the caseload reduction credit as calculated pursuant to 45 CFR 261.40 or any employment credit, caseload reduction credit, or other credit against such rate for a fiscal year that may be subsequently adopted by the federal government.

(2) The state department shall notify each county, within thirty days after the beginning of the state fiscal year, of the state department's projection regarding the adjusted rate that the state must attain for the fiscal year in order to be in compliance with federal requirements, based on the state's estimate of the federal credit the state anticipates qualifying to receive. This adjusted rate shall be the county's adjusted work participation rate for that state fiscal year.

(3) Each county is authorized to place participants in career and technical education, as that term is defined by rule of the state board, for longer than twelve months in order to meet critical skills shortages in the labor market; except that the percentage of participants allowed to satisfy program requirements through career and technical education of longer than twelve months in a county shall not exceed seventy-five percent of the state's estimate of the federal credit.

(4) The provisions of this section shall be implemented by the state department consistent with the requirement of section 26-2-715 (1)(a)(III).

(5) The state department may suspend a county's ability to place participants in career and technical education for longer than twelve months if the state department certifies that allowing career and technical education to count toward a works participant's required work activities would affect the state's ability to meet federal work participation rates.

26-2-715. Performance contracts. (1) (a) Each county, either acting singly or with a group of counties, shall enter into an annual performance contract with the state department that shall identify the county's or group of counties' duties and responsibilities in implementing the works program. The performance contract must include but need not be limited to:

(I) Requirements and provisions that address the county's or group of counties' duty to administer and implement the works program using fair and objective criteria;

(II) Provisions that prohibit the county or group of counties from reducing the basic cash assistance grant administered pursuant to section 26-2-709 and monitored by the state department pursuant to section 26-2-711 and provisions that prohibit the county or group of counties from restricting eligibility or the provision of services or imposing sanctions in a manner inconsistent with the provisions of this part 7 or the provisions in the state plan submitted to the secretary of the federal department of health and human services pursuant to section 26-2-712;

(III) Work participation rates for the county or group of counties that shall ensure that the state will be able to meet or exceed its work participation rates under the federal law.

(b) A county or group of counties may be sanctioned for not meeting any obligation under such performance contract. Such sanctions must be identified in the performance contract and may include a reduction in a future county block grant allocation.

(2) The performance contract shall set forth the circumstances under which the state department may elect that it or its agent assume the county's or group of counties' administration and implementation of the works program.

(3) If the state department and the county or group of counties are unable to reach agreement on the contract, either party may request the state board to consider the matter, and the state board shall schedule the matter for hearing within thirty days after receipt of the request. The state board shall issue a decision on the matter which shall be considered binding on all parties. If necessary to assure services are available within the county or group of counties, the state department may enter into a temporary agreement with the county or group of counties or with another public or private agent until the matter is resolved by the state board.

26-2-716. County duties - appropriations - penalties - hardship extensions - domestic violence extensions - incentives - rules. (1) (a) (I) The board of county commissioners in each county of this state shall annually appropriate as provided by law such moneys as required pursuant to section 26-1-122 (6).

(II) In the case of two or more counties jointly administering a county block grant under the provisions of this part 7, each county involved shall appropriate the funds necessary to defray its proportionate costs of implementing the works program.

(b) A county department shall keep such records and accounts in relation to the costs of administering and implementing the works program.

(c) Whenever a county anticipates that it may be financially unable to meet requests for assistance from participants, the county may seek additional moneys from the county block grant support fund administered by the state department pursuant to section 26-2-720.5.

(2) In connection with administering a county block grant, a county department shall:

(a) Meet the work participation rate as set forth in the performance contract with the state department pursuant to section 26-2-715;

(b) Report to the state department the information required to enable the state department to track participants' length of time for receipt of assistance and to enable the state department to provide written notice to applicants and participants of their rights;

(c) Provide written notification to applicants and recipients of their responsibilities and options available under the works program, including but not limited to time limits, domestic violence waivers, extensions or exemptions, and services available. Verbal notice shall be provided when requested.

(d) Submit the reports required pursuant to section 26-2-717;

(e) Use an income eligibility verification system (IEVS) to verify eligibility information against federal social security administration and internal revenue service files;

(f) Provide Title IV-D services to participants and require assignment of rights to child support by participants and participant cooperation with establishment and collection of child support, except as to participants receiving short-term assistance pursuant to section 26-2-706.6;

(g) Make available opportunities for participants to have individual development accounts for home purchase, business capitalization, or higher education in accordance with federal law;

(h) Meet the required maintenance of effort as identified in section 26-2-714.

(2.5) The board of county commissioners in each county shall adopt official written policies for implementing aspects of the Colorado works program that counties have the statutory authority and flexibility to determine under this part 7. Such policies shall include, without limitation, a description of the kinds of assistance available under the Colorado works program within the county, any eligibility criteria for assistance that may be unique to the county, and the process by which such eligibility and assistance is determined on an individual basis. Such policies shall not be construed to create an entitlement to any service or benefit under the Colorado works program in any county for any applicant or participant, and shall not limit the flexibility of a county to respond to the individual circumstances of a participant. The board of county commissioners in each county shall make such policies available to applicants and participants.

(3) (a) No person in a work activity described in section 26-2-703 (21) shall be employed by, or assigned to, an employer if:

(I) Any other person is on layoff from the same or any substantially equivalent job with such employer; or

(II) Such employer has terminated the employment of any regular employee or otherwise caused an involuntary reduction of the workforce in order to fill the vacancy with a participant; or

(III) Placement of the person with the employer will result in a reduction of hours, regular or overtime, wages, or benefits of persons currently employed by the employer; or

(IV) The position is available due to a labor dispute, strike, lockout, or violation of a collective bargaining agreement.

(b) A uniform statewide grievance procedure for resolving complaints of alleged violations of displacements shall be established by the department of labor and employment.

(c) All state and federal laws affecting workers and employers shall apply to all participants, including but not limited to state and federal minimum and prevailing wage laws, workers' compensation, unemployment insurance, occupational safety and health administration coverage where applicable, the federal "Fair Labor Standards Act of 1938", as amended, all federal, state, and local antidiscrimination laws, and all labor laws affecting the rights of employees to organize.

(d) All participants shall be entitled to the same wages and benefits, including but not limited to sick leave and holiday and vacation pay, as are offered to employees who are not participants and who have similar training or experience performing the same or similar work at a specific work place.

(4) (a) A county may not use county block grant moneys except as specifically authorized pursuant to the provisions of this part 7 and rules promulgated by the state board or state department to implement the provisions of this part 7. If the state department has reason to believe that a county has misused county block grant moneys and has given the county an opportunity to cure the misuse and the county has failed to cure, the state department may reduce the county's block grant for the succeeding state fiscal year by an amount equal to the amount of moneys misused by the county.

(b) A county found out of compliance with its performance contract or any provision of the works program may be assessed a financial sanction. The financial sanction must be replaced by county moneys. The state board shall promulgate rules for county sanctions that include financial sanctions and may include other sanctions. Any moneys resulting from the imposition of a financial sanction shall be transmitted to the Colorado long-term works reserve created in section 26-2-721, but only if the state has not incurred a federal sanction for the same act that gave rise to the county sanction.

(5) (a) County departments are authorized to administer hardship and domestic violence extensions for needy families that have exceeded the sixty-month lifetime limit for receipt of assistance set forth in the federal law. The county departments shall approve or deny hardship extensions or domestic violence extensions pursuant to fair and objective criteria established by the state board. The state board, by rule, shall establish hardship criteria, and each county shall apply the hardship criteria to all participants seeking extensions. A county, in its written county policies, may define additional reasons for granting hardship extensions. A county may not grant hardship or domestic violence extensions for a duration longer than six months.

(b) All participants shall have the opportunity to request extensions in their counties of residence. A participant who has been granted an initial extension may request additional extensions prior to the end of the current extension period. If a participant fails to request an extension on a timely basis, an extension may be granted if the participant demonstrates good cause. Whether good cause has been established shall be determined at the sole discretion of the county department and shall not be appealable.

(c) The state department shall send notice to participants approaching the sixty-month limit on lifetime receipt of assistance pursuant to subsection (2) of this section. The county departments shall make all reasonable efforts to contact a participant by phone or in person to explain the extension process and to accept a request for an extension. Participants may also make such requests in writing.

(d) A person who is granted a hardship extension or a domestic violence extension shall be required to complete an individual responsibility contract and shall be required to follow all

the terms and conditions of the IRC, including the participation activities required of the participant as a condition of the extension, as outlined in the IRC.

(e) Sanctions and terminations pursuant to section 26-2-711 shall apply during the period of an extension granted pursuant to this section. Participants may appeal adverse actions consistent with sections 26-2-127 and 26-2-710.

(f) The county department shall have thirty days after the receipt of a request for an extension to make a decision whether to grant or deny the extension. When granting the extension the county department shall send notice of such extension to participants. The county department shall send a denial notice to a participant who applies for but is denied a hardship extension due to lack of available extensions or for any other reason, which reason shall be included. The county department shall send a denial notice to a participant who applies for but is denied a domestic violence extension, which shall include the reason for the denial. If the state exceeds the twenty-percent numerical limit on the number of extensions that may be granted under the federal law due to the inclusion of domestic violence extensions, then the state department shall determine how many of those domestic violence extensions qualify as domestic violence waivers granted pursuant to section 26-2-708 (5) and if this determination indicates that the state exceeds the twenty-percent numerical limit due to domestic violence extensions that qualify as domestic violence waivers, the state department shall demonstrate to the federal government that its failure to comply with the sixty-month limit was attributable to federally recognized good cause domestic violence waivers in accordance with the provisions of 45 CFR 260, subpart B.

(g) The state board shall promulgate rules establishing the criteria for hardship extensions and for establishing a system for allocating the number of extensions available for each county.

(h) Nothing in this section shall be construed to prohibit a former participant from requesting a hardship or domestic violence extension, after the lapse of the sixty-month lifetime limit, when new hardship or domestic violence factors occur, to the extent permissible under state and federal law.

(i) This subsection (5) shall only apply to participation in the Colorado works program, as contained in this part 7.

(6) In the event that a county is unable to meet the need for assistance pursuant to section 26-2-709 (2), it may impose cost-reducing measures, including but not limited to proportionate reductions in such assistance, establishment of waiting lists for such assistance, or elimination of such assistance.

(7) A county that encompasses an Indian reservation shall consult with the respective Indian tribe concerning the administration and implementation of the works program by that county. Such consultation shall include but not be limited to:

(a) Possible exemption of the Indian tribe from the sixty-month time limit of the federal law if that tribe has more than one thousand members and an unemployment rate that exceeds fifty percent;

(b) Collection of statistical data on participants, funding for tribal data collection and tribal administration of federally and tribally funded programs;

(c) Cooperation and agreement concerning when a tribal member shall be referred to his or her respective tribe for assistance in finding work and how the costs for such assistance may be reimbursed by or otherwise shared with the county.

(8) (Deleted by amendment, L. 2008, p. 1969, § 18, effective January 1, 2009.)

(9) County departments shall assist families in completing the reporting requirements for transitional medicaid. This shall include informing 1931 medicaid recipients of the transitional medicaid eligibility requirements and the required reporting calendar.

(10) A county department shall assist participants in applying for and receiving the earned income tax credit under applicable rules of the federal internal revenue service.

Source: L. 2000: Entire part added, p. 1469, § 1, effective May 31.

26-2-1002. Legislative declaration. (1) The general assembly hereby finds, determines, and declares that:

(a) The unrealized and lost human resource potential of low-income and working-poor individuals of this state results in an overall loss to the potential of the entire state;

(b) It is in the best interests of all Coloradans to structure incentives in a way that will result in a greater likelihood that low-income and working-poor individuals will attain self-sufficiency;

(c) It is in the best interests of all Coloradans to concentrate appropriate assets and investments on low-income and working-poor individuals and in low-income and working-poor neighborhoods and communities in order to allow low-income individuals, neighborhoods, and communities to benefit from the developments achieved through the growth in assets and investments;

(d) Achieving self-sufficiency and assessing economic opportunity for low-income and working-poor individuals can be addressed through public policy that invests in asset accumulation and is supported by private sector philanthropy;

(e) Providing a structured savings situation for low-income and working-poor individuals enhances such individuals' chances of fulfilling major life goals and opportunities and incorporates such individuals into the economic mainstream; and

(f) Such self-sufficiency may, in turn, result in fewer people needing to seek public assistance.

(2) Therefore, the general assembly hereby authorizes the implementation of an individual development account program to provide incentives and motivation for low-income and working-poor individuals and families to develop and concentrate assets and investments for use by such individuals who are striving for self-sufficiency and need a jump-start for economic opportunity.

TRANSITIONAL JOBS PROGRAM

26-2-1101. Legislative declaration. (1) The general assembly hereby finds and declares:

(a) Transitional jobs have proven to be an effective policy response to stubbornly high unemployment rates and the difficulties that many smaller employers face in filling job vacancies and expanding job opportunities. Transitional jobs have helped to:

(I) Stabilize individuals and families with earned income;

(II) Stimulate local economies through wages paid;

(III) Contribute to the economic health of employers;

(IV) Provide unemployed and underemployed adults an opportunity to experientially learn, model, and practice successful workplace behaviors that will help them to get and keep unsubsidized employment;

(V) Build work histories and references for participants to more easily move into unsubsidized and stable employment;

(VI) Address barriers to work that have kept the unemployed and underemployed out of the regular labor market; and

(VII) Reduce recidivism and public costs.

(b) Colorado has already demonstrated the value of transitional jobs through its successful HIRE Colorado initiative. Operated with federal funds from October 2009 through September 2010, HIRE Colorado provided transitional jobs to over one thousand seven hundred unemployed Coloradans, enabling them to do productive, wage-paying work for local governments, nonprofit agencies, and for-profit employers. According to data from the Colorado department of human services, HIRE Colorado helped nearly seventy-five percent of its participants to move into unsubsidized employment. In states whose transitional jobs programs focused on those with the most acute job search challenges, nearly fifty percent, an unusually high success rate for such a population, moved into unsubsidized work.

(c) While nationally unemployment is falling slowly and although Colorado's unemployment rate is better than the national average, Coloradans still face difficulty in finding full-time jobs. According to a recent analysis, nearly two hundred thousand Coloradans are "officially" unemployed, but there are fewer than seventy-five thousand job openings. At the same time that unemployed and underemployed Coloradans struggle to find employment in the face of this job shortage, many employers have found it difficult to fill the job vacancies they do have. Transitional jobs are part of the solution to both unemployment and unfilled job vacancies.

26-3.1-103. Evaluations - investigations - training - exception for counties participating in alternative response program - rules. (1) The county department receiving a report of mistreatment or self-neglect of an at-risk adult shall immediately assess the reported level of risk. The immediate concern of the evaluation is the protection of the at-risk adult. The decision regarding the level of risk must, at a minimum, include a determination of a response time frame and whether the report meets the criteria for an investigation of the allegations, as set forth in state department rule. If a county department determines that an investigation is required, the county department is responsible for ensuring an investigation is conducted and arranging for the subsequent provision of protective services to be conducted by persons trained to conduct investigations and provide protective services.

(1.3) (a) Pursuant to state department rule, each employer as defined by section 26-3.1-111 (7) shall provide, upon request of the county department, access to conduct an investigation into an allegation of mistreatment. Access must include the ability to request interviews with relevant persons and to obtain documents and other evidence and have access to:

(I) Patients who are the subject of the investigation into mistreatment of an at-risk adult and patients who are relevant to an investigation into an allegation of mistreatment of an at-risk adult;

(II) Personnel, including paid employees, contractors, volunteers, and interns, who are relevant to the investigation;

(III) Clients or residents who are the subject of the investigation into mistreatment of an at-risk adult and clients or residents who are relevant to an investigation into an allegation of mistreatment of an at-risk adult;

(IV) Individual patient, resident, client, or consumer records, including disclosure of health records or incident and investigative reports, care and behavioral plans, staff schedules and time sheets, and photos and other technological evidence; and

(V) The professional license number issued by the division of professions and occupations in the department of regulatory agencies for a current or former employee who holds a health-care provider or health-care occupation license and who, as a result of the investigation, is substantiated in a case of mistreatment of an at-risk adult during the employee's professional duties.

(b) The county department and its employees shall comply with applicable federal laws related to the privacy of information when requesting or obtaining documents pursuant to this subsection (1.3).

(c) County department staff conducting an investigation pursuant to this section have the right to enter the premises of any employer as defined by section 26-3.1-111 (7) as necessary to complete a thorough investigation. County department staff shall identify themselves and the purpose of the investigation to the person in charge of the entity at the time of entry.

(d) Attorneys at law providing legal assistance to individuals pursuant to a contract with an area agency on aging, the staff of such attorneys at law, and the long-term care ombudsman are exempt from the requirements of this section.

(1.4) Upon request of the county department, any person who holds a health-care provider or health-care occupation license issued by the division of professions and occupations in the department of regulatory agencies and, as a result of the investigation, is substantiated in a case of mistreatment of an at-risk adult while performing the person's professional duties shall provide the person's professional license number to the county department.

(1.5) The state department shall provide training to all current county department adult protective services caseworkers and supervisors no later than July 1, 2018, and to new county department adult protective services caseworkers and supervisors hired after July 1, 2018, to achieve consistency in the performance of the following duties:

(a) Investigating reports of suspected mistreatment or self-neglect of at-risk adults and making findings concerning cases and alleged perpetrators;

(b) Notifying a person who has been substantiated in a case of mistreatment of an at-risk adult of the finding and of the person's right to appeal the finding to the state department;

(c) Assessing the client's strengths and needs and developing a plan for the provision of protective services;

(d) Determining the appropriateness of case closure;

(e) Entering accurate and complete documentation of the report and subsequent casework into CAPS; and

(f) Maintaining confidentiality in accordance with state law.

(2) Each county department, law enforcement agency, district attorney's office, and other agency responsible under federal law or the laws of this state to investigate mistreatment or self-neglect of at-risk adults shall develop and implement cooperative agreements to coordinate the investigative duties of such agencies. The focus of such agreements is to ensure the best protection for at-risk adults. The agreements must provide for special requests by one agency for assistance from another agency and for joint investigations. The agreements must further provide that each agency maintain the confidentiality of the information exchanged pursuant to such joint investigations.

(3) Each county or contiguous group of counties in the state in which a minimum number of reports of mistreatment or self-neglect of at-risk adults are annually filed shall establish an at-risk adult protection team. The state board shall promulgate rules to specify the minimum number of reports that will require the establishment of an adult at-risk protection team. The at-risk adult protection team shall review the processes used to report and investigate mistreatment or self-neglect of at-risk adults, review the provision of protective services for such adults, facilitate interagency cooperation, and provide community education on the mistreatment and self-neglect of at-risk adults. The director of each county department shall create or coordinate a protection team for the respective county in accordance with rules adopted by the state board of human services. The state board rules shall govern the establishment, composition, and duties of the team and must be consistent with this subsection (3).

26-3.1-103.3. Alternative response pilot program for the provision of protective services for at-risk adults - creation - report - rules - repeal. (1) On or after January 1, 2022, the alternative response pilot program for the provision of protective services for at-risk adults, referred to in this section as the "pilot", is created in the state department. The pilot allows a county department that is participating in the pilot, pursuant to this section and rules promulgated by the state department, to address, through a separate process from that set forth in section 26-3.1-103, any report, related to an at-risk adult, of mistreatment or self-neglect that was initially assessed by the county department to be low risk, as defined by rule.

(2) The state department shall select a maximum of fifteen county departments to participate in the pilot. The state department is strongly encouraged to include county departments from throughout the state, including a diverse mix of urban, suburban, frontier, and rural.

(3) (a) If a participating county department receives a report, related to an at-risk adult, of mistreatment or self-neglect, that was initially assessed by the county department to be low risk, as defined by rule of the state department, the participating county will not make a finding concerning the alleged mistreatment or self-neglect of the at-risk adult, nor is it required to complete unannounced initial in-person interviews.

(b) If, upon further investigation, the participating county department determines that the risk level to the at-risk adult is, in fact, more than low risk, or when the participating county department cannot fully assess, through the pilot process, the health, safety, and welfare of the at-risk adult or other at-risk adults, the participating county department shall follow the procedures set forth in section 26-3.1-103.

(4) The state department shall provide initial training and ongoing technical assistance to the participating county departments upon implementation of the pilot. The state department shall administer the pilot in accordance with the requirements of this section and any rules promulgated pursuant to this section.

(5) The state department shall promulgate rules for the implementation of this section. The rules must include, at a minimum, a description of the risk levels and the parameters around unannounced in-person interviews.

(6) The state department is authorized to seek, accept, and expend gifts, grants, or donations from private or public sources for the purposes of this section.

(7) (a) The state department shall contract with a third-party evaluator to evaluate the pilot's success or failure, including a consideration of the pilot's effectiveness in achieving outcomes over a two-year period.

(b) As necessary to conduct the evaluation and complete the reports required pursuant to this subsection (7), each participating county department shall submit to the state department a report concerning the participating county department's administration and utilization of the pilot. The report must include relevant data from the participating county as required by the state department to evaluate the pilot and to prepare its report to the general assembly pursuant to subsection (7)(c) of this section.

(c) In January 2025 and January 2026, the state department shall report on the implementation and effect of the pilot to the health and human services committee of the senate and the public and behavioral health and human services committee of the house of representatives, or any successor committees, as part of its "State Measurement for Accountable, Responsive, and Transparent (SMART) Government Act" presentation required by section 2-7-203. The report must include, at a minimum:

(I) A description of any specific problems that the state department or any participating county department encountered during the administration of the pilot, along with recommendations that the state department has for legislation to address such problems; and

(II) A recommendation by the state department regarding whether the general assembly should repeal the pilot, continue the pilot for a specified time period, or establish the pilot statewide on a permanent basis.

(8) This section is repealed, effective July 1, 2027.

26-3.1-104. Provision of protective services for at-risk adults - consent - nonconsent - least restrictive intervention. (1) If a county director or his or her designee determines that an at-risk adult is being mistreated or self-neglected, or is at risk thereof, and the at-risk adult consents to protective services, the county director or designee shall immediately provide or arrange for the provision of protective services, which services shall be provided in accordance with the provisions of 28 CFR part 35, subpart B.

(2) If a county director or his or her designee determines that an at-risk adult is being or has been mistreated or self-neglected, or is at risk thereof, and if the at-risk adult appears to lack capacity to make decisions and does not consent to the receipt of protective services, the county director is urged, if no other appropriate person is able or willing, to petition the court, pursuant to part 3 of article 14 of title 15, C.R.S., for an order authorizing the provision of specific protective services and for the appointment of a guardian, for an order authorizing the appointment of a conservator pursuant to part 4 of article 14 of title 15, C.R.S., or for a court order providing for any combination of these actions.

The employee shall pay the cost of the fingerprint-based criminal history record check unless the county department chooses to pay the cost. 26-3.1-111. Access to CAPS - employment checks - conservatorship and guardianship checks - confidentiality - fees - rules - legislative declaration - definitions. (1) The general assembly finds and declares that individuals receiving care and services from persons employed in programs or facilities described in subsection (7) of this section or from persons appointed to be a conservator or guardian of an at-risk adult are vulnerable to mistreatment, including abuse, neglect, and exploitation. It is the intent of the general assembly to minimize the potential for employment of, or appointment as conservators or guardians, persons with a history of mistreatment of at-risk adults in positions that would allow those persons unsupervised access to these adults. As a result, the general assembly finds it necessary to strengthen protections for vulnerable adults by requiring certain employers and the courts to request a CAPS check by the state department to determine if a person who will provide direct care to an at-risk adult or who may be appointed as a conservator or guardian for an at-risk adult has been substantiated in a case of mistreatment of an at-risk adult. The general assembly also finds that it is necessary to require that certain employers cooperate with, and provide access to, county departments during county investigations of mistreatment of at-risk adults pursuant to section 26-3.1-103 (1.3).

(2) As used in this section, unless the context otherwise requires:

(a) "Employee" means a person, other than a volunteer, who is employed by or contracted with an employer, and includes a prospective employee.

(b) "Employer" means a person, facility, entity, or agency described in subsection (7) of this section and includes a prospective employer. "Employer" also includes a person hiring someone to provide consumer-directed attendant support services pursuant to article 10 of title 25.5, if the person requests a CAPS check.

(3) (a) **Employer CAPS checks.** The state department shall establish and implement a state-level program for employers to obtain a CAPS check to determine if a person who will provide direct care to an at-risk adult is substantiated in a case of mistreatment of an at-risk adult. The state department's program must be operational for an employer CAPS check on and after January 1, 2019.

(b) **Conservatorship and guardianship CAPS checks.** Beginning January 1, 2022, the state department shall provide the courts the results of a CAPS check, upon the court's request and using forms approved by the state department, to determine if a person who may be appointed as a conservator or guardian of an at-risk adult is substantiated in a case of mistreatment of an at-risk adult. This subsection (3)(b) does not apply to office of public guardianship employees required to undergo a CAPS check pursuant to sections 13-94-105 (6) and 26-3.1-111 (7)(j), or adult protective services employees required to undergo a CAPS check pursuant to section 26-3.1-107 (2).

(4) The state department shall not release information relating to any person during a CAPS check unless the person is substantiated in a case of mistreatment of an at-risk adult.

(5) The state department shall promulgate rules for the implementation of this section, which rules must include the following:

(a) The employer process for requesting a CAPS check for an employee who has an active application for employment for a position in which the person will provide direct care to an at-risk adult;

(b) The state department or county department employees or employee positions granted access to CAPS;

(c) The process for completing a CAPS check and the parameters for establishing and collecting the fee charged to an employer or the court for each CAPS check;

(d) The information in CAPS that will be made available to an employer or the court requesting a CAPS check;

(e) The purposes for which the information in CAPS may be made available;

(f) The consequences of the improper release of the information in CAPS;

(g) The process for the state department to notify a health oversight agency, as defined in 42 CFR 164.501, within the department of regulatory agencies or a regulator within such a health oversight agency when a professional regulated by a regulator within such a health oversight agency, as those terms are defined in section 12-20-102 (13) and (14), is substantiated in a case of mistreatment of an at-risk adult pursuant to subsection (12) of this section; and

(h) The information that will be made available to a health oversight agency, as defined in 42 CFR 164.501, within the department of regulatory agencies or a regulator, as defined in section 12-20-102 (14), within such a health oversight agency, for the purpose of conducting a regulatory investigation pursuant to section 12-20-401.

(6) (a) (I) On and after January 1, 2019, prior to hiring or contracting with an employee who will provide direct care to an at-risk adult, an employer described in subsection (7) of this

section shall request a CAPS check by the state department pursuant to this section to determine if the person is substantiated in a case of mistreatment of an at-risk adult. Within ten days after the date of the employer's request, if the employee was substantiated in a case of mistreatment of an at-risk adult, unless the finding was expunged through a successful appeal to the state department, the state department shall provide the employer with information concerning the mistreatment through electronic means, or other means if requested by the employer, including the date of the substantiated finding, the type of mistreatment reported, and the county that investigated the report of mistreatment. If an employer receives a CAPS check on a person and does not initiate the hiring process at the time of receiving the check but wants to hire the person at a subsequent time that is more than thirty days from receipt of the prior CAPS check results, the employer shall request a new CAPS check prior to hiring the person pursuant to state department rules.

(II) A person or entity conducting employee screening on behalf of an employer may request a CAPS check pursuant to this section and may receive the results of the CAPS check from the state department. The person or entity conducting employee screening on behalf of the employer shall provide the employer with the results of the CAPS check.

(III) If the employer is also an employee or volunteer, the employer shall request the CAPS check on himself or herself. If the employee or volunteer is determined during either the initial CAPS check or subsequently as provided in subsection (10) of this section to have a substantiated finding of mistreatment, both the employer and the employer's parent company or oversight agency shall receive the CAPS check results.

(IV) An employer described in subsection (7) of this section or a person may request a CAPS check by the state department pursuant to this section on a volunteer who will provide direct care to an at-risk adult to determine if the volunteer is substantiated in a case of mistreatment of an at-risk adult. The volunteer shall provide to the employer written authorization and any required identifying information necessary to conduct a CAPS check pursuant to this section. Within ten days after the date of the employer's request, if the volunteer was substantiated in a case of mistreatment of an at-risk adult, unless the finding was expunged through a successful appeal to the state department, the state department shall provide the employer with information concerning the mistreatment through electronic means, or other means if requested by the employer, including the date of the substantiated finding, the type of mistreatment reported, and the county that investigated the report of mistreatment. For purposes of this subsection (6)(a)(IV), "employer" includes a person or entity conducting volunteer screening on behalf of the employer. The provisions of subsections (6)(d), (6)(e), (6)(e.3), and (6)(e.7) of this section apply to this subsection (6)(a)(IV).

(b) As a condition of employment or contracting, a person seeking employment or to contract with the employer in a position in which the person will provide direct care to an at-risk adult shall provide to the employer, or to a person or entity conducting employee screening on behalf of the employer, written authorization and any required identifying information necessary to conduct a CAPS check pursuant to this section. The employer shall pay a fee established by the state department for each CAPS check, or may require the person seeking employment or to contract with the employer to pay the required fee for the CAPS check.

(c) (I) An employer, or a person or entity conducting employee screening on behalf of the employer, that relies upon information obtained through a CAPS check in making an employment decision or concludes that the nature of any information disqualifies a prospective

employee from employment is immune from civil liability in an action brought by the prospective employee for that conclusion or decision unless the CAPS information relied upon is false and the employer, or a person or entity conducting employee screening on behalf of the employer, knows the information is false.

(II) Nothing in this subsection (6)(c) amends, supersedes, or otherwise limits the civil liability of the employer, or a person or entity conducting employee screening on behalf of the employer, with respect to any claim or action related to the employment decision other than a claim or action relating to the information received by the employer, or a person or entity conducting employee screening on behalf of the employer, pursuant to a CAPS check.

(d) (I) Except as provided in subsection (6)(d)(II) of this section, an employer, or a person or entity conducting employee screening on behalf of the employer, is deemed to have violated subsection (6)(e) of this section if the employer, or a person or entity conducting employee screening on behalf of the employer:

(A) Requests a CAPS check pursuant to this section for a person who is not an existing employee or who does not have an active application for or is not contracting with the employer, or who does not have an active application to contract with the employer, for a position providing direct care to an at-risk adult; or

(B) Releases information obtained pursuant to the CAPS check to any person other than a person directly involved in the employer's hiring process.

(II) An employer, or a person or entity conducting employee screening on behalf of the employer, has not violated subsection (6)(e) of this section if the employer, or a person or entity conducting employee screening on behalf of the employer, releases information received through a CAPS check:

(A) To a state agency or its contractor, upon the request of the agency or contractor, for purposes of an employer inspection or survey or for purposes of a regulatory investigation conducted by a health oversight agency, as defined in 42 CFR 164.501 pursuant to section 12-20-401; or

(B) At the request of a current or prospective employer of a health-care worker or caregiver in accordance with section 8-2-111.6 or section 8-2-111.7.

(e) Any person who improperly releases or who willfully permits or encourages the release of data or information obtained through a CAPS check to persons not permitted access to the information pursuant to this article 3.1 commits a class 2 misdemeanor and is punished as provided in section 18-1.3-501.

(e.3) A person commits a class 2 misdemeanor punishable pursuant to section 18-1.3-501 if the person requests a CAPS check for a person who is not:

(I) An employee or a volunteer providing direct care, or is not being considered for such employment; or

(II) A care provider or is not being considered as a care provider for a recipient of consumer-directed attendant support services pursuant to article 10 of title 25.5; or

(III) A person who may be appointed as a conservator or guardian of an at-risk adult.

(e.7) An employee who knowingly provides inaccurate information to the employee's employer for a CAPS check, an employer or other person or entity conducting an employee screening on behalf of the employer that knowingly provides inaccurate information in the request for a CAPS check, or a person who may be appointed as a conservator or guardian of an

at-risk adult who knowingly provides inaccurate information to the court for a CAPS check commits a class 2 misdemeanor and shall be punished pursuant to section 18-1.3-501.

(f) Nothing in this section prohibits an employer from hiring or contracting with an employee who will provide direct care to an at-risk adult prior to receiving the results of the CAPS check.

(8) A person hiring someone to provide consumer-directed attendant support services pursuant to article 10 of title 25.5 may request a CAPS check pursuant to this section at the person's expense. The person requesting the CAPS check must comply with state department rules and the provisions of subsection (6) of this section relating to the release of information obtained through a CAPS check.

(8.5) (a) On and after January 1, 2022, prior to appointing a person as a conservator or guardian of an at-risk adult, the court that receives a filing of a petition for conservatorship or guardianship shall request a CAPS check by the state department using forms approved by the state department to determine if the person is substantiated in a case of mistreatment of an at-risk adult. The court shall require the petitioner for conservatorship or guardianship to complete the state-department-approved written authorization prior to requesting a CAPS check. The court shall pay a fee established by the state department for each CAPS check and may require the petitioner for conservatorship or guardianship to pay the court the required fee for the CAPS check.

(b) Within seven calendar days after the date of the court's request, if the person who may be appointed as a conservator or guardian has been substantiated in a case of mistreatment

of an at-risk adult, the state department shall provide the court with information concerning the mistreatment, which information must include, at a minimum, the date of the substantiated finding, the type and severity of the mistreatment, and the county that investigated the report of mistreatment.

(c) The state department shall disclose to the court that the person substantiated in a case of mistreatment of an at-risk adult has the right to initiate an appeal of the substantiated finding within the time frame set forth in state department rules. If the appeal is active at the time the state department notifies the court of the results of the CAPS check, the state department shall inform the court that such appeal is active. The state department shall not provide the court the information specified in subsection (8.5)(b) of this section if the finding about the person was expunged through a successful appeal.

(d) The court shall have the discretion to consider the results of the CAPS check and determine the weight of the information and its probative value.

(e) Nothing in this subsection (8.5) delays or precludes the court's appointment of an emergency guardian or conservator of an at-risk adult pursuant to section 15-14-312 or 15-14-412, regardless of the timing of the state department's notification of the CAPS check results.

(9) Except for the costs incurred for the development and initial implementation of the program, direct and indirect costs incurred for the administrative appeals process for persons appealing claims of mistreatment of at-risk adults and the direct and indirect costs of conducting employer-requested or court-requested CAPS checks pursuant to this section are funded through a fee assessed on an employer or the court for each CAPS check. The state department shall establish and collect the fee pursuant to parameters set forth in rule established by the state board. At a minimum, the state board's rules must include a provision requiring the state department to provide notice of the fee to interested persons and the maximum fee amount that the state department shall not exceed without the express approval of the state board. The fee established must not exceed direct and indirect costs incurred for the administrative appeals process for persons appealing claims of mistreatment of at-risk adults and the direct and indirect costs of conducting employer-requested or court-requested CAPS checks pursuant to this section. Fees collected for CAPS checks shall be transferred to the state treasurer and credited to the records and reports fund created in section 19-1-307 (2.5).

(12) **Notification to DORA.** (a) The state department shall provide notification to a health oversight agency, as defined in 42 CFR 164.501, within the department of regulatory agencies or a regulator within such a health oversight agency within ten calendar days after a substantiated finding of mistreatment by a professional regulated by a regulator, as those terms

are defined in section 12-20-102 (13) and (14). The notification must provide a health oversight agency, as defined in 42 CFR 164.501, within the department of regulatory agencies or a regulator within such a health oversight agency with information concerning the mistreatment by the professional, which information must include, at a minimum, the professional license number of the person substantiated in a case of mistreatment, the date of the substantiated finding, the name of the mistreated at-risk adult, the type and severity of the mistreatment, the location or residence of the mistreated at-risk adult, the location where the mistreatment occurred, and the county that investigated the report of mistreatment. (b) Any information the state department provides to a health oversight agency, as defined in 42 CFR 164.501, within the department of regulatory agencies or a regulator within such a health oversight agency pursuant to subsection (12)(a) of this section is confidential, not subject to part 2 of article 72 of title 24, and must be used for purposes of a regulatory investigation conducted pursuant to section 12-20-401. If the information is admitted as evidence during a disciplinary hearing held pursuant to section 12-20-403 or used as the basis of public discipline, the information must be de-identified to protect the privacy of the at-risk adult. A health oversight agency, as defined in 42 CFR 164.501, within the department of regulatory agencies or a regulator within such a health oversight agency shall have the discretion to consider the results of the CAPS check and determine the weight of the information and its probative value.

26-5-100.2. Legislative declaration. (1) The general assembly finds and declares that:

(a) Each year, for a variety of reasons, more than three hundred youth, ages eighteen to twenty-one, exit Colorado's foster care system without a permanent home or a stable support network;

(b) These youth do not have the same safety nets, supportive adults, and support networks as do other youth their age;

(c) Many of these youth will face challenges as they search for affordable housing, pursue higher education or training, search for employment, manage tight budgets, take care of their health needs, and much more;

(d) Youth in foster care face not only the typical developmental changes and new experiences that are common to youth their age but also the dramatic change from being under the county's care to being on their own, many without any supportive adults or safety net to help them succeed;

(e) The array of services and supports available to youth while in the foster care system, including housing, food, medical care, and caseworker support, disappear as soon as the youth exits foster care. Additionally, many of these youth are dealing with the long-term consequences of trauma related to the abuse, neglect, removal, and overall lack of resources that they may have experienced.

(f) By leveraging the expertise of youth who have successfully made the transition to adulthood, as well as experts in the field, many states have developed creative approaches to address the needs of these youth;

(g) Colorado can start addressing the needs of youth by allowing counties to use existing child welfare money to provide continued supportive services for youth who exit the foster care system; and

(h) Although existing child welfare money may enable the state to provide services to some youth, it is insufficient to address all the need, nor is it available consistently across the state.

(2) Therefore, the general assembly determines that by coupling the short-term approach of using existing child welfare money with the creation of a steering committee tasked with developing a long-term implementation plan for services for a successful adulthood for youth who were formerly in the state's foster care system, the state can better meet the needs of youth who are making the transition from the foster care system to successful adulthood.

26-5-102. Provision of child welfare services - system reform goals - out-of-home placements for children and youth with intellectual and developmental disabilities - reporting - rules - definition. (1) (a) The state department shall adopt rules to establish a program of child welfare services, administered by the state department or supervised by the state department and administered by the county departments, and, where applicable, in accordance with the conditions accompanying available federal funds for such purpose. The rules shall establish a fee based upon the child support guidelines set forth in section 14-10-115, C.R.S., requiring those persons legally responsible for the child to pay for all, or a portion, of the services provided under this article. Notwithstanding the rules establishing a fee for services provided under this article, when it serves the best interest of a child, a county department may exempt a family from responsibility for payment of fees for core services, as defined in rules promulgated by the state department. The state department is authorized to promulgate rules to implement the provisions of this article relating to the allocation of funds to counties for the delivery of child welfare services.

(b) Upon appropriate request and within available appropriations, child welfare services shall be provided for any child residing or present in the state of Colorado who is in need of such services. Foster care fees shall be considered child support obligations, and all remedies for the enforcement and collection of child support shall apply. Foster care fees established pursuant to section 14-10-115, C.R.S., may be collected pursuant to the administrative procedures to establish child support enforcement set forth in article 13.5 of this title. (2) Reforms in child welfare and related delivery systems must be directed at the following objectives:

- (a) More efficient and responsive service systems for children, youth, and families;
 - (b) Increased flexibility and collaboration across multiple agencies and funding streams to ensure the delivery of services based on the needs of the child or youth;
 - (c) Encouragement and authorization for a truly integrated service system that incorporates blended funding and administration;
 - (d) Focus on quality and outcome-driven services with accountability for an entire array of services that families need, rather than forcing families to be transferred from agency to agency;
 - (e) Development of data systems to support these goals and to allow administrators and policy makers to better manage and evaluate;
 - (f) Authority and incentives for creative solutions at the local level that are not bound by the constraints of current agency barriers and categorical funding streams, including authority for local policy makers to create new entities incorporating blended funding and administration;
 - (g) Successful training efforts directed at county staff, judges, court staff, providers, parents, and families and other appropriate entities that are involved in managed care service systems, which training efforts shall include, but not be limited to, the operation of the child welfare training academy created in section 26-5-109. Notwithstanding any limitation of the "M" notation of the appropriation in the annual appropriation act for child welfare services, the state department is authorized to expend any additional federal or private funding that may be available to support the training efforts identified in this subsection (2).
 - (h) Promotion of the development of a family-centered, community-based strategy for placement decisions that includes team decision making, family-group decision making, or other agency decision making processes that involve the family and community supports;
 - (i) Promotion of the local placement of children with families by recruiting and supporting foster care homes within the neighborhoods and communities in which identified children reside;
 - (j) Successful transition of individuals eighteen to twenty years of age with intellectual and developmental disabilities to adult services for individuals with intellectual and developmental disabilities pursuant to section 25.5-6-409.5, C.R.S.
- (3) (a) On or before August 1, 2018, the state department shall develop a program to serve children and youth with intellectual and developmental disabilities who are placed by county departments of human or social services in a licensed out-of-home setting, as defined in section 26-6-903, and children or youth committed to or in the custody of the state department.
- (b) The state department shall promulgate rules concerning the placement of children or youth in the program. The rules must include, but need not be limited to, quality assurance monitoring, admissions, discharge planning, appropriate length of stay, and an appeals process for children or youth who are determined to be ineligible for the program or who are being removed from the program before meeting discharge criteria, as defined by the child's or youth's treatment plan, and without the consent of a parent, legal guardian, or county department. The rules regarding the appeals process must include access to the interdisciplinary appeals review panel, referenced in section 26-6-106 (3). For an appeal pursuant to this subsection (3)(b), the panel shall include the members appointed pursuant to section 26-6-106 (3) and, at a minimum:
- (I) A representative from a county department;
 - (II) A treatment director or coordinator for a residential treatment program;

(III) A staff member from a program-approved service agency that offers residential habilitation; and

(IV) A representative from the department of health care policy and financing with expertise in the children's habilitation residential program, as described in this section.

(b.5) All members of the interdisciplinary appeals review panel assembled pursuant to subsection (3)(b) of this section shall not be associated with the child or youth who is the subject of the appeal and the child's or youth's placement provider. If a parent, legal guardian, county department, program provider, or the state department is not satisfied with the interdisciplinary appeals review panel recommendation, that party to the appeal is entitled to a review by an independent hearing officer at a state hearing.

(c) On or before December 31, 2018, the state department shall contract with licensed providers for the delivery of services to children and youth with intellectual and developmental disabilities who are placed in the program. The state department shall utilize a request for proposal process to define the scope of the contract and to select the licensed providers. The providers must be approved by the department of health care policy and financing as service providers for children eligible for enrollment in the children's habilitation residential program waiver established pursuant to section 25.5-6-903.

(d) A county department that wishes to place a child or youth in the program shall submit an application to the state department for review. Within seven days of making an application to the state department for placement of a child or youth in the program, a county department shall refer the child or youth to be assessed for enrollment in the children's habilitation residential program, or assist the parent or legal guardian who retains legal custody to make the referral. The county department shall provide to the state department evidence that the county department or the child's parent or legal guardian has referred the child or youth for enrollment in the children's habilitation residential program or evidence of either enrollment in or denial of enrollment in the children's habilitation residential program, depending on whether the child or youth is eligible or ineligible for such enrollment. The state department shall approve admissions into the program and determine discharge criteria for each placement. Enrollment of a child or youth in the children's habilitation residential program does not constitute automatic placement with a service provider contracted with pursuant to subsection (3)(c) of this section. A county department that has applied for the admission of a child or youth into the program must be notified in writing of a placement approved by the state department.

(e) For the duration of the treatment, as defined in the approval letter from the state department, and for thirty days after the completion of treatment, the state department shall reimburse the provider directly for costs associated with the placement of a child or youth in the program.

(f) The state department shall notify the county department that is responsible for the placement of the child or youth of the date on which the reimbursement eligibility will expire. Upon expiration of the reimbursement eligibility, if the child or youth remains in placement at the facility, the county department is responsible for one hundred percent of the placement costs.

(g) A county department that has placed a child or youth in the program retains the right to remove the child or youth from the program any time prior to the discharge date specified by the state department.

(h) The state department shall reimburse the provider one hundred percent of the cost of unutilized beds in the program to ensure available space for emergency residential out-of-home placements.

The entity may refer the family to a provider of case management services or assist the family with the process of enrolling the child or youth in the children's habilitation residential program if the child or youth is eligible. The state department shall not accept applications for placement of a child or youth who is exclusively insured by private insurance. A child or youth who is dually insured by private insurance and medicaid and whose residential level of care has been denied by private insurance may be eligible for services in the program. A child or youth who is eligible for enrollment in the children's habilitation residential program must be enrolled.

(2) **Parental fees.** The fiscal year beginning July 1, 1990, constitutes the base fiscal year for the purpose of computing a base amount of parental fee collections by each county on behalf of children in foster care. Commencing with the fiscal year beginning July 1, 1991, any increased amount of parental fees over and above the base amount is retained by the county that collected the parental fees. Any money retained by each county pursuant to this subsection (2) may be used for child welfare services directed toward early intervention, placement prevention, and family preservation, or any other program funded pursuant to sections 19-2.5-302, 19-2.5-1404, and 19-2.5-1407.

(3) **Allocation formula.** (a) (I) For state fiscal year 2018-19 through state fiscal year 2023-24, the state department, after input from the child welfare allocations committee, shall develop formulas for capped and targeted allocations, including the child welfare services allocation, the allocation for additional county child welfare staff, and the allocation for family and children's programs. Allocation formulas developed pursuant to this subsection (3)(a) must include, for each state fiscal year 2018-19 through 2023-24, the estimated caseload for the delivery of those specific child welfare services to be funded by the money in the capped or targeted allocations. The formulas must also include a performance-aligned component that supports the implementation and delivery of promising, supported, or well-supported practices, as defined in the federal "Family First Prevention Services Act of 2018", as defined in section 26-5-101 (4.5); be outcome-driven; and be aligned with state-department-defined or federally required outcomes and goals. The allocation to each county from any given formula must be

equitable and reflective of the cost of delivering services. If a county receives more than one capped or targeted allocation for the delivery of child welfare services, the formula must identify the specific caseload estimate attributable to each capped or targeted allocation.

(II) This subsection (3)(a) is repealed, effective July 1, 2024.

(a.2) (I) For state fiscal year 2024-25, and for each state fiscal year thereafter, the state department, after input from the child welfare allocations committee, shall use the funding model described in section 26-5-103.7 to determine the funding required for each county for adoption and relative guardianship subsidies and the independent living program, and to determine the capped and targeted allocations to each county, or group of counties, for child welfare services, additional county child welfare staff, and family and children's programs.

(II) The state department, after input from the child welfare allocations committee, shall make the capped and targeted allocations described in subsection (3)(a.2)(I) of this section based on the total amount identified in the funding model as the appropriate level of funding required for each county to fully meet all state and federal requirements concerning the comprehensive delivery of child welfare services, as defined in section 26-5-101 (3), and prevention programs, as defined in section 19-1-103, less the amount appropriated by the general assembly in the annual long appropriations bill for adoption and relative guardianship subsidies and the independent living program. The allocations must be equitable and reflective of the cost of delivering services and must identify the specific caseload estimate attributable to each capped or targeted allocation.

(III) If the appropriation made for a fiscal year is not equal to the amount necessary to fully fund the allocations required by the funding model, the child welfare allocations committee shall make recommendations to the state department concerning how to modify the results of the funding model to align with the appropriation. After input from the child welfare allocations committee, the state department shall adjust the allocation to each county to ensure that the funding made available to all counties through capped and targeted allocations does not exceed the annual appropriation.

(a.5) Pursuant to this subsection (3), a county that receives an allocation for county child welfare staff in addition to the child welfare services allocation shall fund existing staff positions as of January 1, 2015, through the child welfare services allocation. Positions created after January 1, 2015, may be funded through the allocation for county child welfare staff.

(a.6) On or before March 1 of any state fiscal year, the child welfare allocations committee shall submit written recommendations to the state department to inform the capped and targeted allocations.

(b) In the event that the state department and the child welfare allocations committee do not reach an agreement on the allocation formula on or before June 1 of any state fiscal year for the succeeding state fiscal year, the state department and the child welfare allocations committee shall submit alternatives to the joint budget committee of the general assembly from which such joint budget committee shall select an allocation formula before the beginning of such succeeding state fiscal year.

(c) The formulas developed pursuant to this subsection (3) must identify the portion of the amounts appropriated for child welfare services that must be allocated to the counties for the provision of child welfare services.

(d) A county's election to make a transfer of federal funds pursuant to section 26-2-714 (9) for the provision of child welfare services shall not be the basis of an adjustment to the

formula for developing such county's capped or targeted allocation under the provisions of this article.

(e) A county's cost savings shall not be the basis of an adjustment to the formula for developing such county's capped or targeted allocation under the provisions of this article.

(4) **Allocations.** (a) For state fiscal year 1997-98, and for each state fiscal year thereafter, all counties shall receive capped allocations for child welfare services. A county may receive one or more capped allocations for the provision of child welfare services. The counties may use capped allocation moneys for child welfare services without category restriction within a specific capped allocation if not prohibited by federal law.

(b) (I) The state department shall make capped allocations for counties serving at least eighty percent of the total child welfare services population.

(II) For the balance of the state, the state department shall create one capped allocation or a series of capped allocations for the provision of child welfare services in the balance of the state. The state department shall establish a targeted allocation for each county in such group of counties designated for the purpose of such capped allocation or capped allocations.

(c) The state department, in consultation with the child welfare allocations committee, shall adopt rules for when a county may exceed its capped or targeted allocation or allocations.

(d) Except as provided for in subsections (4)(e) and (4)(f) of this section, the state department may only seek additional funding from the general assembly in a supplemental appropriations bill based upon caseload growth, subject to the provisions of subsection (7) of this section, or changes in federal law or federal funding.

(d.5) (I) For fiscal years 2018-19 through 2023-24, in addition to funding received pursuant to subsection (4)(d) of this section, the state department may seek additional funding from the general assembly in a supplemental bill related to the implementation of subsection (6) of this section, and subject to the provisions of subsection (7) of this section or changes in federal law or federal funding.

(II) This subsection (4)(d.5) is repealed, effective July 1, 2024.

(e) A county's allocation or allocations may be amended due to caseload growth, subject to the provisions of subsection (7) of this section, or changes in federal law or federal funding.

(f) In addition to funding received pursuant to subsection (4)(d) of this section, the state department may submit a request to the general assembly for a change in a supplemental appropriations bill to the appropriation that funds adoption and relative guardianship assistance expenditures.

(5) **Management training.** The state department shall develop a management training package to be delivered to the counties no later than October 1, 1997, that shall assist the counties in the development of more effective management strategies for the utilization of resources in the delivery of child welfare services. The state department may utilize portions of the child welfare administration appropriations toward this end and is hereby authorized to pursue any private or public grants to fund such efforts.

(6) **County negotiations with providers.** (a) Subject to rules promulgated by the state department pursuant to subsection (6)(b) of this section and the methodology adopted pursuant to subsections (6)(e) to (6)(h) of this section, for each child or youth placed in an out-of-home placement setting, a county is authorized to negotiate rates related to services and outcomes with licensed out-of-home placement providers; except that a county may not negotiate rates below the base anchor rates established by the state department. A county is authorized to negotiate

rates above the base anchor rates established by the state department with licensed out-of-home placement providers serving children in higher acuity cases.

(b) On or before January 1, 2019, and as necessary thereafter, the state department shall work collaboratively with the state board of human services to promulgate rules governing the methodology by which counties may negotiate rates, services, and outcomes with licensed out-of-home placement providers. If a county negotiates a contract with a licensed out-of-home placement provider, the county may define the expected outcomes and include options for the payment of incentives to providers when such outcomes are achieved. The state department shall work collaboratively with the state board of human services to promulgate rules concerning such outcomes and incentive payments.

(c) (Deleted by amendment, L. 2017.)

(d) On or before July 1, 2019, and each July 1 thereafter, the state department shall complete a review of the methodology by which counties evaluate and negotiate rates, services, outcomes, and incentives with licensed out-of-home placement providers developed pursuant to this subsection (6) and any alternative methodology for which counties have approval from the state department to utilize. The methodology used is governed by rules promulgated by the state department pursuant to subsection (6)(b) of this section. In preparing for and conducting the review, the state department shall convene a group of persons representing the directors of county departments of human or social services and the licensed out-of-home placement provider community. On or before September 1 of each fiscal year, the group shall submit a report to the joint budget committee detailing any changes to the rate-setting methodology that results from the review conducted pursuant to this subsection (6)(d).

(e) On or before September 29, 2017, as a continuation of the review conducted pursuant to subsection (6)(d) of this section of the methodology by which counties evaluate and negotiate rates, services, and outcomes with licensed out-of-home placement providers, the state department shall contract with an independent vendor to:

(I) Perform a salary survey related to the delivery of child welfare services. When possible, the entity must not duplicate existing efforts that collect public employee salary information but must instead incorporate existing information into the overall analysis. The survey must inform the development of the rate-setting methodology pursuant to subsection (6)(e)(III) of this section and must account for the functions, responsibilities, qualifications, and other relevant information for each position. The study must also guarantee that available information is gathered from a diverse range of geographical locations throughout Colorado, including urban, suburban, rural, and mountain resort communities. The study must include information pertaining to federal and state regulations or licensing requirements for each position. The study must also include salary surveys that represent employees performing all facets of similar work, utilizing similar knowledge, skills, and abilities for:

(A) Licensed out-of-home placement providers who have a contract with the state department or a county;

(B) Child placement agency employees;

(C) Residential child care facility employees; and

(D) County employees involved with the provision of child welfare services.

(II) Perform an actuarial analysis of the costs necessary to provide services at a level required by state statute, departmental rule, or federal rules and regulations, as appropriate for the families referred, including salary comparisons between licensed out-of-home placement

provider categories and overhead and administrative costs, and determine the extent to which the salary survey identified in subsection (6)(e)(I) of this section should inform the actuarial analysis. The analysis must inform the development of the rate-setting methodology pursuant to subsection (6)(e)(III) of this section and must also guarantee that available information is gathered from a diverse range of geographical locations throughout Colorado, including urban, suburban, rural, and mountain resort communities.

(III) Develop the rate-setting methodology for licensed out-of-home placement provider compensation. The independent vendor shall solicit input from representatives from the state department, counties, the licensed out-of-home placement provider community, and the department of health care policy and financing. The methodology must be based on equal representation by counties and licensed out-of-home placement providers.

(f) On or before April 2, 2018, the state department shall provide the joint budget committee with a report defining the rate-setting methodology developed pursuant to subsection (6)(e)(III) of this section, including the process through which the daily rate was determined.

(g) (I) Subject to available appropriations, the methodology must be implemented on or before July 1, 2018, except for those rates that must be approved by CMS. Rates that must be approved by CMS must be implemented upon approval. In the event that the representatives identified in subsection (6)(e) of this section do not agree on the rate-setting methodology on or before February 1, 2018, the state department, the county representatives, and the licensed out-of-home placement providers shall submit alternatives to the joint budget committee. The joint budget committee shall then select a methodology prior to the start of the succeeding state fiscal year. It is the intent of the general assembly that the rate methodology developed pursuant to this subsection (6) be fully implemented on or before June 30, 2022, through incremental rate increases established by the state department. For fiscal year 2019-20 through fiscal year 2021-22, the state department is encouraged to submit, as a part of the annual budget process, a request for increased appropriations to fund the increased rates required by the methodology.

(II) (A) Except for those rates that must be approved by CMS, on or before September 30, 2021, the state department shall fully implement adjusted rates for licensed out-of-home placement providers using the existing rate methodology established pursuant to subsection (6)(g)(I) of this section. The state department shall implement rates that must be approved by CMS upon approval by CMS. The full implementation of the updated rate methodology adjustments must include rates for division of youth services out-of-home placement providers and for new out-of-home placement provider options required pursuant to the federal "Family First Prevention Services Act of 2018", as defined in section 26-5-101, and as informed by an updated actuarial analysis of the costs associated with such new provider options, with the exception of therapeutic foster care and treatment foster care, conducted pursuant to subsection (6)(g)(II)(B) of this section.

(B) For purposes of subsection (6)(g)(II)(A) of this section, the state department shall contract with an independent vendor to update the actuarial analysis conducted pursuant to subsection (6)(e)(II) of this section to add an analysis of the costs necessary to provide services by division of youth services out-of-home placement providers and licensed out-of-home placement provider options included in the federal "Family First Prevention Services Act of 2018", as defined in section 26-5-101, that are not included in the original actuarial analysis, with the exception of therapeutic foster care and treatment foster care. The vendor shall complete the updated actuarial analysis on or before September 1, 2021.

(h) The rate-setting methodology developed pursuant to subsection (6)(e)(III) of this section must clearly utilize the daily rate and include:

(I) A process through which provider rate adjustments, including any cost of living adjustments, that are approved by the general assembly must be factored into establishing the daily rate; and

(II) A process through which outcomes related to the stability and well-being of the child are factored into establishing the daily rate contract with a licensed out-of-home placement provider.

(i) (I) At the beginning of the 2022-23 fiscal year, and at the beginning of every third fiscal year thereafter, the state department shall contract with an independent vendor to conduct a new actuarial analysis of all provider rates for licensed out-of-home placement providers, including the division of youth services out-of-home placement providers, that analyzes the costs necessary to provide services at a level required by state statute, department rule, or federal rules and regulations, as appropriate for the child or youth. The vendor shall determine whether the salary survey performed pursuant to subsection (6)(e)(I) of this section is sufficient for the actuarial analysis required pursuant to this subsection (6)(i)(I) or whether to update the salary survey. The vendor shall complete the actuarial analysis by September 1, 2023, and by September 1 of each year in which an actuarial analysis is conducted pursuant to this subsection (6)(i)(I).

(II) The state department shall update the rate-setting methodology for licensed out-of-home placement providers, including the division of youth services out-of-home placement providers, to reflect the new actuarial analysis by July 1, 2024, and by July 1 of each fiscal year immediately following the fiscal year in which a new actuarial analysis results in adjusted rates.

(III) Subject to available appropriations, except for those rates that must be approved by CMS, the state department shall implement any adjusted rates required by the rate-setting methodology by July 1, 2024, and by July 1 of each fiscal year immediately following the fiscal year in which a new actuarial analysis results in adjusted rates. The updated rate-setting methodology may include tiered provider rates based on acuity.

(IV) The state department is encouraged to submit for consideration during the annual budget process a request for adjusted appropriations to fund the rates required by the updated methodology.

(V) The state department shall submit a report to the joint budget committee no later than December 30, 2022, and no later than December 30 of each year thereafter in which an actuarial analysis is conducted. The report must include a summary of the actuarial analysis and the resulting adjustments to the rate-setting methodology.

(6.1) (a) On or before September 1, 2018, and on or before September 1 of each fiscal year thereafter, the state department, with input from counties, shall submit to the joint budget committee a report including information on workload increases or decreases for the preceding calendar year and the costs associated with such changes. The state department is encouraged to include in the report data on the cost of serving children placed in the care of licensed out-of-home placement providers based on case acuity.

(b) Notwithstanding section 24-1-136, the reporting requirement in subsection (6.1)(a) of this section continues indefinitely.

(c) (I) On or before December 31, 2021, the state department shall enter into an agreement with an outside entity to conduct an updated workload study. The outside entity may

be the same entity that updates and modifies the allocations funding model pursuant to section 26-5-103.7 (2). On or before January 15, 2023, the outside entity shall complete the study and deliver the results of the study to the joint budget committee, the state department, the child welfare allocations committee, and, if different, the outside entity described in section 26-5-103.7 (2).

(II) (A) The updated workload study must include consideration of, but is not limited to considering, the following data: County population information; child welfare staff by county; county budget information; the number of time-study participants by county; key tasks performed by child welfare workers; detailed results for time spent per case on individual tasks; the percentage of hours recorded and paid by each county; and development of a method to create workload, caseload, and staffing models.

(B) All counties are encouraged to participate in the updated workload study. If a county elects not to participate in the study, the department shall determine the proxy data for each nonparticipating county to be used in the study.

(III) This subsection (6.1)(c) is repealed, effective June 30, 2023.

(6.2) As used in this section, unless the context otherwise requires:

(a) "Acuity" means the level of service needed by the child or family.

(b) "CMS" means the federal centers for medicare and medicaid services in the United States department of health and human services.

(c) "Licensed out-of-home placement provider" means a licensed residential child care facility, a child placement agency, a secure residential treatment center, a psychiatric residential treatment facility, a qualified residential treatment program, or therapeutic foster care, as defined in section 26-6-903.

(d) "Workload" means the number of child welfare child abuse and neglect hotline calls, referrals, assessments, open cases, out-of-home placements, in-home services, new adoptions, relative guardian assistance, and adoption subsidies being handled by a county department of human or social services.

(6.5) The state department shall analyze and evaluate expenditures as reported by child placement agencies each year and compare such expenditures to county expenditures for the provision of foster care services. The state department shall provide, at least on an annual basis, such analyses and comparisons to county departments and the joint budget committee.

(6.6) (a) Each county or region of counties, as determined by the state department, shall, with assistance from the state department, perform an analysis of available in-home, family-like, and out-of-home placement settings. On or before July 1, 2019, each designated county or region of counties shall submit a report to the state department, including an evaluation of the types and availability of each placement option in the county or region of counties, available placement options in adjacent counties or region of counties, and a plan to expand in-home, family-like, and out-of-home placement settings capacity within the county or region of counties, if necessary.

(b) On or before July 1, 2020, the state department shall submit a report to the joint budget committee. The report must include:

(I) The county utilization rate for in-home, family-like, and out-of-home placement settings;

(II) An analysis of projected federal reimbursement for each type of placement pursuant to the federal "Family First Prevention Services Act of 2018", as defined in section 26-5-101 (4.5);

(III) A description of anticipated changes in federal reimbursement for each type of placement;

(IV) An analysis of statewide services and placement capacity, informed by the county reports required pursuant to subsection (6.6)(a) of this section;

(V) Projections for the statewide fiscal impact resulting from changes in federal reimbursement; and

(VI) A plan to minimize the fiscal impact to the state resulting from changes in federal reimbursement for services and placement types.

(c) (I) On or before July 1, 2022, the state department shall submit to the joint budget committee an update of the report required pursuant to subsection (6.6)(b) of this section that includes updated information about each of the subjects addressed in the initial report.

(II) This subsection (6.6)(c) is repealed, effective June 30, 2023.

(6.7) Beginning in the state fiscal year 2021-22 and through state fiscal year 2022-23, the state department shall assist residential placement providers in the transition to a business model that ensures that out-of-home placements with the provider are eligible for reimbursement under Title IV-E of the federal "Social Security Act", as amended, and ensures that a medicaid-eligible child or youth placed with the provider maintains eligibility for enrollment in the state's medical assistance program. Assistance provided by the state department includes grants from not less than fifteen percent of the funding received from the federal "Family First Transition and Support Act of 2019". The state department shall make grants available to providers no later than September 1, 2021, and shall continue to make grants available and award grants until January 1, 2023. Federal funding that has not been awarded as grants to providers by January 1, 2023, must be used for other purposes related to the implementation of the federal "Family First Prevention Services Act of 2018".

(7) **Close-out process for county allocations.** (a) (I) There is created in the state treasury the child welfare prevention and intervention services cash fund, referred to in this subsection (7) as the "fund". The following two special accounts are created in the fund:

(A) The small- and medium-sized counties account, referred to in this subsection (7) as the "small- and medium-sized account"; and

(B) The all-counties account, referred to in this subsection (7) as the "all-counties account".

(II) The state department is authorized to accept gifts, grants, and donations, which must be transferred to the fund and credited to the all-counties account within the fund.

(III) In addition to transfers credited to the all-counties account within the fund pursuant to subsection (7)(a.6) of this section, the general assembly may directly appropriate general fund money to the fund. If the general assembly makes a direct appropriation of general fund money to the fund, the money must be credited to the all-counties account within the fund. The state department, in consultation with the counties, shall determine the allocation of any money credited to the all-counties account within the fund, which money may be allocated to all counties, regardless of size.

(IV) The state department, in consultation with counties, shall allocate all money from the fund to increase local child welfare prevention and intervention services capacity, which

allocations must be used by a county for the delivery of child welfare prevention and intervention services that have been approved by the state department.

(V) The state department shall work collaboratively with the state board of human services to promulgate rules concerning the allocation and use of money from the fund.

(a.3) (I) For state fiscal year 2018-19, and for each state fiscal year thereafter, except for state fiscal years 2019-20, 2020-21, and 2021-22, the state department retains any unspent general fund money included in the initial allocation to each balance of state county, up to five percent of the total general fund money allocated to balance of state counties, as described in subsection (4)(b) of this section and referred to in this subsection (7) as "small- and medium-sized counties".

(II) Retained money pursuant to subsection (7)(a.3)(I) of this section must be transferred into the fund and credited to the small- and medium-sized account within the fund.

(III) Money from the small- and medium-sized account within the fund must be allocated by the state department, in consultation with small- and medium-sized counties, to small- and medium-sized counties to increase local child welfare prevention and intervention services capacity and must be used by counties for the delivery of child welfare prevention and intervention services that have been approved by the state department.

(a.5) Subject to the limitations set forth in this subsection (7), the state department may, at the end of a state fiscal year based upon the recommendations of the child welfare allocations committee, allocate any unexpended capped money for the delivery of specific child welfare services to any one or more counties whose spending has exceeded a capped allocation for such specific child welfare services.

(a.6) Subsequent to the allocation of any unexpended capped money pursuant to subsection (7)(a.5) of this section, and except for state fiscal years 2019-20, 2020-21, and 2021-22, any remaining state general fund money must be transferred to the fund and credited to the all-counties account within the fund for allocation by the state department to counties for the delivery of state-department-approved child welfare prevention and intervention services.

(b) A county may only receive money pursuant to subsection (7)(a.5) of this section for expenditures other than those attributable to administrative and support functions as referred to in section 26-5-101 (3)(m) and for authorized expenditures attributable to caseload increases beyond the caseload estimate established pursuant to subsection (3) of this section for a specific capped allocation.

(c) A county may not receive money pursuant to the provisions of subsection (7)(a.5) of this section for authorized expenditures attributable to caseload increases for services in one capped allocation from unexpended capped money in another capped allocation.

(d) As used in this section, "unexpended capped money" means money that has been appropriated for child welfare services, allocated to a county or group of counties as a capped allocation or allocations pursuant to the provisions of subsection (4) of this section.

(8) **County-level child welfare staff.** (a) For the state fiscal year 2015-16, and for each state fiscal year thereafter, each county may receive a capped allocation in addition to its portion of the child welfare block grant for the specific purpose of hiring new child welfare staff at the county level in addition to child welfare staff existing as of January 1, 2015. A county that utilizes said additional allocation shall continue to pay for child welfare staff positions existing as of January 1, 2015, through the child welfare block grant.

(b) Each county that receives an allocation for child welfare staff pursuant to paragraph (a) of this subsection (8) shall provide a ten percent match to state and federal moneys provided pursuant to this subsection (8); except that a county that qualifies as tier 1 or tier 2 for purposes of the county tax base relief fund, as defined in section 26-1-126 (3) and (4), is funded at one hundred percent of state and federal funds provided pursuant to this subsection (8).

(c) Any moneys allocated pursuant to this subsection (8) that are not expended by the end of a fiscal year for the purpose specified in paragraph (a) of this subsection (8) must revert back to the general fund.

(9) Repealed.

26-5-110. Guardianship assistance program - legislative declaration - eligibility - rules. (1) The general assembly declares that:

(a) The state of Colorado has a strong interest in providing permanency options to children who are part of the foster care system;

(b) Children and youth in the child welfare system are better served when family ties are preserved and strengthened because permanent family connections are critical to a child's overall well-being and development;

(c) The general assembly has established through past legislation a statutory preference for placement with relatives and kin at all stages of a child welfare case;

(d) To help support permanency with family and kin relationships when adoption and reunification are either unavailable or not appropriate permanency options for the child, the general assembly created the "Relative Guardianship Assistance Program" in 2010, as authorized by the federal "Fostering Connections to Success and Increasing Adoptions Act of 2008", Pub. L. 110-351;

(e) The state of Colorado has a strong interest in providing permanency options to children who are part of the traditional foster care system and who are not otherwise able to be placed with relatives or kin;

(f) It is appropriate to further the goal of permanency by passing legislation to provide financial assistance for the care of children, when it is in accordance with federal law, to relatives, kin, and foster parents who have a significant relationship with the child, as outlined in

statute, and who have assumed legal guardianship or allocation of parental responsibilities of children who they previously cared for as certified foster parents through the federal "Title IV-E Adoption and Guardianship Assistance Program", 42 U.S.C. sec. 673 (d); and

(g) It is therefore the intent of the general assembly that the state guardianship assistance program will be utilized to enhance family preservation and provide a permanency option for children who have developed a significant relationship with their foster parent caregiver when reunification and adoption are either unavailable or not appropriate permanency options for the child, and provide stability in safe and stable placements with relatives, kin, and foster parent caregivers in circumstances set forth in this legislation.

(2) There is established a guardianship assistance program in the state department, referred to in this section as the "program". Assistance from the program is available when a court has determined that adoption and reunification with the child's or children's parent or legal guardian are not appropriate permanency options for the child or children. Program assistance is available in the following situations:

(a) To relatives, kin, and persons ascribed by the family as having a family-like relationship with the child or children and who:

(I) Are committed to the child's or children's permanency;

(II) Were the certified foster parent or parents of the child or children for a minimum of six consecutive months at the time they assumed guardianship or allocation of parental responsibilities; and

(III) Have assumed legal guardianship of or allocation of parental responsibilities for the child or children; or

(b) To a certified foster parent or parents who do not otherwise qualify for the program pursuant to subsection (2)(a) of this section if:

(I) The child or children in the certified foster parent's or parents' care are twelve years of age or older, or if at least one of the children in the sibling group is eleven years of age or younger and has an older sibling who receives assistance from the program;

(II) The dependency and neglect court finds that the child or children have a substantial psychological tie to the certified foster parent or parents, such that it would be seriously detrimental to the child's or children's emotional well-being to remove the child or children from the certified foster parent's or parents' care, as described in section 19-3-702 (4)(e)(III);

(III) Adoption and reunification are not appropriate permanency options for the child or children, and the dependency and neglect court finds, pursuant to section 19-3-702 (4)(e)(III) that the child's or children's certified foster parent or parents are unable to adopt the child because of exceptional circumstances, which do not include an unwillingness to accept legal responsibility for the child, but they are willing and capable of providing the child with a stable and permanent environment;

(IV) The certified foster parent or parents of the child or children have cared for the child or children for a minimum of twelve months; and

(V) The certified foster parent or parents have assumed legal guardianship of or allocation of parental responsibilities for the child or children with the child's or children's consent who are twelve years of age or older.

(3) The state department shall promulgate rules that comply with the provisions of 42 U.S.C. sec. 673 (d) for the implementation of this section for situations where a child or children have been removed from the home through a judicial determination that continuation in the

home would not be in the best interest of the child or children, and that reunification and adoption are not appropriate permanency options for the child or children.

The steering committee is expected to develop an implementation plan for a statewide child abuse reporting hotline system, which is advertised to the public and to mandatory reporters, and to make recommendations for rules relating to the operation of the hotline system and relating to consistent practices for responding to reports and inquiries. The purpose of the hotline system is to provide a direct, immediate, and efficient route to the entity responsible for accepting a report pursuant to section 19-3-307, C.R.S. The hotline system shall be operational and publicized statewide no later than January 1, 2015.

(b) With the express written consent of the board of county commissioners of a county, a county department may request that the state department assist that county with the taking of calls or initial contacts from the public of reports of possible child abuse or neglect or of inquiries. The executive director of the state department must approve this arrangement in writing.

(c) Based upon the recommendations of the child abuse hotline steering committee, the state department shall establish a statewide child abuse reporting hotline system.

(4) The state board is authorized to adopt rules, based upon the recommendations of the child abuse hotline steering committee, and may revise rules, as necessary, including but not limited to the following:

(a) The type of technology that may be used by the hotline system for directly routing initial contacts from the hotline system to the applicable entity responsible for accepting reports pursuant to section 19-3-307, C.R.S., or to the applicable entity to respond to an inquiry, including but not limited to a single statewide toll-free telephone number, and including technologies for language translation and for communicating with people who are deaf or have hearing impairments, such as telecommunications devices for the deaf (TDD) or text telephone services (TTY), with flexibility to adapt the methods to changing and emerging technologies as appropriate;

(b) The operation of the hotline system, including the central record keeping and tracking of reports and inquiries statewide, and a requirement that the record keeping and tracking of reports and inquiries be accessible to all counties through the state's case management system;

(c) Rules governing the standards and steps for information and referral and how an inquiry is routed to the applicable entity responsible for responding to an inquiry;

26-5-117. Out-of-home placement for children and youth with mental or behavioral needs - funding - report - rules - legislative declaration - definitions - repeal. (1) (a) The general assembly finds and declares that:

(I) The COVID-19 pandemic has lead to an emergency need for increased placements for children and youth with behavioral or mental health needs, including those involved with the child welfare system; and

(II) As the state works to transition to the critical requirements of the federal "Family First Prevention Services Act", it must ensure a smooth transition by helping existing residential child care facilities transition to qualified residential treatment programs or psychiatric residential treatment facilities.

(b) Therefore, the general assembly declares that the state should provide resources to qualified residential treatment programs, psychiatric residential treatment facilities, or therapeutic foster care providers to address this emergency situation and ensure there are high-quality providers available to meet these needs.

(2) (a) The BHA shall develop a program to provide emergency resources to licensed providers to help remove barriers such providers face in serving children and youth whose behavioral or mental health needs require services and treatment in a residential child care facility. Any such licensed provider shall meet the requirements of a qualified residential treatment program, as defined in section 26-5.4-102; a psychiatric residential treatment facility, as defined in section 25.5-4-103 (19.5); treatment foster care; or therapeutic foster care.

(b) (I) Beginning July 1, 2022, the BHA shall provide ongoing operational support for psychiatric residential treatment facilities, therapeutic foster care, treatment foster care, and qualified residential treatment programs as described in subsection (2)(a) of this section.

(II) For the 2022-23 budget year, the general assembly shall appropriate money from the behavioral and mental health cash fund created in section 24-75-230 to the BHA to fund operational support for psychiatric residential treatment facilities for youth, qualified residential treatment programs, therapeutic foster care, and treatment foster care for youth across the state as described in this subsection (2).

(III) Money spent pursuant to this subsection (2) must conform with the allowable purposes set forth in the federal "American Rescue Plan Act of 2021", Pub.L. 117-2, as amended. The state department shall either spend or obligate such appropriation prior to December 30, 2024, and expend the appropriation on or before December 31, 2026.

(IV) This subsection (2)(b) is repealed, effective September 1, 2027.

(c) The BHA and any person who receives money from the BHA shall comply with the compliance, reporting, record-keeping, and program evaluation requirements established by the office of state planning and budgeting and the state controller in accordance with section 24-75-226 (5).

(3) Repealed.

(4) (a) The BHA shall contract with licensed providers for the delivery of services to children and youth who are determined eligible for and placed in the program. A provider that contracts with the BHA shall not:

(I) Deny admittance of a child or youth if the child or youth otherwise meets the eligibility criteria for the program; or

(II) Discharge a child or youth based on the severity or complexity of the child's or youth's physical, behavioral, or mental health needs; except that the BHA may arrange for the placement of a child or youth with an alternate contracted provider if the placement with the alternate provider is better suited to deliver services that meet the needs of the child or youth.

(b) The BHA shall reimburse a provider directly for the costs associated with the placement of a child or youth in the program for the duration of the treatment, including the costs the provider demonstrates are necessary in order for the provider to operate continuously during this period.

(c) The BHA shall coordinate with the department of health care policy and financing to support continuity of care and payment for services for any children or youth placed in the program.

(d) The BHA shall reimburse the provider one hundred percent of the cost of unutilized beds in the program to ensure available space for emergency residential out-of-home placements.

(5) (a) A hospital, health-care provider, provider of case management services, school district, managed care entity, or state or county department of human or social services may refer a family for the placement of a child or youth in the program. The entity referring a child or youth for placement in the program shall submit or assist the family with submitting an application to the BHA for review. The BHA shall consider each application as space becomes available. The BHA shall approve admissions into the program and determine admission and discharge criteria for placement.

(b) The BHA shall develop a discharge plan for each child or youth placed in the program. The plan must include the eligible period of placement of the child or youth and shall identify the entity that will be responsible for the placement costs if the child or youth remains with the provider beyond the date of eligibility identified in the plan.

(c) The entity or family that places the child or youth in the program retains the right to remove the child or youth from the program any time prior to the discharge date specified by the BHA.

ARTICLE 5.3

Emergency Assistance for Families with Children at Imminent Risk of Out-of-Home Placement Act

26-5.3-101. Short title. This article shall be known and may be cited as the "Emergency Assistance for Families with Children at Imminent Risk of Out-of-Home Placement Act".

Source: L. 93: Entire article added, p. 1998, § 1, effective June 9.

26-5.3-102. Legislative declaration. (1) The general assembly hereby finds and declares that:

(a) The state of Colorado recognizes its obligation to protect and provide for the children in Colorado's child welfare system;

(b) The children at imminent risk of being placed out of the home are likely to be placed out of the home immediately if intervention services are not made available to such children and their families;

(c) Community and home-based services are effective in helping to avoid the need to place children out of their homes and to reunite children with their families. However, alternatives to out-of-home placement are available only to a small percentage of children in the state due to insufficient statewide resources.

(d) Families with children at imminent risk of being placed out of the home are families in crisis and in need of emergency assistance to avoid such placement or to reunite families when an emergency has resulted in an out-of-home placement, which assistance includes, but is not limited to, intensive family preservation services and other services designed to maintain a child at home;

(e) Federal financial participation is available to provide emergency assistance to needy families with children in the form of intake, assessment, counseling, treatment, and other family preservation services that meet needs of the family which are attributable to the emergency or crisis situation;

(f) The provision of emergency assistance is likely to reduce the escalating state general fund costs of out-of-home placements, thereby making moneys available for other necessary children and family services or programs; and

(g) Because the child welfare system is a contributing factor to the state's expenditures, it is important to maximize moneys available to the state for child welfare needs by making service delivery systems family-focused, cost-efficient, and accessible statewide.

(2) The general assembly further finds and declares that it is therefore appropriate to authorize the implementation of an emergency assistance program for families with children at imminent risk of being placed out of the home. In addition, it is appropriate to develop a plan for the use of moneys saved as a result of providing emergency assistance to families.

services that meet the needs of the family which are attributable to the emergency or crisis situation.

(2) Nothing in this article shall prevent the state department from complying with federal requirements for a program of emergency assistance in order for the state of Colorado to qualify for federal funds under the federal "Social Security Act" and to use such federal funds for families with children at imminent risk of immediate out-of-home placement and to reunite children with their families, within the limits of available appropriations.

In accordance with section 24-36-114, all interest derived from the deposit and investment of money in the fund must be credited to the general fund. It is the general assembly's intent that no additional state or county general fund money is used to finance the implementation of the plan established in accordance with subsection (2) of this section.

Editor's note: This section is similar to former § 26-5.5-101 as it existed prior to 1993.

26-5.5-102. Legislative declaration. (1) The general assembly finds and declares that:

(a) Maintaining a family structure to the greatest degree possible is one of the fundamental goals that all state agencies must observe, and the state's intervention in family dynamics should not exceed that which is necessary to rectify the cause for intervention;

(b) Out-of-home placement is often the most expensive and disruptive method of providing services to troubled families;

(c) It is becoming increasingly difficult to attract foster parents for the number of children placed out of the home;

(d) The principle of appropriate state intervention is a cornerstone of family preservation services. Such services, when properly targeted and administered, provide states with an opportunity to initiate the systemic reform of children, youth, and families public services by providing services that are family-focused, outcome-driven, and cost-efficient.

(e) Family preservation programs implemented in other states, such as the "homebuilder's" model in the state of Washington, have resulted in improved family-functioning rates. Placement prevention rates of up to eighty-eight percent have been reported in some of the thirty-one states that have initiated some form of a family preservation program.

(f) A statewide family preservation program may be financed to provide intensive services for families where a child is at risk of an out-of-home placement based on criteria established by the state board of human services and to provide phased-in services aimed at reunifying families where a child has been placed out of the home, where appropriate, by tapping into other available federal funds or through moneys realized from cost avoidance in prevention of placement;

(g) On the basis of the foregoing, it is appropriate to enact the provisions of this article providing for the implementation of a statewide family preservation program that provides for immediate intensive services for at-risk families and phased-in services aimed at reunifying families, where appropriate, when the targeted families for intensive or reunification services have been served.

(2) It is the general assembly's intent that the implementation and financing of the statewide family preservation program be consistent with applicable federal mandates, including any federal financial participation requirements, and that the implementation of the program not place this state at risk of losing federal funds received by the state for children, youth, and families services prior to the enactment of this article.

(2) Any youth admitted to a licensed child care facility, licensed homeless youth shelter, or licensed host family home pursuant to this article 5.7 and who is not returned to the home of the youth's parent or legal guardian or is not placed in a voluntary alternative residential placement pursuant to section 26-5.7-107 shall reside at a facility, shelter, or licensed host family home described in subsection (1) of this section for a period not to exceed twenty-one days from the time of intake except as otherwise provided in this article 5.7. A licensed child care facility, licensed homeless youth shelter, or a licensed host family home shall make a concerted effort to achieve a reconciliation of the family. If a reconciliation and voluntary return of the youth have not been achieved within seventy-two hours from the time of intake and the director of the facility or shelter, or other person in charge, does not consider it likely that reconciliation will be achieved within the twenty-one-day period, then the director of the facility or shelter, or other person in charge, shall provide the youth and the youth's parent or legal guardian with a statement identifying:

(a) The availability of counseling services;

(b) The availability of longer term residential arrangements; and

(5) If the director of the facility, shelter, or other person in charge determines that a referral for additional services needs to be made, the director or other person in charge shall make the referral to the appropriate county department, notify the county department of the facility's relationship to the youth pursuant to section 19-1-307 (2)(e.5)(I), and notify the county department of the date when the twenty-one-day shelter time period will expire.

(6) A licensed foster care home approved as a licensed host family home shall not accept a homeless youth for placement under this section if there are any foster children currently placed in the home.

(7) If a youth who is at least eleven years of age but less than fifteen years of age has been served up to twenty-one days and returns to the licensed child care facility, licensed homeless youth shelter, or licensed host family home after leaving the facility, shelter, or host home, the director of the licensed child care facility or licensed homeless youth shelter or other person in charge shall make a referral for services to the county department.

If the youth refuses to provide the shelter with contact information for the youth's parent or legal guardian, the youth's parent or legal guardian is deceased, or the shelter director or other person in charge believes that notifying the parent or legal guardian would not be in the youth's best interest due to an imminent risk of abuse or neglect by the parent or legal guardian, the shelter shall notify the appropriate county department.

(2) Upon admission of a youth to a licensed child care facility or licensed homeless youth shelter pursuant to this article 5.7, the facility or shelter shall:

(a) Notify the youth's parent, legal guardian, or appropriate county department of the youth's whereabouts, physical and emotional condition, and the circumstances surrounding the youth's placement within twenty-four hours;

(c) Arrange transportation for the youth to the residence of the youth's parent or legal guardian when the youth and the parent or legal guardian agree that the youth shall return to the

home of the youth's parent or legal guardian. The parent or legal guardian shall reimburse the party who paid for the transportation costs to the extent of the parent's or legal guardian's ability.

A youth and the youth's parent may enter into an agreement for a voluntary alternative residence out of the home. Any agreement for voluntary alternative residence shall be in writing signed by both the youth and the youth's parent and may include, but is not limited to, residence with a relative or other responsible adult, in a licensed child care facility, or in a licensed homeless youth shelter. Voluntary alternative residence may continue as long as there is agreement between the youth and the youth's parent.

(2) Agreements for voluntary alternative residence pursuant to subsection (1) of this section may include arrangements for payment to the party providing the residence for the youth or other responsibilities.

(3) A person assuming responsibility under the agreement for the provision of a residence for the youth shall have the authority to:

(a) Twenty-one days have passed since admission;

(b) The youth's parent cannot be found after diligent effort by the facility or shelter to locate such parent, the youth's parent has failed to respond to a notice sent by the facility or shelter, or the youth's parent has renounced responsibility for the youth; and

(c) The youth has no suitable place to live other than the home of the youth's parent.

(3) A supervised independent living arrangement can only be established pursuant to subsection (2) of this section if:

(a) The youth has not been deemed to have a substance use disorder and is in need of treatment;

(b) The youth is not currently demonstrating behavior that poses a danger to the youth or others;

(c) The youth is not engaging in persistent high-risk behavior that renders the youth inappropriate for an independent living arrangement through a placement alternative commission plan pursuant to section 19-1-116, C.R.S., or foster care placement through the county department; and

FOSTER CARE, RESIDENTIAL, DAY TREATMENT, AND CHILD PLACEMENT AGENCY LICENSING

26-6-901. Short title. The short title of this part 9 is the "Foster Care, Residential, Day Treatment, and Agency Licensing Act".

Source: L. 2022: Entire part added, (HB 22-1295), ch. 123, p. 783, § 17, effective July 1.

26-6-902. Legislative declaration. (1) The general assembly finds that regulation and licensing of foster care homes, residential and day treatment child care facilities, and child placement agencies contribute to a safe and healthy environment for children and youth. The provision of such an environment affords benefits to children and youth, their families, their communities, and the larger society. It is the intent of the general assembly that those who regulate and those who are regulated work together to meet the needs of the children, youth, their families, foster care providers, child placement agencies, and residential and day treatment child care facilities.

(2) In balancing the needs of children and their families with the needs of child placement agencies and the residential and day treatment child care industry, the general assembly also recognizes the financial demands the department of human services faces in its attempt to ensure a safe and sanitary environment for children of the state of Colorado who are in foster care with child placement agencies or in residential and day treatment child care facilities. In an effort to reduce the risk to children placed outside their homes while recognizing the financial constraints placed on the department, it is the intent of the general assembly that the limited resources available are focused primarily on residential and day treatment child care facilities and agencies that have demonstrated that children in their care may be at higher risk.

Except as otherwise provided in subsection (1)(c) of this section, a license that the state department issues is permanent unless otherwise revoked or suspended pursuant to section 26-6-914.

(b) A person operating a foster care home is not required to obtain a license from the state department to operate the foster care home if the person holds a certificate issued pursuant to section 26-6-910 to operate the home from a county department or a child placement agency licensed under the provisions of this part 9. A certificate is considered a license for the purpose of this part 9, including but not limited to the investigation and criminal history background checks required under sections 26-6-910 and 26-6-912.

(c) (I) On and after July 1, 2002, and contingent upon the timelines for implementation of the computer "trails" enhancements, child placement agencies that certify foster care homes must be licensed annually until the implementation of any risk-based schedule for the renewal of child placement agency licenses pursuant to subsection (1)(c)(II) of this section. The state board shall promulgate rules specifying the procedural requirements associated with the renewal of child placement agency licenses. The rules must include the requirement that the state department conduct assessments of the child placement agency.

(II) (A) On and after January 1, 2004, and upon the functionality of the computer "trails" enhancements, the state department may implement a schedule for relicensing of child placement agencies that certify foster care homes that is based on risk factors such that child placement agencies with low risk factors must renew their licenses less frequently than child placement agencies with higher risk factors.

(B) Prior to January 1, 2004, and contingent upon the timelines for implementation of the computer "trails" enhancements, the state department shall create classifications of child placement agency licenses that certify foster care homes that are based on risk factors as those factors are established by rule of the state board.

(III) On and after July 1, 2021, all residential child care facilities must be licensed annually. The state board shall promulgate rules specifying the procedural requirements associated with the license renewal for residential child care facilities. The rules must include a requirement that the state department conduct assessments of the residential child care facility.

(2) A person shall not receive or accept a child under eighteen years of age for placement, or place a child either temporarily or permanently in a home, other than with persons related to the child, without first obtaining a license as a child placement agency from the department and paying the fee prescribed for the license.

(3) The department may issue a one-time provisional license for a period of six months to an applicant for an original license for a foster care home, permitting the applicant to operate the foster care home if the applicant is temporarily unable to conform to all standards required under this part 9, upon proof by the applicant that the applicant is attempting to conform to the standards or to comply with any other requirements. The applicant has the right to appeal any standard that the applicant believes presents an undue hardship or has been applied too stringently by the department. Upon the filing of an appeal, the department shall proceed in the manner prescribed for licensee appeals in section 26-6-909 (4).

(4) The department shall not issue a license for a residential or day treatment child care facility until the facilities that the applicant or licensee will operate or maintain are approved by the department of public health and environment as conforming to the sanitary standards prescribed by the department pursuant to section 25-1.5-101 (1)(h) and unless the facilities conform to fire prevention and protection requirements of local fire departments in the locality of the facility or, in lieu thereof, of the division of labor standards and statistics.

(5) A person shall not send or bring into this state a child for the purposes of foster care or adoption without sending notice of the pending placement and receiving the consent of the department, or its designated agent, to the placement. The notice must contain:

(6) The state board of human services shall establish rules for the approval of foster care homes and child care centers that provide twenty-four-hour care of children between eighteen and twenty-one years of age for whom the county department is financially responsible and when placed in foster care by the county department.

(7) On and after July 1, 2005, and subject to designation as a qualified accrediting entity as required by the "Intercountry Adoption Act of 2000", 42 U.S.C. sec. 14901 et seq., the state department may license and accredit a child placement agency for purposes of providing adoption services for conventional adoptions pursuant to the "Intercountry Adoption Act of 2000", 42 U.S.C. sec. 14901 et seq. The state board of human services may adopt rules consistent with federal law governing the procedures for adverse actions regarding accreditation, which procedures may vary from the procedures set forth in the "State Administrative Procedure Act", article 4 of title 24.

(8) (a) (I) The state department shall not issue a license to operate a residential or day treatment child care facility or a child placement agency, and any license or certificate issued prior to August 7, 2006, is revoked or suspended if the applicant for the license or certificate, an affiliate of the applicant, a person employed by the applicant, or a person who resides with the applicant at the facility has been convicted of:

- (A) Child abuse, as specified in section 18-6-401;
 - (B) A crime of violence, as defined in section 18-1.3-406;
 - (C) Any offenses involving unlawful sexual behavior, as defined in section 16-22-102

(II) As used in this subsection (8)(a), "convicted" means a conviction by a jury or by a court and also includes a deferred judgment and sentence agreement, a deferred prosecution agreement, a deferred adjudication agreement, an adjudication, and a plea of guilty or nolo contendere.

(III) An applicant, licensee, or employee of the applicant or licensee who meets the definition of a department employee or an independent contractor, as those terms are defined in section 27-90-111, or who works for a contracting agency, as defined in section 27-90-111, and who will have direct contact with vulnerable persons, as defined in section 27-90-111 (2)(e), is required to submit to a state and national fingerprint-based criminal history record check in the same manner as required pursuant to section 27-90-111 (9); except that the state department shall not bear the cost of the criminal history record check required by this subsection (8)(a)(III). The state department may also conduct a comparison search on the Colorado state courts public access system to determine the crime or crimes for which the individual having direct contact with vulnerable persons was arrested or convicted and the disposition of such crime or crimes. The criminal history record check required by this subsection (8)(a)(III) must be submitted to the state department prior to the individual having direct contact with vulnerable persons, and an applicant, licensee, or employee of an applicant or licensee must not be allowed to have direct contact with vulnerable persons if he or she does not meet the requirements set forth in this subsection (8) and in section 27-90-111 (9).

A certified copy of the judgment of a court of competent jurisdiction of a conviction, deferred judgment and sentence agreement, deferred prosecution agreement, or deferred adjudication agreement is prima facie evidence of the conviction or agreement. A license or certificate to operate a residential or day treatment child care facility, foster care home, or child placement agency shall not be issued if the state department has a certified court order from another state indicating that the person applying for the license or certificate has been convicted of child abuse or any unlawful sexual offense against a child under a law of any other state or the United States or the state department has a certified court order from another state that the person applying for the license or certificate has entered into a deferred judgment or deferred prosecution agreement in another state as to child abuse or any sexual offense against a child.

(9) (a) No later than January 1, 2004, the state board shall promulgate rules that require all current and prospective employees of a county department who in their position have direct contact with a child in the process of being placed or who has been placed in foster care to submit a set of fingerprints for purposes of obtaining a fingerprint-based criminal history record check, unless the person has already submitted a set of fingerprints. The check must be conducted in the same manner as provided in subsection (8) of this section and in section 26-6-912 (1)(a). The person's employment is conditional upon a satisfactory criminal background check and subject to the same grounds for denial or dismissal as set forth in subsection (8) of this section and in section 26-6-912 (1)(a). The costs for the fingerprint-based criminal history record check must be borne by the applicant.

(b) When the results of a fingerprint-based criminal history record check performed pursuant to this subsection (9) reveal a record of arrest without a disposition, the state department shall require the person to submit to a name-based criminal history record check, as defined in section 22-2-119.3 (6)(d). The costs for the name-based judicial record check must be borne by the applicant.

(10) The state department shall not issue a license to operate a residential or day treatment child care facility, foster care home, or child placement agency if the person applying for the license or an affiliate of the applicant, a person employed by the applicant, or a person who resides with the applicant at the facility has been determined to be insane or mentally incompetent by a court of competent jurisdiction and, if the court enters, pursuant to part 3 or part 4 of article 14 of title 15, or section 27-65-109 (4) or 27-65-127, an order specifically finding that the mental incompetency or insanity is of such a degree that the applicant is incapable of operating a residential or day treatment child care facility, foster care home, or child placement agency, the record of such determination and entry of such order being conclusive evidence thereof.

(11) The state department is strongly encouraged to examine and report to the general assembly on the benefits of licensing any private, nonprofit child placement agency that is dedicated to serving the special needs of foster care children through services delivered by specialized foster care parents in conjunction with and supported by staff of the child placement agency. Failure to comply with applicable zoning and land use regulations constitutes grounds for the denial of a license to a facility.

(2) The department shall ensure that timely written notice is provided to the municipality, city and county, or county where a residential or day treatment child care facility is situated, including the address of the facility and the population and number of persons to be served by the facility, when any of the following occurs:

(4) An applicant or person licensed to operate a facility or agency under the provisions of this part 9 has the right to appeal any standard that, in the applicant's or person's opinion, creates an undue hardship or when, in the applicant's or person's opinion, a standard has been too stringently applied by representatives of the department. The department shall designate a panel of persons representing various state and local governmental agencies with an interest in and concern for children to hear the appeal and to make recommendations to the department. The membership of the appeals review panel must include, but need not be limited to, a representative from a twenty-four-hour child care facility; a representative from a licensed child placement agency; a representative with child placement experience from a county department; and a representative from at least one other state department, or from the division within the department that is responsible for child welfare, who has education and expertise in trauma-informed care and child welfare. The executive director, or the executive director's designee, shall appoint all members to the appeals review panel. Representatives to the appeals review panel serve terms of no more than three years and may serve successive terms.

(5) The state board may promulgate rules to regulate the operation of out-of-home placement provider consortia. The regulation shall not include licensing of out-of-home placement provider consortia.

(6) The state board shall promulgate rules to define the requirements for licensure for a licensed host family home serving homeless youth pursuant to the "Homeless Youth Act", article 5.7 of this title 26.

(7) (a) A county director, or the county director's designee, may approve, at the county director's discretion, a waiver of non-safety licensing standards for kinship foster care. A waiver may be approved only if:

(I) It concerns non-safety licensing standards, as set forth by rule of the state board pursuant to subsection (7)(d) of this section;

(II) The safety and well-being of the child or children receiving care is not compromised; and

(III) The waiver request is in writing.

(b) In addition to an approved waiver of non-safety licensing standards, a county director of human or social services, or the county director's designee, may limit or restrict a license issued to a kinship foster care entity or require that entity to enter into a compliance agreement to ensure the safety and well-being of the child or children in that entity's care.

(c) A kinship foster care entity may not appeal a denial of a waiver requested pursuant to subsection (7)(a) of this section.

(d) The state board shall promulgate rules concerning the waiver of non-safety licensing standards for kinship foster care. The rules must include, but need not be limited to, a listing of non-safety licensing standards that may not be waived and circumstances in which waivers do not apply. The state board shall also define by rule the meaning of "kinship foster care" for the purposes of this subsection (7).

(8) The executive director has the power to direct the administration or monitoring of medications to persons in facilities pursuant to section 25-1.5-301 (2)(e).

26-6-910. Certification and annual recertification of foster care homes by county departments and licensed child placement agencies - background and reference check requirements - definition. (1) This section applies to foster care homes, including kinship foster care homes, certified by county departments or licensed child placement agencies. Except as otherwise provided in subsection (4) of this section, this section does not apply to foster care homes that are licensed by the state department pursuant to the requirements of section 26-6-905 and that do not receive money from the counties or children placed by the counties. A foster care home licensed by the state department must undergo all of the background checks and requirements set forth in section 26-6-905 or as otherwise stated in this part 9.

(2) A person operating a foster care home shall obtain a certificate to operate the home from a county department or a child placement agency licensed pursuant to the provisions of this part 9. A certificate is considered a license for the purpose of this part 9, including but not limited to the investigation and criminal history background checks required pursuant to this section and section 26-6-912. Each certificate must be in the form prescribed and provided by the state department, certify that the person operating the foster care home is a suitable person to operate a foster care home or provide care for a child, and contain any other information that the state department requires. A child placement agency issuing or renewing any such certificate shall notify the state department about the certification in a method and time frame as set by rule adopted by the state board.

(3) A foster care home, when certified by a county department or licensed child placement agency, may receive for care a child from a source other than the certifying county department or child placement agency upon the written consent and approval of the certifying county department or child placement agency.

(4) A county department or licensed child placement agency may certify a facility as a foster care home that is also licensed as a family child care home, as defined in section 26.5-5-303, by the department of early childhood so long as the licensure and certification are provided by two separate licensing entities.

(5) Prior to issuing a certificate or a recertification to an applicant to operate a foster care home, a county department or a child placement agency licensed pursuant to the provisions of this part 9 shall conduct the following background checks for the applicant for a certificate, a person employed by the applicant, or a person who resides at the facility or the home:

(a) A fingerprint-based criminal history record check through the Colorado bureau of investigation and the federal bureau of investigation to determine if the applicant, employee, or a person who resides at the facility or the home has been convicted of:

- (I) Child abuse, as specified in section 18-6-401;
- (II) A crime of violence, as defined in section 18-1.3-406;
- (III) An offense involving unlawful sexual behavior, as defined in section 16-22-102 (9);
- (IV) A felony, the underlying factual basis of which has been found by the court on the record to include an act of domestic violence, as defined in section 18-6-800.3;

(V) A felony involving physical assault, battery, or a drug-related offense within the five years preceding the date of application for a certificate;

(VI) A pattern of misdemeanor convictions, as defined by rule of the state board, within the ten years preceding the date of the application for the certificate; or

(VII) An offense in another state, the elements of which are substantially similar to the elements of any one of the offenses described in subsections (5)(a)(I) to (5)(a)(VI) of this section;

(b) A check of the ICON system at the state judicial department to determine the status or disposition of any criminal charges brought against the applicant, the employee, or a person who resides at the facility or the home that were identified by the fingerprint-based criminal history record check through the Colorado bureau of investigation and the federal bureau of investigation;

(c) A check of the state department's automated database for information to determine if the person, employee, or person who resides at the facility or the home has been identified as having a finding of child abuse or neglect and whether the finding has been determined to present an unsafe placement for a child;

(d) A check against the state's sex offender registry and against the national sex offender public registry operated by the United States department of justice that checks names and addresses in the registries and the interactive database system for Colorado to determine if the applicant, employee, or person who resides at the facility or the home is a registered sex offender; and

(e) When the results of a fingerprint-based criminal history record check or any other record check performed pursuant to this subsection (5) reveal a record of arrest without a disposition, the county department or licensed child placement agency shall require the person to submit to a name-based judicial record check, as defined in section 22-2-119.3 (6)(d).

(6) A county department or a child placement agency licensed pursuant to the provisions of this part 9 shall not issue a certificate to operate, or a recertification to operate, a foster care home and shall revoke or suspend a certificate if the applicant for the certificate, a person employed by the applicant, or a person who resides at the facility or home:

(a) Has been convicted of any of the crimes listed in subsection (5)(a) of this section as verified through a fingerprint-based criminal history record check, a name-based judicial record check, if necessary, and a check of the ICON system at the state judicial department;

(b) Has been identified as having a finding of child abuse or neglect through a check of the state department's automated database and such finding has been determined to present an unsafe placement for a child;

(c) Is a registered sex offender in the sex offender registry created pursuant to section 16-22-110 or is a registered sex offender in another state as determined by a check of the national sex offender public registry operated by the United States department of justice; except that this provision does not apply to an adult resident who has been placed in the foster care facility or home for treatment under an adult child waiver. The sex offender registry checks must check the known names and addresses of the applicant, employee, or a person who resides at the facility or the home in the interactive database system for Colorado and in the national sex offender public registry against all of the registrant's known names and addresses.

(7) As used in this section, "convicted" means a conviction by a jury or by a court and includes a deferred judgment and sentence agreement, a deferred prosecution agreement, a deferred adjudication agreement, an adjudication, or a plea of guilty or nolo contendere; except that this does not apply to a diversion or deferral or plea for a juvenile who participated in diversion, as defined in section 19-2.5-102, and does not apply to a diversion or deferral or plea

for a person who participated in and successfully completed the child abuse and child neglect diversion program, as described in section 19-3-310.

(8) (a) The convictions identified in subsections (5)(a) and (6)(a) of this section must be determined according to the records of the Colorado bureau of investigation or the federal bureau of investigation and the ICON system at the state judicial department. The screening request in Colorado must be made pursuant to section 19-1-307 (2)(k.5), rules promulgated by the state board pursuant to section 19-3-313.5, and 42 U.S.C. sec. 671 (a)(20). A certified copy of the judgment of a court of competent jurisdiction of the conviction, deferred judgment and sentence agreement, deferred prosecution agreement, or deferred adjudication agreement is prima facie evidence of a conviction or agreement.

(b) The county department or licensed child placement agency shall not issue a certificate to operate a foster care home or a kinship foster care home if the state department or the county department has a certified court order from another state indicating that the person applying for the certificate:

(I) Has been convicted of child abuse or any unlawful sexual offense against a child under a law of another state or the United States, the elements of which are substantially similar to the elements of any of the offenses described in subsections (5)(a)(I) to (5)(a)(VI) of this section; or

(II) Has entered into a deferred judgment or deferred prosecution agreement in another state as to child abuse or any sexual offense against a child, the elements of which are substantially similar to the elements of any of the offenses described in subsections (5)(a)(I) to (5)(a)(VI) of this section.

(9) Notwithstanding any other provision of this part 9, a person shall not operate a foster care home that is certified by a county department or by a licensed child placement agency if the person is a relative of an employee of the child welfare division or unit of the county department certifying the foster care home or a relative of an owner, officer, executive, member of the governing board, or employee of the child placement agency certifying the foster care home. If the person files an application with a county department or a child placement agency that would violate the provisions of this subsection (9) by certifying the foster care home, the county department or child placement agency shall refer the application to another county department or child placement agency. Unless otherwise prohibited, the county department or child placement agency to which the application is referred may certify and supervise a foster care home operated by the person. The county department that referred the application may place a child in the county-certified foster care home upon written agreement of the two county departments.

(10) Notwithstanding any other provision of this part 9, an owner, officer, executive, member of the governing board, or employee of a child placement agency licensed pursuant to this part 9 or a relative of said owner, officer, executive, member, or employee, shall not hold a beneficial interest in property operated or intended to be operated as a foster care home, when the property is certified by the child placement agency as a foster care home.

(11) A county department or licensed child placement agency may issue a one-time provisional certificate for a period of six months to an applicant for an original certificate that permits the applicant to operate a foster care home if the applicant is temporarily unable to conform to all of the standards required under this part 9 upon proof by the applicant that the applicant is attempting to conform to the standards or to comply with any other requirements. The applicant has a right to appeal to the state department any standard that the applicant

believes presents an undue hardship or has been applied too stringently by the county department or licensed child placement agency. Upon the filing of an appeal, the state department shall proceed in the manner prescribed for licensee appeals in section 26-6-909 (4).

26-6-911. Foster care - kinship care - rules applying generally - rule-making. (1)

The state board shall promulgate rules that apply to foster care generally, regardless of whether the foster care is provided by a foster care home certified by a county department or by a child placement agency, and to kinship care, including kinship foster care. The state board shall develop the rules in consultation with the state department, county departments, child placement agencies, and others with expertise in the development of rules regarding foster care.

(2) At a minimum, the rules described in subsection (1) of this section must include the following:

(a) Using the state department's automated database, the procedures for notifying all county departments and child placement agencies that place children in foster care when the state department has identified a confirmed report of child abuse or neglect, as defined in section 19-1-103, that involves a foster care home, as well as the suspension of any further placements in the foster care home until the investigation is concluded;

(b) *[This version of subsection (2)(b) takes effect until January 9, 2023.]* The immediate notification of a child's guardian ad litem upon the child's placement in a foster care home, and the provision of the guardian ad litem's contact information to the foster parents;

(b) *[This version of subsection (2)(b) takes effect January 9, 2023.]* The immediate notification of a child's guardian ad litem or counsel for youth upon the child's placement in a foster care home, and the provision of the guardian ad litem's or counsel for youth's contact information to the foster parents;

(c) A requirement that all county departments and all child placement agencies that place children in foster care conduct and document that all of the background checks specified in section 26-6-910 (5) and (6) have been completed for any person applying to provide foster care, any person employed by the applicant to work in a foster care facility, and any adult resident of the foster care home, prior to placing a child in foster care with that person;

(d) A list of actions a county department or child placement agency shall take if a disqualifying factor is found during any of the background checks specified in section 26-6-910 (5) and (6) and section 19-3-406 (4) and (4.5);

(e) A list of sanctions the state department may place upon a county department or child placement agency if the required background checks for foster care homes are not completed or documented, including fines or disciplinary actions;

(f) Requirements that foster care homes must be recertified annually, including rules setting forth the procedural requirements associated with certification and recertification. The rules must include requirements that the certifying entity shall perform an on-site visit to each foster care home applying for certification or recertification and shall inspect the entire premises of the foster care home, including sleeping areas, as well as other assessments of the foster care home. Only one county department or child placement agency shall certify a foster care home at any one time. The rules must also specify a time frame for notification and the method for a

child placement agency issuing or renewing a certificate to operate a foster care home to notify the state department about any certification.

(g) Rules that govern the health assessment of foster care parents by a licensed health-care professional that require a written evaluation of the person's physical and mental ability to care for foster children. If, in the opinion of the licensed health-care professional or the assessment worker, an emotional or psychological condition exists that would have a negative impact on the care of foster children, the issuance of a certificate must be conditioned on the satisfactory report of a licensed mental health practitioner.

(h) The communication requirements that must be followed between two entities that license and certify the same facility as a foster care home and as a family child care home as set forth in section 26-6-910 (4).

(3) The state department shall review the current address verification practices and policies in other states for checking the prior addresses of persons who apply to be foster care providers or kinship foster care providers and of adults who reside in the foster care home or kinship foster care home. After conducting the review, the state department shall recommend to the state board whether rules and standards should be adopted for verification of addresses of these persons by county departments and child placement agencies.

Editor's note: Section 138(1)(b) of chapter 123 (HB 22-1295), Session Laws of Colorado 2022, provides that the act changing this section takes effect only if HB 22-1038 becomes law, in which case this section takes effect January 9, 2023. HB 22-1038 became law and takes effect January 9, 2023.

26-6-912. Investigations and inspections - local authority - reports - rules. (1) (a) (I) (A) The state department shall investigate and pass on each application for issuance of a license, each application for a permanent or time-limited license following the issuance of a probationary or provisional license, and each application for renewal of a license to operate a facility or an agency prior to granting the license or renewal. As part of the investigation, the state department shall require each individual, including but not limited to the applicant, an owner, an employee, a newly hired employee, a licensee, and an adult who is eighteen years of age or older and resides in the licensed facility, to obtain a fingerprint-based criminal history record check by reviewing any record that is used to assist the state department in ascertaining whether the person being investigated has been convicted of any of the criminal offenses specified in section 26-6-905 (8) or any other felony. The state board shall promulgate rules that define and identify what the criminal history record check entails.

(B) Rules promulgated by the state board pursuant to this subsection (1)(a)(I) must require the fingerprint-based criminal history record check in all circumstances, other than those identified in subsection (1)(a)(I)(C) of this section, to include a fingerprint-based criminal history record check using the records of the Colorado bureau of investigation and the federal bureau of investigation and to apply to any new owner, new applicant, newly hired employee, new licensee, or individual who begins residing in the licensed facility. As part of the investigation, the records and reports of child abuse or neglect maintained by the state

department must be accessed to determine whether the owner, applicant, employee, newly hired employee, licensee, or individual who resides in the licensed facility being investigated has been found to be responsible in a confirmed report of child abuse or neglect. Information is made available pursuant to section 19-1-307 (2)(j) and rules promulgated by the state board pursuant to section 19-3-313.5 (4). Except as provided in subsection (1)(a)(I)(C) of this section, any change in ownership of a licensed facility or agency or addition of a new resident adult or newly hired employee to the licensed facility requires a new investigation as provided in this section.

(C) When two or more individually licensed facilities are wholly owned, operated, and controlled by a common ownership group or school district, a fingerprint-based criminal history record check and a check of the records and reports of child abuse or neglect maintained by the department, completed for one of the licensed facilities of the common ownership group or school district pursuant to this section for an individual for whom the check is required pursuant to this part 9, may satisfy the record check requirement for any other licensed facility under the same common ownership group or school district. A new fingerprint-based criminal history record check or new check of the records and reports of child abuse or neglect maintained by the department is not required of such an individual if the common ownership group or school district maintains a central records management system for employees of all its licensed facilities; takes action as required pursuant to section 26-6-905 when informed of the results of a fingerprint-based criminal history record check or check of the records and reports of child abuse or neglect maintained by the department that requires action pursuant to this part 9; and informs the department whenever an additional licensed facility comes under or is no longer under its ownership or control.

(D) The state board shall promulgate rules to implement this subsection (1)(a)(I).

(II) Rules promulgated by the state board pursuant to subsection (1)(a)(I) of this section must also include:

(A) A comparison search on the ICON system at the state judicial department with the name and date of birth information and any other available source of criminal history information that the state department determines is appropriate for each circumstance in which the Colorado bureau of investigation fingerprint check either does not confirm a criminal history or confirms a criminal history, in order to determine the crime or crimes for which the person was arrested or convicted and the disposition thereof;

(B) Any other recognized database that is accessible on a statewide basis as set forth by rules promulgated by the state board; and

(C) When the results of an investigation performed pursuant to subsection (1)(a)(I) of this section or this subsection (1)(a)(II) reveal a record of arrest without a disposition, a name-based judicial record check, as defined in section 22-2-119.3 (6)(d).

(III) If the operator of a facility or agency refuses to hire an applicant as a result of information disclosed in the investigation of the applicant pursuant to subsection (1)(a)(I) of this section, the facility or agency is not subject to civil liability for the refusal to hire. If a former employer of the applicant releases information requested by the facility or agency pertaining to the applicant's former performance, the former employer is not subject to civil liability for the information given.

(b) An applicant for certification as a foster care home shall provide the child placement agency or the county department from whom the certification is sought with a list of all the prior child placement agencies and county departments to which the applicant has previously applied,

and a release of information from the child placement agencies and county departments to which the applicant has previously applied, to obtain information about the application and any certification given by the child placement agencies and county departments. A child placement agency or county department from whom the certification is sought shall conduct a reference check of the applicant and any adult resident of the foster care home by contacting all of the child placement agencies and county departments identified by the applicant before issuing the certification for that foster care home. Child placement agencies and county departments are held harmless for information released, in good faith, to other child placement agencies or county departments.

(c) (I) For all applicants applying to be a foster care home or kinship foster care home, regardless of reimbursement, the county department or child placement agency shall require each adult who is eighteen years of age or older and who resides in the home to obtain a fingerprint-based criminal history record check through the Colorado bureau of investigation and the federal bureau of investigation. The applicant must provide the county department or child placement agency with the addresses where the applicant and any adult residing in the home have lived in the preceding five years, including addresses from other states. The county department or the child placement agency shall conduct the following background checks of the applicant or an adult residing in the home:

(A) A fingerprint-based criminal history record check to determine if the applicant or adult residing in the home has been convicted of any of the crimes listed in section 26-6-910 (5)(a);

(B) A check of the ICON system at the state judicial department to determine the status or disposition of any pending criminal charges brought against the applicant or adult who resides in the home that were identified by the fingerprint-based criminal history record check through the Colorado bureau of investigation and the federal bureau of investigation;

(C) A check of the state department's automated database for information to determine if the applicant or adult who resides in the home has been identified as having a finding of child abuse or neglect and whether the finding has been determined to present an unsafe placement for a child;

(D) A check against the state's sex offender registry and against the national sex offender public registry operated by the United States department of justice that checks names and addresses in the registries and the interactive database system for Colorado to determine if the applicant or adult who resides in the home is a registered sex offender; and

(E) When the results of a fingerprint-based criminal history record check performed pursuant to this subsection (1)(c)(I) reveal a record of arrest without a disposition, a name-based criminal history record check, as defined in section 22-2-119.3 (6)(d).

(II) In addition to the fingerprint-based criminal history record check, the county department or child placement agency shall contact the appropriate entity in each state in which the applicant or any adult residing in the home has resided within the preceding five years to determine whether the individual has been found to be responsible in a confirmed report of child abuse or neglect.

(III) The screening request in Colorado for criminal history record checks through the Colorado bureau of investigation and the federal bureau of investigation must be made pursuant to section 19-1-307 (2)(k.5), rules promulgated by the state board pursuant to section 19-3-313.5, and 42 U.S.C. sec. 671 (a)(20).

(IV) The department must conduct an investigation pursuant to this subsection (1)(c) for any new resident adult whenever the adult is added to the foster care home or kinship care home. The department shall not use information obtained from state records of abuse or neglect for any purpose other than conducting the investigation for placement or certification.

(d) (I) When the state department, county department, or child placement agency is able to certify that the applicant or licensee is competent and will operate adequate facilities to care for children pursuant to the requirements of this part 9 and that standards are being met and will be complied with, it shall issue the license for which the applicant or licensee applied. The state department shall inspect or cause to be inspected the facilities to be operated by an applicant for an original license before the license is granted and shall thereafter inspect or cause to be inspected the facilities of all licensees that, during the period of licensure, have been found to be the subject of complaints or to be out of compliance with the standards set forth in section 26-6-909 and the rules of the state department, or that otherwise appear to be placing children at risk. The state department may make such other inspections as it deems necessary to ensure that the requirements of this part 9 are being met and that the health, safety, and welfare of the children being placed are protected. If, as a result of an inspection of a certified foster care home, the state department determines that a child residing in the foster care home is subject to an immediate and direct threat to the child's safety and welfare as defined by rules promulgated by the state board or that a substantial violation of a fundamental standard of care warrants immediate action, the state department may require a county department to immediately remove the child from the foster care home.

(II) The state board shall adopt rules concerning the on-site public availability of the most recent inspection report results of facilities, when requested. The state board shall also adopt rules concerning a requirement that all facilities licensed pursuant to this part 9 post their licenses and information regarding the procedures for filing a complaint pursuant to this part 9 directly with the state department, which rules must require that each facility display its license and complaint procedures in a prominent and conspicuous location at all times during operational hours of the facility; except that the rules must not require foster care homes to post their licenses and the rules must not require foster care homes and child placement agencies to post information regarding the procedures for filing a complaint pursuant to this part 9 directly with the state department. The state board shall adopt rules requiring foster care homes to make their licenses available to their patrons for inspection, upon request, and requiring foster care homes and child placement agencies to make the information concerning the filing of complaints available to their patrons for inspection, upon request.

(e) Notwithstanding any provision of this part 9 to the contrary, the state department may enter into an interagency agreement or a memorandum of understanding, or both, as necessary to complete the criminal history record checks and other background checks required in this section.

(2) (a) (I) Except as otherwise provided in subsection (2)(a)(II) of this section, the state department may authorize or contract with a county department, the county department of health, or another publicly or privately operated organization that has a declared interest in children and experience working with children or on behalf of children to investigate and inspect the facilities applying for an original or renewal license or applying for a permanent license following the issuance of a probationary or provisional license pursuant to this part 9 and may accept reports on the investigations and inspections from the agencies or organizations as a basis for licensing.

When contracting for investigations and inspections, the state department shall ensure that the contractor is qualified by training and experience and has no conflict of interest with respect to the facilities to be inspected.

(II) The state department shall not authorize or contract with a county department, the county department of health, or another publicly or privately operated organization that has a declared interest in children and experience working with children or on behalf of children for investigations and inspections described in subsection (2)(a)(I) of this section of any facilities that provide twenty-four-hour care and are licensed pursuant to this part 9.

(b) A city, county, or city and county may impose and enforce higher standards and requirements for facilities licensed pursuant to this part 9 than the standards and requirements specified pursuant to this part 9.

(3) Every facility and agency licensed pursuant to this part 9 shall keep and maintain such records as the department may prescribe pertaining to the admission, progress, health, and discharge of children under the care of the facility or agency and shall report relative thereto to the department whenever called for, upon forms prescribed by the department. Both the facility or agency and the department shall keep confidential all records regarding children and all facts learned about children and their relatives.

(4) Within available appropriations, the state department shall monitor, on at least a quarterly basis, the county department certification of foster care homes.

(5) As described in section 19-3.3-103, the state department and the office of the child protection ombudsman shall coordinate site visits to investigate and review residential child care facilities that house unaccompanied immigrant children who are in the custody of the office of refugee resettlement in the federal department of health and human services as set forth in 8 U.S.C. sec. 1232 et seq. The state department and the office of the child protection ombudsman may share final reports based on their site visits.

(6) When the state department receives a serious complaint about a facility or agency licensed pursuant to this part 9 alleging the immediate risk to the health or safety of the children cared for in the facility, the state department shall respond to the complaint and conduct an on-site investigation concerning the complaint within forty-eight hours after its receipt.

26-6-913. Revocation of certification of foster care home - emergency procedures - due process. Notwithstanding any other provision of law to the contrary, a county department may act immediately to revoke the certification of a county-certified foster care home when the county department has reason to believe that a child residing in the foster care home is subject to an immediate and direct threat to the child's safety and welfare or when a substantial violation of a fundamental standard of care warrants immediate action. If the county department acts pursuant to this section, a due process hearing shall be held within five days after the action and conducted as the hearing would normally be conducted pursuant to article 4 of title 24.

26-6-914. Denial of license - suspension - revocation - probation - refusal to renew license - fines - definitions. (1) When the department has denied an application for a license,

the department shall notify the applicant in writing of the denial by mailing a notice to the applicant at the address shown on the application. An applicant who is aggrieved by the denial may pursue the remedy for review as provided in subsection (10) of this section if the applicant, within thirty days after receiving the notice, petitions the department to set a date and place for hearing, affording the applicant an opportunity to be heard in person or by counsel. All hearings on the denial of licenses shall be conducted in conformity with the provisions and procedures specified in article 4 of title 24, as in the case of the suspension and revocation of licenses.

(2) The department may deny an application, or suspend, revoke, or make probationary the license, of any facility or agency regulated and licensed pursuant to this part 9 or assess a fine against the licensee pursuant to section 26-6-921 if the licensee, an affiliate of the licensee, a person employed by the licensee, or a person who resides with the licensee at the facility or agency:

(10) The department shall suspend or revoke a license only in conformity with the provisions and procedures specified in article 4 of title 24, and after a hearing thereon as provided in said article 4; except that all hearings under this part 9 must be conducted by an administrative law judge of the department, who shall render a recommendation to the executive director of the department, who shall render the final decision of the department, and no licensee is entitled to a right to cure any of the charges described in subsection (2)(a), (2)(c), (2)(d), or (2)(m)(I) of this section. The hearing shall not prevent or delay any injunctive proceedings instituted pursuant to the provisions of section 26-6-918.

(11) The provisions of subsection (2)(d) of this section do not apply to foster care homes, unless such use or consumption impairs the licensee's ability to properly care for children.

The department shall maintain the confidentiality of the names and mailing addresses provided to it pursuant to this subsection (1).

(b) Within twenty days after receiving the names and addresses of parents and legal guardians pursuant to subsection (1)(a) of this section, the department shall send a written notice to each such parent or legal guardian identifying the negative licensing action or the fine imposed and providing a description of the basis for the action as it relates to the impact on the health, safety, and welfare of the children in the care of the facility or agency. The department shall send the notice to the parents and legal guardians by first-class mail.

(c) The state board shall promulgate rules concerning the assessment of a fine against a licensee that is equal to the direct and indirect costs associated with the mailing of the notice described in subsection (1)(b) of this section.

(2) The state board shall promulgate rules requiring facilities and agencies to provide written notice to the parents and legal guardians of the children cared for in the facilities and agencies of the procedures by which to file a complaint against the facility or agency or an employee of the facility or agency with the division within the department that is responsible for facility and agency licensing. 26-6-918. Injunctive proceedings. The department, in the name of the people of the state of Colorado, through the attorney general of the state, must apply for an injunction in any court of competent jurisdiction to enjoin a person from operating a facility or agency without a license that is required to be licensed pursuant to this part 9. If the person does not have a valid license pursuant to this part 9, the person's license has been revoked pursuant to section 26-6-914, or the person does not meet the licensing exemption criteria set forth in section 26-6-904, yet provides child care and has a pattern of providing the child care without a valid license as required by this part 9, and despite having received notification from the department that the person, facility, or agency is in violation of the law, then the person, facility, or agency is providing unlicensed and illegal child care. At the time the department applies for an injunction, the department shall notify law enforcement of the injunction proceedings. If it is established that the defendant has been or is operating the facility or agency without a valid license, the court shall enter a decree enjoining the defendant from further operating the facility unless and until the person obtains a license as required by this part 9. In case of a violation of an injunction issued pursuant to this section, the court may summarily try and punish the offender for contempt of court. Injunctive proceedings pursuant to this section are in addition to and not in lieu of the penalty provided in section 26-6-919.

At least every five years, the department shall conduct a comprehensive review of the licensing rules for foster care homes and child placement agencies and the procedures relating to and governing foster care homes and agencies, including procedures for the review of backgrounds of employees and owners. In conducting the periodic review, the department shall consult with foster care providers, child placement agencies, county departments, the department of public health and environment, and other interested parties throughout the state. The periodic review must include an examination of the rules applicable to foster care homes and child placement agencies; the process of licensing foster care homes and child placement agencies; uniformity of standards or lack thereof in the licensing process; statewide standardization of investigations and enforcement of licensing by the department; duplication and conflicts in rules, requirements, or procedures between the department and the department of public health and environment; and recommendations for streamlining and unifying the licensing process. The review must also include an examination of rules and procedures regarding the general physical and mental health of foster care providers, employees, and owners. (1) In addition to any other penalty otherwise provided by law, including section 26-6-919, a person who violates any provision of this part 9 or intentionally makes a false statement or report to the department or to any agency delegated by the department to make an investigation or inspection pursuant to the provisions of this part 9 may be assessed a civil penalty up to a maximum of ten thousand dollars, as follows:

- (a) Two hundred and fifty dollars a day for the first day;
- (b) Five hundred dollars a day for the second day; and
- (c) One thousand dollars a day for the third and subsequent days.

(2) Each day in which a person is in violation of any provision of this part 9 may constitute a separate offense.

(3) The department may assess a civil penalty in conformity with the provisions and procedures specified in article 4 of title 24; except that all hearings conducted pursuant to this section must be before an administrative law judge of the department, who shall render a recommendation to the executive director of the department, who shall render the final decision of the department.

(4) (a) The department shall transmit fines collected pursuant to this section, section 26-6-914 (2) and (8), and section 26-6-915 (1)(c) to the state treasurer, who shall credit the same to the child welfare cash fund, created in subsection (4)(b) of this section.

(b) The balance as of July 1, 2022, in the child care cash fund, created pursuant to section 26-6-114 (5), as it existed prior to July 1, 2022, that is attributable to fines and civil penalties collected by the division in the department that is responsible for child welfare is hereby transferred to the child welfare cash fund, which fund is hereby created in the state treasury. A county department shall also identify whether it is requesting the state department to investigate a complaint against a child placement agency for possible negative licensing action against the child placement agency.

(2) Upon receiving a request for investigation of a child placement agency from a county department, the state department shall commence an investigation and, upon conclusion, report its findings to the requesting county department. The state department shall include in its report to the county department the child placement agency's response, if any, to the findings.

(3) The state department shall provide to county departments and affected child placement agencies direct access to information concerning the results of an investigation or negative licensing action taken against the affected child placement agency licensed to provide foster care services in Colorado.

(4) (a) The state department, in collaboration with the federal department of health and human services and other federal agencies and with county departments, shall seek recovery from a child placement agency of any public funds that the child placement agency has misused, as the term "misuse" is defined by rules promulgated pursuant to section 26-6-914 (2)(p).

The provision in the contract must provide for an appeal of the decision to recover or withhold the funds. The state board shall promulgate rules that set forth the procedures for the appeal, which rules must require, at a minimum, reasonable notice to the child placement agency.

(I) To provide prevention and intervention services in an effort to reduce incidents of youth crime and violence;

(II) To provide prevention and intervention services in an effort to reduce the occurrence and reoccurrence of child abuse and neglect and to reduce the need for state intervention in child abuse and neglect prevention and education;

(III) For the prevention and intervention of youth alcohol, tobacco, marijuana, and other drug use; and

(IV) For the prevention and intervention of student drop out.

(2) (a) The board shall choose those entities that will receive grants through the Tony Grampsas youth services program and the amount of each grant. The state department shall administer the grants awarded and monitor the effectiveness of programs that receive grants through the Tony Grampsas youth services program.

(b) Repealed.

(c) Any grant awarded through the Tony Grampsas youth services program shall be paid from moneys appropriated pursuant to paragraph (d) of this subsection (2) or out of the general fund for the program. The board, in accordance with the timelines adopted pursuant to section 26-6.8-103 (3), shall submit a list of the entities chosen to receive grants to the governor for approval. The governor shall either approve or disapprove the entire list of entities by responding to the board within twenty days. If the governor does not respond to the board within twenty days after receipt of the list, the list is approved. The board shall not award a grant through the Tony Grampsas youth services program without the prior approval of the governor.

(d) (I) The youth services program fund is created in the state treasury. The principal of the fund consists of tobacco litigation settlement money transferred by the state treasurer to the fund pursuant to section 24-75-1104.5 (1.7)(e). Subject to annual appropriation by the general assembly, the state department may expend money from the fund for the Tony Grampsas youth services program, including the compensation of youth members of the Tony Grampsas youth services board, as described in section 26-6.8-103 (1)(e)(II). All unexpended and unencumbered money appropriated to the fund at the end of a fiscal year remains available for expenditure by the state department for the Tony Grampsas youth services program in the following fiscal year without further appropriation and must not be transferred or revert to the general fund state at the end of a fiscal year.

(II) In addition to the moneys appropriated to the youth services program fund pursuant to subparagraph (I) of this paragraph (d), the fund also consists of any moneys appropriated to the fund from the marijuana tax cash fund created in section 39-28.8-501, C.R.S. Any moneys in the fund attributable to the marijuana tax cash fund shall be used for community-based programs for the prevention and intervention of marijuana use. Notwithstanding the provisions of subparagraph (I) of this paragraph (d), any unexpended and unencumbered moneys in the fund at the end of a fiscal year that are attributable to the marijuana tax cash fund shall remain in the fund and shall not be transferred to the tobacco litigation settlement cash fund or any other fund.

(III) If an entity seeks a grant from the board for a program directed at providing alcohol, tobacco, marijuana, and other drug use prevention and intervention services to youth,

one of the criteria the board must consider is whether the program utilizes evidence-based practices in the delivery of services.

(3) To participate in the Tony Grampsas youth services program, an entity may apply to the board in accordance with timelines and guidelines adopted by the board pursuant to section 26-6.8-103.

(4) Entities seeking to provide youth mentoring services or to enhance existing youth mentoring programs are encouraged to submit an application to the board for grants directly from the Tony Grampsas youth services program, in addition to any funding the entities may be seeking from the youth mentoring services cash fund pursuant to section 26-6.8-104 (6), to establish or enhance youth mentoring programs. Entities submitting applications for grants directly from the Tony Grampsas youth services program pursuant to this section need not meet the requirements of section 26-6.8-104 (5)(b).

26-6.8-104. Colorado youth mentoring services. (1) **Short title.** This section shall be known and may be cited as the "Colorado Youth Mentoring Services Act".

(2) **Legislative declaration.** (a) The general assembly finds and declares that mentoring programs have been active in Colorado for many years. The general assembly finds that national research has indicated that structured mentoring programs are effective tools in combating youth substance use, youth crime and violence, and other challenges faced by youth. The general assembly further finds, based upon recent national research results, that youth who are matched in professionally supported mentoring relationships are less likely to become involved in substance and alcohol use, less likely to be truant, less likely to commit violent acts against other persons, and more likely to show improvements in academic performance and positive peer relations.

(b) The general assembly further finds that, despite the positive results that may be achieved through structured youth mentoring programs, counties in the state of Colorado do not have the organizational resources necessary to carry out successful mentoring programs or lack volunteers to establish such programs, or both. The general assembly finds that even counties in which there are established youth mentoring programs, such programs are unable to meet the demand for mentors.

(c) The general assembly therefore declares and determines that the provision of youth mentoring services that would use public and private entities to recruit, train, screen, and supervise volunteers to serve as mentors for youth would be beneficial and in the best interests of the citizens of the state of Colorado.

(3) **Definition.** For purposes of this section, "youth" means a person who is five years of age or older but under twenty-five years of age and who is challenged by such risk factors as poverty, residence in a substance-abusing household, family conflict, association with peers who commit crimes, residence in a single-parent household, exhibition of indicia of delinquent behavior, or being the victim of child abuse.

(4) **Provision of youth mentoring services.** There is created the Colorado youth mentoring program to provide state funding for the provision of evidence-informed youth mentoring services in an effort to reduce youth substance use, decrease the incidents of youth crime and violence, and increase protective factors for youth. The funding must be used to provide evidence-informed youth mentoring services in communities that do not have existing mentoring programs as well as to enhance established evidence-informed youth mentoring programs that are already in existence.

(5) **Administration - duties of contracting entities.** (a) To be eligible for money from the youth mentoring services cash fund created in subsection (6) of this section for the provision of evidence-informed youth mentoring services, an entity must apply to the board in accordance with the timelines and guidelines adopted by the board pursuant to section 26-6.8-103 and must meet the requirements of subsection (5)(b) of this section.

(b) An entity selected by the board to provide an evidence-informed youth mentoring program shall:

(I) Adhere to evidence-informed standards of practice. An evidence-informed youth mentoring program uses a model that is evaluated annually and incorporates research evidence into its design and delivery. An entity that is awarded a grant shall annually demonstrate proof that evidence-informed standards are applied throughout the program. An entity must demonstrate proof that it applies evidence-informed standards by presenting current proof of compliance for achievement from an evaluation concerning the application of evidence-informed standards administered by an outside organization; and

(II) Ensure mentoring is the primary service provided by the program and make intentional matches or formal connections between youths and mentors.

(c) Community-based organizations may obtain private and public funds, grants, gifts, or donations for youth mentoring programs. The executive director may accept and expend on behalf of the state any funds, grants, gifts, or donations from any private or public source for the purpose of implementing this section; except that the executive director shall not accept a grant or donation if the conditions attached to the grant or donation require the expenditure thereof in a manner contrary to law.

(d) Entities selected to receive grants pursuant to this section for the provision of youth mentoring services shall match any grant received with a contribution that is the equivalent of twenty percent of the grant awarded.

(6) **Youth mentoring services cash fund.** There is created in the state treasury the youth mentoring services cash fund, referred to in this subsection (6) as the "fund". The money in the fund is subject to annual appropriation by the general assembly for the direct and indirect costs of implementing this section. All unexpended and unencumbered money appropriated to the

fund at the end of a fiscal year remains available for expenditure by the state department for youth mentoring services in the following fiscal year without further appropriation and must not be transferred or revert to the general fund at the end of the fiscal year. The executive director may accept on behalf of the state any grants, gifts, or donations from any private or public source for the purpose of this section. All private and public money received through grants, gifts, or donations must be transmitted to the state treasurer, who shall credit the same to the fund. The general assembly may appropriate money from the marijuana tax cash fund created in section 39-28.8-501. All investment earnings derived from the deposit and investment of money in the fund remains in the fund and must not be transferred or revert to the general fund of the state at the end of any fiscal year.

26-6.8-105. Colorado student dropout prevention and intervention program. (1)
Short title. This section shall be known and may be cited as the "Colorado Student Dropout Prevention and Intervention Act".

(2) **Legislative declaration.** The general assembly hereby finds that:

(a) During the last decade, over one hundred thousand students in Colorado left school without successfully completing a high school program;

(b) In 1996, three million six hundred thousand young adults in the United States were neither enrolled in school nor had they completed a high school program;

(c) In the 1995-1996 academic year, approximately thirteen thousand students withdrew from Colorado schools prior to receiving a diploma, resulting in a four percent dropout rate;

(d) Of those students who withdrew from Colorado schools prior to receiving a diploma, approximately five thousand nine hundred were minority students;

(e) The dropout rate of minority students in Colorado is significantly greater than that of nonminority students;

(f) Numerous factors, including socioeconomic background, lack of adult support, and the inability to communicate well in English, influence a student's decision to drop out of school;

(g) Research has shown that, compared with high school graduates, relatively more dropouts are unemployed, and those dropouts who do succeed in finding work tend to earn less money than high school graduates; and

(h) High school dropouts are more likely to apply for and receive public assistance than high school graduates.

(3) **Definitions.** For purposes of this section, "student" means an individual enrolled in a primary or secondary school who is facing adversity such as dropping out of school because of

the individual's socioeconomic background, lack of adult support, language barriers, or other identified indicators that cause school drop out.

(4) **Colorado student dropout prevention and intervention program.** There is created the Colorado student dropout prevention and intervention program in the Tony Grampsas youth services program to provide services to students and their families in an effort to reduce the dropout rate in secondary schools through an appropriate combination of academic and extracurricular activities designed to enhance the overall education and edification of students in secondary schools.

(5) **Administration.** (a) The state department shall administer the student dropout prevention and intervention program. Subject to the designation in subsection (5)(b) of this section, the board shall select those entities that will receive grants through the student dropout prevention and intervention program and the amount of each grant. In addition, the state department shall monitor the effectiveness of programs that receive funds through the student dropout prevention and intervention program. To be eligible for grants from the board for the provision of student dropout prevention and intervention programs for students, an entity must apply to the board in accordance with the timelines and guidelines adopted by the board pursuant to section 26-6.8-103.

(b) Any moneys awarded by the board shall be paid from moneys appropriated out of the general fund for the Tony Grampsas youth services program. Each year no less than ten percent of the total appropriation from the general fund shall be designated and used exclusively for programs specifically designed to prevent students from dropping out of secondary schools; except that, commencing in fiscal year 2004-05 and in each fiscal year thereafter, no less than twenty percent of the total appropriation shall be designated and used exclusively for such purpose.

(6) **Receipt of money.** (a) The executive director may accept on behalf of the state any funds, grants, gifts, or donations from any private or public source for the purpose of implementing student dropout prevention and intervention programs pursuant to this section; except that the executive director shall not accept funds, grants, gifts, or donations if the conditions attached thereto require the expenditure thereof in a manner contrary to law.

(b) All private and public money received through funds, grants, gifts, or donations pursuant to this subsection (6) shall be transmitted to the state treasurer, who shall credit the same to the student dropout prevention and intervention fund, which fund is hereby created. The money in the fund is subject to annual appropriation by the general assembly for the direct and indirect costs associated with the administration of this section. The executive director may expend money appropriated to the state department from the fund to provide a grant for implementing and administering a student dropout prevention and intervention program. All investment earnings derived from the deposit and investment of money in the fund is credited to the fund. All unexpended and unencumbered money in the fund at the end of a fiscal year remains available for expenditure by the state department for student dropout prevention and intervention in the following fiscal year without further appropriation and must not be transferred or revert to the general fund at the end of a fiscal year.

Entities that receive grants pursuant to this section shall apply the grants to creating and implementing before-and-after-school programs that primarily serve youth enrolled in grades six through eight or youth who are twelve to fourteen years of age. The before-and-after-school programs are designed to help youth develop their interests and skills in the areas of sports and fitness, character and leadership, or arts and culture and may provide education regarding the dangers of the use of alcohol, tobacco, and other drugs. Before-and-after-school programs that are designed primarily to increase academic achievement or that provide religious instruction are not eligible for funding pursuant to this section.

(3) **Administration.** (a) The state department shall administer the project. The board shall select the entities that will receive grants through the project and the amount of each grant. In addition, the state department shall monitor the effectiveness of before-and-after-school programs that receive moneys through the project. To be eligible for grants through the project, an entity shall apply to the board in accordance with the timelines and guidelines adopted by the board pursuant to section 26-6.8-103. Notwithstanding any provision of this article or any criteria for awarding grants adopted by the board pursuant to section 26-6.8-103 (2)(b) to the contrary, an entity may be eligible to receive a grant pursuant to this section regardless of whether the before-and-after-school program to which the grant would apply serves youth who are eligible for free or reduced-cost lunch pursuant to the "Richard B. Russell National School Lunch Act", 42 U.S.C. sec. 1751 et seq.

(a) Colorado children and youth who reside in or have previously resided in an out-of-home placement deserve and can benefit from the stability and security of permanent, safe adoptive homes;

(b) In particular, adoption is an important tool to help increase the number of permanent and stable homes for Colorado's abused and neglected children and youth; and

(c) Many children and youth who are adopted in Colorado have experienced prior abuse, neglect, multiple placements, and institutionalization. These prior experiences often cause physical, psychological, emotional, and developmental harm that affects these children and youth throughout their lives.

(2) Therefore, the general assembly declares that it is the intent of this article 7 to:

(a) Encourage families of any economic status to adopt eligible children and youth and to provide such families with benefits that will enable them to meet the needs of eligible children and youth who meet the criteria for the benefits as established in this article 7;

(b) Ensure that all families and eligible children and youth in Colorado have equal opportunities to access the benefits established in this article 7;

(c) Ensure that all families and eligible children and youth in Colorado have equal access to consistent information, guidance, and practices to ensure that the needs of each child or youth receive consistent consideration, regardless of the agency that is administering benefits pursuant to this article 7;

(d) Ensure that families are able to maintain safe and stable homes for the eligible children and youth they adopt through benefits tailored to accommodate and support the needs of the adopted eligible children and youth; and

(e) Ensure that any agency providing benefits pursuant to this article 7 has clear guidance and support in its efforts to help eligible children and youth find and maintain safe, permanent adoptive homes.

26-7-105. Eligibility for adoption benefits. (1) Only an eligible child or youth who has special needs that create a barrier to his or her adoption is eligible for adoption benefits.

(2) The following conditions must be present at the time the eligible child or youth was placed for adoption; except that a child or youth who meets the medical and disability requirements for federal supplemental security income does not need to meet the additional conditions:

(a) The eligible child or youth was in the custody of a county department, a person to whom the custody of the child has been given by proper order of a dependency and neglect court, or a nonprofit child placement agency, and is legally available for adoption, including the resolution of all appeals; and

(b) It has been determined that the eligible child or youth cannot or should not be returned home to his or her biological parents; and

(c) Reasonable but unsuccessful efforts to place the eligible child or youth for adoption without benefits have been made, except under the following circumstances:

(I) It is determined that such efforts would be against the best interest of the eligible child or youth because of factors that include, but are not limited to, the existence of a significant bond with the prospective adoptive parents or a search for a nonsubsidized adoptive placement would delay a child's or youth's right to permanency in a timely manner; or

(II) The eligible child or youth is being placed by a birth parent with designated adoptive parents through a nonprofit child placement agency; and

(d) The county department or nonprofit child placement agency has determined that the adoptive family has the capability of providing for the nonfinancial needs of the eligible child or youth.

26-7-106. Available benefits. (1) A county department may authorize or administer one or more of the types of benefits available pursuant to this article 7, as described in subsection (2) of this section.

(2) The benefits available pursuant to this article 7 include:

- (a) Monthly subsidy payments;

Source: L. 2019: Entire article R&RE, (SB 19-178), ch. 180, p. 2045, § 1, effective August 2.

26-7-107. Determination of benefits - adoption assistance agreement - review - definitions. (1) The benefits provided in any case pursuant to this article 7 must be determined through an agreement between the adoptive parents and the county department administering the program. The terms of the agreement must be reached through a discussion and good-faith negotiation process that addresses the needs of the eligible child or youth. Once the terms of the agreement are reached by the respective parties, the parties shall sign the agreement prior to adoption finalization. If an agreement cannot be reached with the concurrence of the adoptive parents, the adoptive parents' request for adoption assistance may be reviewable through the administrative law appeals process.

(2) The use of a means test is prohibited in the process of selecting an adoptive family. A means test also must not be substituted for the negotiation of an adoptive family's benefits. The circumstances of the family, as defined in section 26-7-102 (5), should be considered in negotiating a family's benefits.

(3) (a) Determination of the type and amount of benefits to be provided must take into consideration the circumstances of the adoptive family and the current and anticipated needs of the eligible child or youth being adopted. In no case may the amount of the monthly subsidy payment exceed the foster care maintenance payment that would have been paid if the eligible child or youth had been in foster care at the time of the eligible child's or youth's adoption or at the time of renegotiation in the case of adoption assistance adjustment. The amount of payments may be adjusted periodically if either the needs of the eligible child or youth or the circumstances of the family change, but only with the concurrence of the adoptive parents.

(b) (I) In addressing the needs of an eligible adopted child or youth, adoptive parents may knowingly take on additional costs for items or services for the child or youth being adopted, which items or services are otherwise covered costs under the medical assistance program established in articles 4, 5, and 6 of title 25.5 and identified as benefits in section 26-7-106 (2)(b). The limitations on recipient payments contained in sections 24-31-808 and 25.5-4-301 do not apply to such additional costs so long as the adoptive parents consent to bear the costs as provided in subsection (3)(b)(II) of this section, and so long as the provisions of this subsection (3)(b) are not prohibited under federal law.

(II) The adoptive parents may enter into a written agreement with a provider under which the adoptive parents agree to pay for additional costs associated with items or services that are reimbursable under the medical assistance program but, in the judgment of the adoptive parents, may be required from a provider that is not enrolled in the medical assistance program. Under these circumstances, the adoptive parents are liable for the costs of such items or services and shall not seek reimbursement under the adoption assistance program or the medical assistance program for the cost of such items or services after the items or services have been provided and paid for pursuant to a written agreement described in this subsection (3)(b)(II). Further, the county department is not required to cover the cost of such items or services as part of the circumstances of the family or the anticipated needs of the eligible child or youth during subsidy negotiations pursuant to this section. Nothing in this section precludes consideration of any other family circumstances or anticipated needs for purposes of negotiating adoption assistance.

(III) The department of health care policy and financing shall seek any federal authorization necessary under the medical assistance program, established in articles 4, 5, and 6 of title 25.5, for purposes of this subsection (3)(b).

(4) In cases where a subsidy is not provided in an agreement, the county department shall document:

(a) The child's or youth's special needs in the services record and in the state department's automated child welfare system; and

(b) The potential need for financial subsidies that exist and may need to be activated at a future time.

(5) An agreement entered into pursuant to subsection (1) of this section must be reviewed at least every three years. The county departments shall provide written notice of the upcoming review to the adoptive family.

(6) Any new agreement must include the circumstances under which the county department may suspend subsidy payments.

(7) The agreement may be adjusted after good-faith negotiation and with the concurrence of the adoptive family. An adjustment is reviewable through the administrative law process upon the request of the family. Any party may request a review of the agreement prior to the three-year mandatory review if changes occur in the needs of the adoptive child or youth or in the circumstances of the family.

(8) Benefits provided through the program must be continued if the adoptive parents leave the state of Colorado with the adopted child or youth.

26-7-108. Suspension of subsidies. (1) The county department may suspend the payment of subsidies available pursuant to this article 7 when contact with the adoptive family cannot be established and the county department cannot establish that the adoptive parent is providing any support, which includes financial support as determined by the Title IV-E agency.

(2) Prior to suspension, the county department shall provide notice to the adoptive parents of intent to suspend subsidy payments at least ten days prior to suspension and shall include in the notice:

(a) A statement of the county department's intent to suspend subsidy payments, as well as the reasons and legal basis for the intended suspension;

(b) A description of the adoptive parents' right to request a fair hearing pursuant to 45 CFR 205.10;

(c) A description of the circumstances under which adoption assistance must be continued if a hearing is requested; and

(d) The circumstances under which a suspension may be reversed without a fair hearing.

(3) When the subsidy payment is suspended, the eligible child or youth remains Title IV-E eligible, the Title IV-E agreement remains in effect, and the eligible child or youth remains eligible for, and in receipt of, medical assistance pursuant to articles 4, 5, and 6 of title 25.5, if applicable.

26-7-109. Termination of adoption assistance agreement. (1) The county department shall terminate the payment of subsidies available pursuant to this article 7 when any of the following situations occur:

(a) The child or youth reaches eighteen years of age; except that, in cases where the county department has determined that the child or youth has a mental or physical handicap that warrants continued assistance, the payment of subsidies shall continue until the child or youth reaches twenty-one years of age;

(b) The adoptive parent or parents are no longer legally responsible for the support of the child or youth;

(c) The child or youth is no longer receiving support from the adoptive family, which includes financial support as determined by the Title IV-E agency; or

(d) The county department certifies the death, marriage, or enrollment in military service of the child or youth.

(2) Adoptive parents who receive subsidies shall keep the county department that is administering the program informed of circumstances that would make them ineligible to continue to receive subsidies pursuant to this article 7.

26-7-110. Appeals. (1) In any decision made pursuant to this article 7, the adoptive parents have the right to appeal to the state department, with a hearing before a state department administrative law judge in accordance with the "State Administrative Procedure Act", article 4 of title 24.

(2) The following situations are subject to appeal:

(a) A determination of a child's or youth's eligibility for benefits pursuant to section 26-7-105;

(b) Any determination, redetermination, or reduction of benefits pursuant to this article 7;

(c) Termination of the agreement entered into pursuant to section 26-7-107; or

(d) The failure of the state department, county department, or nonprofit child placement agency to notify the adoptive family of an eligible child or youth about the availability of benefits pursuant to this article 7.

ARTICLE 7.5

Domestic Abuse Programs

Cross references: For provisions relating to protection orders and emergency protection orders in domestic abuse cases, see § 13-6-104 and article 4 of title 14; for crimes involving domestic violence, see part 8 of article 6 of title 18.

26-7.5-101. Legislative declaration. (1) The general assembly finds that:

(a) A significant number of homicides, aggravated assaults, assaults and batteries, and other types of abuse and coercive control occur within Colorado; that the reported incidence of domestic violence and sexual assault represents only a portion of the total number of incidents of domestic violence and sexual assault; that a large percentage of police officer deaths in the line of duty result from police intervention in domestic abuse situations; and that domestic violence and sexual assault is a complex problem affecting families from all social and economic backgrounds;

(b) Domestic violence and sexual assault can have harmful and lasting consequences for victims, families, communities, and the state. Domestic violence and sexual assault have a profound impact on not only victims' physical, psychological, and social well-being, but also on individuals' economic stability and the state's economy. Economic impacts often include criminal and civil legal system costs; medical and behavioral health expenditures; lower wages resulting from diminished educational attainment; lost wages from missed work, job loss, debt, and poor credit; and costs associated with housing instability.

(c) The best available research shows that domestic violence and sexual assault occur at relatively equal rates. Research also shows that individuals from populations underserved due to geographic location, religion, sexual orientation, gender identity, race or ethnicity, language barriers, disabilities, alienage, and age experience domestic violence and sexual assault at higher rates and face greater challenges in accessing services than the general population. Therefore, funding should ensure equal support for domestic violence and sexual assault services as well as support for services for underserved populations and culturally specific programs.

(d) Community-based advocates are uniquely positioned to offer victims various options for services and to support the choices victims make. Community-based advocates focus primarily on the needs, choices, and input of the victim. Therefore, the general assembly declares that community-based advocates are a critical component of a victim-centered response to domestic violence and sexual assault.

(e) In a continued effort to promote increased diversity among the funded victim service organizations, it is the intent of the general assembly that, in administering this article 7.5, the

state department identify additional measures to address barriers that historically underserved victims, including people of color, face in accessing victim services.

Homeless Prevention Activities Program

Law reviews: For note, "Hunger and Homelessness in America: A survey of State Legislation", see 66 Den. U. L. Rev. 277 (1989).

26-7.8-101. Legislative declaration. The general assembly hereby finds that there are a growing number of persons in this state who lack the resources and the community ties necessary to provide for their own adequate shelter and who are likely to become homeless without community assistance. The general assembly recognizes that women and children are the fastest growing group of the homeless and that a large percentage of the total homeless population consists of families. The general assembly therefore finds that it is beneficial to the state to fund prevention activities programs to assist families and other persons who are likely to become homeless without some community assistance; that this article is enacted to provide a means by which such programs may be financed through a voluntary contribution designation on state income tax return forms; and that it is desirable to encourage residents of this state to designate the amount of such contribution to help fund such prevention activities programs on their state income tax return forms.

PART 1

COLORADO COMMISSION ON THE AGING

26-11-100.1. Short title. This article shall be known and may be cited as the "Older Coloradans' Act".

Source: L. 85: Entire section added, p. 974, § 1, effective May 29.

26-11-100.2. Legislative declaration. (1) The general assembly finds and declares that:

(a) Older Coloradans constitute a fundamental resource of this state. Often, their competence, experience, and wisdom are underutilized, and a means must be found to effectively use their abilities for the benefit of all Coloradans. The number of persons in this state sixty years of age or older is increasing rapidly, and, of these persons, the number of women, people of color, and persons seventy-five years of age or older is expanding at an even greater rate.

(b) A state that is well-adapted for aging is one where all individuals can thrive and are adequately supported: A Colorado for all. Colorado must support a high quality of life for older Coloradans and their families by promoting health and well-being; supporting affordable, high-quality, and sustainable long-term services and supports; fostering workforce development and self-sufficiency; creating livable communities; and integrating aging policy and programs across state government.

(c) To ensure that Colorado is the best state in which to grow old, the following goals must guide aging and aging services in Colorado:

(I) Older Coloradans are able to live and fully participate in their communities of choice for as long as possible;

(II) Older Coloradans are able to stay engaged in the labor force or volunteer sector for as long as they want or need;

(III) Older Coloradans and their families are financially secure and prepared to meet the challenges of aging;

(IV) Coloradans are prepared for the challenges of caring for aged loved ones and are able to do so without endangering their own physical, behavioral, and financial health or well-being or the health and well-being of their loved ones;

(V) Trained workers are skilled, educated, and paid commensurate to their abilities and training to meet the needs of employers and industries serving an increasing population of older Coloradans;

(VI) Older Coloradans can stay healthier longer through access to quality and affordable person-centered and culturally appropriate care that aligns with their preferences and values;

(VII) The state can meet its commitment to support older Coloradans and their families; and

(VIII) Colorado can empower and protect older Coloradans from abuse, neglect, exploitation, and other harmful acts;

(d) Colorado faces a historic demographic shift over the next fifty years that will create opportunities and challenges. This shift will result in an unprecedented number of older workers remaining in the workforce and older Coloradans shifting into retirement. The demographic changes will result in wide-ranging economic and social impacts on the workforce, housing, transportation, long-term services and supports, and health care. The state must act to capitalize on the opportunities and address the challenges.

(e) To ensure that older Coloradans are prepared to address aging-related opportunities and challenges, it is critical that the state empower and educate residents from an early age to prepare for the realities of a long life. The state should encourage residents to engage in retirement planning, health and wellness preservation activities and services, lifelong learning, cross-generational collaboration, and civic engagement.

(f) Aging is a personal experience that varies from person to person. Coloradans will age differently, with some remaining mentally and physically capable until they die and others experiencing mental and physical disabilities earlier in life. As a result, older Coloradans and their families are presented with varying opportunities and challenges across their lives. Some older Coloradans will continue to live independently in their own homes while others will require long-term skilled nursing care. In coordination with state department subject matter experts, area agencies on aging, local governments, and community stakeholders, it is a priority of the general assembly to examine the complexity of these issues and develop policies that support communities and families across Colorado. The aging process is further impacted by historical disparities, including but not limited to structural racism, sexism, and ageism. The social and health problems of older Coloradans are compounded by limited preparation for an increase in life expectancy and lack of access to services, or the unavailability of services, throughout the state. It is of profound importance for all Coloradans that older Coloradans maintain self-sufficiency and personal well-being, have access to necessary services and supports, and realize their maximum potential as creative and productive individuals.

(2) (a) Therefore, the general assembly finds that it is Colorado's policy to:

(I) Empower and protect older Coloradans from abuse, neglect, exploitation, and other harmful acts;

(II) Meaningfully involve older Coloradans in the planning and operation of all programs and services that may affect them;

(III) Encourage agencies at all levels of government, as well as the private sector, to develop alternative services and forms of care that provide a range of services to be delivered in the community and home that support independent living and prevent unnecessary institutionalization;

(IV) Reduce health disparities and support aging across an individual's lifespan;

(V) Prioritize planning services and programs for older Coloradans with the greatest economic or social needs;

(VI) Acknowledge and remove barriers to ensure programs, services, projects, policies, procedures, and resources are inclusive of all older Coloradans, particularly those who are most underserved;

(VII) Recognize that preparing all Coloradans for the different facets of a longer life is part of the state's responsibility; and

(VIII) Facilitate and encourage joint program planning and policy development among state, regional, and local government to promote innovation, efficiency, and maximize resources;

(b) In order to support older Coloradans, the general assembly finds that a citizen-led, multidisciplinary stakeholder commission, comprised of representatives from both the public and private sectors, is needed to coordinate and contribute to guiding state programs, services, projects, policies, procedures, and resources in the area of aging.

(b) If one or more studies conducted pursuant to paragraph (a) of this subsection (4) concludes that implementing the changes recommended by the study would result in cost savings to the state, without adversely affecting the care provided, the state department or the department of health care policy and financing shall request, through the state budget process, that the changes be implemented and, if necessary, shall recommend legislation to implement the

changes to the health and human services committees of the senate and house of representatives, or any successor committees, or to the joint budget committee of the general assembly.

Payments shall be made to the state department unless otherwise provided pursuant to a contract entered into in accordance with section 26-12-119. The state department shall deposit such payments together with any other moneys received from any source for the operation and maintenance of the veterans centers with the state treasurer, who shall credit all such moneys to the central fund for veterans community living centers, referred to in this article as the "central fund", which fund is hereby created.

(a.3) Repealed.

(a.5) For the fiscal year beginning July 1, 2007, and for each fiscal year thereafter, the general assembly shall appropriate from the general fund to the central fund an amount not exceeding ten percent of the total gross revenue accrued by the central fund during the preceding fiscal year in coordination with the state department's standard budget request process. The state department shall use these funds to pay operational expenses of, and make capital improvements to, the veterans centers.

(b) (I) Repealed.

(I.5) For the fiscal year beginning July 1, 2017, and for each fiscal year thereafter:

(A) The money in the central fund is continuously appropriated to the state department for the direct costs of the operation and administration of the veterans centers and for capital construction in connection with the veterans centers; and

(B) Subject to annual appropriation, the state department may expend money from the central fund for indirect costs of the operation and administration of the veterans centers; except that the amount expended for indirect costs shall not exceed five percent of the total expenditures from the fund for the fiscal year.

(II) All requests for capital construction submitted by the state department shall be considered by the capital development committee pursuant to section 2-3-1304, C.R.S.

(III) All interest derived from the deposit and investment of moneys in the central fund shall be credited to such fund. At the end of any fiscal year, all unexpended and unencumbered moneys in the central fund shall remain therein and shall not be credited or transferred to the general fund or any other fund.

(c) Notwithstanding section 24-1-136 (11)(a)(I), the state department shall prepare and submit to the general assembly an annual report detailing the financial status of each veterans center. This report must also identify which of the veterans centers administered pursuant to the provisions of this article are owned by the state but operated under contract by another entity.

(d) As part of the budget request that the state department submits to the joint budget committee in accordance with section 2-3-208 (2)(a), C.R.S., the state department shall provide a detailed report of the anticipated direct and indirect costs for the operation and administration of each veterans center for the upcoming fiscal year, including amounts for personal services, operating expenses, indirect costs, centrally appropriated costs, and FTE.

(2) It is lawful for each veterans center and the Colorado veterans community living center at Homelake to deposit moneys belonging to the benefit fund established prior to July 1, 1985, and all donations or other voluntary contributions that may be received on or after that date in any manner for the benefit of residents of each veterans center and the Colorado veterans community living center at Homelake in an interest-bearing account with a federally insured financial depository pursuant to section 24-75-603, C.R.S. Withdrawals from such accounts shall be made only for the benefit, aid, and assistance of residents of each veterans center or the occupants of the Colorado veterans community living center at Homelake, including recreational equipment and facilities.

(3) The executive director may, in the name of the people of the state of Colorado and through the attorney general, institute and maintain actions at law for the collection of charges due from residents of veterans centers and the Colorado veterans community living center at Homelake, or said residents' conservators, guardians, executors, or administrators, resulting from the failure, neglect, or refusal of said persons to pay such charges.

(4) (a) If the state department sells a portion of vacant land to the United States department of veterans affairs for expansion of the Fort Logan national cemetery as authorized in House Bill 16-1456, enacted in 2016, the state treasurer shall credit the sale proceeds of such sale to the Fort Logan national cemetery fund, which fund is hereby created and referred to in this subsection (4) as the "cemetery fund". In the fiscal year in which the property sale takes place, and in each fiscal year thereafter until all sale proceeds are appropriated as specified in this paragraph (a), the general assembly shall appropriate money from the cemetery fund to the central fund in such amounts so that the appropriation from the cemetery fund required in this subsection (4) and the appropriation from the general fund required in paragraph (a.5) of subsection (1) of this section equals the maximum amount that would not exceed the limit for an enterprise set forth in section 24-77-102 (3)(b), C.R.S.

(b) (I) The moneys transferred to the central fund pursuant to this subsection (4) may be used for nonrecurring expenditures that address the greatest needs of serving veterans.

(II) Notwithstanding section 24-1-136 (11)(a)(I), at least sixty days prior to making such expenditures, the state department shall report its recommended use of the sale proceeds to the state, veterans, and military affairs committees of the house of representatives and the senate, the capital development committee, and the joint budget committee.

(c) (I) All interest derived from the deposit and investment of moneys in the cemetery fund are credited to the fund. At the end of any fiscal year, all unexpended and unencumbered moneys in the cemetery fund remain in the fund and may not be credited or transferred to the general fund. The state controller shall notify the revisor of statutes when all the proceeds of the sale are appropriated to the central fund pursuant to paragraph (a) of this subsection (4).

(II) The cemetery fund is repealed, effective on the date the revisor of statutes receives the notice from the state controller set forth in subparagraph (I) of this paragraph (c).

(1) Support enforcement services shall be provided to those recipients of medicaid-only and Title IV-E foster care as required by federal law and to participants in the Colorado works program implemented pursuant to part 7 of article 2 of this title who, as a condition of eligibility pursuant to federal law, must assign their rights to support to, and cooperate with, the state department in the establishment, modification, and enforcement of support obligations owed by obligors to their children and the enforcement of maintenance owed by obligors to their spouses or former spouses.

(2) Child support establishment, modification, and enforcement services under state law and under the "Uniform Interstate Family Support Act", article 5 of title 14, C.R.S., shall be provided to any person who completes a written application and pays the required fee; except that the county may elect to pay the fee out of county child support enforcement funds. The state department shall establish, by rule, a fee to be charged for services provided under this section. Such fee shall be applied toward reimbursing expenditures incurred by the child support enforcement program. County departments and their contractual agents for legal services, including district and county attorneys, may pursue such fee, notwithstanding any other provision of law. Nonpayment of any fee charged by the state department for services provided under this section shall not be the basis for any criminal prosecution or order of contempt of the court.

(3) The county department may recover any costs incurred in excess of fees from the obligor in a case in which an individual is receiving child support enforcement services under subsection (2) of this section.

(4) After more than five hundred fifty dollars has been collected from an obligor during a year, the county department shall recover a fee of thirty-five dollars from the obligee if the obligee has never received public assistance. The county department shall withhold the fee from the first amount collected that exceeds the five-hundred-fifty-dollar threshold.

(5) There is created in the state treasury the child support DRA fee cash fund, referred to in this subsection (5) as the "fund". The fund consists of money credited to the fund from the state share, if any, of fees collected pursuant to this section and any other money that the general assembly may appropriate or transfer to the fund. The state treasurer shall credit all interest and income derived from the deposit and investment of money in the fund to the fund. Subject to annual appropriation by the general assembly, the state department may expend money from the fund for program operations.

(c) The state parent locator service or the equivalent of a state child support enforcement agency or delegate child support enforcement unit of any other state may initiate a request requiring any employer, trustee, payer of funds, or other employer located within this state or doing business in this state to provide any information on the employment, compensation, and benefits of any individual for whom information is known. Compliance with such a request shall not subject the employer, trustee, or payer of funds to liability to the obligor for disclosing such information without a subpoena pursuant to this paragraph (c). The state department shall not use the provisions of this paragraph (c) for the information-gathering purposes of the financial institution data match system required by section 26-13-128.

(d) The state parent locator service or a delegate child support enforcement unit may obtain information from credit bureaus on the whereabouts, income, and assets of individuals pursuant to the provisions of the federal "Fair Credit Reporting Act" in order to provide the services set forth in section 26-13-105.

(e.5) The state parent locator service may initiate an administrative subpoena requiring any public employee retirement benefit plan or financial institution located within this state or doing business in this state that is in possession or control of personal property or information concerning the location, benefits, income, and assets of a person who owes or is owed an obligation for child support debt, retroactive child support, or child support arrearages or against whom an obligation is sought to provide such information to the requesting agency. Compliance with such subpoena shall not subject the public employee retirement benefit plan or the financial institution to liability to the parent for disclosing such information.

(f) (I) (A) The state parent locator service or the equivalent of a state child support enforcement agency or delegate child support enforcement unit of any other state is authorized to issue an administrative subpoena to gather financial or other information to establish, modify, or enforce a support order. An administrative subpoena is authorized to be issued to a public utility for records pertaining to individuals who owe or are owed child support or against or with

respect to whom a support obligation is sought. Such subpoena shall require the public utility to furnish documentation providing the names and addresses of these individuals and the names and addresses of the employers of such individuals as appearing in the customer records of the public utility. A public utility responding to an administrative subpoena request shall be entitled to collect a reasonable fee for the processing of each such subpoena.

(B) In seeking information from a public utility, as defined in subparagraph (III) of this paragraph (f), the state parent locator service shall be subject to the confidentiality requirements and restrictions set forth in section 631 of the federal "Cable Communications Policy Act of 1984", 47 U.S.C. sec. 551.

(II) The provisions of this section shall in no way alter the method of regulation or deregulation of telecommunications service as set forth in article 15 of title 40, C.R.S.

(III) For purposes of this section, "public utility" means any gas corporation, electrical corporation, telegraph corporation, water corporation, rural electric association, municipal electric systems, person, or municipality that operates for the purpose of supplying gas, electricity, telegraph services, or water to the public for domestic, mechanical, or public uses and that is subject to regulation by the public utilities commission under articles 1 to 7 of title 40, C.R.S., and any telephone corporation, municipal telephone entity, or other corporation that offers telecommunications services to the public that is subject to the provisions of article 15 of title 40, C.R.S., and any corporation that provides cable television services to the public.

(g) The child support enforcement agency shall make every reasonable effort to accommodate those entities to which the child support enforcement agency directs an administrative subpoena, if the requirements of this section would pose a hardship on those entities.

(4) The state parent locator service may establish fees to be charged for the provision of services in paragraphs (d) and (e) of subsection (2) of this section and in subparagraphs (IV) and (V) of paragraph (a.5) of subsection (3) of this section.

(5) This section shall apply to all child support obligations ordered as a part of any proceeding, regardless of when the order was entered.

(1) Whenever the state department, a county department or its authorized agent, or a district attorney recovers any amounts of support for public assistance recipients, such amounts shall be deposited in the county social services fund, and, if such support is used to reimburse public assistance paid in accordance with federal law, the federal government is entitled to a share in accordance with applicable federal law, the county is entitled to a share in accordance with state law, and the state is entitled to the remaining share. Such payments shall not be considered income for the purpose of grant calculation. However, such income shall be considered income for purposes of determining eligibility. If a county chooses to pay child support collections directly to a family that is eligible for temporary assistance for needy families, pursuant to part 7 of article 2 of this title, the county shall report such payments to the state department for the month in which the payments are made and shall indicate the choice of this option in its performance contract for Colorado works.

Such payments shall not be considered income for purposes of calculating the basic cash assistance grant pursuant to part 7 of article 2 of this title. However, such payments, with applicable disregards, shall be considered income for purposes of determining eligibility. The county shall report to the state department the amount of the child support payments for the month in which the payments are made.

(II) The state department shall annually report to the joint budget committee the amount of child support collected and paid by the counties to families that are eligible for temporary assistance for needy families, pursuant to part 7 of article 2 of this title.

(4) Any interest collected on support obligations pursuant to the "Colorado Child Support Enforcement Procedures Act", article 14 of title 14, C.R.S., which support obligations were due to recipients receiving assistance under the Colorado works program, as described in part 7 of article 2 of this title, shall be deposited in the county social services fund and shall be distributed in accordance with the provisions of this section.

26-13-114. Family support registry - collection and disbursement of child support and maintenance - rules - legislative declaration. (1) The general assembly hereby finds, determines, and declares that it has been demonstrated that the establishment and operation of one automated central payment registry for the processing of child support, child support when combined with maintenance, and maintenance payments is beneficial to the state in the collection and enforcement of family support obligations. It is the intent of the general assembly by enacting this section to authorize the implementation of one central family support registry for the collection, receipt, and disbursement of payments with respect to:

(a) Child support obligations for children whose custodians are receiving child support enforcement services from delegate child support enforcement units (IV-D cases);

(b) Child support obligations for children whose custodians are not receiving child support enforcement services from delegate child support enforcement units (non-IV-D cases), if the court orders such obligations to be paid through the family support registry pursuant to this title, section 14-10-117, C.R.S., or title 19, C.R.S., or if the court order is subject to income-withholding pursuant to section 14-14-111.5, C.R.S., and if the executive director of the state department has notified the state court administrator pursuant to subsection (5) of this section that the judicial district in which the court issuing the order is situated is ready to participate in the family support registry; and

(c) Maintenance obligations, if the court orders payments for such obligations to be paid through the family support registry pursuant to this title or section 14-10-117, C.R.S., or if the order is subject to income-withholding pursuant to section 14-14-111.5, C.R.S., and if the executive director of the state department has notified the state court administrator that the judicial district in which the court issuing the order is situated is ready to participate in the family support registry and the family support registry is ready to accept such maintenance payments.

(2) "Family support registry" means a central registry maintained and operated by the state department acting as the child support enforcement agency that receives, processes, disburses, and maintains a record of the payment of child support, child support when combined with maintenance, maintenance, child support arrears, or child support debt made pursuant to court order or administrative order.

(3) The child support enforcement agency is authorized to establish and maintain or contract for the establishment and maintenance of a family support registry to receive, process, and disburse support payments. Development and operation of the family support registry shall be subject to available appropriations.

(4) In operating the family support registry, the child support enforcement agency is authorized to:

(a) Receive, process, and disburse payments for child support, child support when combined with maintenance, maintenance, child support arrears, or child support debt;

(b) Maintain records of any payments collected, processed, and disbursed through the family support registry;

(c) (Deleted by amendment, L. 98, p. 759, § 10, effective July 1, 1998.)

(d) Answer inquiries from authorized parties concerning payments processed through the family support registry;

(e) Collect a fee for the processing of insufficient funds checks. The child support enforcement agency shall issue a notice to the originator of the second insufficient funds check received within any six-month period that no further checks will be accepted from the person and that future payments for a period of six months following the issuance of the notice shall be required to be paid by cash or certified funds. In the event that a disbursement to the obligee becomes unfunded due to insufficient funds, stop payment, or other reason, the unfunded disbursement may be recovered from the next payment. The department of human services shall ensure that provisions are available for obligors to make cash payments through their county child support enforcement units.

(5) On and after July 1, 1998, the child support enforcement agency and the office of the state court administrator shall jointly begin implementing the family support registry in particular counties and judicial districts with respect to non-IV-D cases and orders in which payments are directed to be paid through the family support registry, as mutually agreed by the executive director and the state court administrator. The executive director of the state department shall inform the state court administrator when a particular county or judicial district is ready to implement and participate in the family support registry for non-IV-D cases. The family support registry shall be available for support orders for use by all counties and judicial districts consistent with federal law.

(6) Upon implementation of the family support registry in a particular county or judicial district, the following procedures shall be followed:

(a) All court orders entered or modified and all administrative orders issued pursuant to this title or title 14 or 19, C.R.S., that require payments for child support, child support when combined with maintenance, maintenance, child support arrears, or child support debt to be paid through a registry shall be made through the family support registry except as provided by section 14-14-111.5 (3)(a)(II), C.R.S.

(b) For non-IV-D cases or orders that require payments to be made to the clerk of the court, the district court for each county and the Denver juvenile court shall send or cause to be sent a notice to redirect payments to the family support registry once the executive director of the state department has notified the state court administrator that the judicial district in which the court is situated, pursuant to subsection (5) of this section, is ready to participate in the family support registry. The notice shall be sent by first-class mail and shall state that all payments shall be made to the family support registry. The notice shall be sent to the following persons:

The second notice shall be sent certified mail, return receipt requested. Such notice shall contain all of the information required to be included in the first notice to redirect payments and shall further state that the obligor or employer has failed to make the payments to the correct agency and that the obligor or employer shall redirect the payments to the family support registry at the address indicated in the notice. support registry within five working days after receipt. Any such payments forwarded shall be identified with the information specified by the family support registry, including but not limited to, the court case number, the county where the court case originated, and the name of the obligor. (8) The clerk of the court shall notify the family support registry within five working days after any entry of judgment is filed in relation to any child support, child support when combined with maintenance, or maintenance case where payments are required to be paid through the family support registry, whether by order of court or verified entry of judgment, including the inclusive dates of the judgment and the judgment amount.

(9) (a) The judicial department and the state department shall cooperate in the transfer of the functions relating to the collection of child support and maintenance from the judicial department to the state department.

(b) The court shall provide the following information to the family support registry, if available, in those cases in which the court orders payment to be made through the family support registry:

26-13-119. Distribution of amounts collected. (1) This section shall only apply to Title IV-D cases under the federal "Social Security Act" where the delegate child support enforcement unit is providing support enforcement services pursuant to section 26-13-106 and has responsibility to collect the required support obligation for the month.

(2) Notwithstanding any provision in the Colorado rules of civil procedure to the contrary, any amounts collected by the delegate child support enforcement agency, except for federal income tax refund offsets, shall be allocated and distributed first to satisfy the required support obligation for the month in which the collection was received, except when the payment is distributed to pay the fee required by section 26-13-106 (4). In cases where some portion of an amount collected pursuant to execution on a judgment is diverted to satisfy the required support obligation for the month in which the collection was received, the delegate child support enforcement agency shall file a partial satisfaction of judgment with the court that reflects the portion of the amount collected that is actually allocated and distributed to satisfy the judgment.

26-13-121. Review and modification of child support orders. (1) (a) The general assembly finds that review of child support orders is required in order for this state to comply with the federal "Family Support Act of 1988", the federal "Personal Responsibility and Work Opportunity Reconciliation Act of 1996", and the federal "Deficit Reduction Act of 2005".

(b) The delegate child support enforcement unit shall provide the obligor and obligee not less than once every thirty-six months notice of their right to request a review of a child support order. The notice may be included in the support order.

(c) Either party to a case in which services are being provided pursuant to section 26-13-106 may submit a written request for review of the current child support order. The request shall include the financial information from the requesting party necessary to conduct a calculation pursuant to the Colorado child support guidelines set forth in section 14-10-115, C.R.S. The requesting party shall provide his or her financial information on the form required by the division of child support enforcement.

(d) The delegate child support enforcement unit may initiate a review of a current child support order upon its own request.

(2) The delegate child support enforcement unit shall review each request received from a party and:

(a) If it has been thirty-six months or more since the last review of the current child support order, the delegate child support enforcement unit shall grant the request for review; or

(b) If it has been fewer than thirty-six months since the last review of the current child support order, the delegate child support enforcement unit shall grant the request for review if the requesting party provides a reason for review that could result in a change to the monthly support obligation based upon the application of the Colorado child support guidelines set forth in section 14-10-115, C.R.S. If the reason for review arises from the circumstances of the requesting party, supporting documentation or a demonstration that there has been a substantial and continuing change in circumstances warranting a review of the child support amount shall be included with the request. The delegate child support enforcement unit shall assess and consider the information provided to determine whether a review is warranted and should be conducted. If a request is denied pursuant to this paragraph (b), the delegate child support enforcement unit shall notify the requesting party in writing that the denial does not limit the party's right to seek modification of a child support order pursuant to section 14-10-122, C.R.S.

(2.5) If there is an active assignment of rights, the delegate child support enforcement unit shall review the child support order once every thirty-six months to determine if an adjustment of the child support order is appropriate.

(3) (a) If the delegate child support enforcement unit grants the request for review, it shall issue a notice of review to the parties. In the case of an automatic review in which there is an active assignment of rights, both parties shall be considered nonrequesters. The notice of

review shall advise the parties that a review is to be conducted and allow the nonrequesters twenty days from the date of the notice to provide the financial information necessary to calculate the child support obligation pursuant to section 14-10-115, C.R.S. If the child support order is an administrative order established pursuant to article 13.5 of this title, the review shall be conducted pursuant to section 26-13.5-112.

(b) The review of the child support order shall be conducted on or before the thirtieth day after notice of review is sent to the parties. The review may be conducted in person at the delegate child support enforcement office or via United States mail or via an electronic communication method. The delegate child support enforcement unit may grant a continuance of the review for good cause. The continuance shall be for a reasonable period of time to be determined by the delegate child support enforcement unit, not to exceed thirty days. During the review, the determination of the monthly support obligation shall be based on the child support guidelines set forth in section 14-10-115, C.R.S. To obtain information necessary to conduct the review, the delegate child support enforcement unit is authorized to serve, by first-class mail or by electronic means if mutually agreed upon, an administrative subpoena to any person, corporation, partnership, or other entity, public employee retirement benefit plan, financial institution, or labor union for an appearance or for the production of records and financial documents.

(c) An adjustment to the order shall be appropriate only if the standard set forth in section 14-10-122 (1)(b), C.R.S., is met.

(d) (Deleted by amendment, L. 2002, p. 25, § 5, effective January 1, 2003.)

(4) (a) After the review is completed, the child support enforcement unit shall provide a post-review notice advising the obligor and obligee of the review results. The review results shall include a child support guideline worksheet. If the review indicates that an adjustment to the current monthly support obligation should be made, a proposed order shall also be included. The delegate child support enforcement unit shall provide all supporting financial documentation used to calculate the monthly support obligation to both parties. The review results shall also contain an advisement to the parties of the right to challenge the proposed order, the time frame in which to assert the challenge, and the method for doing so.

(b) The obligor and obligee shall be given fifteen days from the date of the post-review notice to challenge the review results. The grounds for the challenge shall be limited to the issue of mathematical or factual error in the calculation of the monthly support obligation. The delegate child support enforcement unit may grant an extension of up to fifteen days to challenge the review results based upon a showing of good cause.

(b.5) The delegate child support enforcement unit shall have fifteen days from the date of receipt of the challenge to respond to a challenge based upon a mathematical or factual error. If a challenge results in a change to the monthly support obligation, the delegate child support enforcement unit shall provide an amended notice of review to the obligor and obligee. The obligor and obligee shall be given fifteen days from the date of the amended notice of review to challenge the results of any subsequent review. The grounds for the challenge shall be limited to the issue of mathematical or factual error in calculation of the monthly support obligation.

(c) (Deleted by amendment, L. 2007, p. 1654, § 15, effective July 1, 2008.)

(5) (a) (I) If the review indicates that a change to the monthly support obligation is appropriate and the review is not challenged or all challenges have been addressed, the delegate child support enforcement unit shall file a motion to modify with the court. A copy of the motion

shall be provided by the delegate child support enforcement unit to the obligor and obligee and shall contain an advisement that the obligor and obligee may file a written response with the court setting forth any objections to the motion to modify.

(II) If a motion to modify is filed with the court, the court may enter an order granting the motion, issue a revised order, or set a hearing. Regardless of whether the order has been approved by the obligor and obligee, the court may grant the motion to modify.

(b) If a hearing is necessary, the court shall hold a hearing within forty-five days after service of the motion to modify, and the court shall decide only the issues of child support and medical support. Any documentary evidence provided by the obligee or the obligor or by the delegate child support enforcement unit may be admitted into evidence by the court without the necessity of laying a foundation for its admissibility, and the court may determine the relative weight or credibility to give any such documentation.

(5.3) If income information is not available for the obligor, the delegate child support enforcement unit may file a motion to modify child support with the court.

(5.7) Nothing in this section shall be construed to limit a delegate child support enforcement unit's right to file a motion to modify with the court pursuant to section 14-10-122, C.R.S.

(6) The state board shall adopt rules and regulations establishing standardized forms and procedures as necessary to implement the provisions of this article.

(7) This article shall apply to all orders for support of a child for whom child support enforcement services are being provided.

(8) Nothing in this section shall be construed to limit any party's right to seek modification of a child support order pursuant to article 5 of title 14, section 14-10-122, section 19-4-119, or section 19-6-104 (4), C.R.S.

26-13-121.5. Enforcement of obligation to maintain health insurance. (1) If a parent has been ordered to provide health insurance, as defined in section 14-14-102 (4.7), C.R.S., and such insurance is available at a reasonable cost consistent with the provisions of section 14-10-115 (10)(g), C.R.S., the delegate child support enforcement unit shall use the federally mandated national medical support notice to provide notice of the insurance provision to that parent's employer unless the child or children are already enrolled in a health insurance plan in accordance with the order.

(2) The national medical support notice shall be sent to the employer by means of first-class mail. The notice shall be continuing and shall remain in effect and be binding upon any

current or successor employer upon whom it is served until further notice by the court or by the delegate child support enforcement unit. Receipt of the national medical support notice by the employer shall confer jurisdiction of the court over the employer. A notice describing the rights and conditions in paragraphs (a) to (c) of subsection (3) of this section shall be sent to the obligor by first-class mail.

(3) (a) The obligor shall be provided with a copy of the national medical support notice upon submitting a written request to the delegate child support enforcement unit. The obligor shall have ten days from the date the notice describing the rights and conditions in paragraphs (a) to (c) of this subsection (3) is mailed to the obligor in which to file a written objection with the delegate child support enforcement unit based only upon one of the following mistakes of fact:

(I) There is a mistake in identity and the employee is not the obligor; or

(II) There is no court order to provide health insurance.

(b) The delegate child support enforcement unit shall have ten days from the date the objection is mailed by the obligor to resolve the mistake of fact. The delegate child support enforcement unit shall immediately notify the obligor in writing, by first class mail, of its decision. If the delegate child support enforcement unit agrees with the obligor, it shall immediately send a notice, by first-class mail, to the employer to terminate the national medical support notice.

(c) If the obligor does not agree with the decision of the delegate child support enforcement unit, he or she may file a written objection with the court. Upon any determination by the court which results in a finding in favor of the obligor, the delegate child support enforcement unit shall immediately mail a notice of termination of the national medical support notice to the employer and to the obligor, by first-class mail. The termination of the health insurance shall only be prospective and the employee shall not be entitled to any reimbursement for any premiums withheld or deducted from his or her wage prior to the plan administrator's prompt termination of the deduction for health insurance.

(4) (a) The employer shall complete the employer response, if applicable, attached to part A of the national medical support notice, which part A includes information for and responsibilities of the employer, and shall return the employer response to the delegate child support enforcement unit within twenty business days after the date of the notice.

(b) If the employer does not maintain or contribute to family health insurance coverage or if the obligor is not eligible for family health insurance coverage through his or her employer or if the obligor is no longer employed with that employer, then the employer shall specify such relevant circumstances or conditions in the employer response and shall return part A of the national medical support notice to the delegate child support enforcement unit.

(c) If none of the circumstances or conditions described in paragraph (b) of this subsection (4) apply, then the employer shall complete the applicable sections of the employer response and transfer part B of the national medical support notice to the appropriate plan administrator within twenty business days after the date of such notice. If the employer offers a number of different types of benefits through separate health insurance plans, the employer shall send copies of part B to each appropriate plan administrator.

(d) Any employer who fails to comply with the time frames stated in this subsection (4) may be found by the court to be in contempt of court.

(5) (a) The plan administrator shall complete and return part B of the national medical support notice to the delegate child support enforcement unit within forty business days after the date of such notice.

(b) If the plan administrator determines that the national medical support notice is not a qualified medical child support order, the plan administrator shall specify on part B the basis for such determination.

(c) If the plan administrator determines that the national medical support notice is a qualified medical child support order, the plan administrator shall complete the appropriate parts of the plan administrator response. Upon enrollment of the child or children, the plan administrator shall provide the following information to the delegate child support enforcement unit: The names of the persons covered by the health insurance plan; the complete name, address, and telephone number of the insurance carrier; and the applicable policy and group number of the health insurance plan. The plan administrator shall furnish the obligee with a description of the health insurance coverage available, any required forms, information describing the steps needed to effectuate such coverage, and the effective date of the coverage.

(d) If the plan administrator reports on part B of the national medical support notice that the obligor is not enrolled in a plan, as defined in section 14-14-102 (6.5), C.R.S., and more than one option is available under the plan, the plan administrator shall provide to the delegate child support enforcement unit a summary plan description of each option including the additional participant contribution required by each option and whether there is a limited service area with any option. The delegate child support enforcement unit shall forward the information to the obligee. The obligee shall select one of the available options. Within twenty business days after the date the plan administrator's response was sent to the delegate child support enforcement unit, the delegate child support enforcement unit shall notify the plan administrator of the selection. If the delegate child support enforcement unit does not reply to the plan administrator, the plan administrator shall enroll the child or children in the least costly plan otherwise available to the obligor for the benefit of the child or children.

(e) Promptly after enrollment, the plan administrator shall notify the obligor that coverage of the child or children is or will become available and the date the coverage takes effect. The obligor may file a written objection with the court after the date of the notice of such enrollment by the plan administrator if the premium amount does not meet the definition of reasonable cost as provided in section 14-10-115 (10)(g), C.R.S. Upon any determination by the court which results in a finding in favor of the obligor, the delegate child support enforcement unit shall immediately mail a notice of termination of the national medical support notice to the obligor and to the employer by first-class mail. The termination of the health insurance shall only be prospective and the obligor shall not be entitled to any reimbursement for any premiums withheld or deducted from his or her wage prior to the plan administrator's prompt termination of the deduction for health insurance.

(f) If the plan administrator indicates that the child or children are enrolled in an option under the plan for which the employer has determined that the obligor's contribution exceeds the maximum amount allowed to be withheld under state and federal withholding limitations or prioritization, then the employer shall indicate the same and return part A of the national medical support notice to the delegate child support enforcement unit. Upon notification from the plan administrator that the child or children are enrolled, the employer shall withhold from the obligor's income any employee contribution and transfer the contribution to the appropriate plan

or, if appropriate, notify the delegate child support enforcement unit that enrollment cannot be completed because of limitations or prioritization on withholding.

(g) Any employer who fails to comply with the time frames stated in this subsection (5) may be found by the court to be in contempt of court.

(6) The employer shall initiate withholding until and unless the employer receives notice from the delegate child support enforcement unit that the obligor is not responsible for the child's or children's health insurance coverage.

(7) The employer shall notify the plan administrator when an obligor has completed a waiting period or has otherwise met eligibility requirements for coverage.

(8) The national medical support notice shall not be terminated or modified except for the reasons set forth in section 14-14-112 (2)(h), C.R.S.

(9) If the national medical support notice is terminated or modified, then the employer shall comply with the provisions of section 14-14-112 (2)(k), C.R.S., regarding termination of coverage.

(10) An employer who is served with a national medical support notice shall follow the provisions of section 14-14-112 (2)(g) and (6), C.R.S., regarding notification of the termination of employment by the named obligor.

(11) Any employer who wrongfully fails to comply with this section may be subject to the sanctions set forth in section 14-14-112 (5), C.R.S.

(12) An employer shall neither refuse to hire a person nor discharge or take disciplinary action against an employee because of service of the national medical support notice pursuant to this section. Any person who violates this subsection (12) may be found by the court to be in contempt of court. If an employer discharges an employee in violation of the provisions of this section, the employee may, within ninety days, bring a civil action for the recovery of wages lost as a result of the violation and for an order requiring the reinstatement of the employee. Damages recoverable shall be lost wages not to exceed six weeks, costs, and reasonable attorney fees.

(13) An employer who complies with a national medical support notice to deduct for health insurance benefits pursuant to this section shall not be liable to the obligor for wrongful withholding.

(14) The delegate child support enforcement unit shall comply with the provisions of section 14-14-112 (9), C.R.S., when the order for medical support is modified or terminated.

(15) Deductions for health insurance shall also be ordered by a delegate child support enforcement unit under the provisions of the "Colorado Administrative Procedure Act for the Establishment and Enforcement of Child Support", created in article 13.5 of this title.

26-13-122. Administrative lien and attachment. (1) The state child support enforcement agency may issue a notice of administrative lien and attachment to any person, insurance company, or agency providing workers' compensation insurance benefits for any employer to attach workers' compensation benefits of an obligor who is responsible for the support of a child on whose behalf the obligee is receiving support enforcement services from

the state's child support enforcement agency pursuant to this article. The notice shall include the following statements and information:

(a) The name and address of the person, insurance company, or agency providing workers' compensation insurance benefits;

(b) The name, last known address, and social security number of the obligor;

(c) The total amount owed for child support obligations, arrearages for child support, and child support debt;

(d) The percentage of benefits or the actual amount to be withheld from each payment;

(e) A statement that the notice of administrative lien and attachment is to take effect no later than the first payment after receipt of the notice;

(f) A statement that the person, insurance company, or agency providing workers' compensation insurance benefits may not withhold more than the limitations set forth in section 13-54-104 (3), C.R.S.;

(g) A statement that if more than one notice of administrative lien and attachment is received for the same obligor, the priorities set forth in subsection (2) of this section shall apply;

(h) Instruction on the disbursement of the withheld amounts, including the requirements that each disbursement:

(I) Shall be forwarded to the address indicated on the notice;

(II) Shall be forwarded within ten days after the date of each deduction and withholding;

(III) Shall be identified by the case number, the family support registry account number, and the name and social security number of each obligor and shall identify the date the deduction was made and the amount of the payment;

(IV) May be combined with other disbursements in a single payment to a single court or to the family support registry, if required to be sent to the registry, if the individual account of each disbursement is identified, as required by subparagraph (III) of this paragraph (h);

(i) A statement that compliance with the notice of administrative lien and attachment shall not subject the person, insurance company, or agency providing workers' compensation insurance benefits to liability to the obligor for wrongful withholding;

(j) A statement that noncompliance with the notice of administrative lien and attachment may subject the person or insurance company providing workers' compensation insurance benefits to liability and sanctions. If any person or insurance company providing workers' compensation insurance benefits wrongfully fails to deduct and withhold benefits in accordance with the provisions of this section, it may be held liable for an amount up to the accumulated amount such person or insurance company should have withheld from the obligor's benefits.

(k) A statement that, as long as the obligor is receiving workers' compensation benefits, the notice of administrative lien and attachment shall not be terminated or modified, except upon written notice by the state child support enforcement agency.

(2) An administrative lien and attachment for the collection from workers' compensation benefits for current child support, child support debt, retroactive child support, child support arrearages, or child support when combined with maintenance shall be continuing and shall have priority over any garnishment, lien, or wage assignment other than a notice previously served pursuant to this subsection (2) or a wage assignment activated pursuant to section 14-14-107 or 14-14-111, C.R.S., as those sections existed prior to July 1, 1996, or section 14-14-111.5, C.R.S. Such administrative lien and attachment shall require the person, insurance company, or agency providing workers' compensation insurance benefits to withhold, pursuant to section 13-54-104

(3), C.R.S., the portion of earnings subject to attachment at each succeeding disbursement interval until such amount is satisfied or the attachment is released in writing by the state child support enforcement agency.

(3) In order to attach and collect workers' compensation income for current child support, child support debt, retroactive child support, medical support, child support arrearages, or child support when combined with maintenance, the state child support enforcement agency is authorized to serve, by first-class mail or by electronic means if mutually agreed upon, a notice of administrative lien and attachment on any person, insurance company, or agency holding workers' compensation benefits that are owed to an obligor. A copy of the administrative lien and attachment shall be provided to the obligor and shall include information on the obligor's right to object to the administrative lien and attachment and to request an administrative review pursuant to the rules of the state board.

(4) At the time a claim for workers' compensation benefits is filed, the employee shall be notified that if a child support obligation is owed, benefits may be attached and payment of the child support obligation may be withheld and forwarded to the obligee.

(5) For purposes of this section, "insurance company" includes Pinnacol Assurance.

(6) Subsections (2) and (3) of this section shall apply to all child support obligations ordered as part of any proceeding, regardless of when the order was entered, and all such child support obligors shall be subject to notice of administrative lien and attachment as described in subsections (2) and (3) of this section.

The state child support enforcement agency and insurance companies must participate in the child support lien network insurance data match, or a similar program, to facilitate discovery of potential claim payments, awards, or settlements.

(b) On or before January 30, 2018, the department of human services shall submit a report to the health and human services committee of the senate and the public health care and human services committee of the house of representatives, or any successor committees, concerning the results of the voluntary participation by insurance companies in the child support lien network insurance data match pursuant to paragraph (a) of this subsection (1).

(c) (I) For the purposes of this section, an insurance claim payment, award, or settlement is limited to an individual who receives money in excess of one thousand dollars after making a claim for payment under an insurance policy for:

(C) An insurer shall not make payment to a claimant who refuses to provide the information required by this section. An insurer that declines to make payment on this basis is exempt from suit and immune to liability under this section and any other section in a common law action in law or equity.

(IV) The state board shall promulgate rules concerning appropriate procedures that the state department or the state's child support enforcement agency shall follow regarding certain insurance claim payments, awards, or settlements, including claim payments, awards, or settlements to multiple parties. The rules must identify factors the state's child support enforcement agency shall consider in determining whether to attach the claim payment, award, or settlement, or any portion of such claim payment, award, or settlement.

(2) An insurance company, agency, or central reporting organization, or the directors, agents, or employees of an insurer, insurance company, or central reporting organization, are not liable, and no cause of action accrues, for damages based upon any actions or omissions taken or made in good faith pursuant to this section.

(3) The administrative lien and attachment require the person, insurance company, or agency to withhold the insurance claim payment, award, or settlement. An administrative lien and attachment for the collection from insurance claim payments, awards, or settlements for the payment of past-due child support obligations or past-due maintenance or maintenance when combined with child support obligations is continuing and remains in effect until such amount is satisfied or is released in writing by the state child support enforcement agency.

(4) In order to attach and collect insurance claim payments, awards, or settlements for the payment of past-due child support or past-due maintenance or maintenance when combined with child support obligations, the state child support enforcement agency is authorized to serve, by first-class mail or electronically, if mutually agreed upon, a notice of administrative lien and attachment on any person, insurance company, or agency holding insurance claim payments, awards, or settlements that are owed to an obligor. A copy of the administrative lien and attachment shall be provided to the obligor and must include information on the obligor's right to object to the administrative lien and attachment and to request an administrative review pursuant to rules promulgated by the state board.

The moneys must be remitted to the family support registry pursuant to section 26-13-114.

(6) The state child support enforcement agency may recover from the money collected any fees assessed upon the state child support enforcement agency in its efforts to attach insurance claim payments, awards, and settlements. Fees collected pursuant to this subsection (6)

must be deposited in the child support insurance lien fund created pursuant to subsection (9) of this section.

(7) This section applies to all child support obligations and to all maintenance or maintenance when combined with child support obligations that were ordered as part of any proceeding, regardless of when the order was entered. All child support obligors are subject to the notice of administrative lien and attachment as described in subsection (4) of this section.

(8) A lien or assignment perfected on any insurance claim payment, award, or settlement prior to the receipt of the administrative lien and attachment issued by the state child support enforcement agency shall be honored prior to the administrative lien and attachment issued by the state child support enforcement agency. The state child support enforcement agency shall receive the balance, if any, of the remaining insurance claim payment, award, or settlement up to the amount owed by the obligor.

(9) There is created in the state treasury the child support insurance lien fund, referred to in this subsection (9) as the "fund". The fund consists of any money credited to it from fees collected pursuant to subsection (6) of this section, and any other money appropriated or transferred to the fund by the general assembly. Money in the fund shall be appropriated to the state department to pay costs related to participating in the child support lien network. The state treasurer shall credit all interest and income derived from the deposit and investment of money in the fund to the fund. Any money appropriated to the fund for the 2018-19 fiscal year and for each fiscal year thereafter that is unexpended and unencumbered at the end of the applicable fiscal year does not revert to the general fund and must remain in the fund.

"Employee" includes a self-employed or contracted employee for whom the employer is required to report compensation to the federal internal revenue service. "Employee" does not include an employee hired to perform intelligence or counterintelligence functions for an agency of the United States government, as those terms are defined in the federal "Intelligence Organization Act of 1992", 50 U.S.C. sec. 401a, when the head of the agency has determined that reporting the employee could endanger the safety of the employee or compromise an ongoing investigation or intelligence mission.

The report must contain the newly hired employee's name, address, social security number, and the date services for remuneration were first performed by the newly hired employee. (4) Beginning not later than May 1, 1998, the state child support enforcement agency shall conduct automated comparisons of the social security numbers reported by employers pursuant to this section and the social security numbers appearing in the records of the family support registry for cases being enforced under the state plan. The state department may contract for the performance of the comparisons required by this subsection (4) with another governmental agency or a private entity.

(5) An employer that has employees who are employed in two or more states and that transmits reports magnetically or electronically may designate one state to which the employer shall submit reports. Any multistate employer that elects to transmit all reports to one state shall notify the secretary of the federal department of health and human services, in writing, which state the employer has designated for purposes of reporting.

(6) All employers shall report a newly hired employee within twenty calendar days after the date the employer hires the employee or, at the election of the employer, at the time of the first regularly scheduled payroll following the date of hire if such payroll is subsequent to the expiration of the twenty-day period. Reports submitted magnetically or electronically shall be submitted by two monthly transmissions, when necessary, and in all instances, the report shall be transmitted no more than twenty calendar days after the date of hire or, at the election of the employer, at the time of the first regularly scheduled payroll following the date of hire if such payroll is subsequent to the expiration of the twenty-day period.

(c) Within three business days after the date the information regarding a newly hired employee is entered into the state directory of new hires, the state directory of new hires shall furnish the information to the national directory of new hires.

26-13-126. Authority to deny, suspend, or revoke professional, occupational, and recreational licenses - definitions. (1) The state board of human services is authorized, in coordination with any state agency, board, or commission that is authorized by law to issue, revoke, deny, terminate, or suspend a professional, occupational, or recreational license, to promulgate rules for the suspension, revocation, or denial of professional, occupational, and recreational licenses of individuals who owe more than six months' gross dollar amount of child support and who are paying less than fifty percent of their current monthly child support obligation each month, or those individuals who fail, after receiving proper notice, to comply with subpoenas or warrants relating to paternity or child support proceedings.

(2) (a) To effectuate the purposes of this section, the executive director of the state department may request the denial, suspension, or revocation of any professional, occupational, or recreational license issued by a state agency, board, or commission, referred to in this section as the "licensing agency". Upon such request, the state child support enforcement agency shall send a notice to the obligor by first class mail stating that the obligor has thirty days after the date of the notice within which to pay the past-due obligation, to negotiate a payment plan with the state child support enforcement agency, to request an administrative hearing with the delegate child support enforcement unit, or to comply with the warrant or subpoena. If the obligor fails to pay the past-due obligation, negotiate a payment plan, request an administrative hearing, or comply with the warrant or subpoena within thirty days after the date of the notice, the state child support enforcement agency shall send a notice to the licensing agency to deny, revoke, or suspend the professional, occupational, or recreational license of the individual identified as not in compliance with the court or administrative order for current child support, child support debt, retroactive child support, child support arrearages, or child support when combined with maintenance or of the individual who failed, after receiving appropriate notice, to comply with subpoenas or warrants relating to paternity or child support proceedings.

(b) The rules promulgated to implement this section shall provide that, if it is the first time the procedures authorized by this section have been employed to enforce support against the obligor, the state child support enforcement agency may only issue a notice to the licensing agency to suspend or to deny such obligor's license. However, the rules shall also provide that, in second and subsequent circumstances in which the provisions of this section are utilized to enforce support against the obligor, the state child support enforcement agency shall be

authorized to issue a notice to the licensing agency to revoke an obligor's license, subject to full reapplication procedures upon compliance as specified by the licensing agency.

(c) No later than thirty days after the date of the notice to the obligor, the obligor may request in writing that the delegate child support enforcement unit conduct an administrative review pursuant to the rules and regulations developed by the state board to implement the provisions of this article.

(d) No later than thirty days after the date of the delegate child support enforcement unit's decision, the obligor may request in writing an administrative review from the state child support enforcement agency.

(e) The sole issues to be determined at the administrative review by both the delegate child support enforcement unit and the state child support enforcement agency shall be whether there is: A mistake in the identity of the obligor; a disagreement concerning the amount of the child support debt, an arrearage balance, retroactive support due, or the amount of the past-due child support when combined with maintenance; a showing that all child support payments were made when due; a showing that the individual has complied with the subpoena or warrant; a showing that the individual was not properly served with the subpoena or warrant; or a showing that there was a technical defect with respect to the subpoena or warrant.

(f) The decision of the state child support enforcement agency shall be final agency action and may be reviewed pursuant to section 24-4-106, C.R.S.

(g) A notice to the licensing agency pursuant to paragraph (a) of this subsection (2) shall not be sent to the licensing agency unless the obligor has failed to request a review within the time specified or until a hearing has been concluded and all rights of review have been exhausted.

(h) Each licensing agency affected may promulgate rules, as necessary, and procedures to implement the requirements of this section. Such licensing agencies shall enter into memoranda of understanding, as necessary, with the state child support enforcement agency with respect to the implementation of this section. All due process hearings shall be conducted by the state department rather than the licensing agency.

(i) Nothing in this section shall limit the ability of each licensing agency to deny, suspend, or revoke a license on any other grounds provided by law.

(j) A licensing agency, or any person acting on its behalf, shall not be liable for any actions taken to deny, suspend, or revoke the obligor's license pursuant to this section.

(3) It is the intent of the general assembly that the same or similar conditions placed upon the issuance and renewal of a state license to practice a profession or occupation, as set forth in this section, should also be placed upon persons applying to or licensed to practice law. The general assembly, however, recognizes the practice of the Colorado Supreme Court in the licensure, registration, and discipline of persons practicing law in this state. Specifically, the general assembly acknowledges that in order to obtain a license to practice law in Colorado, a person must verify that he or she is not delinquent with respect to a court-ordered obligation to pay child support. In addition, the general assembly recognizes that pursuant to the "Colorado Rules of Professional Conduct" a lawyer may be disciplined, including by disbarment, for failing to pay child support.

(4) Subject to section 24-33-110 (1), C.R.S., for purposes of this section, "license" means any recognition, authority, or permission that the state or any principal department of the state or an agent of such department is authorized by law to issue for an individual to practice a

profession or occupation or for an individual to participate in any recreational activity. "License" may include, but is not necessarily limited to, any license, certificate, certification, letter of authorization, or registration issued for an individual to practice a profession or occupation or for an individual to participate in any recreational activity.

(2) (a) The purpose of the program authorized by this section shall be to develop and operate, in coordination with such financial institutions and state entities, a data match system, using automated data exchanges, to the maximum extent feasible.

Before the financial institution surrenders any assets of the obligor parent to the state department, the financial institution may apply, at the sole discretion of the financial institution, any assets held by the financial institution on behalf of the obligor parent against the balance of any amounts owed by the obligor parent to

the financial institution, regardless of whether the obligor parent is in default under any agreement with the financial institution or whether any payments are currently due to the financial institution. Service of a notice of lien or levy pursuant to this subsection (2) shall be made by United States first class mail and, in addition, may be made by United States registered or certified mail, return receipt requested, the cost for which may be withheld by the financial institution or state entity from the account of the obligor parent.

A financial institution shall not be required to give notice to an account holder or customer of the financial institution concerning whom the financial institution has provided information or taken any action pursuant to this section. The financial institution shall not be liable for the failure to provide such notice.

(4) The state department shall assure, through rules of the state board, that there are appropriate procedures to be followed by the state department or the delegate child support enforcement unit with respect to certain special types of financial institution accounts, including but not limited to joint, partnership, sole proprietorship, custodial, and commercial accounts, which rules shall identify factors the delegate child support enforcement unit shall consider in determining whether to attach the account or any portion of such account. Such rules shall specifically provide that custodial accounts created pursuant to the "Colorado Uniform Transfers to Minors Act", article 50 of title 11, C.R.S., and trust accounts of moneys held in trust for a third party shall not be attached, encumbered, or surrendered for purposes of enforcing support.

If a state officer, employee, or authorized agent of the state knowingly, or by reason of negligence, discloses a financial record of an individual in violation of this subsection (5), such individual may bring a civil action for damages against the officer, employee, or authorized agent of the state pursuant to 42 U.S.C. sec. 669A (c).

26-13.5-104. Service of notice of financial responsibility. (1) The delegate child support enforcement unit shall serve a notice of financial responsibility on the APA-respondent at least fourteen days prior to the date stated in the notice for the negotiation conference:

(a) In the manner prescribed for service of process in a civil action; or

(b) By an employee appointed by the delegate child support enforcement unit to serve such process; or

(c) By certified mail, return receipt requested, signed by the obligor only. The receipt shall be prima facie evidence of service.

(2) Service of process to establish paternity and financial responsibility may be made under this article by certified mail as specified in subsection (1) of this section or by any of the other methods of service specified in said subsection (1).

(3) If process has been served pursuant to this section, additional service of process is not necessary if the case is referred to court for further action or review.

(4) An APA-respondent may waive service by signing a waiver of service of process and thereby waives the fourteen-day notice period required by subsection (1) of this section.

(5) Service of process on the APA-petitioner is not required. The APA-petitioner voluntarily submits himself or herself to the jurisdiction of the delegate child support enforcement unit and the court in connection with any APA case.

(6) A copy of the notice of financial responsibility must be provided to the APA-petitioner by first-class mail, hand delivery, or electronic transmission if agreed to by the APA-petitioner, at least fourteen days prior to the date of the negotiation conference. The APA-petitioner may waive the right to this fourteen-day notice period.

26-13.5-105. Negotiation conference - issuance of order of financial responsibility - filing of order with district court. (1) Every APA-respondent who has been served with a notice of financial responsibility pursuant to section 26-13.5-104 shall appear at the time and location stated in the notice for a negotiation conference or shall reschedule a negotiation conference prior to the date and time stated in the notice. The negotiation conference must be scheduled not more than thirty-five days after the date of the issuance of the notice of financial responsibility. A negotiation conference may be rescheduled by a request for a standard continuance by the APA-petitioner or APA-respondent. A standard continuance must not be more than seven days after the date of the currently scheduled negotiation conference. The negotiation conference may also be continued for good cause as defined in rules promulgated pursuant to section 26-13.5-113. If a negotiation conference is continued, the APA-petitioner and APA-respondent must be notified of such continuance by first-class mail, hand delivery, or electronic means if agreed to by both parties. If a stipulation is agreed upon at the negotiation conference as to the obligor's duty of support, the delegate child support enforcement unit shall issue an administrative order of financial responsibility setting forth the following:

(a) The amount of the monthly support obligation and instructions on the manner in which it shall be paid;

(b) The amount of child support debt due and owing to the state department and instructions on the manner in which it shall be paid;

(c) The amount of arrearages due and owing and instructions on the manner in which it shall be paid;

(d) The names and dates of birth of the parties and of the children for whom support is being sought and the parties' residential and mailing addresses.

(e) and (f) (Deleted by amendment, L. 99, p. 1091, § 12, effective July 1, 1999.)

(2) The order of financial responsibility has all the force, effect, and remedies of an order of the court, including, but not limited to, wage assignments issued prior to July 1, 1996, or income assignments issued thereafter or contempt of court. Execution may be issued on the order in the same manner and with the same effect as if it were an order of the court. In order to enforce a judgment based on an order issued pursuant to this article 13.5, the judgment creditor shall file with the court a verified entry of judgment specifying the period of time that the judgment covers and the total amount of the judgment for that period. Notwithstanding the provisions of this subsection (2), a court order for judgment or verified entry of judgment is not required in order for the delegate child support enforcement units to certify past-due amounts of child support to the internal revenue service or state department of revenue for purposes of intercepting a federal or state tax refund.

(3) (a) If a stipulation is not agreed upon at the negotiation conference because the APA-petitioner or APA-respondent contests the issue of paternity, the delegate child support enforcement unit shall issue an order for genetic testing if paternity has not already been established by a court or administrative order or determined pursuant to the laws of another state and continue the negotiation conference to allow for the receipt of the genetic testing results. The

delegate child support enforcement unit shall pay the costs of the genetic testing and may recover any testing costs from the presumed or alleged father if paternity is established. If paternity has already been established or determined, an APA temporary order must be established without conducting genetic testing.

(b) If a stipulation is not agreed upon at the continued negotiation conference and genetic testing is required and the evidence relating to paternity does not meet the requirements set forth in section 13-25-126 (1)(g), the delegate child support enforcement unit may dismiss the action or take such other appropriate action as allowed by law.

(c) If a stipulation is not agreed upon at the negotiation conference and paternity is not an issue, or, if paternity is an issue and either the evidence relating to paternity meets the requirements set forth in section 13-25-126 (1)(g), or parentage has been previously determined by another state, the delegate child support enforcement unit shall:

(I) Issue temporary orders establishing current child support, arrears, foster care maintenance, medical support, and reasonable support for a time period prior to the entry of the order for support;

(II) File the notice of financial responsibility and proof of service with the clerk of the district court in the county in which the notice of financial responsibility was issued; and

(III) Request the court to set a hearing for the matter.

(d) Notwithstanding any rules of the Colorado rules of civil procedure, a complaint is not required in order to initiate a court action pursuant to this subsection (3). The court shall inform the delegate child support enforcement unit of the date and location of the hearing and the court or the delegate child support enforcement unit shall send a notice to the APA-petitioner and APA-respondent informing each party of the date and location of the hearing. In order to meet federal requirements of expedited process for child support enforcement, the court shall hold a hearing and decide only the issue of child support within ninety days after receipt of notice, as defined in section 26-13.5-102 (13), or within six months after receipt of notice, as defined in section 26-13.5-102 (13), if the APA-petitioner or APA-respondent is contesting the issue of paternity. If the obligor raises issues relating to the allocation of parental responsibilities, decision-making responsibility, or parenting time and the court has jurisdiction to hear such matters, the court shall set a separate hearing for those issues after entry of the order of support. In any action, including an action for paternity, additional service beyond that originally required pursuant to section 26-13.5-104 is not required if a stipulation is not reached at the negotiation conference and the court is requested to set a hearing in the matter.

(4) The determination of the monthly support obligation is based on the child support guidelines set forth in section 14-10-115. The delegate child support enforcement unit may issue an administrative subpoena requesting income information, including but not limited to wage statements, pay stubs, and tax records. In the absence of reliable information, which may include such information as wage statements or other wage information obtained from the department of labor and employment, tax records, and verified statements made by the obligee, the delegate child support enforcement unit shall set the amount included in the order of financial responsibility pursuant to section 14-10-115, after considering the factors set forth in section 14-10-115 (5)(b.5)(II).

(5) If the court or delegate child support enforcement unit finds that the respondent has an obligation to support the child or children mentioned in the petition or notice, the court or delegate child support enforcement unit may enter an order directing the respondent to pay such

sums for support as may be reasonable under the circumstances, taking into consideration the factors found in section 19-4-116 (6), C.R.S. The court or delegate child support enforcement unit may also enter an order directing the appropriate party to pay for support of the child, in an amount as may be determined by the court or delegate child support enforcement unit to be reasonable under the circumstances, for a time period which occurred prior to the entry of the support order established pursuant to section 19-6-104, C.R.S.

(6) If a parent is unemployed and not incapacitated, the delegate child support enforcement unit may order such parent to pay such support in accordance with a plan approved by the delegate child support enforcement unit or to participate in work activities, as described in section 14-10-115 (5)(b)(II), C.R.S., as deemed appropriate by that delegate child support enforcement unit, as a condition of the child support order.

26-13.5-106. Default - issuance of order of default - filing of order with district court - rules. (1) (a) If an APA-respondent fails to appear for a currently scheduled negotiation conference, the delegate child support enforcement unit shall issue an order of default in accordance with the notice of financial responsibility.

(b) In an action to establish paternity and financial responsibility, the delegate child support enforcement unit shall issue an order of default establishing paternity and financial responsibility in accordance with the notice of financial responsibility if:

(I) The APA-respondent fails to appear for the initial negotiation conference as scheduled in the notice of financial responsibility and fails to reschedule a negotiation conference prior to the date and time stated in the notice of financial responsibility; or

(II) The APA-respondent fails to take a genetic test or fails to appear for an appointment to take a genetic test without good cause; or

(III) The results of the genetic test indicate a ninety-seven percent or greater probability that the alleged father is the father of the child, and the APA-respondent fails to appear for the negotiation conference as scheduled in the notice of financial responsibility and fails to reschedule a negotiation conference prior to the date and time stated in the notice of financial responsibility.

(b.5) The state board shall promulgate rules defining what constitutes good cause for failure to appear at a negotiation conference.

(c) The court shall approve the order of default, which must include the following:

(I) The amount of the monthly support obligation and instructions on the manner in which it must be paid;

(II) The amount of child support debt due and owing to the state department and instructions on the manner in which it must be paid;

(III) The amount of arrearages due and owing and instructions on the manner in which it must be paid;

(IV) The name of the child's custodian and the name, birth date, and social security number of the child for whom support is being sought;

(V) The information required by section 14-14-111.5 (2);

(VI) In a default order establishing paternity, a statement that the obligor has been determined to be the parent of the child;

(VII) Such other information set forth in rules promulgated pursuant to section 26-13.5-113.

(d) The order for default may direct the obligor to pay for support of the child, in an amount determined by the court or delegate child support enforcement unit to be reasonable under the circumstances, for a time period prior to the entry of the order establishing paternity.

(e) To approve the default order, the court shall confirm that:

(I) The default order and all other documents required to be filed with the court pursuant to this section were in fact filed with the court; and

(II) Notice was served on the APA-respondent or a waiver of service was executed by the APA-respondent pursuant to section 26-13.5-104.

(f) In approving a default order, the court shall not:

(I) Recalculate the amount of any child support obligation contained in the APA order;

(II) Schedule or conduct a court hearing; or

(III) Require the filing of additional documents with the court.

(g) (I) If the court has not approved or denied approval of the default order within thirty-six days after filing with the court, the delegate child support enforcement unit shall notify the court that the deadline for approval or denial is in seven days on the forty-second day.

(II) The court may conduct a judicial review of the order pursuant to section 26-13.5-107.

(2) A copy of any default order issued pursuant to subsection (1) of this section, along with proof of service, and, in the case of a default order establishing paternity and financial responsibility pursuant to subsection (1)(b) of this section, the APA-petitioner's verified affidavit regarding paternity and the genetic test results, if any, shall be filed with the court. Before filing with the court, a supervisor, administrator, attorney, or director of a county department of human or social services shall review the order and other documents. The clerk shall stamp the date of receipt of the copy of the default order and shall assign the order a case number. The default

order has all the force, effect, and remedies of an order of the court, including, but not limited to, wage assignments issued prior to July 1, 1996, or income assignments issued thereafter or contempt of court. Execution may be issued on the order in the same manner and with the same effect as if it were an order of the court. In order to enforce a judgment based on an order issued pursuant to this article 13.5, the judgment creditor shall file with the court a verified entry of judgment specifying the period of time that the judgment covers and the total amount of the judgment for that period. Notwithstanding the provisions of this subsection (2), a court order for judgment or verified entry of judgment is not required in order for the child support enforcement units to certify past-due amounts of child support to the internal revenue service or state department of revenue for purposes of intercepting a federal or state tax refund.

26-13.5-107. Orders - duration - effect of court determinations. (1) A copy of any order of financial responsibility or of any default order or of any temporary order of financial responsibility issued by the delegate child support enforcement unit must be sent by such unit by first-class mail to the APA-petitioner and APA-respondent or his or her attorney of record and to the custodian of the child.

(2) Any order of financial responsibility, any default order, and any temporary order of financial responsibility must continue until modified by administrative or court order, even if the child is no longer receiving benefits under the programs listed in section 26-13-102.5 (2)(a), unless the child is emancipated or is otherwise no longer entitled to support. In the event that the order of financial responsibility, default order, or temporary order of financial responsibility is entered in a case at a time when there is a court action on the same case, the court may credit a portion of a monthly amount paid under the administrative process order towards future payments due in the court case only if the order in the court case is established at a lower amount than the administrative process order and only to the extent of the difference between the amount of the court order and the amount of the administrative process order.

(3) Nothing contained in this article 13.5 deprives a court of competent jurisdiction from determining the duty of support of an obligor against whom an administrative order is issued pursuant to this article 13.5. Such a determination by the court supersedes the administrative order as to support payments due subsequent to the entry of the order by the court but does not affect any arrearage which may have accrued under the administrative order.

(4) Any party to an APA order may file a request for relief from an APA judgment or order. The request must be in writing and filed with the court after the APA order becomes

effective. The court may not conduct a review of a pending APA order. The review must be pursuant to C.R.C.P. 60.

26-13.5-110. Paternity - establishment - filing of order with court. (1) The delegate child support enforcement unit may issue an order establishing paternity of and financial responsibility for a child in the course of a support proceeding pursuant to this article 13.5 when a parent signs a statement that the paternity of the child for whom support is sought has not been legally established and that the parents are the legal parents of the child and if neither parent is contesting the issue of paternity or may issue a default order establishing paternity and financial responsibility in accordance with section 26-13.5-106. Prior to issuing an order pursuant to this section, the delegate child support enforcement unit shall advise both parents in writing as prescribed by rule promulgated pursuant to section 26-13.5-113 of their legal rights concerning the determination of paternity.

(2) A copy of the order establishing paternity and financial responsibility and the sworn statement of the parent and, in the case of a default order establishing paternity and financial responsibility, the APA-petitioner's verified affidavit regarding paternity and the genetic test results, if any, must be filed with the clerk of the district court in the county in which the notice of financial responsibility was issued or as otherwise provided in accordance with section 26-13.5-105 (2). The order establishing paternity and financial responsibility has all the force, effect, and remedies of an order of the district court, and the order may be executed upon and enforced in the same manner as an order of the court.

(3) If the order establishing paternity is at variance with the child's birth certificate, the delegate child support enforcement unit shall order that a new birth certificate be issued pursuant to section 19-4-124.

(4) Service of process to establish paternity and financial responsibility may be made pursuant to this article 13.5 by any method of service, including certified mail, as specified in section 26-13.5-104.

26-13.5-110.5. Filing genetic testing results with court - no administrative process action order. (1) Whenever genetic testing has been conducted pursuant to section 26-13.5-105 and the results show a less than ninety-seven percent probability of parentage, and the delegate child support enforcement unit issues a notice or order of dismissal of the APA case, the genetic testing results must be filed with the clerk of the district court in the county in which the notice of financial responsibility was issued, when there is a court action relating to child support pending, or where an order exists but is silent on the issue of child support.

(2) Notwithstanding any other provisions of this article 13.5 to the contrary, the court has jurisdiction to receive an objection to genetic test results and to take any other appropriate action relating to such test results.

26-13.5-112. Modification of an order. (1) At any time after the entry of an order of financial responsibility or an order of default pursuant to this article 13.5, in order to add, alter, or delete any provisions to such an order, the delegate child support enforcement unit may issue a notice of financial responsibility modification to the obligor and obligee advising the obligor and obligee of the possible modification of the existing administrative order issued pursuant to this article 13.5. The delegate child support enforcement unit shall serve the obligor and the obligee with a notice of financial responsibility modification by first-class mail or by electronic means if mutually agreed upon. The obligor or the obligee may file a written request for modification of an administrative order issued pursuant to this article 13.5 with the delegate child support enforcement unit. If the delegate child support enforcement unit denies the request for modification based upon the failure to demonstrate a showing of changed circumstances required pursuant to section 14-10-122, the delegate child support enforcement unit shall advise the requesting party of the party's right to seek a modification pursuant to section 14-10-122.

(1.2) At any time after entry of an administrative order issued pursuant to this article, an obligor or obligee may file a written request for review of the order with the delegate child

support enforcement unit. The written request for review shall include financial information of the requesting party necessary to conduct a calculation pursuant to the Colorado child support guidelines described in section 14-10-115, C.R.S. The requesting party shall provide his or her financial information on the form required by the division of child support enforcement. The delegate child support enforcement unit shall review each request received and grant or deny the request using the standards described in section 26-13-121 (2)(a) or (2)(b).

(1.3) If there is an active assignment of rights, the delegate child support enforcement unit shall, once every thirty-six months, review the administrative order to determine if an adjustment of the administrative order is appropriate.

(1.4) If the request for review is granted or in case of an automatic review where there is an active assignment of rights, a notice of review shall be issued to the requesting and nonrequesting parties. In the case of a review in which there is an active assignment of rights, the obligor and obligee shall be considered nonrequesters. The notice of review shall advise the obligor and obligee that a review is to be conducted and provide the nonrequesters twenty days within which to provide the financial information necessary to calculate the child support obligation pursuant to the Colorado child support guidelines described in section 14-10-115, C.R.S.

(1.5) (a) The review of the administrative order must be conducted on or before the thirtieth day after notice of review is sent to the parties. During the review, the determination of the monthly support obligation must be based on the child support guidelines set forth in section 14-10-115. The delegate child support enforcement unit may grant a continuance of the review for good cause. The continuance must be for a reasonable period of time to be determined by the delegate child support enforcement unit, not to exceed thirty days.

(b) In order to obtain information necessary to conduct the review, the delegate child support enforcement unit is authorized, pursuant to sections 26-13.5-103 (1) and 26-13-121 (3)(d), to serve, by first-class mail, hand delivery, or by electronic means if mutually agreed upon, an administrative subpoena to any person, corporation, partnership, public employee retirement benefit plan, financial institution, labor union, or other entity to appear or for the production of records and financial documents.

(c) An adjustment to the administrative order is appropriate only if the standard set forth in section 14-10-122 (1)(b) is met.

(1.7) (a) After the review is completed, the delegate child support enforcement unit shall provide a post-review notice and child support guideline worksheet advising the obligor and obligee of the review results. If a review indicates that an adjustment should be made, a notice of financial responsibility and a proposed order of financial responsibility shall be included. The delegate child support enforcement unit shall provide all supporting financial documentation used to calculate the monthly support obligation to both parties. The notice of financial responsibility shall advise the parties of the right to challenge the post-review notice of the review results, the time frame for challenging the review results, and the method for asserting the challenge.

(b) The obligor and obligee must be given fifteen days after the date of the post-review notice to challenge the review results. The grounds for the challenge are limited to the issue of mathematical or factual error in the calculation of the monthly support obligation. The delegate child support enforcement unit may grant an extension of up to fifteen days to challenge the review results based upon a showing of good cause. Any challenge may be presented at the

negotiation conference scheduled pursuant to section 26-13.5-105 via first-class mail or via an electronic communication method.

(c) The delegate child support enforcement unit shall have fifteen days from the date of receipt of the challenge to respond to a challenge based upon a mathematical or factual error. If a challenge results in a change to the monthly support obligation, the delegate child support enforcement unit shall provide an amended notice of review to the obligor and obligee. The parties shall be given fifteen days from the date of the amended notice of review to challenge the results of any subsequent review. The grounds for the challenge shall be limited to the issue of mathematical or factual error in the calculation of the monthly support obligation.

(1.9) If the review indicates that a change to the monthly support obligation is appropriate and the review is not challenged or all challenges have been addressed, the delegate child support enforcement unit shall file the notice of financial responsibility, the order of financial responsibility accompanied by the guideline worksheet, and the supporting financial documentation with the court.

(2) A request for modification made pursuant to this section shall not stay the delegate child support enforcement unit from enforcing and collecting upon the existing order pending the modification proceeding.

(3) Only payments accruing subsequent to the request for modification may be modified. Modification shall be based upon the standard set forth in section 14-10-122, C.R.S.

- (a) As a punishment or disciplinary sanction;
- (b) As part of a treatment plan or behavior modification plan;

(b) No physical or mechanical restraint of an individual shall place excess pressure on the chest or back of that individual or inhibit or impede the individual's ability to breathe;

(c) During physical restraint of an individual, an agent or employee of the agency shall check to ensure that the breathing of the individual in such physical restraint is not compromised;

(d) A chemical restraint shall be given only on the order of a physician or an advanced practice registered nurse with prescriptive authority who has determined, either while present during the course of the emergency justifying the use of the chemical restraint or after telephone consultation with a registered nurse, licensed physician assistant, or other authorized staff person who is present at the time and site of the emergency and who has participated in the evaluation of the individual, that such form of restraint is the least restrictive, most appropriate alternative available. Nothing in this subsection (1) shall modify the requirements of section 26-20-102 (2) or 26-20-103 (3).

(e) An order for a chemical restraint, along with the reasons for its issuance, shall be recorded in writing at the time of its issuance;

(f) An order for a chemical restraint shall be signed at the time of its issuance by such physician if present at the time of the emergency;

(g) An order for a chemical restraint, if authorized by telephone, shall be transcribed and signed at the time of its issuance by an individual with the authority to accept telephone medication orders who is present at the time of the emergency;

(h) Staff trained in the administration of medication shall make notations in the record of the individual as to the effect of the chemical restraint and the individual's response to the chemical restraint.

(2) For individuals in mechanical restraints, agency staff shall provide relief periods, except when the individual is sleeping, of at least ten minutes as often as every two hours, so long as relief from the mechanical restraint is determined to be safe. During such relief periods, the staff shall ensure proper positioning of the individual and provide movement of limbs, as necessary. In addition, during such relief periods, staff shall provide assistance for use of appropriate toileting methods, as necessary. The individual's dignity and safety shall be maintained during relief periods. Staff shall note in the record of the individual being restrained the relief periods granted.

ARTICLE 21

Colorado Commission for the Deaf, Hard of Hearing, and Deafblind

Cross references: For regulation of audiologists, see article 210 of title 12.

26-21-101. Short title. The short title of this article 21 is the "Colorado Commission for the Deaf, Hard of Hearing, and Deafblind Act".

Source: **L. 2000:** Entire article added, p. 1624, § 1, effective June 1. **L. 2018:** Entire section amended, (HB 18-1108), ch. 303, p. 1836, § 11, effective August 8.

26-21-102. Legislative declaration. The general assembly hereby finds, determines, and declares that a commission for the deaf, hard of hearing, and deafblind facilitates the provision of state and local government services to the deaf, hard of hearing, and deafblind while making government more efficient. Under the federal "Americans with Disabilities Act of 1990", 42 U.S.C. sec. 12101 et seq., as amended, Colorado has a duty to provide equivalent access to state government and public accommodations to the deaf, hard of hearing, and deafblind. This duty requires state departments and agencies to provide auxiliary services, communications technology equipment, and other resources to ensure access. Centralizing and unifying such resources under a Colorado commission creates cost savings for the state. In addition, the consolidation of resources facilitates quality control and increases the effectiveness of services while increasing access to services by the deaf, hard of hearing, and deafblind.

(III) The cross-agency agreements with other departments that operate early childhood and family support programs and services and the effectiveness of the agreements in seamlessly providing said programs and services;

(IV) The impact of the implementation of the Colorado universal preschool program pursuant to part 2 of article 4 of this title 26.5 on the number of children served by the Colorado child care assistance program pursuant to part 1 of article 4 of this title 26.5. The independent evaluator shall evaluate this issue in consultation with county departments, as defined in section 26.5-4-103.

(V) Whether the programs that the department operates were appropriate for transition or would be better operated in another department pursuant to a cross-agency agreement.

(b) The independent evaluator, in coordination with the departments of education, human services, public health and environment, and health care policy and financing, shall review the programs and services pertaining to early childhood that were not transferred to the department, including the federal law and regulations pertaining to those programs and services, to determine whether the programs and services should be transferred to and operated by the department.

(c) No later than November 1, 2025, the independent evaluator shall submit a report concerning the review of operations pursuant to subsection (1)(a) of this section and the review of the transfer of additional programs and services pursuant to subsection (1)(b) of this section to the department; the governor; the early childhood leadership commission; the public and behavioral health and human services committee and the education committee of the house of representatives, or any successor committees; and the health and human services committee and the education committee of the senate, or any successor committees.

(d) In conducting the reviews and making recommendations pursuant to this subsection (1), the independent evaluator shall solicit input through a process that includes participation by the populations served by the programs; the providers and members of the workforce working in

the programs; local coordinating organizations; state, local, and tribal agencies involved in implementing the programs; and any other relevant experts.

(2) (a) The department, in collaboration with the departments of education, higher education, human services, public health and environment, and health care policy and financing, shall prepare an annual report concerning the progress made and challenges encountered by the department of early childhood in transitioning and implementing programs and providing services and by the departments as a group in implementing cross-agency collaboration related to, at a minimum:

(I) Administration of part C of the federal "Individuals with Disabilities Education Act", 20 U.S.C. sec. 1400 et seq., as amended, and coordination with the department of education of the transition of children from part C to part B as agreed to in the interagency operating agreement described in section 26.5-3-404 (3) between the department and the department of education;

(II) Implementation of the memorandum of understanding described in section 26.5-4-206 between the department and the department of education concerning administration of special education services for children prior to kindergarten, specifically implementation of part B, section 619, and part C of the federal "Individuals with Disabilities Education Act", 20 U.S.C. sec. 1400 et seq., as amended;

(VIII) The use of public funding to support child care.

(b) The department shall submit the report prepared pursuant to subsection (2)(a) of this section as part of the presentation made to a joint committee of reference pursuant to the "State Measurement for Accountable, Responsive, and Transparent (SMART) Government Act", part 2 of article 7 of title 2, in the 2023 regular legislative session and annually thereafter. In addition, the department shall annually submit the report to the governor; the early childhood leadership commission; the public and behavioral health and human services committee and the education committee of the house of representatives, or any successor committees; and the health and human services committee and the education committee of the senate, or any successor committees. Notwithstanding the requirement in section 24-1-136 (11)(a)(I), the requirement to submit the report described in this subsection (2) continues until repealed pursuant to subsection (2)(c) of this section.

(c) This subsection (2) is repealed, effective September 1, 2028.

26.5-1-113. Children's mental health program - appropriation - legislative declaration - definitions - repeal. (1) (a) The general assembly finds and declares that:

(I) Neurobiological research confirms that stressful experiences early in life can have profound and destructive impacts on the architecture of the brain;

(II) Additional scientific research has shown, however, that responsive, nurturing relationships between young children and their caregivers that lead to secure attachment serve as powerful, protective buffers to stressful experiences early in life;

(III) Providing an evidence-based, two-generation, and home-based prevention and early intervention mental health program can prevent or ameliorate the damage caused by stressful experiences; and

(IV) It is possible to decrease the stress experienced by families by connecting family members to needed services through intensive care coordination. By providing psychotherapy to a caregiver and child together, it is possible to repair the impact of stress on the child and strengthen the caregiving relationship.

(b) The general assembly finds, therefore, that:

(I) Given the harmful consequences of the economic disruptions resulting from and exacerbated by the COVID-19 public health emergency, it is in the best interest of the state to authorize the department of early childhood to contract with a nonprofit entity to provide evidence-based, two-generation, and home-based prevention and early intervention children's mental health programs; and

(II) The purpose of children's mental health programs is to enhance the mental health and development of caregivers and young children. Children's mental health programs must combine comprehensive, coordinated services and psychotherapeutic intervention for caregivers and children, increase adult self-regulation and executive functioning, and result in long-term positive outcomes for children and families.

(c) It is the intent of the general assembly that the department and a nonprofit entity work collaboratively to share information as necessary to promote efficient and effective implementation of the children's mental health programs in Colorado.

(d) The general assembly further finds and declares that contracting with a nonprofit entity to provide children's mental health programs constitutes critical government services.

(2) As used in this section, unless the context otherwise requires:

(a) "Children's mental health program" means an evidence-based, two-generation, and home-based prevention and early intervention program for families with children from prenatal to six years of age who are experiencing chronic stress and trauma. A children's mental health program must be proven to significantly improve child emotional and behavioral health, child language development, and caregiver mental health, as well as decrease child abuse and neglect, resulting in long-term positive outcomes for children and families.

(b) "Entity" means a Colorado-based nonprofit organization.

(3) (a) On or before November 1, 2022, the department shall contract with a Colorado-based nonprofit entity to provide children's mental health programs. The entity must have previous and current experience serving the target demographic using a curriculum that:

(I) Includes components that provide for intervening with families with young children who are experiencing chronic stress and trauma. The curriculum must connect the families to needed services through intensive care coordination while also providing psychotherapy for the child and parent or guardian.

(II) Has been previously implemented with success by providers in Colorado.

(b) The entity with which the department contracts shall:

(I) Perform community implementation readiness assessments and provide training, coaching, and monitoring for the implementation of children's mental health programs;

(II) Provide ongoing quality assessments and improvement recommendations to ensure high-quality implementation and sustainability of children's mental health programs;

(III) Provide the department with site-specific and statewide process and outcome evaluations of children's mental health programs; and

(IV) Annually prepare and submit to the department and the behavioral health administration an evaluation of the outcomes of all of the children's mental health programs implemented.

(4) (a) For the 2022-23 state fiscal year, the general assembly shall appropriate two million dollars to the department for the purposes of implementing this section from the economic recovery and relief cash fund created in section 24-75-228. The department is authorized to expend up to five percent to pay the costs incurred in implementing this section, including the costs incurred in contracting with a nonprofit entity.

(b) Money spent pursuant to this subsection (4) must conform with the allowable purposes set forth in the federal "American Rescue Plan Act of 2021", Pub.L. 117-2, as amended. The department must either spend or obligate such appropriation in accordance with section 24-75-226 (4)(d).

(c) This subsection (4) is repealed, effective September 1, 2027.

(5) The department and the contracted entity shall comply with the compliance, reporting, record-keeping, and program evaluation requirements established by the office of state planning and budgeting and the state controller in accordance with section 24-75-226 (5).

PART 3

EARLY CHILDHOOD LEADERSHIP COMMISSION

26.5-1-301. Legislative declaration. (1) The general assembly hereby finds that:

(a) Public investments for pregnant women and young children from birth to eight years of age and their families fall behind investments for older Colorado children and lag behind national trends;

(b) For the state's early childhood system to operate effectively, the efforts of the public and private agencies that compose the system must be efficiently coordinated, aligned to state and federal standards, and made accountable across state systems; and

(c) While there are several planning efforts related to early childhood services and collaborative bodies within state and local governments, there is no single venue to allow high-level decision-making among policy makers, to collectively study recommendations, to facilitate cross-agency collaboration among state agencies, and to make joint policy and funding recommendations.

(2) The general assembly further finds that:

(a) A commission to assist in coordinating services and supports for pregnant women and young children from birth to eight years of age and their families will improve the delivery of those services and improve the educational, health, emotional and mental health, child welfare, and employment outcomes for these children and their families; and

(b) A commission to assist in coordinating the delivery of services and supports for pregnant women and young children and their families will also significantly improve Colorado's workforce and economic development by:

(I) Helping to ensure a healthy, well-educated workforce far into the future;

(II) Supporting those persons who currently provide early childhood services and supports and creating additional employment opportunities;

(III) Supporting parents of young children who need dependable, high-quality child care and supportive services in order to be fully engaged and productive in their jobs; and

(IV) Supporting the market in early childhood services and products as a vibrant element of the state's economy.

(3) The general assembly finds, therefore, that it is essential to create a high-level, interagency, public-private leadership commission to identify opportunities for, and address barriers to, the coordination of federal and state early childhood policies and procedures in order to promote access to programs and services that affect the health and well-being of Colorado's children.

EARLY CHILDHOOD AND SCHOOL READINESS LEGISLATIVE COMMISSION

26.5-1-401. Short title. The short title of this part 4 is the "Early Childhood and School Readiness Legislative Commission Act".

Source: L. 2021: Entire title added, (HB 21-1304), ch. 307, p. 1853, § 4, effective July 1, 2022.

Editor's note: This section is similar to former § 26-6.5-201 as it existed prior to 2021.

26.5-1-402. Legislative declaration. (1) The general assembly finds that:

(a) The most economically efficient time to develop children's skills and social abilities is in the very early years when developmental education across all of the four domains of early learning, family support and education, health care, social-emotional health, and mental health, can have the most effect;

(b) Children, families, and society benefit from quality investments in early childhood development and learning. Comprehensive early childhood development provides children and their families with the resources they need for early nurturing and for early language development and learning experiences and the physical health supports they need to help them arrive at school thriving and ready to learn.

(c) High-quality early childhood care and learning during the crucial growth years from birth to five years of age is necessary to enable children to succeed when they start kindergarten and as they continue their education;

(d) Research demonstrates that parental support and involvement, combined with a high-quality preschool education program, increases students' school readiness and achievement in kindergarten and significantly contributes to overcoming the effects of students' varying socioeconomic circumstances; and

(e) Research further shows that improving educational performance through improved school readiness costs much less than special education, remediation, and grade retention.

(2) The general assembly concludes therefore that it is in the best interests of the state to create a legislative commission to meet on a regular basis throughout the year to study issues and recommend legislation concerning early childhood and school readiness, including health care, mental health, parental involvement, family support, child care, and early learning.

Initial appointments to the commission shall be made on or before July 1, 2013, as follows:

(IV) The minority leader of the house of representatives shall appoint one representative to serve on the commission who also serves on the education committee of the house of representatives, or any successor committee.

(c) The president of the senate shall select the first chair of the commission, and the speaker of the house of representatives shall select the first vice-chair. The chair and vice-chair must alternate annually thereafter between the two houses. The chair and vice-chair of the

commission may establish such organizational and procedural rules as are necessary for the operation of the commission.

(d) The members of the commission must receive compensation and reimbursement for expenses incurred in fulfilling the duties of the commission as provided in section 2-2-326.

(2) (a) The commission may meet up to four times annually. The director of research of the legislative council and the director of the office of legislative legal services shall provide staff assistance to the commission. The commission shall study issues concerning early childhood and school readiness, including but not limited to health care, mental health, parental involvement, family support, child care, and early learning. The commission shall solicit input from members of the public, especially those individuals with expertise related to early childhood and school readiness issues, to aid the commission in its work. The commission shall consult with the early childhood leadership commission, created in section 26.5-1-302, with regard to policies concerning early childhood and school readiness.

(b) The commission may accept in-kind donations in the form of administrative support from one or more nonprofit organizations.

(c) The commission shall report to the legislative council by the date specified in rule 24 (b)(1)(D) of the joint rules of the senate and house of representatives. The report may include recommendations for legislation, including but not limited to legislation continuing the commission and an explanation of the additional time and procedures that the commission may require to achieve the commission's study goals. Legislation that the commission recommends is treated as legislation recommended by an interim committee for the purposes of the introduction deadlines and bill limitations imposed by the joint rules of the senate and house of representatives.

PART 1

LOCAL COORDINATING ORGANIZATIONS

26.5-2-101. Legislative declaration. (1) The general assembly finds and declares that:

(a) Local entities are best positioned to understand the varying needs for early childhood programs and services that arise in the widely diverse communities throughout the state; and

(b) Each community requires leadership by local entities that, alone or in partnership with the state, can coordinate the resources available within the community with state resources to provide the type and level of early childhood and family support programs and services each community requires.

(2) The general assembly finds, therefore, that, to best serve the families and children in all communities throughout the state, the department shall select and work with local coordinating organizations in communities throughout the state to support access to and equitable delivery of early childhood and family support programs and services, identify gaps in service, foster partnerships, create alignment among the public and private providers and agencies within the community that serve families and children, and establish a comprehensive, locally supported plan for providing early childhood and family support programs and services equitably within the community.

(a) The proposed boundaries of the community within which the applicant would serve as the local coordinating organization for early childhood and family support programs and services provided to children and families within the community. The department may require, and shall work with the applicant to ensure, that the applicant's proposed boundaries align with one or more areas that the department identifies as a community. In identifying communities and establishing community boundaries throughout the state, the department shall ensure that a school district is not included in more than one community without the prior approval of the school district board of education expressed in an approved board resolution.

(I) Assist families in applying for early childhood and family support programs and services and in enrolling children with early care and education providers;

(II) Ensure, to the extent practicable, that an equitable mixed delivery system of preschool providers is available within the area, which may include contracting with providers for the delivery of preschool services;

PART 2

EARLY CHILDHOOD COUNCILS

26.5-2-201. Legislative declaration. (1) The general assembly finds and declares that there is a critical need to increase services for young children and their families, including those families with members who are entering the workforce due to Colorado's reform of the welfare system, making the transition off of welfare, or needing child care assistance to avoid the welfare system. The statewide need includes increasing and sustaining the quality, accessibility, capacity, and affordability of services for children and their parents to help parents raise their children to be successful at school, at work, and in the community.

(2) Research demonstrates that there are positive outcomes for young children and their families who receive quality, integrated child care and related services in their early, preschool years, delivered through a comprehensive early childhood system that includes quality care and education, family support, health, and mental health programs.

(3) Providers of half-day preschool and full-day child care services have to overcome barriers and inflexible requirements of the various sources of funding in order to design and implement programs that are more responsive to the needs of working families.

(4) Consideration of various state and federal funding sources would allow for an integrated delivery system of quality programs for young children and their families in Colorado's communities.

(5) An integrated delivery system would further enhance the ability of the department to identify the best practices relative to increasing and sustaining quality and to meeting the diverse needs of families seeking child care and other early childhood services.

(6) Distinctly local needs and conditions require that the state design and integrate a system that has the flexibility to adapt to those local needs.

(7) It is therefore in the state's best interest to establish a comprehensive system of early childhood councils to increase and sustain the availability, accessibility, capacity, and quality of early childhood services throughout the state, as provided in this part 2.

PART 1

FAMILY RESOURCE CENTERS

26.5-3-101. Legislative declaration. (1) The general assembly declares that Colorado needs healthy and cohesive families at all income levels in order for the state to be economically viable. A number of families in communities throughout Colorado temporarily may not have access to the basic necessities of life or to resources or services designed to promote individual development and family growth.

(2) The general assembly further declares that many of Colorado's vulnerable families, individuals, children, and youth do not necessarily live in at-risk neighborhoods. These persons may not have appropriate resources or sufficient income for adequate housing, health care, or child care because the primary wage earners are unemployed or underemployed or work at jobs that pay minimum wage or less. Further, many of these persons not only live in poverty but also experience divorce or domestic violence or are single parents. Children and youth who are raised in vulnerable families experience an increased risk of being abused, being illiterate, being undereducated, dropping out of school, becoming teen parents, abusing drugs, and engaging in at-risk behaviors, including but not limited to criminal activities. These children and youth are often influenced by and likely to repeat behaviors that began with their parents.

(3) Therefore, the general assembly finds that it is appropriate to establish a program to provide family resource centers in communities to serve as a single point of entry for providing comprehensive, intensive, integrated, and collaborative state and community-based services to vulnerable families, individuals, children, and youth.

The purposes of the program are to provide grants to community applicants for the creation of family resource centers or to provide grants to family resource centers for the continued operation of the centers through which services for vulnerable families, individuals, children, and youth who live in communities or in at-risk neighborhoods are accessible and coordinated through a single point of entry.

(b) The department shall operate the family resource center program in accordance with the provisions of this part 1. (V) The monitoring of the progress of the family toward greater self-reliance or self-sufficiency and an evaluation of services provided; and

(VI) Assistance to the individual or family in applying for the children's basic health plan, medical assistance benefits, or other benefits.

PART 4

COORDINATED SYSTEM OF PAYMENT FOR EARLY INTERVENTION SERVICES FOR INFANTS AND TODDLERS

26.5-3-401. Legislative declaration. (1) The general assembly finds that:

(a) There is an urgent and substantial need to enhance the development of infants and toddlers with disabilities, to minimize their potential for developmental delay, and to recognize the significant brain development that occurs during a child's first three years of life;

(b) The longer a child's developmental delays are not addressed, the more developmental difficulties the child will experience in the future, the less prepared the child will be for school, the more special education needs the child is likely to have, and the more costly those problems will be to address;

(c) The capacity of families to meet the special needs of their infants and toddlers with disabilities needs to be supported and enhanced;

(d) Colorado's system for providing early intervention services to eligible infants and toddlers from birth through two years of age with significant developmental delays and disabilities relies on multiple sources of funding;

(e) The early childhood and school readiness commission, which was the successor of the child care commission, was created in the 2004 legislative session to study, review, and evaluate the development of plans for creating a comprehensive early childhood system;

(f) The early childhood and school readiness commission extensively studied and evaluated issues regarding early intervention services for infants and toddlers who have delays in development and learned that there is no coordinated system of payment for early intervention services, resulting in the provision of disjunctive or interrupted services to eligible children and inadequate reimbursement of early intervention service providers;

(g) The early childhood and school readiness commission was also informed that many eligible children are covered as dependents by their parents' health-care plans, but some of the plans may deny benefits for early intervention services, thereby eliminating a source of private funds for the payment of early intervention services;

(h) Pursuant to part C of the federal "Individuals with Disabilities Education Act", 20 U.S.C. sec. 1400 et seq., as amended, there is an urgent and substantial need to facilitate the

coordination of payment for early intervention services from federal, state, local, and private sources, including public medical assistance and private insurance coverage;

(i) Existing levels of local, state, federal, and private funding may be more efficiently used, more children may be served, and a higher quality of services may be provided if the existing early intervention system is modified to create a more coherent and coordinated system of payment for early intervention services;

(j) The involvement of a child's primary health-care provider and other health-care providers is an essential component of effective planning for the provision of early intervention services; and

(k) The provision of early intervention services is intended only to meet the developmental needs of an infant or toddler and not to replace other needed medical services that are recommended by the child's primary health-care provider.

The certified early intervention service broker for a defined service area may provide early intervention services directly or may subcontract the provision of services to other qualified providers on the registry.

(II) Accept and process claims for reimbursement for early intervention services provided pursuant to this part 4 by qualified providers;

(III) Negotiate for the payment of early intervention services provided to eligible children in the defined service area by qualified providers, to the extent permissible under federal law; and

(IV) Ensure payment to a qualified provider for early intervention services rendered by the qualified provider.

(2) Certified early intervention service brokers shall use procedures and forms determined by the department to document the provision or purchase of early intervention services on behalf of eligible children. Invoices or insurance claims for early intervention services must be submitted based on the available funding source for each eligible child and the reimbursement rate for the appropriate federal, state, local, or private funding sources, including public medical assistance and private health insurance.

(3) The department shall establish a schedule of fees to be charged by certified early intervention service brokers for providing broker services pursuant to this part 4. In developing the fee schedule, the department shall obtain input from certified early intervention service brokers and shall consider the duties of brokers pursuant to this part 4, the expenses incurred by brokers, and the relevant market conditions.

(4) Use of a certified early intervention broker is voluntary; except that private health insurance carriers that are included pursuant to section 10-16-104 (1.3) are required to make payment in trust pursuant to section 26.5-3-409. Nothing in this part 4 prohibits a qualified provider of early intervention services from directly billing the appropriate program of public medical assistance or a participating provider, as defined in section 10-16-102 (46) or from directly billing a private health insurance carrier for services rendered pursuant to this part 4 for insurance plans that are not included pursuant to section 10-16-104 (1.3).

(5) To the extent requested by the department, certified early intervention service brokers shall participate in ongoing reviews of funding practices for early intervention services and the development or revision of procedures for a coordinated system of payment for early intervention services.

26.5-3-409. Payment from private health insurance for early intervention services - trust fund. (1) Private health insurance carriers that are required to make payment of benefits for early intervention services for which coverage is required pursuant to section 10-16-104 (1.3) shall pay benefits to the department in trust for payment to a broker or provider for early intervention services provided to an eligible child. Upon notification from the department that a child is eligible, the child's private health insurance carrier has thirty days to make payment to the department.

(2) (a) When a private health insurance carrier makes payments of benefits for an eligible child to the department in trust, the money must be deposited in the early intervention services trust fund, which trust fund is created in the state treasury. Except as provided in subsection (2)(b) of this section, the principal of the trust fund must only be used to pay certified early intervention service brokers or qualified early intervention service providers for early intervention services provided to the eligible child for whom the money was paid to the department in trust by the private health insurance carrier. Except as provided in subsection (2)(b) of this section, the principal of the trust fund does not constitute state fiscal year spending for purposes of section 20 of article X of the state constitution, and the money is deemed custodial funds that are not subject to appropriation by the general assembly.

(b) (I) For the 2008-09 fiscal year and each fiscal year thereafter, the general assembly shall make appropriations to the department from the principal of the early intervention services trust fund for the direct and indirect costs of administering this section. Any money appropriated to the department pursuant to this subsection (2)(b)(I) constitutes state fiscal year spending for purposes of section 20 of article X of the state constitution.

(II) All interest derived from the deposit and investment of money in the early intervention services trust fund must be credited to the trust fund, may be appropriated to the department in accordance with this subsection (2)(b)(II), and constitutes state fiscal year spending for purposes of section 20 of article X of the state constitution.

(c) Within ninety days after the department determines that a child is no longer an eligible child for purposes of section 10-16-104 (1.3), the department shall notify the carrier that the child is no longer eligible and that the carrier is no longer required to provide the coverage required by said section for that child. Any money deposited in the trust fund on behalf of an eligible child that is not expended on behalf of the child before the child becomes ineligible must be returned to the carrier that made the payments in trust for the child.

(3) No later than March 1, 2009, and no later than April 1 each year thereafter, the department shall provide a report to each private health insurance carrier that has made payments of benefits for an eligible child to the department in trust. The report must specify the total amount of benefits paid to brokers or qualified providers for services provided to the eligible child during the prior calendar year, including the amount paid to each broker or qualified provider and the services provided to the eligible child. The department shall provide the report required by this subsection (3) at least annually and more often, as determined by the department and the carrier.

26.5-3-410. Annual report - cooperation from certified early intervention service brokers and qualified providers. (1) Notwithstanding section 24-1-136 (11)(a)(I), by November 1, 2008, and by November 1 each year thereafter, the department shall submit an annual report to the general assembly regarding the various funding sources used for early intervention services, the number of eligible children served, the average cost of early intervention services, and any other information the department deems appropriate. PART 5

COLORADO NURSE HOME VISITOR PROGRAM

26.5-3-501. Short title. The short title of this part 5 is the "Colorado Nurse Home Visitor Program Act".

Source: L. 2022: Entire article added, (HB 22-1295), ch. 123, p. 628, § 3, effective July 1.

Editor's note: This section is similar to former § 26-6.4-101 as it existed prior to 2022.

26.5-3-502. Legislative declaration. (1) The general assembly finds that in order to adequately care for their newborns and young children, new mothers may often benefit from receiving professional assistance and information. Without such assistance and information, a young mother may develop habits or practices that are detrimental to her health and well-being and the health and well-being of her child. The general assembly further finds that inadequate prenatal care and inadequate care in infancy and early childhood often inhibit a child's ability to learn and develop throughout the child's childhood and may have lasting, adverse effects on the child's ability to function as an adult. The general assembly recognizes that implementation of a nurse home visitor program that provides educational, health, and other resources for new young mothers during pregnancy and the first years of their infants' lives has been proven to significantly reduce the amount of drug, including nicotine, and alcohol use and abuse by mothers, the occurrence of criminal activity committed by mothers and their children under

fifteen years of age, and the number of reported incidents of child abuse and neglect. Such a program has also been proven to reduce the number of subsequent births, increase the length of time between subsequent births, and reduce the mother's need for other forms of public assistance. It is the intent of the general assembly that such a program be established for the state of Colorado, beginning with a limited number of participants and expanding by the year 2010 to be available to all low-income, first-time mothers in the state who consent to receiving services.

(2) The general assembly further finds that, to implement such a program efficiently and effectively and to promote the successful implementation of partnerships between state public entities and the private sector, responsibility for the program should be divided between the department, which is responsible for financial administration of the program, and a health sciences facility at the university of Colorado, which is responsible for programmatic and clinical support, evaluation, and monitoring for the program, and such other responsibilities as described in this part 5. It is the intent of the general assembly that the department and the health sciences facility work collaboratively to share information in order to promote efficient and effective program implementation; however, neither entity is responsible for the other entity's statutorily prescribed duties.

26.5-3-504. Nurse home visitor program - created - rules. (1) (a) There is established the nurse home visitor program to provide regular, in-home, visiting nurse services to low-income, first-time mothers, with their consent, during their pregnancies and through their children's second birthday. The program provides trained visiting nurses to help educate mothers on the importance of nutrition and avoiding alcohol and drugs, including nicotine, and to assist and educate mothers in providing general care for their children and in improving health outcomes for their children. In addition, visiting nurses may help mothers in locating assistance with educational achievement and employment. Any assistance provided through the program is provided only with the consent of the low-income, first-time mother, and she may refuse further services at any time.

(b) The nurse home visitor program, as it existed prior to July 1, 2022, is transferred to the department of early childhood. (2) The program must be administered in communities throughout the state by entities selected on a competitive basis by the health sciences facility and approved by the executive director. Any entity that seeks to administer the program shall submit an application to the department as provided in section 26.5-3-506. The entities selected pursuant to section 26.5-3-507 are expected to provide services to a minimum of one hundred low-income, first-time mothers in the community in which the entity administers the program; except that the executive director may grant a waiver of this requirement if the population base of the community does not have the capacity to enroll one hundred eligible families. The executive director shall consult with the health sciences facility prior to granting the waiver to ensure that the entity can implement the program within the smaller community and maintain compliance with the program requirements. A mother is eligible to receive services through the program if she is pregnant with her first child, or her first child is less than one month old, and her gross annual income does not exceed two hundred percent of the federal poverty line.

The executive director shall base the rules establishing program training requirements, program protocols, program management information systems, and program evaluation requirements on research-based model programs that have been implemented in one or more other states for a period of at least five years and have shown significant reductions in:

(a) The occurrence among families receiving services through the model program of infant behavioral impairments due to use of alcohol and other drugs, including nicotine;

(b) The number of reported incidents of child abuse and neglect among families receiving services through the model program;

(c) The number of subsequent pregnancies by mothers receiving services through the model program;

(d) The receipt of public assistance by mothers receiving services through the model program;

(e) Criminal activity engaged in by mothers receiving services through the model program and their children.

(4) Notwithstanding the provisions of subsection (3) of this section, the executive director shall adopt rules pursuant to which a nurse home visitation program that is in operation in the state as of July 1, 1999, may qualify for participation in the program if it can demonstrate that it has been in operation in the state for a minimum of five years and that it has achieved a reduction in the occurrences specified in subsection (3) of this section. Any program so approved is exempt from the rules adopted regarding program training requirements, program protocols, program management information systems, and program evaluation requirements so long as the program continues to demonstrate a reduction in the occurrences specified in subsection (3) of this section.

(5) The department may propose to the executive director rules concerning program applications pursuant to section 26.5-3-506. Any such proposal must be made in consultation with the health sciences facility.

The nurse home visitor program fund, referred to in this section as the "fund", is administered by the department and consists of money transferred to the fund by the state treasurer from money received pursuant to the master settlement agreement in the amount described in subsection (2)(e) of this section. In addition, the state treasurer shall credit to the fund any public or private gifts, grants, or donations received by the department to implement the program, including any money received from the United States federal government for the program. The fund is subject to annual appropriation by the general assembly to the department for grants to entities for operation of the program. The department may retain the amount needed to pay for the program's share of the department's indirect costs, as calculated under the federally approved cost allocation plan. In addition, the department may retain a total of up to five percent of the amount annually appropriated from the fund for the program, in order to compensate the health sciences

facility pursuant to section 26.5-3-505 (4), as set forth in the scope of work in the agreement between the department and the health sciences facility, and to compensate the department for the actual costs the department incurs in implementing subsection (2)(b) of this section, as determined by the department; except that the portion of the costs to compensate the department for implementing subsection (2)(b) of this section must not exceed two percent of the amount annually appropriated from the fund for the program, and the portion of such costs to compensate the health sciences facility pursuant to section 26.5-3-505 (4), as set forth in the scope of work in the contract between the department and the health sciences facility, must not exceed three percent of the amount annually appropriated from the fund for the program. In addition, if the total amount annually appropriated from the fund for the program exceeds nineteen million dollars, the department and the health sciences facility shall assess whether a smaller percentage of the appropriated funds exceeding nineteen million dollars is adequate to cover their actual costs and shall jointly submit to the general assembly a report articulating their conclusions on this subject. The actual costs of the department include department personnel and operating costs and any necessary transfers to the department of health care policy and financing for administrative costs incurred for the medicaid program associated with the program. The actual costs of the health sciences facility include the facility's own actual program costs and those of its contractors and subcontractors. Any costs for time studies required to obtain medicaid reimbursement for the program may be paid from program funds and are not subject to the five percent limit in this section. Notwithstanding section 24-36-114, all interest derived from the deposit and investment of money in the fund must be credited to the fund. Except as otherwise provided in subsection (2)(c)(II) of this section, all unexpended and unencumbered money in the fund at the end of any fiscal year remains in the fund and must not be transferred to the general fund or any other fund.

(II) On July 1, 2020, the state treasurer shall transfer four million two hundred thirty-seven thousand three hundred seventy-five dollars from the fund to the general fund.

(d) It is the intent of the general assembly that general fund money not be appropriated for implementation of the program.

(e) Pursuant to section 24-75-1104.5 (1.7)(a), and except as otherwise provided in section 24-75-1104.5 (5), for the 2016-17 fiscal year and for each fiscal year thereafter so long as the state receives money pursuant to the master settlement agreement, the state treasurer shall transfer to the fund twenty-six and seven-tenths of the master settlement agreement money received by the state, other than attorney fees and costs, during the preceding fiscal year. The transfer must be from money credited to the tobacco litigation settlement cash fund created in section 24-22-115.

26.5-3-508. Annual program review - audit. (1) The health sciences facility shall annually prepare and submit to the department a report including an evaluation of the implementation of the program, the results achieved by the program based on the annual reports submitted by the administering entities pursuant to section 26.5-3-506 (1)(e), the extent to which

the program serves medicaid-eligible persons and provides services that may be provided in part through medicaid funding, and any recommendations concerning changes to the program, including any changes that may be appropriate to enable the program to receive and maximize medicaid funding. Each program contractor and subcontractor and each entity that administers the program shall work with the health sciences facility and the department to prepare the reports required pursuant to this section and section 2-3-113 (2). Any entity that is administering the program is subject to a reduction in or cessation of funding if the executive director, based on recommendations from the health sciences facility, determines that the entity is not operating the program in accordance with the program requirements established by department rule or is operating the program in such a manner that the program does not demonstrate positive results.

(2) The state auditor's office, pursuant to section 2-3-113, shall audit each entity administering the program to determine whether the entity is administering the program in compliance with the program requirements and in an effective manner. PART 6

SOCIAL-EMOTIONAL LEARNING PROGRAMS

26.5-3-601. Legislative declaration. (1) The general assembly finds and declares that:

(a) Young children from low-income families often struggle to achieve the same outcomes as their peers from higher-income families because they rarely have access to the same supports, particularly those supports with a focus on the development of social-emotional skills like emotion regulation, pro-social communication, and problem solving;

(b) Exposure to poverty, a stressful home environment, and delays in the development of behavioral and academic skills at a young age are strong predictors of later academic challenges, health issues, behavior problems, substance abuse, lower educational attainment, lower rates of employment, teen parenthood, and the likely recurrence of these risk factors for the next generation of children;

(c) Research demonstrates that the opportunity to support positive development experiences during early childhood using evidence-based interventions that support sensitive and responsive caregiver-child interactions are linked to children's academic and social competence; and

(d) Helping teachers and parents learn when and how to use these evidence-based interventions has demonstrated reductions in parental depression and increases in parental self-confidence; increases in positive family communication and problem solving; increases in children's appropriate cognitive problem-solving strategies and in the use of pro-social conflict management strategies with peers; reductions in conduct problems at home and conduct problems in school that often lead to suspension and expulsion; and increases in children's

positive affect and cooperation, positive interactions with peers, school readiness, and engagement with school activities.

(2) (a) The general assembly finds, therefore, that it is in the best interests of the state to authorize the department to implement proven, evidence-based, two-generation prevention programs to teach teachers and parents strategies and skills to connect with all children, especially those who demonstrate challenging behaviors; to promote children's social competence; to reduce behavior problems; and to provide programming to children to help them learn problem-solving and emotion-control skills. The goals of providing these programs are to strengthen teacher-child and parent-child relationships and promote child behavioral change, including self-regulation and decreased aggressive behavior and impulsivity.

(b) The general assembly further finds that, to implement these programs efficiently and effectively and to promote successful partnerships between state agencies and the private sector, it is appropriate to divide responsibility for the programs between the department, which is responsible for financial administration of the programs, and an implementation partner, which is responsible for programmatic and clinical support, evaluation, and monitoring for the programs, and such other responsibilities as may be described in this part 6. It is the intent of the general assembly that the department and the implementation partner work collaboratively to share information as necessary to promote efficient and effective program implementation.

26.5-3-602. Definitions. As used in this part 6, unless the context otherwise requires:

(1) "Entity" means an individual local implementation site, such as a provider of early childhood services; a school district, as defined in section 22-7-1003, or a charter school, as defined in section 22-60.5-102; a community mental health center; any other governmental agency; or any combination of these entities.

(4) "Social-emotional learning program" means an evidence-based, two-generation program that provides training for teachers and parents in strategies and skills for connecting with all young children, especially those who demonstrate challenging behaviors, and for teaching and promoting the development of social competence and emotional self-monitoring and self-management in young children; and provides direct programming for young children in problem solving, anger control, self-monitoring of emotions, succeeding in school, and making friends.

(a) Assist the department in selecting from among applicants those entities that receive grants to provide social-emotional learning programs pursuant to this part 6;

(b) Perform community readiness assessments and provide training, coaching, and monitoring for the implementation of social-emotional learning programs by the entities that receive grants;

(c) Provide ongoing quality assessments and improvement recommendations for the selected entities to ensure high-quality implementation and sustainability of social-emotional learning programs;

(d) Provide to the department site-specific and statewide process and outcomes evaluations of social-emotional learning programs and the grant program as described in this section;

(e) Assist the department with the financial administration of grants pursuant to this part 6 and work with the office of the state auditor as required;

(f) Annually provide to each entity that receives money through the grant program a detailed data report of the entity's implementation of the social-emotional learning programs that includes an assessment of the program's success in achieving positive outcomes for children and their families and identification of areas for practice improvement; and

(g) Annually prepare and submit to the department an evaluation of the outcomes of the social-emotional learning programs that entities implement using money received through the grant program.

(3) An entity that seeks grant money to implement or expand a social-emotional learning program must submit an application to the department in accordance with department rules and procedures. At a minimum, the application must:

(a) Identify the social-emotional learning program curriculum that the entity will use, which must:

(I) Include components that provide a curriculum for parents, teachers, and preschool- and kindergarten-age children;

(II) Be identified by the university of Colorado as a proven, evidence-based intervention to support healthy youth development; and

(III) Have been previously implemented with success by early childhood program providers in Colorado; and

(b) Specify whether the entity has previously provided social-emotional learning programs and, if so, the demographics of the children and families served. An applicant that has

not previously provided social-emotional learning programs must work with the implementation partner to complete a community readiness assessment before submitting an application or within three months after submitting the application.

(4) The department shall work with the implementation partner to review and select grantees from among the applying entities. In addition to any other selection criteria that may be identified in rules of the department, the department shall base selection of grantees on the applicant's use of a curriculum that meets the requirements specified in subsection (3)(a) of this section and on the applicant's service to under-resourced children and families who have a clearly identified need or the outcome of the community readiness assessment. The department shall pay the grants awarded through the program from money appropriated for the program pursuant to subsection (5) of this section.

(5) The general assembly shall annually appropriate money to the department to implement the grant program. The general assembly may appropriate money for the grant program from the marijuana tax cash fund created in section 39-28.8-501. The department may expend a portion of the amount appropriated pursuant to this subsection (5) to pay the costs incurred in implementing the grant program, including the costs incurred in contracting with the implementation partner.

PART 8

EMERGENCY RELIEF GRANT PROGRAMS

26.5-3-801. Legislative declaration. (1) The general assembly finds and declares that:

(a) Colorado's economic recovery depends on its workforce having access to stable, high-quality, and affordable child care. Supporting the ability of Colorado's workforce to return to work during and after the COVID-19 public health emergency is estimated to have an economic enabling effect of more than four billion four hundred million dollars in income.

(b) The COVID-19 public health emergency has significantly impacted Colorado's child care sector by reducing child care provider revenues while at the same time increasing expenses. Child care provider operating costs have increased to include additional daily cleaning, daily health monitoring, supplying personal protective equipment for child care workers, and lower staff-to-child ratios to allow for sufficient physical distancing.

(c) In Colorado, this additional cost burden has forced ten percent of the state's child care providers to close their doors since March 2020. Almost three-quarters of all child care providers indicate they have or will engage in layoffs, furloughs, or pay cuts. For minority-owned or operated child care providers, this figure is even higher. More than twenty-five percent of existing child care providers report that closure is imminent without some kind of financial intervention.

(d) Child care providers generate revenue primarily through enrollment and tuition fees and the business model depends on full enrollment;

(e) At every stage of the COVID-19 public health emergency, parents have been faced with the difficult choice to pull their children from child care, either due to health concerns or because the economic recession has impacted their ability to afford it. Statewide, enrollment in child care for children less than five years of age has decreased by thirty-nine percent since the COVID-19 public health emergency began.

(f) Colorado faces other ongoing threats to the child care sector's sustainability, including high turnover and low pay in the child care profession, as well as the prohibitively expensive cost of opening and operating a child care program;

(g) More than half of Coloradans live in a "child care desert", where there are more than three children less than five years of age for each single available child care opening. Some rural

areas completely lack licensed child care providers. Statewide, Colorado faces a dramatic shortage of at least thirty-nine thousand spots for infants and toddlers.

(h) Most child care in Colorado is owned or operated by women, and more than forty percent of our child care workforce is composed of women of color. Furthermore, throughout the COVID-19 public health emergency, women of color have been more likely to be on the front lines as essential workers and are more likely to lose their jobs.

(i) Despite women's steadily increasing labor participation rates and earning trajectories over the past twenty-five years, the COVID-19 public health emergency threatens to set back a generation of progress. When women exit the workforce, they face more barriers than men do to return, and their future earning potential and path to retirement security suffers.

(j) Women have been disproportionately impacted by the COVID-19 public health emergency: Almost one hundred seventy-nine thousand women left Colorado's labor force between February and May 2020, compared to eighty-eight thousand men. Nationally, four times as many women as men dropped out of the labor force in September 2020 alone. The impact of this trend on the United States' economy and the well-being of women and families is estimated to amount to approximately sixty-four million five hundred thousand dollars in lost income and economic activity.

(2) (a) Therefore, the general assembly finds it is a matter of statewide concern that we take immediate action to save and protect our child care infrastructure, including offering a wide range of child care options, including but not limited to public and private child care centers, day care centers, school-age child care centers, before- and after-school programs, nursery schools, kindergartens, preschools, church day care centers, day camps, summer camps, facilities for children with intellectual and developmental disabilities, and other facilities described in section 26.5-5-303. Supporting this mixed delivery of child care enables the state to invest in its children's futures, advance gender equity in the home and the workplace, and rebuild an economy that works for all Coloradans. When Colorado families have access to child care, everyone benefits.

(b) The general assembly further finds that, to assist the state's workforce in returning to work and maintaining employment without facing the difficult choice between working and accessing quality child care, it is critical that the state allocate and quickly distribute funding to existing and new child care providers throughout the state and that such actions constitute critical government services.

The money appropriated in this subsection (6) is not subject to the requirements of the "Procurement Code", articles 101 to 112 of title 24. Any money appropriated pursuant to this subsection (6) remains available for expenditure until the close of the 2023-24 state fiscal year.

PART 9

FAMILY STRENGTHENING HOME VISITING PROGRAMS

26.5-3-901. Legislative declaration. (1) The general assembly finds and declares that:

(a) Traditional methods of delivering family-strengthening service programs, which often require parents and their children to travel to a program site to access services delivered simultaneously to multiple families, often create barriers, such as limited access to transportation or creation of a stigma around receiving services, that prevent families, especially low-income families, from receiving the benefits of the services;

(b) Evidence demonstrates that voluntary, high-quality, evidence-based programs that deliver family-strengthening support services help parents and other caregivers develop the skills and confidence needed to promote their children's healthy development and learning;

(c) Home visiting is a service delivery strategy that is successfully used to deliver a wide array of high-quality, voluntary family-strengthening support services and that enables families to overcome barriers to access because the services are delivered in the home or other convenient settings, which are often selected by the family;

(d) Home visiting is a service delivery strategy that can be leveraged to provide high-quality, voluntary, family-strengthening support services to more Colorado families who have fewer resources and are exposed to risk factors that may lead to poor outcomes in child development. Using home visiting to provide these services results in a strong return on investment by improving school readiness and helping Colorado's children reach their full potential.

(e) Family-strengthening support services that are delivered through home visiting have also demonstrated improved family and child outcomes by promoting solid parent-child relationships, improving child and parental social-emotional and physical health, improving

family economic security, identifying developmental delays early, providing timely child welfare intervention services, and preventing trauma and toxic stress.

(2) The general assembly finds, therefore, that authorizing grant programs to support home visiting programs that deliver high-quality, voluntary, family-strengthening support services is one of the best strategies available to support parents and other caregivers in preparing children for future success and ensure all Colorado children are ready to learn when they arrive at school.

26.5-3-902. Definition. As used in this part 9, unless the context otherwise requires, "home visiting" means a two-generation delivery strategy that is designed to overcome barriers to accessing services by providing a comprehensive array of voluntary, evidence-based, family-strengthening services to a family in a location usually selected by the family that is congruent with the services being provided, which location may include, but need not be limited to, the family's home, a health-care setting, or a family resource center.

26.5-3-903. Family-strengthening grant programs - authorized requirements - implementation partner - rules. (1) The department is authorized to operate grant programs to support local providers in delivering high-quality, voluntary, family-strengthening support services using home visiting strategies that are designed to overcome the access barriers often created by traditional delivery strategies. The executive director may promulgate rules as necessary to implement grant programs as authorized in this section.

(2) Any grant programs that the department operates pursuant to this section must be designed to award grants to family support services providers that provide a continuum of high-quality, voluntary, family-strengthening support services that:

(a) Serve families at some point during the period that extends from pregnancy through the child's enrollment in early elementary school grades;

(b) Are evidence-based and have demonstrated significant positive outcomes in one or more of the following areas:

(I) Child development and school readiness;

(II) Family economic self-sufficiency;

(III) Maternal and child health;

(IV) Reductions in child maltreatment;

(V) Family linkages and referrals to resources; and

(VI) Positive parenting practices; and

(c) Are delivered using a home visiting strategy to provide family services that is based on a national model for home visiting services or has been otherwise proven effective in overcoming barriers to accessing services.

(3) In implementing a family-strengthening grant program pursuant to this section, the department shall contract with an implementation partner. If a grant program is based on a

national model for delivering family-strengthening services, the department shall contract with a local public or private entity that is certified, or otherwise authorized, to lead in implementing the national model in the state, to act as the implementation partner. If a grant program is not based on a national model, the department shall issue a request for proposals to select an implementation partner. The public or private entity that the department selects must, at a minimum, have demonstrated experience and expertise with home visiting and the types of family-strengthening services that meet the purpose of the grant program. The duties of an implementation partner may be established by department rule and may vary based on the purpose of a particular grant program, but must, at a minimum, include:

- (a) Assisting the department in reviewing applications and selecting grantees; and
- (b) Working with applicants to complete a community readiness assessment when needed.

(4) This part 9 does not apply to nor affect implementation of the "Colorado Nurse Home Visitor Program Act", part 5 of this article 3.

(1) (a) For the 2022-23 state fiscal year, the general assembly shall appropriate to the department one million dollars from the economic recovery and relief cash fund created in section 24-75-228 for purposes of implementing the home visiting grant program. For the purposes of this section, "home visiting" means a voluntary, evidence-based, two-generation, and home-based prevention program for families with children from prenatal to six years of age. The home visiting grant program must support school readiness, social-emotional growth, and age-appropriate child development and be delivered by a trained home visitor. The home visiting grant program must be prioritized to expand access to populations that are underserved by language, culture, or geography.

The department shall either spend or obligate such appropriation prior to December 30, 2024, and expend the appropriation on or before December 31, 2026.

(c) The department shall comply with the compliance, reporting, record-keeping, and program evaluation requirements established by the office of state planning and budgeting and the state controller in accordance with section 24-75-226 (5).

26.5-4-102. Legislative declaration. (1) The general assembly hereby finds and declares that:

(a) The state's policies in connection with the provision of child care assistance and the effective delivery of such assistance are critical to the ultimate success of any welfare reform program;

(b) Children in low-income families who receive services through a child care assistance program need and deserve the same access to a broad range of child care providers as do children in families who do not need assistance;

(c) It is critical to provide low- to moderate-income families with access to high-quality, affordable child care that fosters healthy child development and school readiness, while at the same time promotes family self-sufficiency and attachment to the workforce; and

(d) Individual counties play a vital role in administering the child care assistance program and have local knowledge of their individual community needs.

(2) Therefore, the general assembly hereby finds and declares that it is in the best interests of the state to:

(a) Adopt the Colorado child care assistance program set forth in this part 1;

(b) Adopt a consistent, statewide plan for child care provider reimbursement rates with a goal of payment rates that adequately cover the cost of quality child care to facilitate and increase access to high-quality child care for low-income families;

(c) Achieve parity across counties in the state with regard to the CCCAP program and funding allocation.

26.5-4-104. Colorado child care assistance program - department authority - cooperation with federal government - acceptance and administration of money. (1) The department is the sole state agency for administering the state plan for the Colorado child care assistance program. The department, under the supervision of the executive director, shall

administer and supervise the Colorado child care assistance program, which program is declared to be a state as well as a county purpose.

(2) (a) The department may accept on behalf of the state of Colorado the provisions and benefits of acts of congress designed to provide money or other property for the Colorado child care assistance program, which money or other property is designated for purposes within the function of the department, and may accept on behalf of the state any offers that have been or may from time to time be made of money or other property by any persons, agencies, or entities for the Colorado child care assistance program, which money or other property is designated for purposes within the function of the state department; except that, unless otherwise expressly provided by law, the department shall not accept said money or other property unless the department has recommended acceptance to and received the written approval of the governor and the attorney general. Approval of the governor and the attorney general authorizes the acceptance of the money or property in accordance with the restrictions and conditions and for the purposes for which the money or property is intended.

(b) The state treasurer is designated as ex officio custodian of all money that the department receives pursuant to this subsection (2) from the federal government and from any other source for which the approval required in subsection (2)(a) of this section is obtained.

(c) The state treasurer shall hold money received pursuant to this subsection (2) separate and distinct from state money and is authorized to make disbursements of the money for the designated purpose or for administrative costs, which may be provided in grants, upon warrants issued by the state controller upon the voucher of the department.

(3) The department shall cooperate with the federal department of health and human services and other federal agencies in any reasonable manner, in conformity with the laws of this state, which may be necessary to qualify for federal aid, including the preparation of state plans, the making of reports in such form and containing such information as a federal agency may from time to time require, and the compliance with such provisions as the federal government may from time to time find necessary to assure the correctness and verification of the reports.

(4) In administering money appropriated or made available to the department for the Colorado child care assistance program, the department is authorized to:

(a) Require as a condition for receiving grants-in-aid that each county in this state bear the proportion of the total expense of furnishing child care assistance as is fixed by law;

(b) Terminate grants-in-aid to a county of this state if the county does not comply with the laws and rules providing the grants-in-aid and the minimum standards prescribed by department rules;

(c) Undertake immediately the administration of child care assistance within a county of this state that has had any or all of its grants-in-aid terminated pursuant to subsection (4)(b) of this section; except that the county shall continue to meet the requirements of subsection (4)(a) of this section;

(d) Recover any money owed by a county to the state by reducing the amount of any payments due from the state in connection with CCCAP; and

(a) Administer or supervise the establishment, extension, and strengthening of the Colorado child care assistance program in cooperation with the federal department of health and human services and other state or federal agencies;

(b) Provide services to county departments, including the organization and supervision of county departments for the effective administration of CCCAP, as set out in department rules as to program scope and content, including provision of child care assistance and compilation of statistics and necessary information relative to child care assistance;

(c) Prescribe forms necessary for applications, reports, affidavits, and such other forms as it may deem necessary and advisable;

(d) Cooperate with other departments, agencies, and institutions of the state and federal governments in the performance of activities in conformity with the purposes of this part 1; and

(e) Act as the agent of the federal government in activities related to the Colorado child care assistance program in matters of mutual concern in conformity with this part 1 and in the administration of any federal money granted to the state to aid in the furtherance of CCCAP.

(2) The department may review any decision of a county department and may consider any application for child care assistance upon which a decision has not been made by the county department within a reasonable time to determine the propriety of the action or failure to take timely action on an application for child care assistance. The department shall make such additional investigation as it deems necessary and shall, after giving the county department an opportunity to rebut any findings or conclusions of the department that the action or delay in taking action was a violation of or contrary to department rules, make such decision as to the granting of child care assistance and the amount thereof as in its opinion is justifiable pursuant to the provisions of this part 1 and department rules. Applicants or recipients affected by the decisions of the department, upon request, shall be given reasonable notice and opportunity for a fair hearing by the department.

26.5-4-106. Applications for child care assistance - verification - award - not assignable - limitation. (1) (a) An individual wishing to apply for child care assistance may do so, and the assistance shall be furnished with reasonable promptness to each eligible individual in accordance with department rules.

(b) The department rules may provide for a simplified application in order that child care assistance may be furnished to eligible persons as soon as possible and shall provide adequate safeguards and controls to ensure that only eligible persons receive child care assistance under this part 1. The unified application that the department develops pursuant to section 26.5-1-110 must at some point include application for child care assistance through CCCAP.

(c) A person seeking child care assistance must submit an application in accordance with department rule, and the department shall ensure that the application is routed to the applicant's county of residence. An application for child care assistance must:

(I) Be in writing or reduced to writing in the manner and upon the form prescribed by the department;

(II) Include the name, age, and residence of the applicant and a statement of the amount of property, both real and personal, in which the applicant has an interest and of all income the applicant may have at the time of the filing of the application, and such other information as may be required by department rule; and

(III) Be verified by the signature of the applicant.

(2) (a) When a county department receives an application for child care assistance, it shall promptly make a record concerning the circumstances of the applicant to verify the facts supporting the application and shall examine all pertinent records and shall make a diligent effort to examine all records prior to granting assistance. The county department shall also verify such other information as may be required by department rule.

(b) In verifying an application received pursuant to this section, the county department shall confirm that the applicant meets the eligibility requirements for receiving public assistance specified in section 26-2-111 (1).

(c) If the information is reasonably available, the county department shall complete the verification before approving or continuing child care assistance.

(d) Within ten working days after the county department discovers a discrepancy relating to a fraudulent or suspected fraudulent act affecting eligibility, the county department shall refer the matter to the appropriate investigatory agency for investigation. The investigatory agency shall take action within thirty days following receipt of the information from the county department.

(e) The county department, the department, and the officers and authorized employees of each may conduct visits to the home of the applicant at reasonable times, make investigations and require the attendance and testimony of witnesses and the production of books, records, and papers by subpoena, and make application to the district court to compel and enforce such attendance and testimony of witnesses and the production of such books, records, and papers. Officers and employees designated by the county department or the department may administer oaths and affirmations.

(3) (a) Upon completion of the verification and record of each application for child care assistance, the county department, pursuant to department rules, shall determine whether the applicant is eligible for child care assistance, the amount of child care assistance to be granted, and the beginning date of the assistance. In determining the amount of child care assistance to be granted, the county department shall take due account, pursuant to department rules, of any income or property available to the applicant and any support, either in cash or in kind, that the applicant may receive from other sources.

(b) When the eligibility, amount, and date for beginning child care assistance have been established, the county department shall make an award to or on behalf of the applicant in accordance with department rules, which award is binding on the county and shall be complied with by the county until it is modified or vacated. The county department shall at once notify the applicant and the department, in writing, of its decisions on child care assistance and the reasons for those decisions.

(4) (a) A county department shall not deny child care assistance for a person who is otherwise qualified to receive child care assistance by reason of the fact that:

(I) The person is the owner of real estate occupied by the person as a residence; or

(II) The person is the owner of personal property that is exempt by the laws of Colorado from execution or attachment.

(b) The executive director by rule may establish limitations on the value of real and personal property and other resources, not included in subsection (4)(a) of this section, that may be available to an applicant or recipient without affecting eligibility for child care assistance.

(c) For child care assistance purposes, the value of residential or other real property is equal to the actual value of the property, as determined by the county assessor pursuant to article 1 of title 39.

(5) A county department shall not require a person, as a condition of receiving child care assistance, to repay or promise to repay the state of Colorado any money properly paid to the person as child care assistance pursuant to the provisions of this part 1 and department rules or as public assistance pursuant to article 2 of title 26 and the rules of the state department of human services.

26.5-4-107. Reconsideration and changes. (1) A county department shall reconsider child care assistance awarded pursuant to this part 1 as frequently as and in the manner required by department rules. After such further verification and record as the county department may deem necessary or department rules may require, the amount of child care assistance provided may be changed, or child care assistance may be terminated, if the department or the county department finds that the recipient's circumstances have altered sufficiently to warrant such action or if changes in state or federal law have been made that would warrant such action.

(2) In accordance with department rules, a county department may terminate child care assistance at any time for cause, or it may, for cause, suspend child care assistance for such period as it may deem proper. Timely notice to persons who are receiving child care assistance, but who are not eligible due to fraudulent acts, may be given five days before the date of a proposed action, in accordance with federal regulations.

(3) Whenever child care assistance is terminated, suspended, or in any way changed, the county department shall at once report the decision to the recipient and to the department, setting forth the reason for the action. All such decisions are subject to review by the department in accordance with department rules.

26.5-4-108. Appeals. (1) (a) If a county department does not act on an application for child care assistance within a reasonable time after the application is filed, or if a county department denies an application in whole or in part, or if a county department suspends, terminates, or modifies a grant of child care assistance, the applicant or recipient, as the case may be, may appeal to the department in the manner and form prescribed by department rules. Every county department shall adopt procedures for the resolution of disputes arising between the county department and an applicant for or recipient of child care assistance prior to appeal to the department. The procedures are referred to in this section as the "dispute resolution process".

Two or more counties may jointly establish the dispute resolution process. The dispute resolution process must be consistent with department rules. The dispute resolution process must include an opportunity for all clients to have a county conference, upon the applicant's or recipient's request. This requirement may be met through a telephonic conference upon the agreement of the applicant or recipient and the county department. The dispute resolution process need not conform to the requirements of section 24-4-105, as long as the department rules include provisions specifically setting forth expeditious time frames, notice, and an opportunity to be heard and to present information. If the dispute is not resolved, the applicant or recipient may appeal to the department in the manner and form prescribed by department rules. County notices to applicants or recipients must inform them of the basis for the county's decision or action and must inform them of their rights to a county conference under the dispute resolution process and of their rights to state-level appeal and the process for making the appeal.

(b) Upon receipt of an appeal, the department shall give the appellant reasonable notice and an opportunity for a fair hearing in accordance with department rules. The hearing must comply with section 24-4-105, and an administrative law judge must preside.

(c) The appellant must have an opportunity to examine all applications and pertinent records concerning the appellant that constitute a basis for the denial, suspension, termination, or modification of child care assistance.

(d) The appellant may represent himself or herself or may be represented by legal counsel, or by a relative, friend, or other spokesperson. Representation by a nonlawyer in this circumstance does not constitute the practice of law.

(2) All decisions of the department are binding on the county department involved, and the county department shall comply with said decisions.

26.5-4-109. Provider rates - provider recruitment. (1) (a) No later than July 1, 2025, and at least every three years thereafter, the department, in consultation with county departments and child care providers, shall develop the calculation of provider rates with the goal of eventually ensuring the provider rates more accurately reflect the cost of child care rather than families' ability to pay. The department may contract for assistance in developing the calculation. The calculation must account for the cost of quality care and may vary by age group, region, and type of care. The department must ensure that the calculation of provider rates complies with federal regulations and, if required by federal law, must obtain approval before changing the calculation of or process for setting the provider rates. Before adopting a change to the provider rates or other payment policies, the department, in consultation with the county departments and providers, shall analyze the anticipated impact of the change to the Colorado child care assistance program, including the impact on the costs of services and on the families and providers that participate in CCCAP. The department shall include an analysis completed pursuant to this subsection (1)(a) in the report described in section 26.5-4-114.

(b) As soon as practicable following July 1, 2022, but no later than October 1, 2022, the executive director shall convene a working group of county departments and providers to discuss provider rates and the provider rate calculation described in subsection (1)(a) of this section.

(2) The department shall establish the provider rates based on the calculation developed pursuant to subsection (1) of this section and shall update the rates on a regular basis.

(3) The department shall include an explanation of the calculation of the provider rates in the report on CCCAP required pursuant to section 26.5-4-114, beginning with the report submitted on November 1, 2024, and in each subsequent report.

(4) The department, working with early childhood councils as defined in section 26.5-2-202, county departments, and local coordinating organizations as defined in section 26.5-2-102 shall identify and recruit providers throughout the state to participate in the child care assistance program. In identifying and recruiting providers, the department and local coordinating organizations shall establish a mixed delivery system of public and private providers in communities throughout the state that enables parents to select CCCAP providers for their children from as broad a range as possible within their respective communities.

26.5-4-110. Funding - allocation - maintenance of effort - allocation committee - rules. (1) There is created the child care assistance program allocation committee consisting of eleven members, eight of whom are appointed by a statewide association of counties and three of whom are appointed by the department. Of the members appointed by the statewide association of counties, at least two members must be from small or medium-sized counties and at least three must be from large counties, one appointee of whom must be a representative from the county that has the greatest percentage of the state's child care assistance program caseload. The appointing authorities shall consult with each other to ensure that the child care assistance program allocation committee is representative of the counties in the state. The child care assistance program allocation committee shall develop its own operational procedures.

(2) (a) Starting with the 2023-24 state fiscal year, and subject to available appropriations, the department, upon receiving recommendations from the child care assistance program allocation committee, shall annually establish the amount of each county's block grant for CCCAP based on an allocation formula agreed upon by the department and the child care assistance program allocation committee. Counties are only required to spend the state CCCAP allocation and the maintenance of effort for that allocation.

(b) If the department and the child care assistance program allocation committee do not reach an agreement on the allocation formula on or before June 1 of a state fiscal year for the succeeding state fiscal year, the department and the child care assistance program allocation committee shall submit alternatives to the joint budget committee of the general assembly from which the joint budget committee shall select an allocation formula before the beginning of the succeeding state fiscal year.

(3) The department, after input from the child care assistance program allocation committee, shall adopt rules regarding adjustments to the amount of a block grant, and the rules must address the following factors:

(a) The cost of living;

(b) The cost of high-quality early childhood programs;

- (c) The cost of programs;
- (d) The regional market rates or costs for CCCAP;
- (e) Drastic economic changes;
- (f) Geographic differences within a county; and
- (g) Other factors as determined by the child care assistance program allocation committee.

(4) The money in a county block grant allocated to a county pursuant to this section must only be used for the provision of child care services pursuant to department rules promulgated pursuant to this part 1.

(5) Money transferred from the county block grant temporary assistance for needy families program pursuant to section 26-2-714 (7) to the child care development fund may be used for child care quality improvement activities as identified in the federal "Child Care and Development Block Grant Act of 2014", 42 U.S.C. sec. 9858e, as amended.

(6) For state fiscal year 2005-06 and for each state fiscal year thereafter, each county is required to meet a level of county spending for CCCAP that is equal to the county's proportionate share of the total county funds set forth in the annual general appropriation act for CCCAP for that state fiscal year. The level of county spending is known as the county's maintenance of effort for CCCAP for that state fiscal year. For any state fiscal year, the department is authorized to adjust a county's maintenance of effort, reflected as a percentage of the total county funds set forth in the annual general appropriation act for CCCAP for that state fiscal year, so that the percentage equals the county's proportionate share of the total state and federal funds appropriated for CCCAP for that state fiscal year. For any state fiscal year, the sum of all counties' maintenance of effort must be equal to or greater than the total county funds set forth in the general appropriation act for the state fiscal year 1996-97 for employment-related child care.

26.5-4-111. Services - eligibility - assistance provided - waiting lists - rules - exceptions from cooperating with child support establishment - repeal. (1) Subject to available appropriations and pursuant to department rules promulgated for the implementation of this part 1, a county shall provide child care assistance to a participant or any person or family whose income is not more than one hundred eighty-five percent of the federal poverty level. Subject to available appropriations and as necessary to comply with federal law or to align eligibility across early care and education programs specifically to meet the early care and education, income security, and child welfare needs of similar populations and as allowed by federal regulations, the executive director by rule may adjust the percentage of the federal poverty level used to determine child care assistance eligibility and shall revise income and verification requirements that promote alignment and simplification.

(2) (a) A county may provide child care assistance for any family whose income at initial determination exceeds the requirements of subsection (1) of this section but does not exceed the maximum federal level for eligibility for services of eighty-five percent of the state

median income for a family of the same size if it is serving all eligible families who have applied for CCCAP and whose income level is below that requirement.

(b) If, during a participant's, person's, or family's twelve-month eligibility period, the participant's, person's, or family's income rises to or above the level set by department rule at which the county may deny such participant, person, or family child care assistance, the county shall continue providing the current CCCAP subsidy until that participant's, person's, or family's next twelve-month redetermination.

(c) If, at the time of a participant's, person's, or family's twelve-month eligibility redetermination, the participant's, person's, or family's income rises to or above the level set by department rule at which the county may deny child care assistance, or if that income level rises above the maximum federal eligibility level of eighty-five percent of the state median income for a family of the same size, the county shall immediately notify the participant, person, or family that it is no longer eligible for CCCAP.

(3) (a) Subject to available appropriations, pursuant to rules promulgated for implementation of this part 1, and except as provided in subsection (3)(b) of this section, a county shall provide child care assistance for a family transitioning off the works program due to employment or job training without requiring the family to apply for low-income child care but shall redetermine the family's eligibility within twelve months after the transition.

(b) A family that transitions off the works program must not be automatically transitioned to CCCAP pursuant to subsection (3)(a) of this section if either of the following conditions apply:

(I) The family is leaving the works program due to a violation of program requirements as defined in part 7 of article 2 of title 26 or by department rule; or

(II) The family is leaving the works program due to employment and will be at an income level that exceeds the income eligibility limit for the CCCAP.

(c) (Deleted by amendment, L. 2022.)

(4) (a) (I) A recipient of child care assistance through CCCAP is responsible for paying a portion of the recipient's child care costs based upon the recipient's income and the formula developed by department rule.

(II) Upon notification to counties by the department that the relevant case management systems, including the Colorado child care automated tracking system, are capable of accommodating this subsection (4)(a)(II), for a family living at or below one hundred percent of the federal poverty level, the family copayment responsibility must be restricted to no more than one percent of the family's gross monthly income as determined based on one month of income.

(III) Pursuant to department rules and upon notification to counties by the department that the relevant case management systems, including the Colorado child care automated tracking system, are capable of accommodating this subsection (4)(a)(III), income received during the past thirty days must be used in determining the copayment, unless on a case-by-case basis the prior thirty-day period does not provide an accurate indication of anticipated income, in which case a county can require evidence of up to twelve of the most recent months of income. A family may also provide evidence of up to twelve of the most recent months of income if it chooses to do so if such evidence more accurately reflects an ability to afford the required family copayment.

(b) The executive director by rule shall establish, and at least every five years review and revise, as appropriate, a copayment schedule so that the copayment gradually increases as the

family income approaches self-sufficiency income levels. This revised copayment schedule should allow families to retain a portion of their increases in income.

(c) A participant who is employed shall pay a portion of the participant's income for child care assistance under CCCAP. The participant's required copayment pursuant to the provisions of this subsection (4)(c) must be determined by a formula established by department rule that takes into consideration the factors set forth in subsections (4)(a) and (4)(b) of this section.

(5) (a) On and after July 1, 2014, and except as otherwise provided in subsection (5)(b) or (5)(c) of this section, a county may require a person who receives child care assistance pursuant to this section and who is not otherwise a participant to apply, pursuant to section 26-13-106 (2), for child support establishment, modification, and enforcement services related to any support owed by obligors to their children and to cooperate with the delegate child support enforcement unit to receive these services; except that a person is not required to submit a written application for child support establishment, modification, and enforcement services if the person shows good cause to the county implementing the Colorado child care assistance program for not receiving these services.

(b) A county shall not require an applicant who is a teen parent, as defined by department rule, and who is not otherwise a participant to submit a written application for child support establishment, modification, and enforcement services as a condition of receiving child care assistance pursuant to this section until the teen parent has graduated from high school or successfully completed a high school equivalency examination. After the teen parent has been determined eligible for child care assistance and the teen parent's chosen child care provider is receiving subsidy payments, a county may require the teen parent to regularly attend, at no cost and at a location and time most convenient to the teen parent, information sessions with the county child support staff focused on understanding the benefits of child support to the child, the family as a whole, and the benefits of two-parent engagement in a child's life. Once a person who receives child care assistance pursuant to this section no longer meets the definition of a teen parent or has either graduated from high school or successfully completed a high school equivalency examination, the county may require that person to cooperate with child support establishment and enforcement as a condition of continued receipt of child care assistance. This section does not prevent a teen parent from establishing child support.

(c) (I) A county shall not require an applicant to submit a written application for child support establishment, modification, and enforcement services as a condition of receiving child care assistance or to establish good cause for not cooperating with child support establishment as a condition of receiving child care assistance if the applicant:

(A) Submits a statement that the applicant is a victim of domestic violence, as defined in section 18-6-800.3 (1) and in part 8 of article 6 of title 18; or a victim of a sexual offense, as described in part 4 of article 3 of title 18, section 18-6-301, or section 18-6-302; or a victim of harassment, as described in section 18-9-111; or a victim of stalking, as described in section 18-3-602;

(B) Indicates in that statement that the applicant fears for his or her safety or the safety of the applicant's children if the applicant were to pursue child support enforcement pursuant to section 26-13-106 (2); and

(C) Submits evidence that the applicant is a victim of domestic violence, a sexual offense, harassment, or stalking as described in subsection (5)(c)(I)(A) of this section.

(II) For purposes of subsection (5)(c)(I)(C) of this section, sufficient evidence includes, but is not limited to, evidence identified for participation in the address confidentiality program included in section 24-30-2105 (3)(c)(I) to (3)(c)(IV), or from a "victim's advocate", as defined in section 13-90-107 (1)(k)(II), from whom the applicant has sought assistance.

(III) A county may provide information about the importance of establishing child support to a victim of domestic violence, a sexual offense, harassment, or stalking who chooses not to engage in child support establishment or to pursue a good cause waiver from cooperation.

(d) The executive director shall promulgate rules for the implementation of this subsection (5), including but not limited to rules establishing good cause for not receiving these services; rules for the imposition of sanctions upon a person who fails, without good cause as determined by the county implementing the Colorado child care assistance program, to apply for child support enforcement services or to cooperate with the delegate child support enforcement unit as required by this subsection (5); and rules regarding the option of counties to make cooperation with child support establishment and enforcement a condition of receiving child care assistance for teen parents and for victims of domestic violence, sexual offense, harassment, or stalking.

(e) (I) On July 1, 2017, and every July 1 thereafter through July 1, 2025, each county department shall report to the department information related to teen parents in the Colorado child care assistance program. The executive director shall establish, by rule, criteria to be reported annually by each county, including but not limited to:

(A) The total number of cases in each county that are receiving services from a county child support services office that involve custodial parties who are nineteen years of age or younger and the number of children being served;

(B) The total number of teen parents in each county that are receiving Colorado child care assistance;

(C) For each teen parent receiving child care assistance in the county, longitudinal data indicating whether paternity has been established and whether child support has been established for the child and reported for the child from birth to age four;

(D) For each teen parent receiving child care assistance in the county, longitudinal data indicating whether the teen parent achieved economic self-sufficiency and avoided becoming a Colorado works participant while in school and reported for the child from the child's birth to age four;

(E) For each teen parent receiving child care assistance in the county, longitudinal data indicating the total amount and the percentage of child support collected for the benefit of the child and reported for the child from birth to age four.

(II) The reports filed with the department as a result of this subsection (5)(e) are public records available for public inspection.

(f) Upon notification that the relevant case management systems are capable of accommodating the provisions in subsections (5)(b) and (5)(c) of this section, the department is required to start tracking counties' compliance with subsections (5)(b) and (5)(c) of this section. The department shall notify counties when the case management systems are functional and when the tracking of compliance will begin.

(g) This subsection (5) is repealed, effective July 1, 2023.

(6) Effective July 1, 2023, a county shall not require a person who applies for child care assistance pursuant to this section to participate in child support establishment, modification, and

enforcement services related to any support owed by obligors to their children or to cooperate with the delegate child support enforcement unit as a condition of receiving child care assistance services. This subsection (6) does not prohibit a county from educating applicants about the benefits of child support and child support establishment, modification, and enforcement services, and how to engage in the child support process.

(7) (a) For a family with a child who is enrolled in both CCCAP and a head start program or, as soon as practicable after July 1, 2023, both CCCAP and the Colorado universal preschool program, the family's CCCAP eligibility redetermination must occur no sooner than the end of the last month of the child's first full twelve-month program year of enrollment in the head start or Colorado universal preschool program. Child care assistance program eligibility redetermination for a child enrolled in both programs must occur once every twelve months thereafter.

(b) Notwithstanding the provisions of section 26-1-127 (2)(a), a family that receives child care assistance pursuant to this part 1 is not required to report income or activity changes during the twelve-month eligibility period; except that, within the twelve-month eligibility period, a family is required to report a change in income if the family's income exceeds eighty-five percent of the state median income.

(c) A parent must not be determined ineligible to receive child care assistance pursuant to this part 1 as a result of:

(I) Taking maternity leave;

(II) Being a separated spouse or parent under a validly issued temporary order for parental responsibilities or child custody where the other spouse or parent has disqualifying financial resources;

(III) Each instance of nontemporary job loss for less than ninety days; or

(IV) A temporary break in eligible activity, as defined by department rule.

(d) Subject to available appropriations and pursuant to department rules promulgated for the implementation of this part 1, a parent who is enrolled in a postsecondary education program or a workforce training program is eligible for CCCAP for at least any two years of the postsecondary education or workforce training program, provided all other CCCAP eligibility requirements are met during those two years. On and after July 1, 2023, a county may only give priority for services to a working family over a family enrolled in postsecondary education or workforce training if the county does not have sufficient funding and has received approval from the department before implementing the prioritization.

(e) To provide continuous child care with the least disruption to the child, authorized child care through CCCAP must promote continuous, consistent, and regular care and must not be linked directly to a parent's employment, education, or workforce training schedule. Pursuant to department rules, the amount of child care authorized should be based on the parent's and child's needs for child care.

(8) Pursuant to department rules and upon notification to counties by the department that the relevant case management systems, including the Colorado child care automated tracking system, are capable of accommodating this subsection (8), income received during the past thirty days must be used in determining eligibility unless, on a case-by-case basis, the prior thirty-day period does not provide an accurate indication of anticipated income, in which case a county can require evidence of up to twelve of the most recent months of income. A family may also

provide evidence of up to twelve of the most recent months of income if it chooses to do so if such evidence more accurately reflects a family's current income level.

(9) A county has the authority to develop a voucher system for families enrolled in CCCAP through which they can secure relative or unlicensed child care.

(10) An early care and education provider or county may conduct a pre-eligibility determination for child care assistance for a family to facilitate the determination process. The early care and education provider shall submit its pre-eligibility documentation to the county for final determination of eligibility for child care assistance. The early care and education provider or county may provide services to the family prior to final determination of eligibility, and the county shall reimburse a provider for such services only if the county determines the family is eligible for services and there is no need to place the family on a waiting list. If the family is found ineligible for services, the county shall not reimburse the early care and education provider for any services provided during the period between its pre-eligibility determination and the county's final determination of eligibility.

(11) A provider or a local coordinating organization, as defined in section 26.5-2-102, may accept a family's CCCAP application and submit it to the county on behalf of a family seeking child care assistance.

(12) Each county:

(a) Upon notification to counties by the department that the relevant case management systems, including the Colorado child care automated tracking system, are capable of accommodating this subsection (12)(a), and pursuant to department rules, in addition to regular provider reimbursement rates, shall pay providers for care in alignment with common practices in the private market for child care. The department rules governing payment policies must allow daily reimbursement rates only for drop-in child care, back-up child care, and care that is commonly paid on a daily reimbursement basis in the child care market and must incentivize providers to promote regular program attendance.

(b) Shall maintain a current and accurate waiting list of parents who have inquired about securing a CCCAP subsidy and are likely to be eligible for CCCAP based on self-reported income and job, education, or workforce training activity if families are not able to be served at the time of application due to funding concerns. Counties may enroll families off waiting lists according to local priorities and may require an applicant to restate the applicant's intention to be kept on the waiting list every six months in order to maintain the applicant's place on the waiting list.

(c) Shall post eligibility, authorization, and administration policies and procedures so they are easily accessible and readable to a layperson. The policies must be sent to the department for compilation.

(d) May use its CCCAP allocation to provide enrollment contracts or grants to early care and education providers: To support implementation of the local community plan described in section 26.5-2-104; to increase the supply and improve the quality of child care for infants and toddlers, children with disabilities, after-hours care, and children in underserved neighborhoods; to provide stability for the early childhood sector; and to improve alignment with the provision of additional preschool services, as defined in section 26.5-4-203, to working families who need additional care;

(e) Subject to available appropriations and pursuant to department rules, and upon notification to counties by the department that the relevant case management systems, including

the Colorado child care automated tracking system, are capable of accommodating this subsection (12)(e), shall use eligibility determination information from other public assistance programs and systems to determine CCCAP eligibility, including eligibility determination information used for children participating in the Colorado universal preschool program; and

(f) Shall prioritize child care assistance for certified foster parents, certified kinship foster parents, noncertified kinship care providers that provide care for children with an open child welfare case who are in the legal custody of a county department, and noncertified kinship care providers that provide care for children with an open child welfare case who are not in the legal custody of a county department.

(13) For children who are enrolled in both CCCAP and the Colorado universal preschool program, the executive director shall adopt rules as necessary to ensure:

(a) Funds may be combined and coordinated to the extent allowed by law at the state and local level to ensure families can seamlessly access early childhood education and services and providers face the fewest possible systems to navigate to secure payment for services; and

(b) Eligibility and authorization for services for the portions of both programs that are targeted to similar populations are aligned to the greatest extent practicable as allowed by federal regulations, including ensuring the state takes maximum advantage of flexibility in federal regulations to ensure that children who are eligible for both programs can seamlessly access the length and quality of programming that parents, children, and families need.

(14) The executive director shall promulgate rules for the implementation of this part 1.

26.5-4-112. Exemptions - requirements. (1) Notwithstanding any provision of section 26.5-4-111 to the contrary, an exempt family child care home provider, as defined in section 26.5-5-303, is not eligible to receive child care assistance money through CCCAP if the provider fails to meet the criteria established in section 26.5-5-326.

(2) As a prerequisite to entering into a valid CCCAP contract with a county office or to being a party to any other payment agreement for the provision of care for a child whose care is funded in whole or in part with money received on the child's behalf from publicly funded state child care assistance programs, an exempt family child care home provider shall sign an attestation that affirms the provider, and any qualified adult residing in the exempt family child care home, has not been determined to be insane or mentally incompetent by a court of competent jurisdiction and a court has not entered, pursuant to part 3 or 4 of article 14 of title 15, or section 27-65-109 (4) or 27-65-127, an order specifically finding that the mental incompetency or insanity is of such a degree that the provider cannot safely operate an exempt family child care home.

26.5-4-113. No individual entitlement. (1) Nothing in this part 1 or any rules promulgated pursuant to this part 1 creates a legal entitlement in any person to child care assistance.

(2) A county shall not create nor be interpreted as having created a legal entitlement in any person to assistance pursuant to this part 1.

(3) Child care assistance awarded pursuant to this part 1 is awarded and held subject to the provisions of any amending or repealing law, and a recipient does not have a claim for compensation or otherwise by reason of the recipient's child care assistance being affected in any way by an amending or repealing law.

Notwithstanding section 24-1-136 (11)(a)(I), the department shall provide the report to the joint budget committee of the general assembly, the public and behavioral health and human services committee of the house of representatives, and the health and human services committee of the senate, or any successor committees. The report must include, at a minimum, the following information related to benchmarks of success for CCCAP:

(a) The number of children and families served through CCCAP statewide and by county, which, beginning November 1, 2024, must include the number of children served in part-time child care through CCCAP and the number of children served in full-time child care through CCCAP, both groups disaggregated by ages from birth through thirteen years of age;

(b) The average length of time that parents remain in the workforce while receiving CCCAP subsidies, even when their income increases;

(c) The average number of months of uninterrupted, continuous care for children enrolled in CCCAP;

(d) The number and percent of all children enrolled in CCCAP who receive care at each level of the state's quality and improvement rating system;

(e) The average length of time a family is authorized for a CCCAP subsidy, disaggregated by recipients' eligible activities, such as job search, employment, workforce training, and postsecondary education;

(f) The number of families on each county's wait list as of November 1 of each year, as well as the average length of time each family remains on the wait list in each county;

(g) The number of families and children statewide and by county that exit CCCAP due to their family incomes exceeding the eligibility limits;

(h) The number of families and children statewide and by county that reenter CCCAP within two years of exiting due to their family incomes exceeding the eligibility limits;

(i) An estimate of unmet need for CCCAP in each county and throughout the state based on estimates of the number of children and families who are likely to be eligible for CCCAP in

each county but who are not enrolled in CCCAP, disaggregated by estimated ages from birth through thirteen years of age; and

(j) Beginning with the report submitted November 1, 2024, and in each annual report thereafter:

(I) A year-over-year comparison of the number of children served by CCCAP to show fluctuations in the number of children served;

(IV) An explanation of the calculation of the most recently adopted provider rates; and

(V) An explanation of the quality incentives made available to providers.

26.5-4-115. Performance contracts. (1) (a) Each county, either acting singly or with a group of counties, shall enter into an annual performance contract with the department that identifies the county's or group of counties' and the department's duties and responsibilities in implementing the child care assistance program. The performance contract must include, but need not be limited to, requirements and provisions that address each party's duties and responsibilities to work in a collaborative manner to administer, financially support, and implement the child care assistance program using fair and objective criteria.

(b) A county or group of counties may be penalized for not meeting any obligation under the performance contract. The penalties must be identified in the performance contract and may include a reduction in a future county block grant allocation.

(2) The performance contract must set forth the circumstances under which the department may elect that it or its agent assume the county's or group of counties' administration and implementation of the child care assistance program.

(3) If a disagreement concerning the performance contract arises between the county or group of counties and the department, either party may request resolution of the disagreement through an independent dispute resolution process that is agreed upon by the parties. If necessary to assure services are available within the county or group of counties, the department may enter into a temporary agreement with the county or group of counties or with another public or private agent until the disagreement is resolved.

26.5-4-116. Recovery from recipient - estate. (1) If, at any time during the continuance of child care assistance, the recipient becomes possessed of property having a value in excess of that amount set pursuant to the provisions of section 26.5-4-106 (4) and department rules or receives any increase in income, the recipient shall notify the county department of the

possession of the property or receipt of the income, and the county department may either terminate the child care assistance or alter the amount of child care assistance in accordance with the circumstances and department rules. To the extent not otherwise prohibited by state or federal law, if the recipient is found to have committed an intentional program violation, the recipient is disqualified from participation in CCCAP for twelve months for the first incident, twenty-four months for a second incident, and permanently for a third or subsequent incident. This disqualification is mandatory and is in addition to any other penalty imposed by law. Except as provided in subsections (3) and (4) of this section, any previously provided excess child care assistance to which the recipient was not entitled is recoverable by the county as a debt due to the state and the county in proportion to the amount of child care assistance paid by each respectively; except that interest is charged and paid to the county department on any sum fraudulently obtained, calculated at the legal rate and calculated from the date the sum was paid to a provider on behalf of the recipient to the date the sum is recovered. If the debt for fraudulently obtained child care assistance, fraudulently obtained overpayments of child care assistance, or excess child care assistance paid for which the recipient was ineligible has been reduced to a judgment in a court of record in this state, the county department may seek a continuing garnishment to collect the debt under article 54.5 of title 13.

(2) If, upon the death or mental incompetency of any recipient, the inventory of the recipient's estate shows assets in excess of the amount that the recipient was allowed to have in order to receive child care assistance, or if it be shown that the recipient was otherwise ineligible for child care assistance, then the claim of the county and state for the excess child care assistance paid for which the recipient was ineligible, if filed as required by section 15-12-804, has priority as a debt given preference under section 15-12-805 (1)(f.7).

(3) When a recipient was ineligible for child care assistance solely because of property in excess of that permitted by department rules pursuant to section 26.5-4-106 (4), the amount for which the recipient is liable is the amount by which the property exceeded the amount allowable under said rules or the total amount of child care assistance received, whichever is the lesser amount. Except as provided in subsection (4) of this section, actions for the recovery of these sums must be prosecuted by the county department or the department in a court of record that has jurisdiction.

(4) The department and a county department may elect not to attempt recovery of an overpayment of child care assistance from an individual who is no longer receiving public assistance or child care assistance if the overpayment amount is less than thirty-five dollars. If the overpayment amount owed by an individual who is no longer receiving public assistance or child care assistance is thirty-five dollars or more, the department and the county department may determine, consistent with the six-year time limitation for the execution on judgments involving state debt, that it is no longer cost-effective to continue to pursue recovery of the overpayment.

26.5-4-117. Locating violators - recoveries. (1) The executive director or district attorneys may request and receive from departments, boards, bureaus, or other agencies of the state or any of its political subdivisions, and the same are required to provide, such assistance

and data as will enable the department and county departments properly to carry out their powers and duties to locate and prosecute any person who fraudulently obtains child care assistance pursuant to this part 1. Any records established pursuant to the provisions of this section are available only to the department, the county departments, the attorney general, and the district attorneys, county attorneys, and courts having jurisdiction in fraud or recovery proceedings or actions.

(2) All departments and agencies of the state and local governments shall cooperate in the location and prosecution of a person who fraudulently obtains child care assistance pursuant to this part 1, and, on request of the county or district board of human or social services, the county director, the department, or the district attorney of any judicial district in this state, shall supply all information on hand relative to the location, employment, income, and property of said persons, notwithstanding any other provision of law making the information confidential, except the laws pertaining to confidentiality of tax returns filed pursuant to law with the department of revenue. The department of revenue shall furnish at no cost to inquiring departments and agencies such information as may be necessary to effectuate the purposes of this part 1. The executive director shall, by rule, establish the procedures whereby this information is requested and provided. The department or county departments shall use such information only for the purposes of administering the Colorado child care assistance program pursuant to this part 1, and a district attorney shall use it only for the prosecution of persons who fraudulently obtain child care assistance pursuant to this part 1, and shall not use the information, or disclose it, for any other purpose.

(3) A district attorney shall bill the actual costs and expenses incurred by the district attorney's office in carrying out the provisions of subsection (2) of this section to counties or a county within the judicial district in the proportions specified in section 20-1-302. Each county shall make an annual accounting to the department on all amounts recovered.

26.5-4-118. Records confidential - authorization to obtain records of assets - release of location information to law enforcement agencies - outstanding felony arrest warrants.

(1) The executive director may establish reasonable rules to provide safeguards restricting the use or disclosure of information concerning applicants, recipients, and former and potential recipients of federally aided child care assistance to purposes directly connected with the administration of the Colorado child care assistance program and related department activities and covering the custody, use, and preservation of the records, papers, files, and communications of the department and county departments. Whenever, under provisions of law, names and addresses of applicants for, recipients of, or former and potential recipients of child care assistance are furnished to or held by another agency, department of government, or an auditor conducting a financial or performance audit of a county department pursuant to section 26-1-114.5, the agency, department, or auditor is required to prevent the publication of lists and uses of the lists for purposes not directly connected with the administration of the Colorado child care assistance program.

(2) (a) (I) Except as provided in subsections (2)(a)(II) and (2)(a)(III) of this section, or except as disclosure is otherwise required by statute or by rule of civil procedure for child

support establishment or enforcement purposes, it is unlawful for a person to solicit, disclose, or make use of or to authorize, knowingly permit, participate in, or acquiesce in the use of any lists or names of or any information concerning persons applying for or receiving child care assistance directly or indirectly derived from the records, papers, files, or communications of the department or county departments or subdivisions or agencies thereof or acquired in the course of the performance of official duties. A financial institution or insurance company that provides the data, whether confidential or not, required by the department, in accordance with the provisions of this subsection (2), is not liable for providing the data to the department nor for any use the department makes of the data.

(II) The information described in subsection (2)(a)(I) of this section may be disclosed for purposes directly connected with the administration of the Colorado child care assistance program and in accordance with this subsection (2) and with department rules.

(III) (A) Notwithstanding any provision of state law to the contrary and to the extent allowable under federal law, at the request of the Colorado bureau of investigation, the department shall provide the bureau with information concerning the location of any person whose name appears in the department's records who is the subject of an outstanding felony arrest warrant. Upon receipt of the information, it is the responsibility of the bureau to provide appropriate law enforcement agencies with location information obtained from the department. Location information provided pursuant to this section must be used solely for law enforcement purposes. The department and the bureau shall determine and employ the most cost-effective method for obtaining and providing location information pursuant to this section. Neither the department nor its employees or agents are liable in a civil action for providing information in accordance with the provisions of this subsection (2)(a)(III)(A).

(B) As used in subsection (2)(a)(III)(A) of this section, "law enforcement agency" means an agency of the state or its political subdivisions that is responsible for enforcing the laws of this state. "Law enforcement agency" includes but is not limited to a police department, a sheriff's department, a district attorney's office, the office of the state attorney general, and the Colorado bureau of investigation.

(b) By signing an application or redetermination of eligibility form for child care assistance, an applicant authorizes the department to obtain records pertaining to information provided in that application or redetermination of eligibility form from a financial institution, as defined in section 15-15-201 (4), or from an insurance company. The application or redetermination of eligibility form must contain language clearly indicating that signing constitutes such an authorization.

(c) A county department shall not deny an applicant or discontinue a recipient due to the disclosure of assets unless and until the county department has assured that the assets taken together with other assets exceed the limit for eligibility of countable assets.

(3) The applicant for or recipient of child care assistance, or the applicant's or recipient's representative, must have an opportunity to examine all applications and pertinent records concerning the applicant or recipient that constitute a basis for denial, modification, or termination of child care assistance or to examine the records in the case of a fair hearing.

(4) A person who violates subsection (1) or (2) of this section commits a petty offense.

26.5-4-119. State income tax refund offset - rules. (1) (a) At any time prescribed by the department of revenue, but not less frequently than annually, the department shall certify to the department of revenue information regarding persons who are obligated to the state for overpayment of child care assistance. The information must include certification of the amount of overpayment, which has been determined by final agency action or has been ordered by a court as restitution or has been reduced to judgment.

(b) The information must also include the name and the social security number or tax identification number of the person obligated to the state for the overpayment, the amount of the obligation, and any other identifying information the department of revenue may require.

(2) As a condition of certifying an overpayment to the department of revenue as provided in subsection (1) of this section, the department shall ensure that the obligated person has been afforded the opportunity for a conference at the county department level and the opportunity for an appeal to the department pursuant to section 26.5-4-108. In addition, the department, prior to final certification of the information specified in subsection (1) of this section to the department of revenue, shall notify the obligated person, in writing, at the person's last known address, that the state intends to refer the person's name to the department of revenue in an attempt to offset the obligation against the person's state income tax refund. The notification must inform the obligated person of the opportunity for a conference with the county department and of the opportunity for an appeal to the state department pursuant to section 26.5-4-108. In addition, the notice must specify issues that the obligated person may raise at an evidentiary conference or on appeal, as provided by this subsection (2), in objecting to the offset and must specify that the obligated person may not object to the fact that an overpayment occurred. If the obligated person desires an evidentiary conference or appeal as provided in this subsection (2), the person must request the conference or appeal within thirty days after the date on which the notice was mailed.

(3) Upon receiving notice from the department of revenue of amounts deposited with the state treasurer pursuant to section 39-21-108, the state department shall disburse the amounts to the appropriate county to process for distribution to the state or local agency to whom the person is obligated.

(4) The executive director shall promulgate rules establishing procedures to implement this section.

(5) The department shall provide the home addresses and social security numbers or tax identification numbers of persons subject to the income tax refund offset, provided to the department by the department of revenue, to the appropriate county department.

PART 2

COLORADO UNIVERSAL PRESCHOOL PROGRAM

26.5-4-201. Short title. The short title of this part 2 is the "Colorado Universal Preschool Program Act".

Source: L. 2022: Entire article added, (HB 22-1295), ch. 123, p. 686, § 3, effective July 1.

26.5-4-202. Legislative declaration. (1) (a) The general assembly finds and declares that:

(I) Colorado has prioritized early learning through its investments in the Colorado preschool program, established in 1988, and full-day kindergarten, adopted in 2019;

(II) Since establishing the Colorado preschool program, Colorado has steadily increased its investment in high-quality preschool programming, securing a significant return on investment by improving child outcomes year over year by expanding access to preschool for children in low-income families and those who are at risk of entering kindergarten without being prepared to learn;

(III) State and national research demonstrate the positive and long- and short-term impacts of high-quality preschool, including improved early literacy, reduced grade retention, decreased probability of developing a significant reading deficiency, improved performance on statewide standards-based assessments, and increased rate of high school graduation;

(IV) Research demonstrates that economically disadvantaged children derive greater benefits from preschool programs in states that offer universal programs than in states that offer preschool programs specifically for economically disadvantaged children;

(V) In the 2020 general election, the voters of Colorado approved proposition EE by a nearly two-to-one margin, establishing a dedicated source of funding for statewide, voluntary, universal preschool programming for children in the year preceding kindergarten and for additional preschool programming for children in low-income families and children who are at risk of entering kindergarten without being prepared to learn. With the passage of this measure, Colorado voters in rural, urban, and suburban communities have demonstrated their strong commitment to expanding access to quality preschool for children regardless of their economic circumstances.

(VI) Creating a statewide mixed delivery system of preschool providers to make preschool programming universally available to children throughout Colorado compounds the benefits for children who are in low-income families and increases the ultimate social and economic benefits of high-quality preschool programming for the state as a whole.

(b) The general assembly finds, therefore, that it is in the best interests of the state and consistent with the will of the voters of Colorado to establish the Colorado universal preschool program to provide high-quality, voluntary preschool programming through a mixed delivery system for children throughout the state in the year preceding kindergarten enrollment and to provide for additional preschool services for children who are in low-income families or who meet identified qualifying factors.

(2) (a) The general assembly further finds and declares that:

(I) In 2000, the voters approved section 17 of article IX of the state constitution, which requires the general assembly to annually increase, by at least the rate of inflation, the statewide base per pupil funding, as defined by the "Public School Finance Act of 1994", article 54 of title 22, for public education from preschool through twelfth grade;

(II) In the 2001-02 fiscal year and in every fiscal year since, the increases to statewide base per pupil funding have automatically applied to funding for preschool services provided by school districts, because the funding for preschool services has been calculated through the

school finance formula established in article 54 of title 22, which applies to funding for public elementary and secondary education;

(III) To effectively and efficiently provide preschool services through a mixed delivery system of school- and community-based preschool providers, and to ensure that funding calculations account for the unique standards and features of preschool programs, state funding for preschool services, including preschool services for children with disabilities, must be appropriated and allocated separately from the funding for public elementary and secondary education, and, beginning in the 2023-24 fiscal year, the statewide base per pupil funding amount set annually for public elementary and secondary education will no longer apply to funding for preschool services;

(IV) To continue to meet the intent of section 17 (1) of article IX of the state constitution with regard to funding for preschool services, it is appropriate for the department of early childhood to establish a per-child constitutional compliance rate for the 2023-24 fiscal year that equals the portion of the statewide base per pupil funding amount established for the 2023-24 fiscal year that applies to the number of hours of universal preschool services provided to an eligible child, and to increase the per-child constitutional compliance rate annually by the rate of inflation.

(b) The general assembly, therefore, declares that, by establishing a per-child constitutional compliance rate and ensuring that the per-child rate that the department annually establishes for universal preschool services and for preschool services provided to children who are three years of age or younger meets or exceeds the per-child constitutional compliance rate, funding for the Colorado universal preschool program substantially complies with the requirements of section 17 (1) of article IX of the state constitution.

(3) (a) The general assembly further finds and declares that:

(I) In approving proposition EE, the voters supported funding for ten hours of high-quality preschool programming for all Colorado children in the year preceding kindergarten enrollment, as well as additional preschool programming for children who are at risk of entering kindergarten without being prepared to learn, including children in low-income families;

(II) Research demonstrates that participating in high-quality preschool programs helps to ensure that children in low-income families are able to enter kindergarten on par with their peers in higher-income families; and

(III) For the preschool program to serve children equitably, the state must invest in additional hours of preschool programming for children in low-income families, in addition to funding the ten hours of universal preschool services.

(b) The general assembly finds, therefore, that it is in the best interests of the state to allocate the amount appropriated for the Colorado universal preschool program to provide adequate funding for both a high-quality universal preschool program and additional preschool programming for children in low-income families.

(4) The general assembly recognizes the requirement of the federal "Individuals with Disabilities Education Act", 20 U.S.C. sec. 1400 et seq., as amended, to provide educational services to every three- or four-year-old child with a disability, in accordance with the child's individualized education program. The general assembly declares that, for purposes of section 17 of article IX of the state constitution, meeting the obligation of serving all three- and four-year-old children with disabilities through the Colorado universal preschool program is an important

element of expanding the availability of preschool programs and may therefore receive funding from the state education fund created in section 17 (4) of article IX of the state constitution.

(4) (a) The executive director shall adopt rules to implement the preschool program, which must include:

(I) The level of income that identifies a family as being low-income for purposes of identifying children who are three years of age or younger and are eligible for preschool services and prioritizing funding for those additional preschool services. The executive director shall, to the extent practicable, ensure that the income eligibility requirements for other publicly funded child care programs are aligned with the income level set pursuant to this subsection (4)(a)(I).

(II) The qualifying factors that a child must meet to be eligible to receive additional preschool services. The executive director shall ensure that the qualifying factors are reviewed and, as necessary, revised at least every five years. The qualifying factors must include identification as a dual-language learner or a child with disabilities and may include such other factors as the department may identify.

26.5-4-205. Quality standards - evaluation - support. (1) (a) The department shall develop and the executive director shall establish by rule the quality standards that each preschool provider must meet to receive funding through the Colorado universal preschool

program. The quality standards must, at a minimum, address the issues specified in this section and must reflect national and community-informed best practices with regard to school readiness, academic and cognitive development, healthy environments, social-emotional learning, and child and family outcomes. The department and the executive director shall work with families, educators, and program administrators to review and, as necessary, revise the quality standards at least every five years to ensure the standards continue to reflect national best practices and meet the other requirements specified in this section. In developing, reviewing, revising, and adopting the quality standards, the department and the executive director shall consider, at a minimum:

(I) The quality standards established for preschool providers participating in the Colorado preschool program pursuant to article 28 of title 22, as it exists prior to July 1, 2023;

(II) Nationally accepted standards for preschool programs;

(III) The child care licensing requirements established pursuant to part 3 of article 5 of this title 26.5 with which preschool providers are required to comply; and

(IV) The need to ensure the availability of preschool services for eligible children throughout the state while maintaining the quality of the preschool providers.

(b) (I) Except as provided in subsection (1)(b)(II) of this section, the department shall ensure that each preschool provider that participates in the preschool program meets the quality standards established by rule in accordance with this section. The department may work with a local coordinating organization to ensure that a preschool provider meets the quality standards. The department may prohibit a preschool provider that fails to meet one or more of the quality standards from participating in the preschool program.

(II) If necessary to ensure the availability of a mixed delivery system within a community, the department may allow a preschool provider that does not meet the quality standards to participate in the preschool program for a limited time while working toward compliance with the quality standards; except that each preschool provider must meet all quality standards relating to health and safety as a condition of participating in the preschool program.

(2) At a minimum, the quality standards established in rule must include:

(a) The minimum numbers of contact hours of instructional services per school year for universal preschool services for preschool services provided to children three years of age and younger, and for additional preschool services. The minimum number of contact hours of instructional services established in rule for universal preschool services must not be less than three hundred sixty hours per school year.

(b) A requirement that each preschool provider provide eligible children an equal opportunity to enroll and receive preschool services regardless of race, ethnicity, religious affiliation, sexual orientation, gender identity, lack of housing, income level, or disability, as such characteristics and circumstances apply to the child or the child's family;

(c) The maximum allowable educator-to-child ratios and group sizes, aligned with national best practices. The department, by rule, may implement a waiver process to allow a preschool provider that implements a nationally recognized preschool program model to implement the educator-to-child ratios and group sizes that support the instructional practices of the model, so long as the preschool provider meets the national standards for the model or is accredited to provide the model.

(d) Qualifications for preschool teachers. The quality standards must not require preschool teachers to be licensed pursuant to article 60.5 of title 22 and must allow a preschool

provider to employ a nonlicensed preschool teacher as long as the teacher meets other qualifications established in department rule. (e) Requirements for continuing professional development for teachers employed by a preschool provider, which must be focused on improving teacher-child interactions and quality of instruction, including improving fidelity in implementing evidence-based curricula and student outcomes, and may allow for training in early language and literacy development and the science of reading that is appropriate for early childhood education and comparable to the training required for early grade teachers pursuant to the "Colorado READ Act", part 12 of article 7 of title 22. The department shall work with the department of education to allow, to the fullest extent possible, a teacher who is licensed by the department of education to use the professional development required to renew the teaching license to also meet the professional development requirements established by the department for teachers employed by a preschool provider.

(f) Standards for preschool services that, at a minimum, are aligned with the Colorado early learning and development guidelines across all early childhood domains approved by the early childhood leadership commission and with the Colorado academic standards adopted by the state board of education pursuant to section 22-7-1005, are culturally inclusive, and are supported by the department in implementation;

(g) Standards for instructional practice that, at a minimum, must ensure that the instructional practice implemented by preschool providers:

(I) Promotes learning through developmentally appropriate practices that include a mix of structured activities and play; and

(h) Limitations on the use of, and required procedures for, out-of-school suspension and expulsion in accordance with section 22-33-106.1. In addition, to reduce the use of exclusionary discipline, the standards must reflect best practices in early childhood mental health, including promoting access to early childhood mental health consultation.

(i) Standards for family and community engagement to ensure that the preschool provider engages with parents and neighborhood leaders in a formal and meaningful way, including seeking input for policy and programming decisions;

(j) Requirements for serving children who are dual-language learners, which must, at a minimum, include:

(1) Requirements for providing voluntary developmental screenings, which must, at a minimum, include the use of valid and reliable screening tools that are developmentally, culturally, and linguistically appropriate.

(3) (a) Using the procedures specified in subsection (3)(b) of this section, the department shall create a resource bank of preschool curricula for use by preschool providers. The resource bank may include only curricula that, at a minimum:

(I) Soliciting through public notice, accepting, and promptly reviewing curricula from preschool providers and from publishers;

(II) Evaluating the curricula that the department identifies or receives, which evaluation is based on the criteria specified in subsection (3)(a) of this section and any additional criteria specified in department rule;

(IV) Reviewing the resource bank at least every three years to update the resource bank and add curricula when appropriate. In reviewing and updating the resource bank, the department shall, at a minimum, comply with the procedures described in subsections (3)(b)(I) to (3)(b)(III) of this section.

(c) The department shall allow preschool providers and publishers to submit curricula to the department at any time to be reviewed and considered for inclusion in the resource bank, regardless of the schedule for reviewing the resource bank. The department shall review all submitted curricula in accordance with the adopted procedures described in subsection (3)(b) of this section.

(d) The department shall make the resource bank accessible to the public through the department website.

In collaborating pursuant to this section, the department and the department of education shall, at a minimum:

- (a) Support local implementation of best practices;
- (b) Create training for preschool providers concerning the legal obligations for serving children with disabilities, including the responsibilities and obligations of administrative units specified in IDEA and ECEA; and

26.5-4-207. Preschool program evaluation and improvement process - independent evaluator. (1) The department shall develop and implement a process for continuous evaluation and improvement of preschool providers who participate in the Colorado universal preschool program. At a minimum, the process must include a requirement that preschool providers use assessment and continuous improvement strategies that:

(a) Are implemented through a coordinated system that includes the quality standards established in department rule; curriculum; professional development; developmentally appropriate, age-appropriate, and whole-child assessment that may be based on observational assessments of children's development and classroom-based teacher-child interactions; and data collection;

(b) Support both continuous program improvement and the department's independent evaluation of the preschool program as provided in subsection (2) of this section;

(c) Are designed to inform curriculum implementation, professional development, teacher supports, and resource allocation; and

(d) Are appropriate for use with young children and for the purposes for which they are used.

(2) The department shall contract with an independent evaluator to measure the success of the Colorado universal preschool program in improving the overall learning and school readiness of children who receive preschool services through the preschool program. In evaluating the success of the preschool program, the department shall ensure the independent evaluator has access to the necessary data to measure immediate and long-term child outcomes and to provide recommendations to improve teaching and learning, assess professional development inputs and outcomes, and improve teacher-child interactions. The department shall take into account the evaluations and recommendations of the independent evaluator in implementing the process for continuous evaluation and improvement described in subsection (1) of this section.

(3) The department shall communicate the evaluations and recommendations of the independent evaluator to families, communities, preschool providers, local coordinating organizations, the state board of education, and the general assembly, as appropriate, to inform and improve early childhood teaching and education and policy-making related to early childhood education.

26.5-4-208. Preschool provider funding - per-child rates - local contribution - distribution and use of money - definitions - repeal. (1) (a) The department, in accordance with the intent specified in section 26.5-4-202 (3), shall annually establish the per-child rates for universal preschool services, for preschool services for children with disabilities, for preschool services for eligible children who are three years of age or younger as described in section 26.5-4-204 (3)(a)(III) and (3)(a)(IV), and for additional preschool services. In establishing the per-child rates, the department, at a minimum, shall ensure that the per-child rate for preschool services for children with disabilities is at least equal to the greater of the per-child rate for universal preschool services or the state per pupil preschool funding rate for children with disabilities for the 2022-23 budget year, as defined in subsection (6) of this section. The

department shall adopt one or more formulas for annually setting the per-child rates, which formulas must, at a minimum, take into account:

(I) The cost of providing preschool services that meet the quality standards established in department rule pursuant to section 26.5-4-205 (2);

(II) The responsibilities of the state and administrative units to meet the special education funding maintenance of effort requirements specified in IDEA;

(III) Variations in the cost of providing preschool services that result from regional differences and circumstances, which may include difficulties in achieving economies of scale in rural areas and in recruiting and retaining preschool educators; and

(IV) Variations in the cost of providing preschool services that result from the characteristics of children, which must include a child's identification as a child in a low-income family, and may include, but need not be limited to, a child's identification as a dual language learner.

(b) In establishing the formulas described in subsection (1)(a) of this section and annually setting the per-child rates, the department must consider strategies to mitigate the effect of preschool funding on the availability of child care services for infants and toddlers within communities and areas in the state.

(c) In establishing the formula for additional preschool services, in addition to the considerations specified in subsection (1)(a) of this section, the department may consider the amount of local funding available to assist families within a community based on the community plan or available within an area that does not have a local coordinating organization. A preschool provider is prohibited from charging a fee for additional preschool services to a family that participates in the preschool program that exceeds the amount charged to families that do not receive additional preschool services.

(d) In addition to distributing funding based on the per-child rates established pursuant to subsection (1)(a) of this section, the department may by rule distribute funding to achieve a specified purpose, which may include funding for administrative units to provide special education services through the preschool program and funding for measures related to recruiting, training, and retaining preschool educators. The department may choose to distribute funding pursuant to this subsection (1)(d) only after the department allocates the amounts necessary to fund preschool services for eligible children who are three years of age or younger, up to the amounts described in subsection (2)(c) of this section, and to fully fund universal preschool services for all eligible children who enroll.

(e) In establishing the formulas and other distribution amounts, the department shall consult with the rules advisory council, the early childhood leadership commission, and members of the early childhood community, including parents of preschool-age children, preschool educators, preschool providers, early childhood councils, school districts, charter schools, representatives of county departments of human services and social services, local coordinating organizations, and individuals with financial expertise in public and private funding sources for early childhood services.

(2) Before finalizing the per-child rates in a fiscal year, the department shall:

(a) (I) Ensure that the per-child rates for universal preschool services, for preschool services for children with disabilities, and for preschool services for eligible children who are three years of age or younger as described in section 26.5-4-204 (3)(a)(III) and (3)(a)(IV) meet

or exceed the constitutional compliance rate for the applicable fiscal year, as described in subsection (2)(a)(II) of this section.

(II) For the 2023-24 fiscal year, the constitutional compliance rate is forty percent of the statewide base per pupil funding that the general assembly establishes in section 22-54-104 (5)(a) for the 2023-24 fiscal year. For the 2024-25 fiscal year and each fiscal year thereafter, the constitutional compliance rate is the 2023-24 fiscal year constitutional compliance rate increased annually, beginning in the 2024-25 fiscal year, by the rate of inflation.

(b) Compare the amount of funding that the per-child rates direct toward universal preschool services with the amount of funding the rates direct toward additional preschool services and prepare an analysis of the efficacy of the balance between funding for universal preschool services and additional preschool services in optimizing support for children in low-income families and children who meet qualifying factors while ensuring high-quality universal preschool services. The department shall make the analysis available to the public.

(c) Consider the impact on the level of funding for preschool providers as a result of the per-child rates and the levels of enrollment as compared to previous state fiscal years, including state fiscal years preceding the 2023-24 state fiscal year. The department may consider a specified purpose distribution as described in subsection (1)(d) of this section to reduce any impact on the level of funding for preschool providers.

(3) (a) Beginning in the 2023-24 fiscal year and for each fiscal year thereafter, the department, working with local coordinating organizations as provided in each local coordinating organization's coordinator agreement with the department, shall distribute the funding appropriated to the department for preschool services from the preschool programs cash fund and any amount received pursuant to section 26.5-4-209 (2). The department and local coordinating organizations, as applicable, shall base the amounts distributed on the per-child rates and any special purpose distributions established for the applicable fiscal year pursuant to subsection (1) of this section. At the start of each fiscal year, the department, and local coordinating organizations as applicable, shall distribute a portion of the funding to preschool providers based on the numbers and types of eligible children expected to enroll in preschool as estimated in the community plans or as estimated by the department for an area that does not have a local coordinating organization. The department and local coordinating organizations, as applicable, shall continue distributing portions of the funding periodically throughout the school year and shall adjust the amounts distributed based on the actual numbers and types of eligible children enrolled by preschool providers.

(b) The department shall ensure that funding is allocated for preschool services for eligible children who are three years of age or younger, as described in subsection (3)(c) of this section, for children with disabilities, and for all eligible children who enroll in universal preschool services before funding is allocated for additional preschool services or for specified purposes as described in subsection (1)(d) of this section. In allocating funding for additional preschool services for eligible children, the department shall first allocate funding for additional preschool services for eligible children who are in low-income families and meet at least one qualifying factor and then allocate funding for additional preschool services for the remaining eligible children who are in low-income families.

(c) (I) (A) In distributing funding for preschool services pursuant to this section for the 2023-24 fiscal year and each fiscal year thereafter, the department shall ensure that the amount of funding required to provide preschool services to all three-year-old children with disabilities

who enroll in the preschool program is annually distributed to the enrolling preschool providers and the amount described in subsection (3)(c)(I)(B) of this section is distributed to provide preschool services for eligible children who are three years of age or younger, as described in section 26.5-4-204 (3)(a)(III) and (3)(a)(IV).

(B) To provide services for eligible children who are three years of age or younger, the department shall annually distribute the amount allotted for the 2022-23 fiscal year to provide preschool services for children three years of age or younger through the "Colorado Preschool Program Act", article 28 of title 22, as it exists prior to July 1, 2023, calculated as an amount equal to the number of children three years of age or younger enrolled by each school district for the 2022-23 fiscal year multiplied by the per pupil funding, as described in section 22-54-104 (3) or (3.5), whichever is applicable, for the enrolling school district for the 2022-23 fiscal year.

(II) The department and local coordinating organizations, as applicable, shall distribute the funding for preschool services for children who are three years of age or younger as described in subsection (3)(c)(I)(B) of this section only to preschool providers that are school districts or charter schools for the eligible children who are three years of age and younger whom the school district or charter school enrolls in accordance with the preschool program; except that, in a fiscal year in which the general assembly specifically appropriates an amount to provide preschool services for children three years of age or younger who do not have disabilities that exceeds the amount described in subsection (3)(c)(I)(B) of this section, the department may distribute in accordance with the applicable community plans all or any portion of the excess appropriation amount to community-based preschool providers. A school district may distribute all or a portion of the amount received pursuant to this subsection (3)(c)(II) to a head start agency or community-based preschool provider that provides preschool services pursuant to a contract with the school district.

(III) Notwithstanding any provision of subsection (3)(c)(I) of this section to the contrary, in a fiscal year in which the amount described in subsection (3)(c)(I)(B) of this section to fund preschool services for children who are three years of age or younger is more than is required to fully fund the number of said eligible children who actually enroll for preschool services, the department may distribute the excess amount to fund universal preschool services, additional preschool services, or special purpose distributions in accordance with this section.

(IV) In a fiscal year in which the amount described in subsection (3)(c)(I)(B) of this section to fund preschool services for children who are three years of age or younger is less than is required to fully fund the number of said eligible children who actually enroll for preschool services, the department shall first provide funding for the eligible children with disabilities and eligible children who are in low-income families and meet at least one qualifying factor and then provide funding for the remaining eligible children who are in low-income families. If any amount of the appropriation described in subsection (3)(c)(I)(B) of this section remains, the department, working with the rules advisory council, the local coordinating organizations, and any other interested persons, shall establish the priority for distributing the funding among the remaining eligible children.

(4) (a) Notwithstanding any provision of this section to the contrary, if the funding that a preschool provider that is a school district or a charter school receives pursuant to this section for eligible children enrolled in the preschool program for the 2023-24 fiscal year, calculated as the per-child rates for the 2023-24 fiscal year multiplied by the number of eligible children the preschool provider enrolls for the 2023-24 fiscal year, is less than the amount of funding allotted

for the 2022-23 fiscal year for the children the preschool provider enrolled through the Colorado preschool program, as it exists prior to July 1, 2023, calculated as fifty percent of the preschool provider's per pupil funding, as described in section 22-54-104 (3) or (3.5), whichever is applicable, for the 2022-23 fiscal year multiplied by the number of children the preschool provider enrolled through the Colorado preschool program and directly served for the 2022-23 fiscal year, the department shall distribute to the preschool provider for the 2023-24 fiscal year an amount equal to the difference in said amounts.

(b) Notwithstanding any provision of this section to the contrary, if the funding that a community-based preschool provider receives pursuant to this section for eligible children enrolled in the preschool program for the 2023-24 fiscal year, calculated as the per-child rates for the 2023-24 fiscal year multiplied by the number of eligible children the preschool provider enrolls for the 2023-24 fiscal year, is less than the amount of funding the community-based preschool provider received for the 2022-23 fiscal year pursuant to a contract with a school district or charter school to indirectly serve children the school district or charter school enrolled through the Colorado preschool program, as it exists prior to July 1, 2023, for the 2022-23 fiscal year, the department shall distribute to the preschool provider for the 2023-24 fiscal year an amount equal to the difference in said amounts.

(c) Any amount distributed pursuant to this subsection (4) is in addition to the amount calculated for the preschool provider for the 2023-24 fiscal year pursuant to this section.

(d) The department shall collect, and preschool providers shall provide, the information required to implement this subsection (4), which may include but need not be limited to:

(I) A school district's per pupil funding amount calculated for the 2022-23 fiscal year pursuant to section 22-54-104 (3) or (3.5), whichever is applicable;

(II) The number of pupils that a preschool provider enrolled through the Colorado preschool program, as it exists prior to July 1, 2023, for the 2022-23 fiscal year; and

(III) The amounts paid by school districts and charter schools to community-based preschool providers pursuant to contracts entered into for the 2022-23 fiscal year in accordance with the Colorado preschool program, as it exists prior to July 1, 2023.

(e) This subsection (4) is repealed, effective July 1, 2024.

(5) A preschool provider that receives funding distributed pursuant to this section shall use the money only to pay the costs of providing preschool services directly to eligible children enrolled by the preschool provider or by a subcontracted preschool provider as authorized for a school district in subsection (3)(c)(II) of this section. Costs of providing preschool services include:

(a) Teacher and paraprofessional salaries and benefits;

(b) The cost of providing to teachers and paraprofessionals any professional development activities associated with the preschool services;

(c) The costs incurred in purchasing supplies and materials used in providing the preschool services;

(d) Any additional costs that a preschool provider would not have incurred but for the services provided in conjunction with the preschool services; and

(e) A reasonable allocation of overhead costs as provided by department rule.

(6) As used in this section, unless the context otherwise requires:

(a) "District extended high school pupil enrollment" has the same meaning as provided in section 22-54-103.

(b) "Funded pupil count" has the same meaning as provided in section 22-54-103.

(c) "Online pupil enrollment" has the same meaning as provided in section 22-54-103.

(d) "State average per pupil funding amount" means the statewide total amount of per pupil funding, as described in section 22-54-104 (3) or (3.5), calculated for all school districts for the 2022-23 budget year divided by the statewide total funded pupil count, minus the statewide total district extended high school pupil enrollment and the statewide total online pupil enrollment, for the 2022-23 budget year.

(e) "State per pupil preschool funding rate for children with disabilities for the 2022-23 budget year" means an amount equal to the state's share percentage of statewide total program funding for all school districts calculated pursuant to the "Public School Finance Act of 1994", article 54 of title 22, for the 2022-23 budget year multiplied by the state average per pupil funding amount for the 2022-23 budget year.

The state treasurer shall credit all interest and income derived from the deposit and investment of money in the preschool programs cash fund to the fund. The general assembly shall annually appropriate money in the preschool programs cash fund to the department to implement the preschool program.

(b) (I) For the 2023-24 fiscal year, the general assembly shall transfer to the preschool programs cash fund from the general fund or the state education fund created in section 17 of article IX of the state constitution an amount equal to the difference between the amount of the state share of total program calculated pursuant to article 54 of title 22 for the 2022-23 budget year, after application of the budget stabilization factor and after any mid-year adjustment, and the amount that the state share of total program, after application of the budget stabilization factor and after any mid-year adjustment, would be for the 2022-23 budget year if calculated without including the statewide preschool program enrollment, as defined in section 22-54-103, for the 2022-23 budget year and the number of three- and four-year-old pupils with disabilities receiving an educational program under the "Exceptional Children's Educational Act", article 20 of title 22, for the 2022-23 budget year.

(II) For the 2024-25 fiscal year and for each fiscal year thereafter, the general assembly shall annually transfer to the preschool programs cash fund from the general fund or the state education fund created in section 17 of article IX of the state constitution an amount equal to the amount described in subsection (1)(b)(I) of this section increased annually, beginning in the 2024-25 fiscal year, by the rate of inflation.

PART 3

KINDERGARTEN READINESS ONLINE PILOT PROGRAM

26.5-4-301. Legislative declaration. (1) The general assembly finds and declares that:

(a) All children in the year before they are eligible to enroll in kindergarten should have access to social-emotional and academic supports that are important for school readiness;

(b) The state should provide a wide range of choices for families to access kindergarten readiness supports, including the option for online kindergarten readiness programs; and

(c) To receive state funding, an online kindergarten readiness program should demonstrate strong evidence of effectiveness in teaching a diverse array of children, provide evidence-based online curriculum, incorporate family engagement, and undergo periodic evaluation to measure effectiveness in preparing children to learn in kindergarten.

(2) The general assembly therefore finds that, to best serve all families, it is appropriate for the state to support an online kindergarten readiness pilot program as a choice for parents who seek to access academic and readiness support services for their children in the year preceding kindergarten eligibility.

(1) There is created in the department the online kindergarten readiness pilot program, referred to in this part 3 as the "pilot program", to provide funding for a voluntary, online kindergarten readiness program that serves children in the year before eligibility for kindergarten enrollment. The purposes of the pilot program are to:

(a) Help ensure that, in the year before eligibility for kindergarten enrollment, children receive personalized, online support in reading, mathematics, and science that is developmentally appropriate;

(b) Provide training for parents and other family members to help them assist their children in learning; and

(c) Raise the level of kindergarten readiness for all children, including children who are in low-income families.

(2) The department shall conduct a statewide survey to determine the number of families who would be interested in participating in the pilot program. The department shall compile and

(3) (a) The department shall issue a request for information for a provider to make an online kindergarten readiness program available to families statewide. At a minimum, a provider must demonstrate:

26.5-5-101. Colorado shines quality rating and improvement system - created. (1) The Colorado shines quality rating and improvement system, referred to in this part 1 as the "Colorado shines system", is created in the department to measure the level of preparedness of and quality of services provided by an early childhood education program to prepare children to enter elementary school. The Colorado shines system must:

standards established pursuant to section 26.5-4-205 for preschool providers participating in the Colorado universal preschool program.

Editor's note: Subsection (1) is similar to former § 26-6.5-106 (5) as it existed prior to 2022.

26.5-5-102. School-readiness quality improvement program - created - rules. (1) On and after July 1, 2018, and continuing thereafter subject to sufficient and available federal funding, there is created the school-readiness quality improvement program, referred to in this section as the "program", which is administered by the department as part of the Colorado shines system. The department shall award school-readiness quality improvement funding to eligible early childhood councils identified or established throughout the state pursuant to section 26.5-2-203. The department shall award school-readiness quality improvement funding to improve the school readiness of children five years of age and younger who are enrolled in early childhood education programs. The department shall award school-readiness quality improvement funding to eligible early childhood councils based on allocations made at the discretion of the department and subject to available funding. Nothing in this section or in any rules promulgated pursuant to this section creates a legal entitlement in any early childhood council to school-readiness quality improvement funding. Money awarded must be used to improve the school readiness of children, five years of age and younger, cared for in early childhood education programs.

(2) Communities throughout the state that do not have an early childhood council may identify an existing early childhood council in another community or establish a new early childhood council pursuant to sections 26.5-2-204 and 26.5-2-205 to work toward the development and implementation of a comprehensive early childhood system to ensure the school readiness of young children in the community.

(3) (a) An early childhood council seeking school-readiness quality improvement funding from the department pursuant to this section must apply directly to the department in the manner specified by department rule. An early childhood council applying for school-readiness quality improvement funding pursuant to this section must develop and submit a school-readiness plan to improve the school readiness of children in the community as described in subsection (5) of this section and shall meet any additional eligibility requirements specified by department rule.

(b) Early childhood councils that receive school-readiness quality improvement funding pursuant to this section shall prioritize the distribution of the money to participating early childhood education programs that serve children five years of age or younger with risk factors associated with not being school ready, including but not limited to children living in low-income families, as specified by department rule.

(4) (a) The department may provide technical assistance and financial incentives to:

(I) Programs that are rated in the Colorado shines system at a level one or two to support the programs in advancing to a level three or higher quality level; and

(II) Programs that are rated in the Colorado shines system at a level three, four, or five to support the programs in maintaining a high quality level or advancing to a higher quality level.

(b) The early childhood council may support the department with the assistance described in subsection (4)(a) of this section by providing local community outreach and engagement strategies.

(5) Each early childhood council seeking to apply for school-readiness quality improvement funding pursuant to this section must prepare and submit to the department a three-year school-readiness plan that outlines strategies to improve the school readiness of children. The school-readiness plan, at a minimum, must include:

(a) A narrative that demonstrates the need to improve quality and increase the capacity for early childhood education programs in its service area;

(b) A plan that describes how the early childhood council will target and recruit programs that are rated in the Colorado shines system at a level one or higher. The early childhood council must target and recruit programs to increase the access and availability of quality child care for children participating in the Colorado child care assistance program, created in part 1 of article 4 of this title 26.5. If the early childhood council received school-readiness quality improvement funding prior to the 2020-21 fiscal year, the early childhood council shall amend the three-year school readiness plan to comply with the requirements of this section.

(c) Strategies developed jointly with community partners to include, at a minimum, county departments of human or social services to target school-readiness quality improvement funding to improve the level of quality at participating early childhood education programs.

(6) (a) The executive director shall promulgate rules for the implementation of this section, including but not limited to rules that:

(I) Specify the procedure by which an early childhood council may apply for school-readiness quality improvement funding pursuant to the program; and

(II) Specify the manner in which school-readiness quality improvement funding is distributed to early childhood councils, ensuring an equitable distribution between rural and urban communities; and

(III) Identify any additional eligibility requirements for early childhood councils seeking school-readiness quality improvement funding.

(b) At a minimum, the rules promulgated pursuant to this subsection (6) must identify a specific and measurable level of improvement in the Colorado shines system that an early childhood education program must achieve within each Colorado shines rating cycle in order to continue receiving school-readiness quality improvement funding, as well as the eligibility criteria for continued participation in the program. In addition, the department by rule may require preschool providers to attain within a Colorado shines rating cycle specific and measurable improvement on the quality standards established for preschool providers pursuant to section 26.5-4-205.

(7) (a) The school-readiness quality improvement program is funded using federal child care development fund money or other federal or state money annually appropriated for the program. The department shall allocate the money to the eligible early childhood councils for distribution to early childhood education programs, as provided in this section.

(b) If money is required to match the federal child care development funds, such matching money may be from, but need not be limited to, general fund money appropriated by the general assembly, local money, or private matching money. The general assembly is not

obligated to appropriate general fund money if private matching money is not available or later becomes unavailable.

26.5-5-302. Legislative declaration concerning the protections afforded by regulation. (1) The general assembly finds and declares that increasing numbers of children in Colorado are spending a significant portion of their day in care settings outside their own homes. The general assembly finds that regulation and licensing of child care facilities contribute to a safe and healthy environment for children. The provision of such environment affords benefits to children, their families, their communities, and the larger society. The general assembly acknowledges that there is a need to balance accessibility and quality of care when regulating child care facilities. It is the intent of the general assembly that those who regulate and those who are regulated work together to meet the needs of the children, their families, and the child care industry.

(2) In balancing the needs of children and their families with the needs of the child care industry, the general assembly also recognizes the financial demands with which the department is faced in its attempt to ensure a safe and sanitary environment for those children of the state of Colorado who are in child care facilities. In an effort to reduce the risk to children outside their homes while recognizing the financial constraints placed upon the department, it is the intent of the general assembly that the limited resources available be focused primarily on those child care facilities that have demonstrated that children in their care may be at higher risk pursuant to section 26.5-5-316.

26.5-5-309. Licenses - definition - rules. (1) Except as otherwise specifically provided in this part 3, a person shall not operate an agency or facility defined in this part 3 without first being licensed by the department to operate or maintain the agency or facility and paying the prescribed fee. A license issued by the department is permanent unless otherwise revoked or suspended pursuant to section 26.5-5-317.

(2) The department may issue a provisional license once for a period of six months to an applicant for an original license, permitting the applicant to operate a family child care home or child care center if the applicant is temporarily unable to conform to all standards required under this part 3, upon proof by the applicant that the applicant is attempting to conform to the standards or to comply with any other requirements. The applicant has the right to appeal any standard that the applicant believes presents an undue hardship or has been applied too stringently by the department. Upon the filing of an appeal, the department shall proceed in the manner prescribed for licensee appeals in section 26.5-5-314 (5).

(3) (a) The department shall not issue a license for a child care center until the facilities to be operated or maintained by the applicant or licensee are approved by the department of public health and environment as conforming to the sanitary standards prescribed by said

department pursuant to section 25-1.5-101 (1)(h) and unless the facilities conform to fire prevention and protection requirements of local fire departments in the locality of the facility or, in lieu thereof, of the division of labor standards and statistics in the department of labor and employment.

(b) A child care center that provides child care exclusively to school-age children and operates on the property of a school district, district charter school, or institute charter school may satisfy any fire or radon inspection requirement required by law by providing a copy of a satisfactory fire or radon inspection report of the property of a school district, district charter school, or institute charter school where the child care is provided if the fire or radon inspection report was completed within the preceding twelve months. The department shall not require a duplicate fire or radon inspection if a satisfactory fire or radon inspection report of the property was completed within the preceding twelve months.

(4) (a) (I) The department shall not issue a license to operate a family child care home or a child care center if the applicant for the license, an affiliate of the applicant, a person employed by the applicant, or a person who resides with the applicant at the facility has been convicted of:

(A) Child abuse, as specified in section 18-6-401;

(B) A crime of violence, as defined in section 18-1.3-406;

(C) Any offenses involving unlawful sexual behavior, as defined in section 16-22-102 (9);

(D) Any felony, the underlying factual basis of which has been found by the court on the record to include an act of domestic violence, as defined in section 18-6-800.3;

(E) Any felony involving physical assault, battery, or a drug-related offense within the five years preceding the date of application for a license;

(F) A pattern of misdemeanor convictions, as defined by department rule, within the ten years immediately preceding the date of submission of the application;

(G) Any offense in any other state, the elements of which are substantially similar to the elements of any one of the offenses described in subsections (4)(a)(I)(A) to (4)(a)(I)(F) of this section.

(II) As used in this subsection (4)(a), "convicted" means a conviction by a jury or by a court and also includes a deferred judgment and sentence agreement, a deferred prosecution agreement, a deferred adjudication agreement, an adjudication, and a plea of guilty or nolo contendere.

(b) The department shall determine the convictions identified in subsection (4)(a) of this section according to the records of the Colorado bureau of investigation, the ICON system at the state judicial department, or any other source, as set forth in section 26.5-5-316 (1)(a)(II). A certified copy of the judgment of a court of competent jurisdiction of such conviction, deferred judgment and sentence agreement, deferred prosecution agreement, or deferred adjudication agreement is prima facie evidence of the conviction or agreement. The department shall not issue a license to operate a family child care home or a child care center if the department has a certified court order from another state indicating that the person applying for the license has been convicted of child abuse or any unlawful sexual offense against a child under a law of any other state or the United States, or the department has a certified court order from another state that the person applying for the license has entered into a deferred judgment or deferred prosecution agreement in another state as to child abuse or any sexual offense against a child.

(5) The department shall not issue a license to operate an agency or facility defined in this part 3 if the person applying for the license or an affiliate of the applicant, a person employed by the applicant, or a person who resides with the applicant at the facility, has been determined to be insane or mentally incompetent by a court of competent jurisdiction and a court has entered, pursuant to part 3 or part 4 of article 14 of title 15 or section 27-65-109 (4) or 27-65-127, an order specifically finding that the mental incompetency or insanity is of such a degree that the applicant is incapable of operating a family child care home or child care center. The record of the determination and entry of the order are conclusive evidence of the determination.

(6) The department and the department of education shall streamline all paperwork that licensed early care and education programs and early childhood educators must complete to meet child care licensing and early childhood educator credentialing compliance requirements. The state agencies shall identify ways to share information and reports across the agencies to reduce the administrative and paperwork burden on early care and education programs and educators. The streamlining process must include a systems scan of programs and initiatives, identification of overlapping reporting requirements, and ways to reduce the administrative and paperwork burden on programs and educators.

26.5-5-310. Compliance with local government zoning regulations - notice to local governments - provisional licensure - rules. (1) (a) The department shall require any child care facility seeking licensure pursuant to section 26.5-5-309 to comply with any applicable zoning and land use development regulations of the municipality, city and county, or county where the facility is situated. Failure to comply with applicable zoning and land use regulations constitutes grounds for the denial of a license to a facility.

(b) Notwithstanding subsection (1)(a) of this section to the contrary, the availability of safe, affordable, and licensed family child care homes is a matter of statewide concern. Therefore, permitting fragmented regulation among jurisdictions impedes and infringes upon the department's appropriate and consistent licensing and regulation of family child care homes throughout the state. Accordingly, local governing authorities shall treat family child care homes as residential property use in the application of local regulations, including zoning, land use development, fire and life safety, sanitation, and building codes. Local governing authorities shall not impose any additional regulations governing family child care homes that do not also apply to other residential properties, provided that the foregoing does not restrict an authority's ability to prohibit, on a case-by-case basis, the operation in immediately adjacent residences of two or more large family child care homes, as that term is defined by department rules that govern the operation of family child care homes, or to manage the flow of traffic and parking related to adjacent large family child care homes. Residential use of property for zoning purposes includes all forms of residential zoning and, specifically, although not exclusively, single-family residential zoning.

(2) The department shall assure that timely written notice is provided to the municipality, city and county, or county where a child care facility is situated, including the

address of the facility and the population and number of persons to be served by the facility, when any of the following occurs:

(a) A person applies for a license to operate a child care facility pursuant to section 26.5-5-309; or

(b) A license is granted to operate a child care facility pursuant to section 26.5-5-309.

(3) Notwithstanding any other provision of law, in the event of a zoning or other delay or dispute between a child care facility and the municipality, city and county, or county where the facility is situated, the department may grant a provisional license to the facility for up to six months pending resolution of the delay or dispute.

26.5-5-311. Fees - when original applications, reapplications, and renewals for licensure are required - creation of child care licensing cash fund - rules. (1) (a) The department is authorized to establish, pursuant to rules promulgated by the executive director, permanent, time-limited, and provisional license fees and fees for continuation of a license for the following types of child care arrangements:

(I) Family child care homes, including any special type of family child care home designated by department rules pursuant to section 26.5-5-314 (2)(n), but excluding homes certified by county departments or child placement agencies;

(II) Child care centers;

(III) Children's resident camps; and

(IV) Substitute placement agencies.

(b) The department may also establish fees pursuant to rules promulgated by the executive director for the following situations:

(I) Issuance of a duplicate license;

(II) Change of license due to an increase in licensing capacity or a change in the age of children served;

(III) Obtaining the criminal record of an applicant and any person living with or employed by the applicant, which may include costs associated with the taking of fingerprints;

(IV) Checking the records and reports of child abuse or neglect maintained by the state department of human services for an owner, employee, or resident of a facility or agency or an applicant for a license to operate a facility or agency;

(V) Filing of appeals;

(VI) Duplication of licensing records for the public;

(VII) Duplication of licensing records in electronic format for the public; and

(VIII) Insufficient funds payment and collection of overdue fees and fines.

(c) The fees established pursuant to this subsection (1) must not exceed the direct and indirect costs incurred by the department. The department shall develop and implement an objective and systematic approach for setting, monitoring, and revising child care licensing fees

by developing and using an ongoing method to track all direct and indirect costs associated with child care inspection licensing, developing a methodology to assess the relationship between licensing costs and fees, and annually reassessing costs and fees and reporting the results to the executive director. In developing a fee schedule, the department should consider the licensed capacity of facilities and the time needed to license facilities.

(2) (a) The fees specified in subsection (1) of this section must be paid when application is made for any license is sought and are not subject to refund. Applications for licenses are required in the situations that are set forth in subsection (2)(b) of this section and must be made on forms prescribed by the department. Each completed application must set forth such information as required by the department. All licenses continue in force until revoked, surrendered, or expired.

(b) (I) An original application and fee are required:

(A) When an individual, partnership, corporation, or association plans to open a child care center or children's resident camp;

(B) When the child care center or children's resident camp plans to move the center or facility to a different building at a different location;

(C) When the management or governing body of a child care center or children's resident camp is acquired by a different individual, association, partnership, or corporation;

(D) When a change occurs in the operating entity of a child care center or children's resident camp resulting in a new federal employee identification number; except that, if the reason for the issuance of a new federal employee identification number is solely due to a change in the corporate structure of the operating entity and either the management or governing body of the entity remains the same as originally licensed and the entity is operating in the same facility or facilities as originally licensed, the department shall treat the entity's status as a renewal and assess the applicable renewal fee. Only newly hired employees are required to undergo criminal background checks as required in section 26.5-5-316.

(E) When a family or person plans to open a family child care home, including any special type of family child care home designated by department rules pursuant to section 26.5-5-314 (2)(n);

(F) When a family or person who operates a family child care home, including any special type of family child care home designated by department rules pursuant to section 26.5-5-314 (2)(n), moves to a new residence.

(II) The department may require and receive a reapplication and fee in the manner specified in department rules.

The standards must be applicable to the various types of facilities and agencies for child care regulated and licensed by this part 3. The department shall seek the advice and assistance of persons representative of the various types of child care facilities and agencies in establishing the standards, including the advice and assistance of the department of public safety and councils and associations representing fire marshals and building code officials in the promulgation of any rules related to adequate fire protection and prevention, as allowed in subsection (2)(e) of this section, in a family child care home. The standards must be established by rules promulgated by the executive director and be issued, published, and become effective only in conformity with article 4 of title 24.

(2) The standards prescribed by department rules are restricted to:

(a) The operation and conduct of the facility or agency and the responsibility it assumes for child care;

The department shall not require a duplicate fire or radon inspection if a satisfactory fire or radon inspection report of the property was completed within the preceding twelve months.

(III) The department shall require an annual inspection of playground facilities on the property where a child care center operates. For purposes of a playground facility inspection, the department shall accept as satisfactory proof of valid certification of the playground facility, certification, or a copy of certification, from an individual who is licensed or certified to perform playground safety inspections through the national recreation and park association, or other nationally recognized playground facility safety organization. (I) Children up to twenty-four months of age are required to be immunized in accordance with the "Infant Immunization Act", part 17 of article 4 of title 25;

(II) Children over twenty-four months of age are required to be immunized in accordance with part 9 of article 4 of title 25;

(m) Provisions that allow any child care center that allows any child to enroll and attend the center on a short-term basis of up to fifteen days in a fifteen-consecutive-day period, no more than twice in a calendar year, with each fifteen-consecutive-day period separated by at least sixty days, to do so without obtaining verification of immunization for that child, as provided for in section 25-4-902. Any child care center that chooses to allow children to enroll and attend on a short-term basis pursuant to the provisions of this subsection (2)(m) shall provide notification to all parents that the child care center allows children to enroll and attend on a short-term basis without obtaining proof of immunization; and

The executive director may adopt additional rules concerning the authority to possess and self-administer medication for asthma, a food allergy, or anaphylaxis.

(5) Any applicant or person licensed to operate a child care facility or agency under the provisions of this part 3 has the right to appeal any standard that, in the applicant's or person's opinion, works an undue hardship or when, in the applicant's or person's opinion, a standard has been too stringently applied by representatives of the department. The department shall designate a panel of persons representing various state and local governmental agencies with an interest in and concern for children to hear such appeal and to make recommendations to the department. The membership of the appeals review panel must include, but need not be limited to, a representative from child care providers, a representative from a local early childhood council or local child care resource and referral agency, a state-level early childhood representative with early care and education expertise, and a parent representative. (2) Notwithstanding subsection (1) of this section, a large child care center, as defined by department rule, or a child care center that operates on the property of a school district, district charter school, or institute charter school, may permit an employee of the child care center or an employee of the school district, district charter school, or institute charter school who has successfully completed criminal background check requirements but is not a qualified caregiver to supervise children for an amount of time that is reasonably necessary to address an emergency circumstance.

26.5-5-316. Investigations and inspections - local authority - reports - rules. (1) (a) (I) (A) The department shall investigate and pass on each original application for a license, each application for a permanent or time-limited license following the issuance of a probationary or provisional license, and each application for renewal, to operate a facility or an agency prior to granting the license or renewal. As part of the investigation, the department shall require each individual, including but not limited to the applicant, any owner, employee, newly hired employee, licensee, and any adult who is eighteen years of age and older who resides in the licensed facility to obtain a fingerprint-based criminal history record check by reviewing any record that is used to assist the department in ascertaining whether the person being investigated has been convicted of any of the criminal offenses specified in section 26.5-5-309 (4) or any other felony. The executive director shall promulgate rules that define and identify what the criminal history record check entails.

(B) Rules promulgated by the executive director pursuant to this subsection (1)(a)(I) must allow an exemption from the fingerprint-based criminal history record check and the check of the records and reports of child abuse or neglect maintained by the state department of human services for those out-of-state employees working in Colorado at a children's resident camp in a temporary capacity for a camp that is in operation for fewer than ninety days. Each person so

exempted from fingerprinting and the check of the records and reports of child abuse or neglect maintained by the state department of human services shall sign a statement that affirmatively states that the person has not been convicted of any charge of child abuse, unlawful sexual offense, or any felony. Prospective employers of exempted persons shall conduct reference checks of the prospective employees in order to verify previous work history and shall conduct personal interviews with each prospective employee.

(C) Rules promulgated by the executive director pursuant to this subsection (1)(a)(I) must require the fingerprint-based criminal history record check in all circumstances, other than those identified in subsection (1)(a)(I)(B) or (1)(a)(I)(D) of this section, to include a fingerprint-based criminal history record check utilizing the records of the Colorado bureau of investigation and the federal bureau of investigation and, for any new owner, new applicant, newly hired employee, new licensee, or individual who begins residing in the licensed facility. As part of the investigation, the records and reports of child abuse or neglect maintained by the state department of human services must be accessed to determine whether the owner, applicant, employee, newly hired employee, licensee, or individual who resides in the licensed facility being investigated has been found to be responsible in a confirmed report of child abuse or neglect. Information is made available pursuant to section 19-1-307 (2)(j) and rules promulgated by the state board of human services pursuant to section 19-3-313.5 (4). Except as provided in subsection (1)(a)(I)(D) of this section, any change in ownership of a licensed facility or the addition of a new resident adult or newly hired employee to the licensed facility requires a new investigation as provided in this section.

(D) When two or more individually licensed facilities are wholly owned, operated, and controlled by a common ownership group or school district, a fingerprint-based criminal history record check and a check of the records and reports of child abuse or neglect maintained by the state department of human services, completed for one of the licensed facilities of the common ownership group or school district pursuant to this section for any individual for whom such a check is required under this part 3 may satisfy the record check requirement for any other licensed facility under the same common ownership group or school district. A new fingerprint-based criminal history record check or new check of the records and reports of child abuse or neglect maintained by the state department of human services is not required of such an individual if the common ownership group or school district maintains a central records management system for employees of all its licensed facilities; takes action as required pursuant to section 26.5-5-309 when informed of the results of a fingerprint-based criminal history record check or check of the records and reports of child abuse or neglect maintained by the state department of human services that requires action pursuant to this part 3; and informs the department whenever an additional licensed facility comes under or is no longer under its ownership or control.

(E) The executive director shall promulgate rules to implement this subsection (1)(a)(I).

(II) Rules promulgated by the executive director pursuant to subsection (1)(a)(I) of this section must also include:

(A) A comparison search on the ICON system at the state judicial department with the name and date of birth information and any other available source of criminal history information that the department determines is appropriate for each circumstance in which the fingerprint check conducted by the Colorado bureau of investigation either does not confirm a

criminal history or confirms a criminal history, in order to determine the crime or crimes for which the person was arrested or convicted and the disposition thereof;

(B) Any other recognized database, if any, that is accessible on a statewide basis as set forth by department rules; and

(C) When the results of an investigation performed pursuant to subsection (1)(a)(I) of this section or this subsection (1)(a)(II) reveal a record of arrest without a disposition, a name-based judicial record check, as defined in section 22-2-119.3 (6)(d).

(III) If the operator of a facility or agency refuses to hire an applicant as a result of information disclosed in the investigation of the applicant pursuant to subsection (1)(a)(I) of this section, the employer is not subject to civil liability for such refusal to hire. If a former employer of the applicant releases information requested by the prospective employer pertaining to the applicant's former performance, the former employer is not subject to civil liability for the information given.

(b) (I) When the department is able to certify that the applicant or licensee is competent and will operate adequate facilities to care for children under the requirements of this part 3 and that standards are being met and will be complied with, it shall issue the license for which applied. The department shall inspect or cause to be inspected the facilities to be operated by an applicant for an original license before the license is granted and shall thereafter inspect or cause to be inspected the facilities of all licensees that, during the period of licensure, have been found to be the subject of complaints or to be out of compliance with the standards set forth in section 26.5-5-314 and department rules or that otherwise appear to be placing children at risk. The department may make such other inspections as it deems necessary to ensure that the requirements of this part 3 are being met and that the health, safety, and welfare of the children being placed are protected.

(II) The executive director shall adopt rules concerning the on-site public availability of the most recent inspection report results of child care center facilities and family child care home facilities, when requested. The executive director shall also adopt rules concerning a requirement that all facilities licensed under this part 3 post their licenses and information regarding the procedures for filing a complaint under this part 3 directly with the department, which rules must require that each such facility display its license and complaint procedures in a prominent and conspicuous location at all times during operational hours of the facility.

(III) If, as a result of an inspection of a licensed child care center facility or family child care home facility, the department determines that there were no serious violations of any of the standards prescribed and published by the department or any of the provisions of this part 3, within twenty days after completing the inspection the department shall send a written notice to the facility indicating such fact. Within ten days after receipt of the written notice, the licensee shall provide a copy of the written notice to the parents and legal guardians of the children cared for at the child care center facility or family child care home facility.

(2) When the department receives a serious complaint about a child care facility licensed pursuant to this part 3 alleging the immediate risk of health or safety of the children cared for in such facility, the department shall respond to the complaint and conduct an on-site investigation concerning the complaint within forty-eight hours after its receipt.

(3) (a) (I) Except as otherwise provided in subsection (3)(a)(II) of this section, the department may authorize or contract with any county department, the county department of health, or any other publicly or privately operated organization that has a declared interest in

children and experience working with children or on behalf of children to investigate and inspect the facilities applying for an original or renewal license or applying for a permanent license following the issuance of a probationary or provisional license under this part 3 and may accept reports on such investigations and inspections from such agencies or organizations as a basis for such licensing. When contracting for investigations and inspections, the department shall assure that the contractor is qualified by training and experience and has no conflict of interest with respect to the facilities to be inspected.

(II) The department shall not authorize or contract with any county department, the county department of health, or any other publicly or privately operated organization that has a declared interest in children and experience working with children or on behalf of children for investigations and inspections described in subsection (3)(a)(I) of this section of any facilities that provide twenty-four-hour care and are licensed pursuant to this part 3.

(b) A city, county, or city and county may impose and enforce higher standards and requirements for facilities licensed under this part 3 than the standards and requirements specified under this part 3.

(4) Every facility licensed under this part 3 shall keep and maintain such records as the department may prescribe pertaining to the admission, progress, health, and discharge of children under the care of the facility, and shall report relative thereto to the department whenever called for, upon forms prescribed by the department. The facility and the department shall keep all records regarding children and all facts learned about children and their relatives confidential.

Any applicant who is aggrieved by the denial may pursue the remedy for review as provided in subsection (9) of this section if the applicant, within thirty days after receiving the notice, petitions the department to set a date and place for hearing, affording the applicant an opportunity to be heard in person or by counsel. All hearings on the denial of licenses shall be conducted in conformity with the provisions and procedures specified in article 4 of title 24, as in the case of the suspension and revocation of licenses.

(2) The department may deny an application, or suspend, revoke, or make probationary the license of any facility regulated and licensed under this part 3 or assess a fine against the licensee pursuant to section 26.5-5-323 if the licensee, an affiliate of the licensee, a person employed by the licensee, or a person who resides with the licensee at the facility:

The department, in the name of the people of the state of Colorado, through the attorney general of the state, must apply for an injunction in any court of competent jurisdiction to enjoin any person from operating any facility without a license that is required to be licensed under this part 3. If the person does not have a valid license pursuant to this part 3, the person's license has been revoked pursuant to section 26.5-5-317, or the person does not meet the licensing exemption criteria set forth in section 26.5-5-304, yet provides child care, and has a pattern of providing such child care without a valid license as

At the time the department applies for an injunction, the department shall notify law enforcement of the injunction proceedings. 26.5-5-322. Periodic review of licensing rules and procedures - legislative declaration. (1) The general assembly finds that changes in demographics and economic trends in Colorado have increased the need for high-quality and affordable child care. The general assembly also recognizes that the provision of child care in this state and in the nation is a rapidly growing industry subject to many changes. The general assembly further finds that there is a need for continuing comprehensive review of the rules and the licensing procedures governing child care centers and family child care homes that includes the adequate and full participation of parents, consumers, child care providers, and interested persons. The general assembly finds that such a review with the goal of identifying problems in the fragmentation and lack of uniformity of standards in the licensing process would benefit the state and result in improvements in the regulation of this industry that is so vital to the health and well-being of the state's children and citizens.

(2) By July 1, 2023, and at least every five years thereafter, the department shall conduct a comprehensive review of the licensing rules for child care centers and family child care homes and the procedures relating to and governing child care centers and family child care homes, including procedures for the review of backgrounds of employees and owners. In

conducting such periodic review, the department shall consult with parents and consumers of child care, child care providers, the department of public health and environment, the department of human services, experts in the child care field, and other interested parties throughout the state. The periodic review must include an examination of the rules applicable to child care centers and family child care homes, the process of licensing such facilities, uniformity of standards or lack thereof in the licensing process, statewide standardization of investigations and enforcement of licensing by the department, duplication and conflicts in rules, requirements, or procedures between the department and the department of public health and environment, and recommendations for streamlining and unifying the licensing process. The review must also include an examination of rules and procedures regarding the general physical and mental health of employees and owners. At the conclusion of each review, the department shall report its findings and conclusions and its recommendations for administrative changes and for legislation to the executive director of the department of early childhood and the executive director of the department of public health and environment.

In developing the plan, the department and the commission shall work with the departments of education, higher education, and labor and employment and with organizations that have expertise pertaining to the early childhood workforce. (d) Promote a coherent and aligned system of preparation and ongoing professional development for individuals in the early childhood workforce;

(e) Simplify the requirements an individual must meet to enter the early childhood workforce, clearly articulate the competencies that members of the early childhood workforce
